Moorman's Book of Poker - Chris Moorman
2014-12-16

Chris Moorman is the most successful online
poker tournament player in history. * Leads the
industry with more than \$11 million in online
cashes * Excels on the tournament circuit with
over \$4 million in live cashes * Placed in the top
three in online tournaments 651 times to date
Many strong poker players have written books
explaining their thought processes. However,
players at the low- to mid-stakes who want to
advance to the highest levels find the leap a
daunting one. Chris, through years of hard work,
has achieved this advance and now wants to
help you do the same. Moorman's Book of Poker

has a unique approach. Chris analyzes 80 tournament hand histories played by co-author Byron Jacobs - a typical mid-stakes player. The adoption of a coaching format allows Chris to explain in clear detail exactly what is needed to progress to the next level of expertise.

The Backgammon Chronicles - Robert H Wachtel
2019-11-15

The Backgammon Chronicles: A Pro's Adventures on Tour is a lush, two-volume, full-color cornucopia of gambling stories, character sketches, historical essays and tournament drama that takes the reader on an insider's odyssey through backgammon's last whirlwind decade--with its author, one of the game's elite competitors, as guide. Introducing you to the game's stars even as he narrates his clashes with them in a score of exotic venues, Robert Wachtel frames the action against an overview of the events and crises that have defined contemporary backgammon: the advent of the artificial-intelligence programs and their virtual extinction of the game's traditional role as a gambling recreation; the ecstatic birth and untimely death of online play; the burst of investment and enthusiasm brought to the game by the poker boom; and current trends: the outreach of Western backgammon culture back towards the game's birthplace, the Middle East; and the efforts of the federations of the major nations to establish a viable global community. Volume 1 begins in 2008, when the formulas that had fueled a worldwide poker boom were being tested in Europe and the Middle East on the internationally more popular and beloved game of backgammon. The scene was intoxicating: games for every stake, from pennies to thousands of dollars, were available 24/7 online, with live tournaments held year-round in lavish resorts, their prize pools fortified by great dollops of money added by casinos, hotels, and assorted gambling platforms. Entrepreneurs--their eyes starry with visions of the sort of high-stakes tours, galas, books, films and TV series that had reaped easy profits for media and gaming concerns in promoting poker--were taking meetings and arranging financing. The author is both a peer and a friend of backgammon's best and brightest. The reader will meet those brilliant, quirky characters up close in these pages as Robert faces off against

them in tournament play and engages them in a special entertainment of his own device, dubbed by ex-world #1 Mike Natanzon (trade name: Falafel) "The Chronicles." Chronicles are histories; and so these volumes are aptly named, for they are indeed episodes of the author's backgammon adventures. But the title has a double meaning: the books are chronicles in Falafel's sense as well, for the special entertainment mentioned above figures prominently in many of their tales. At a major tournament the author would gather together as many top players as possible and ask them to solve backgammon dilemmas he'd encountered over the board--and often gotten wrong. The format always aroused the experts' competitive instincts, provoking them to argue, bluster, and challenge one another as they backed their opinions with hefty side bets. A lover of the game could hardly hope for a more exciting experience than watching these sparks fly. This volume is a travelog as well, for the tournament trail the players followed was well worth photographing: Stockholm; Prague; Copenhagen; Paris; Velden (Austria); Montreux (Switzerland); Oulu (Finland); Oslo; Majorca; North Cyprus; and finally as the volume ends, to a freezing outdoor tournament at an altitude of almost 3000 meters in the French Alps amidst the peaks overlooking the ski village of Meribel

concentration” to improve your swing, your game, and your life No matter what your skill set, Gallwey’s pioneering strategies, real-life examples, and illuminating advice are perfect for anyone who strives to be a champion on and off the course.

Mastering Small Stakes Cash Games - Evan Jarvis 2022-02-02

Mastering Small Stakes Cash Games is a book where the key word is “mastering”. The author, Evan Jarvis, is a professional poker player and highly respected poker coach. He takes a slightly different approach to that used by most poker coaches. The absolute fundamental, as always, is to help players master cash game play but Jarvis takes a holistic approach, recognising that being able to master people and master yourself are equally important in order to achieve poker success. In order to succeed in cash play it is essential to have a rock solid pre-flop and post-flop game-plan. However, there are other factors to successful play (e.g. game selection, seat selection, buy-in level etc.) that are often neglected. These can be equally important and are all addressed. Do you want to... * Make a good side income from your hobby? * Feel confident and in control when you play? * Be satisfied with your performance at the end of every session, regardless of the outcome?

Mastering Small Stakes Cash Games will help you achieve these aims and much more besides.

