Wooden Eyes - Carlo Ginzburg 2001

Ginzburg, "the preeminent Italian historian of his generation [who] helped create the genre of microhistory" ("New York Times"), ruminates on how perspective affects what we see and understand. 26 illustrations. [Bibliotheca Hispana; Revista de Información y Orientación Bibliográficas. Sección 3](#) - Consejo Superior de Investigaciones Científicas (Spain). Instituto Nicolás Antonio 1943

Plan D - Simon Urban 2013-06-20

October 2011. While West Berlin enjoys all the trappings of capitalism, on the crowded, polluted, Eastern side of the Wall, the GDR is facing bankruptcy. The ailing government's only hope lies in economic talks with the West, but then an ally of the GDR's chairman is found murdered - and all the clues suggest that his killer came from within the Stasi. Detective Martin Wegener is assigned to the case, but, with the future of East Germany hanging over him, Wegener must work with the West German police if he is to find the killer, even if it means investigating the Stasi themselves. It is a journey that will take him from Stasi meeting rooms to secret prisons as he begins to unravel the identity of both victim and killer, and the meaning of the mysterious Plan D. Plan D is a gripping thriller and a thought-provoking alternative history in the vein of Robert Harris's *Fatherland* and John le Carré's *The Spy Who Came in from the Cold*.

The Body Where I was Born - Guadalupe Nettel 2015-06-16

The first novel to appear in English by one of the most talked-about and critically acclaimed writers of new Mexican fiction. From a psychoanalyst's couch, the narrator looks back on her bizarre childhood—in which she was born with an abnormality in her eye into a family intent on fixing it. In a world without the time and space for innocence, the narrator intimately recalls her younger self—a fierce and discerning girl open to life's pleasures and keen to its ruthless cycle of tragedy. With raw language and a brilliant sense of humor, both delicate and unafraid, Nettel strings together hard-won, unwieldy memories—taking us from Mexico City to Aix-en-Provence, France, then back home again—to create a portrait of the artist as a young girl. In these pages, Nettel's art of storytelling transforms experience into inspiration and a new startling perception of reality. "Nettel's eye...gives rise to a tension, subtle but persistent, that immerses us in an uncomfortable reality, disquieting, even disturbing—a gaze that illuminates her prose like an alien sun shining down on our world." —Valeria Luiselli, author of *Sidewalks and Faces in the Crowd* "It has been a long time since I've found in the literature of my generation a world as personal and untransferable as that of Guadalupe Nettel." —Juan Gabriel Vásquez, author of *The Sound of Things Falling* "Nettel reveals the subliminal beauty within beings...and painstakingly examines the intimacies of her soul." —Magazine *Littéraire* "Guadalupe Nettel's storytelling power is majestic." —Typographical Era *In Praise of Natural Histories* "Five flawless stories..." —The New York Times "Nettel's stories are as atmospheric and emotionally battering as Chekhov's." —Asymptote

Atlas Obscura - Joshua Foer 2016-09-20

It's time to get off the beaten path. Inspiring equal parts wonder and wanderlust, *Atlas Obscura* celebrates over 700 of the strangest and most curious places in the world. Talk about a bucket list: here are natural wonders—the dazzling glowworm caves in New Zealand, or a baobab tree in South Africa that's so large it has a pub inside where 15 people can drink comfortably. Architectural marvels, including the M.C. Escher-like stepwells in India. Mind-boggling events, like the Baby Jumping Festival in Spain, where men dressed as devils literally vault over rows of squirming infants. Not to mention the Great Stalacpipe Organ in Virginia, Turkmenistan's 40-year hole of fire called the Gates of Hell, a graveyard for decommissioned ships on the coast of Bangladesh, eccentric bone museums in Italy, or a weather-forecasting invention that was powered by leeches, still on display in Devon, England. Created by Joshua Foer, Dylan Thurau and Ella Morton, *ATLAS OBSCURA* revels in the weird, the unexpected, the overlooked, the hidden and the mysterious. Every page expands our sense of how strange and marvelous the world really is. And with its compelling descriptions, hundreds of photographs, surprising charts, maps for every region of the world, it is a book to enter anywhere, and will be as appealing to the armchair traveler as the die-hard adventurer. Anyone can be a tourist. *ATLAS OBSCURA* is for the explorer.

