Houseful The Golden Years of Hindi Cinema - Saiam Z U 2012

Published in the year 2012, Housefull: The Golden Age Of Hindi Cinema is a collection of short essays that document some of the groundbreaking film releases during the 1950s and 60s. Summary Of The Book Housefull: The Golden Age of Hindi Cinema is a collection of short essays that provide insights into the best films in Hindi Cinema during the 1950s and 60s. This book starts off with a foreword by Mahesh Bhatt, followed by a brief introduction by Salam. The readers are provided with little-known facts on the lives of actors, directors, composers, lyricists, and producers during this golden age. This book has been divided into 11 parts, most of which examine the lives of some of the greatest directors during the 50s and 60s, which include Guru Dutt, Bimal Roy, B. R. Chopra, Shakti Samanta, Raj Kapoor, Mehboob Khan, V. Shantaram and the Anands. There is a rather incongruous portion placed between these sections, called Period Films (1952-1960). Each section starts off with a brief introduction by a renowned figure in the Hindi film industry, followed by a series of write-ups on films. Only landmark films by a particular director have been included. An example of this is Bimal Roy, whose hit movies such as Devdas, Madhumati, Sujata, Bandini, and Do Bigha Zameen have been added in this book. Each essay begins with some brief information about the movie, such as the director, writers, lyricist, lead actors, and the cinematographer, which is followed by the movie's synopsis. Additionally, the readers are

given insights into how a particular movie came into being as well as behind-the-scenes stories sans any gossip. The writer of that particular section then gives their take on where the movie scores and what contributed to its success. This book consists of contributions from some of the most renowned figures such as Vijay Lokapally, Anuj Kumar, and Suresh Kohli. This book takes the readers back in time, when the eminent Mangeshkar sisters sang together and the time Gulzar was prevented from singing his own song. Housefull: The Golden Age of Hindi Cinema helps the readers understand how Indian cinematic history has evolved from films such as Mughal-e-Azam and Sholay, to Tare Zameen Par and Lagaan. About Ziya Us Salam Ziya Us Salam is an author and journalist. Salam is a film critic and renowned journalist. He currently serves as the Deputy Editor for The Hindu's Metroplus. Dilip Kumar - Dilip Kumar 2014-07-28

An authentic, heartfelt and compelling narrative - straight from the horse's mouth - that reveals for the first time numerous unknown aspects of the life and times of one of the greatest legends of all time who stands out as a symbol of secular India. Dilip Kumar (born as Yousuf Khan), who began as a diffident novice in Hindi cinema in the early 1940s, went on to attain the pinnacle of stardom within a short time. He came up with spellbinding performances in one hit film after another - in his almost six-decade-long career - on the basis of his innovative capability, determination, hard work and never-say-die attitude. In this unique volume, Dilip Kumar traces his journey right from his birth to the present. In the process, he candidly recounts his interactions and relationships with a wide variety of people not only from his family and the film fraternity but also from other walks of life, including politicians. While seeking to set the record straight, as he feels that a lot of what has been written about him so far is 'full of distortions and misinformation', he narrates, in graphic detail, how he got married to Saira Banu, which reads like a fairy tale! relates, matter-of-factly, the event that changed his life: his meeting with Devika Rani, the boss of Bombay Talkies, when she offered him an acting job. His first film was Jwar Bhata (1944). He details how he had to learn everything from scratch and how he had to develop his own distinct histrionics and style, which would set him apart from his contemporaries. After that, he soon soared to great heights with movies such as Jugnu, Shaheed, Mela, Andaz, Deedar, Daag and Devdas. In these movies he played the tragedian with such intensity that his psyche was adversely affected. He consulted a British psychiatrist, who advised him to switch over to comedy. The result was spectacular performances in laugh riots such as Azaad and Kohinoor, apart from a scintillating portrayal as a gritty tonga driver in Naya Daur. After a five-year break he started his 'second innings' with Kranti (1981), after which he appeared in a series of hits such as Vidhaata, Shakti, Mashaal, Karma, Saudagar and Qila.

Filming the Gods - Rachel Dwyer 2006-09-27

Filming the Gods examines the role and depiction of religion in Indian cinema, showing

that the relationship between the modern and the traditional in contemporary India is not exotic, but part of everyday life. Concentrating mainly on the Hindi cinema of Mumbai, Bollywood, it also discusses India's other cinemas. Rachel Dwyer's lively discussion encompasses the mythological genre which continues India's long tradition of retelling Hindu myths and legends, drawing on sources such as the national epics of the Mahabharata and the Ramayana; the devotional genre, which flourished at the height of the nationalist movement in the 1930s and 40s; and the films made in Bombay that depict India's Islamicate culture, including the historical, the courtesan film and the 'Muslim social' genre. *Filming the Gods* also examines the presence of the religious across other genres and how cinema represents religious communities and their beliefs and practices. It draws on interviews with film stars, directors and producers as well as popular fiction, fan magazines and the films themselves. As a result, *Filming the Gods* is both a guide to the study of film in religious culture as well as a historical overview of Indian religious film.

