ABOUT THE TESTThe Advanced Placement Program is designed to allow high school students to pursue college-level studies while attending high school. The three-hour five-minute AP U.S. History exam is usually given to high school students who have completed a year's study in a college-level U.S. History course. The test results are then used to determine the awarding of course credit and/or advanced course placement in college. According to the College Board, students taking this exam are called upon to demonstrate systematic factual knowledge and bring to bear critical, persuasive analysis of the full sweep of U.S. history. This is why we make every effort to establish and build upon context for you, rather than encouraging rote memorization of disconnected facts. The AP U.S. History Exam is divided into two sections: 1) Multiple-Choice: This section is composed of 80 multiple-choice questions designed to gauge your ability to understand and analyze U.S. history from the Colonial period to the present. The majority of the questions, however, are based on 19th- and 20th-century history. This section tests factual knowledge, scope of preparation, and knowledge-based analytical skills. You'll have 55 minutes to complete this section, which accounts for 50 percent of your final grade. 2) Free-Response: This section is composed of three essay questions designed to measure your ability to write coherent, intelligent, well-organized essays on historical topics. The essays require you to demonstrate mastery of historical interpretation and the ability to express views and knowledge in writing. The essays may relate documents to different areas, analyze common themes of different time periods, or compare individual and group experiences which reflect socioeconomic, racial, gender, and ethnic differences. Part A consists of a mandatory 15-minute reading period, followed by 45 minutes during which you must answer a document-based question (DBQ), which changes from year to year. In Part B the student chooses to answer on two of the topics that are given. You will have 70 minutes to write these essays. The free-response section counts for 50 percent of your final grade. These topics are broken down into thirds: - Political Institutions (1/3rd)- Social and Economic Change (1/3rd)- Behavior and Public Policy, Diplomacy and International Relations, Intellectual and Cultural Development (1/3rd) The time periods covered are as follows: - Pre-Colonial through 1789 (1/6th of exam)- 1790-1914 (1/2 of exam)- 1915-present (1/3rd of exam)

ABOUT THE REVIEW SECTIONThis book begins with REA's concise yet thorough 230-page review of U.S. history designed to acquaint you with the exam's scope of coverage. Our review covers these topics and historical time periods: - The Colonial Period (1500-1763)- The American Revolution (1763-1787)- The United States Constitution (1787-1789)- The New National (1789-1824)- Jacksonian Democracy and Westward Expansion (1824-1850)- Sectional Conflict and The Causes of the Civil War (1850-1860)- The Civil War and Reconstruction (1860-1877)- Industrialism, War, and the Progressive Era (1877-1912)- Wilson and World War I (1912-1920)- The Roaring Twenties and Economic Collapse (1920-1929)- The Great Depression and the New Deal (1929-1941)- World War II and the Post-War Era (1941-1960)- The New Frontier, Vietnam, and Social Upheaval (1960-1972)- Watergate, Carter, and the New Conservatism (1972-2001)

SCORING THE

EXAMThe multiple-choice section of the exam is scored by crediting each correct answer with one point and deducting one-fourth of a point for each incorrect answer. You will neither receive a credit nor suffer a deduction for unanswered questions. The free-response essays are graded by instructors and professors from across the country who come together each June for a week of non-stop AP essay grading. Each essay booklet is read and scored by several graders. Each grader provides a score for the individual essays. The DBQ is scored on a scale from 0 to 15, 0 being the lowest and 15 the highest. Each topic-based essay receives a score from 0 to 9. These scores are concealed so that each grader is unaware of the previous graders' assessments. When the essays have been graded completely, the scores are averaged-one score for each essay-so that the free-response section generates three scores. The total weight of the free-response section is 50 percent of the total score. Your work in the multiple-choice section counts for the other 50 percent. Each year, grades fluctuate slightly because the grading scale is adjusted to take into account the performance of the total AP U.S. History test-taker population. When used with the corresponding chart, the scoring method we present here will strongly approximate the score you would receive if you were sitting for the actual AP U.S. History exam.

SCORING THE MULTIPLE-CHOICE SECTIONFor the multiple-choice section, use this formula to calculate your raw score: $\text{Number right} - (\text{number wrong} \times 1/4) = \text{raw score}$ (round to the nearest whole number)

SCORING THE FREE-RESPONSE SECTIONFor the free-response section, use this formula to calculate your raw score: $\text{DBQ} + \text{Essay \#1} + \text{Essay \#2} + = \text{raw score}$ (round to the nearest whole number) You may want to give your essays three different grades, such as a 13, 10, and an 8, and then calculate your score three ways: as if you did well, average, and poorly. This will give you a safe estimate of how you will do on the actual exam. Try to be objective about grading your own essays. If possible, have a friend, teacher, or parent grade them for you. Make sure your essays follow all of the AP requirements before you assess the score. The statistical formulations used by the AP Program preclude our REA practice-test scoring system from precisely replicating the procedures and determinations of the AP Program. Bear in mind that the cut-off point between each of the five AP grades typically shifts slightly from year to year. This occurs both because one year's exam cannot be expected to be exactly as difficult as another year's and because no two test-taker groups can be expected to be equally strong.

THE COMPOSITE SCORETo obtain your composite score, use this method: $1.13 \times \text{multiple choice raw score} = \text{weighted multiple-choice score}$ (do not round) $2.73 \times \text{free response raw score} = \text{weighted free response score}$ (do not round) Now, add the two weighted sections together and round to the nearest whole number. The result is your total composite score. See the range within which your score falls on this table to approximate your final grade: AP Grade / Composite Score Range 5 / 114-1804 / 91-1133 / 74-902 / 49-731 / 0-48 These overall scores are interpreted as follows: 5-extremely well qualified; 4-well qualified; 3-qualified, 2-possibly qualified; and 1-no recommendation. Most colleges grant students who earn a 3 or better either college credit or advanced placement. Check with your high school's guidance office about specific requirements.

Negotiating Democracy and Religious Pluralism - Sudipta Kaviraj 2021-08-03

A collection of essays that situates and furthers contemporary debates around the prospects of democracy in diverse societies within and beyond the West. *Negotiating Democracy and Religious Pluralism* examines the relationship between the functioning of democracy and the prior existence of religious plurality in three societies outside the West: India, Pakistan, and Turkey. All three societies had on one hand deep religious diversity and on the other long histories as imperial states that responded to religious diversity through their specific pre-modern imperial institutions. Each country has followed a unique historical trajectory with regard to crafting democratic institutions to deal with such extreme diversity. The volume focuses on three core themes: historical trends before the modern state's emergence that had lasting effects; the genealogies of both the state and religion in politics and law; and the problem of violence toward and domination over religious out-groups. Volume editors Karen Barkey, Sudipta Kaviraj, and Vatsal Naresh have gathered a group of leading scholars across political science, sociology, history, and law to examine this multifaceted topic. Together, they illuminate various trajectories of political thought, state policy, and the exercise of social power during and following a transition to democracy. Just as importantly, they ask us to reflexively examine the political categories and models that shape our understanding of what has unfolded in South Asia and Turkey.