Cultural Anthropology - Richard H. Robbins 2020-07-16

Now with SAGE Publishing! In a first-of-its-kind format, Cultural Anthropology: A Problem-Based Approach is organized by problems and questions rather than topics, creating a natural discussion of traditional anthropological concerns such as kinship, caste, gender roles, and religion. This brief text promotes critical thinking through meaningful exercises, case studies, and simulations. Students will learn how to analyze their own culture and gain the tools to understand the cultures of other societies. The Eighth Edition has been thoroughly updated and reorganized to emphasize contemporary issues around social and economic inequality, gender identity, and more. FREE DIGITAL TOOLS INCLUDED WITH THIS TEXT SAGE Edge gives instructors the edge they need to succeed with an array of teaching tools in one easy-to-navigate website. Orphan Monster Spy - Matt Killeen 2018-03-20

Her name is Sarah. She's blonde, blue-eyed, and Jewish in 1939 Germany. And her act of resistance is about to change the world. After her mother is shot at a checkpoint, fifteen-year-old Sarah meets a mysterious man with an ambiguous accent, a suspiciously bare apartment, and a lockbox full of weapons. He's part of the secret resistance against the Third Reich, and he needs Sarah to hide in plain sight at a school for the daughters of top Nazi brass, posing as one of them. If she can befriend the daughter of a key scientist and get invited to her house, she might be able to steal the blueprints to a bomb that could destroy the cities of Western Europe. Nothing could prepare Sarah for her cutthroat schoolmates, and soon she finds herself in a battle for

survival unlike any she'd ever imagined. But anyone who underestimates this innocent-seeming girl does so at their peril. She may look sweet, but she's the Nazis' worst nightmare.

I Am a Hero Omnibus Volume 11 - Kengo Hanazawa 2019-11-05

It's the end of humanity as we know it--but are you a part of the zombie-human hive mind or about to die outside of it? With Hiromi absorbed into a huge, mobile ZQN nest, will Hideo be able to extract her or will he seal his death warrant with his ignorance and hasty choices? Humanity has a very slim chance for survival. See how several groups of survivors get it all wrong and possibly end the human race! Go way further and get way stranger than the I Am a Hero film adaptation in this final omnibus volume! Collects I Am a Hero original Japanese volumes 21 and 22
Manga - Toni Johnson-Woods 2010-04-15

Once upon a time, one had to read Japanese in order to enjoy manga. Today manga has become a global phenomenon, attracting audiences in North America, Europe, Africa, and Australia. The style has become so popular, in fact, that in the US and UK publishers are appropriating the manga style in a variety of print material, resulting in the birth of harlequin mangas which combine popular romance fiction titles with manga aesthetics. Comic publishers such as Dark Horse and DC Comics are translating Japanese "classics", like Akira, into English. And of course it wasn't long before Shakespeare received the manga treatment. So what is manga? Manga roughly translates as "whimsical pictures" and its long history can be traced all the way back to picture books of eighteenth century Japan. Today, it comes in two basic forms: anthology magazines (such as Shukan Shonen Jampu) that contain several serials and manga 'books' (tankobon) that collect long-running serials from the anthologies and reprint them in one volume. The anthologies contain several serials, generally appear weekly and are so thick, up to 800 pages, that they are colloquially known as phone books. Sold at newspaper stands and in convenience stores, they often attract crowds of people who gather to read their favorite magazine. Containing sections addressing the manga industry on an international scale, the different genres, formats and artists, as well the fans themselves, *Manga: An Anthology of Global and Cultural Perspectives* is an important collection of essays by an international cast of scholars, experts, and fans, and provides a one-stop resource for all those who want to learn more about manga, as well as for anybody teaching a course on the subject.