Urdu/Hindi: An Artificial Divide - Abdul Jamil Khan 2006

In a blow against the British Empire, Khan suggests that London deliberately set India's Hindu and Muslim populations against each other in the 1800s by artificially splitting their one language in two, then burying the evidence in obscure scholarly works outside the public view. "Divide and rule" - the British were experts at that. All language is political - and so is the boundary between one language and another. The author analyzes the origins of Urdu, one of the earliest known languages, and propounds the iconoclastic views that, (1) Hindi came from pre-Aryan Dravidian and Austric-Munda (rooted in the Middle East/Mesopotamia), not from Aryan Sanskrit, and (2) Hindi's script came from the Aramaic system, similar to Greek.

Urdu/Hindi: An Artificial Divide integrates the "out of Africa" linguistic evolution theory with the fossil linguistics of the Middle East, and discards the theory that Sanskrit descended from a hypothetical proto-Indo European language and by degeneration created dialects, Urdu/Hindi and others. It shows that several tribes from the Middle East created the hybrid by cumulative evolution. The oldest groups, Austric and Dravidian, starting in 8000 BC,

provided the grammar/syntax plus about 60% of vocabulary, Sanskrit added 10% after 1500 BC and Arabic/Persian 20-30% after AD 800. The book reveals Mesopotamia as the linguistic melting pot of Sumerian, Babylonian, Elamite, Hittite-Hurrian-Mitanni, with a common script and vocabularies shared mutually and passed on to Indo-European, Sanskrit, Dravidian, Arabic and then to Hindi/Urdu; in fact the author locates oldest evidence of Sanskrit in Syria. The book exposes the myths of Sanskrit or Hebrew as "revealed" languages and examines the fiction of linguistic races, i.e. Aryan, Semitic. The book supports the "one world concept" and reveals the potential of Urdu/Hindi to unite all genetic elements, races and regions of the Indo-Pakistan sub-continent. Khan bolsters his hypothesis with copious technical linguistic examples and quotes masters of Urdu/Hindi prose and poetry of the last three centuries, showcasing the passionate expressiveness of the language. * Abdul Jamil Khan, MD, served as chairman of a teaching hospital and as a professor of pediatrics he taught infant speech development in New York. From there, his research has extended into linguistics and history. His impetus stems from his early education, as he learned six languages by 10th grade and had to face political claims regarding "Divine Arabic" and "Divine Sanskrit," and experienced the tragedies of the British division of India and its language.

Teachings of the Sikh Gurus - Christopher Shackle 2013-07-04

Recognized masterpieces of Indian literature, the Guru Granth Sahib and the Dasam Granth are fundamental to the Sikh religion, not only in the physical layout of temples and in ceremonies of worship, but as infallible reference texts offering counsel and instruction. Teachings of the Sikh Gurus presents a brand new selection of key passages from these sacred scriptures, translated into modern English by leading experts, Christopher Shackle and Arvind-pal Singh Mandair. Including six longer compositions and many shorter hymns thematically organised by topics such as Time and Impermanence, Self and Mind, Authority, and Ethics, the book's accessible and carefully

chosen extracts distil the essence of Sikhism's remarkable textual and intellectual legacy, depicting how its message of universal tolerance suits the contemporary world. The detailed introduction and notes to the translations aid readers' comprehension of the hymns' form and content, as well as providing some historical context, making it an ideal introduction to Sikh literature.

Study on Indar sabhā, 19th century Urdu drama; includes text.

Indian Literature and Popular Cinema -

Heidi R.M. Pauwels 2007-12-17

This book is about the popular cinema of North India ("Bollywood") and how it recasts literary classics. It addresses questions about the interface of film and literature, such as how Bollywood movies rework literary themes, offer different (broader or narrower) interpretations, shift plots, stories, and characters to accommodate the medium and the economics of the genre, sometimes even changing the way literature is read. This book addresses the socio-political implications of popular reinterpretations of "elite culture", exploring gender issues and the perceived "sexism" of the North Indian popular film and how that plays out when literature is reworked into film. Written by an international group of experts on Indian

literature and film, the chapters in this book focus on these central questions, but also cover a wide range of literary works that have been adapted in film. Each part of the book discusses how a particular genre of literature has been "recast" into film. The individual chapters focus on comparisons and close studies of individual films or film songs inspired by "classics" of literature. The book will be of interest to those studying Indian film and literature and South Asian popular culture more generally.
