HSK 1-6 Full Vocabulary Guide - Pinhook Languages 2019-05-14

This vocabulary guide contains all 5000 HSK vocabularies grouped by level starting from HSK 1 and finishing with HSK 6. The vocabularies are based on the changes from 2012 and all come with Pinyin and English translation. If you are just starting out preparing for an HSK test, this book is ideal to slowly and step by step build the vocabulary you need to successfully pass whatever level it is you are aiming for. Shortly before the test, the book can again be very helpful in acting as a checklist to see which words haven't been learned yet or need to be studied again. As common with most vocabulary books, it's possible to study from Chinese to English as well as English to Chinese. Chinese to English provides you with the opportunity to make quick progress in areas like listening and reading. English to Chinese on the other hand allows you to practice your writing and also has positive effects on your speaking skills. To successfully pass any of the 6 HSK levels there are further topics for you to consider like grammar or listening which are not covered in this book. This book concentrates on helping you to build the foundation that allows you to then accelerate further learning in courses, with mock exams or whatever other form of studying works best for you. Good luck!

HSK 1 StoryBook - B Y Leong

HSK 1 STORYBOOK SECOND EDITION This book consists of 15 short stories written in Simplified Chinese and pinyin. The purpose of this book is to provide readers with reading materials to practice their reading skills as well as an introduction to more extended sentence structure and longer articles. This book has all the vocabularies in HSK 1. If you finish the book, you would have practiced your reading skill on all the vocabularies in HSK 1. I have tried to restrict the vocabularies used in this book to HSK 1 as far as possible. Where it is not possible, I have introduced limited new words in the story. If you have learned all the HSK 1 Vocabulary and completed the Standard Course Book for HSK 1 by Jiang Liping, you would be able to read about 90% of this book without learning new words. You may also download the audio files for free with the link and password provided on the last page of the book. The password in this book will also give you access to other materials such as HSK Vocabulary Writing Practice Sheet (with stroke order) and printable HSK Vocabulary with audio files. Lastly, I am sorry to disappoint those who enjoy reading a book with pictures because this book has no picture, only words. For the rest who doesn't like the distraction of pictures, I hope you will enjoy reading this book.