The Mental Game of Poker 2 - Jared Tendler 2013-04-23

Imagine the edge you would have if you could consistently play poker in the zone. In the zone you make all the right decisions, instinctively when to bluff, and are unfazed by a losing hand. You’re locked in and feel unbeatable. It’s shocking how many poker players stumble into this elusive state of mind. As quickly as that euphoric feeling of invincibility arrives, it's gone. And no matter how hard they try, they can’t get back there. Until now. In *The Mental Game of Poker 2*, author and renowned poker mental game coach Jared Tendler breaks down the zone and delivers actionable steps to help players get there consistently. He demystifies the zone, and for the first time, brings logic and order to this previously misunderstood concept. This book provides proven strategies to:

- Play poker longer and across more online tables.
- Improve decision making.
- Learn faster.
- Eliminate C-game mistakes.
- Increase focus and discipline.

The Mental Game of Poker 2 expands on the psychological strategies and theories from Tendler's groundbreaking book, *The Mental Game of Poker*, which cracked the code on managing tilt and has helped thousands of players eliminate mental leaks from their games. Like the first book, *The Mental Game of Poker 2* is a must have resource for every poker player who is serious about improving.

Playing to Win - David Sirlin 2006-04-01

Winning at competitive games requires a results-oriented mindset that many players are simply not willing to adopt. This book walks players through the entire process: how to choose a game and learn basic proficiency, how to break

through the mental barriers that hold most players back, and how to handle the issues that top players face. It also includes a complete analysis of Sun Tzu's book *The Art of War* and its applications to games of today. These foundational concepts apply to virtually all competitive games, and even have some application to "real life." Trade paperback. 142 pages.

Deal Me in - Marvin Karlins 2009-09

Deal Me In showcases 20 of the world's top poker players as they share their colorful and inspiring stories of how they became professionals. Poker's biggest players, such as Phil Ivey (2009 WSOP Main Event Finalist and potential winner), Johnny Chan, Phil Hellmuth, Doyle Brunson and Daniel Negreanu give first-person accounts of their personal journeys and the key moments in their rise to the top of the poker pantheon. These stories will teach, inspire and make you laugh. *Deal Me In* humanizes the larger-than-life personalities, allowing the reader to understand more about poker strategy through the trials and errors of the best players in the game. Each poker legend tells his or her own story in the book including: Doyle Brunson, Phil Hellmuth, Daniel Negreanu, Phil Ivey, Annie Duke, Johnny Chan, Chris "Jesus" Ferguson, Carlos Mortensen, Chau Giang, Jennifer Harman, Allen Cunningham, Howard Lederer, Erik Seidel, Chad Brown, David "Devilfish" Ulliott, Layne Flack, Scotty Nguyen, Annette Obrestad, Tom Dwan and the 2008 Main Event winner Peter Eastgate.

How to Be a Poker Player - Haseeb Qureshi 2013-12

What does it take to be a great poker player? It's no secret that masters of poker think differently than ordinary people. In this truly groundbreaking book, Haseeb Qureshi, retired world-class high stakes poker pro and instructor, takes you on a journey of rediscovering the game of poker from the inside out. He explores the depths of strategy, psychology, and philosophy within poker, and teaches you his uniquely scientific perspective on approaching the game. Whether you've read all the books and want to take your game to the next level, or whether you're an amateur wanting to learn what it's all about, this game-changing book is a must-read. In the words of WPT World Champion

David Williams, "Haseeb has written an amazing and ground-breaking book. There's truly nothing else like it. An absolute requirement for anyone serious about poker."

The Biggest Bluff - Maria Konnikova 2021-06-08

A New York Times bestseller • A New York Times Notable Book "The tale of how Konnikova followed a story about poker players and wound up becoming a story herself will have you riveted, first as you learn about her big winnings, and then as she conveys the lessons she learned both about human nature and herself." —The Washington Post It's true that Maria Konnikova had never actually played poker before and didn't even know the rules when she approached Erik Seidel, Poker Hall of Fame inductee and winner of tens of millions of dollars in earnings, and convinced him to be her mentor. But she knew her man: a famously thoughtful and broad-minded player, he was intrigued by her pitch that she wasn't interested in making money so much as learning about life. She had faced a stretch of personal bad luck, and her reflections on the role of chance had led her to a giant of game theory, who pointed her to poker as the ultimate master class in learning to distinguish between what can be controlled and what can't. And she certainly brought something to the table, including a Ph.D. in psychology and an acclaimed and growing body of work on human behavior and how to hack it. So Seidel was in, and soon she was down the rabbit hole with him, into the wild, fiercely competitive, overwhelmingly masculine world of high-stakes Texas Hold'em, their initial end point the following year's World Series of Poker. But then something extraordinary happened. Under Seidel's guidance, Konnikova did have many epiphanies about life that derived from her new pursuit, including how to better read, not just her opponents but far more importantly herself; how to identify what tilted her into an emotional state that got in the way of good decisions; and how to get to a place where she could accept luck for what it was, and what it wasn't. But she also began to win. And win. In a little over a year, she began making earnest money from tournaments, ultimately totaling hundreds of thousands of dollars. She won a major title, got a sponsor, and got used to being on television, and

to headlines like "How one writer's book deal turned her into a professional poker player." She even learned to like Las Vegas. But in the end, Maria Konnikova is a writer and student of human behavior, and ultimately the point was to render her incredible journey into a container for its invaluable lessons. The biggest bluff of all, she learned, is that skill is enough. Bad cards will come our way, but keeping our focus on how we play them and not on the outcome will keep us moving through many a dark patch, until the luck once again breaks our way.

Every Hand Revealed - Gus Hansen 2008

Gus analyzes the hands that he played during 2007 Aussie Millions poker tournament and reveals his secrets for winning.

Treat Your Poker Like a Business - 2009-12

Poker star Dusty Schmidt presents his first book [↔] one that stands to shake up poker in the same way Moneyball did for baseball. Schmidt offers an inspiring look at how in just five years, he went from not knowing a thing about poker to netting a seven-figure annual income. Far from a mathematical or technological genius, Schmidt says what guides him through is a fundamental understanding of business. Treat Your Poker Like A Business provides a foundation upon which all poker will be evaluated in the future, and will help an entire generation of poker players evolve their games into empires. A consummate "grinder," Dusty Schmidt has played nearly 7 million hands of online poker over more than 10,000 hours during his five-year career. He's won over \$3 million during that period, and has never experienced a losing month. In 2007, he achieved Poker Stars' SuperNova Elite status in just eight months while playing high-stakes cash games exclusively. Schmidt posted the world's highest win rate in both 5/10 NL and 10/20 NL in both 2007 and 2008. In a four-month period between Nov. 2007 and Feb. 2008, Schmidt won in excess of \$600,000 in high-stakes cash games. He is now a highly respected instructor at Stoxpoker.com, and plays as high as 25/50 NL. As a young man, Schmidt was a top-ranked golfer. He broke two of Tiger Woods' junior records, and was the leading money winner on the Golden States Tour when, at age 23, he suffered a career-ending heart attack. Schmidt returned to golf in 2009, winning medalist

honor in qualifying for the Oregon Amateur Championship. Later that year, Schmidt famously represented himself in federal court in his suit against the United States Golf Association, which controversially stripped him of his amateur status, in part due to his poker profession. Schmidt is now a volunteer assistant coach for the University of Oregon's men's golf team, working under his good friend, Head Coach Casey Martin. Schmidt is also a successful entrepreneur. He is part-owner of Stoxpoker.com and Imagine Media, and the creator of 10thGreen.com, the first social network for golfers. His story has been featured in Sports Illustrated, Card Player, Poker News, Golf Magazine, Fairways and Greens, Golf Week, Golf World and the Portland Oregonian, as well as on ESPN, cnn.com, wallstreetjournal.com, forbes.com, fortune.com, espn.com, golfdigest.com and golf.com, among many others. He recently founded the House of Cards Project, a philanthropic effort to provide food and shelter to disadvantaged families. His life story will be told in the book [↔] Raise: The Impossibly True Tale of Dusty Schmidt, [↔] to be released later in 2010. He lives in Portland, Ore., with his wife, Nicole, and daughter, Lennon.

Poker Satellite Strategy - Dara O'Kearney 2019-02-27

The best way for small stakes poker players to earn life-changing amounts of money is to win a satellite into a bigger tournament. Yet there is surprisingly little poker theory written about how to win satellite tournaments, until now. In Poker Satellite Strategy professional poker player Dara O'Kearney gives you a framework for how to approach every stage of a satellite tournament, from the early levels right up to the bubble. This book takes the stress and uncertainty out of satellites. You will learn:

- *Adjustments you need to make from regular poker tournament strategy
- *What hands to shove, call and fold on the bubble
- *When to tighten up and when to keep accumulating chips
- *Easy poker math to do at the tables
- *The correct poker GTO ranges (and how to adjust to different player types and situations)
- *When it's correct to fold Pocket Aces preflop

Dara O'Kearney is a professional poker player from Ireland with a long standing reputation as the best satellite specialist in the game. He has won

over \$1 million in satellite tournaments alone and twice won the PokerStars UKIPT satellite leaderboard. He is sponsored by Unibet Poker and is the co-host of The Chip Race Podcast. "In the first 30 minutes of reading, I guarantee you will pick up something that will increase your future expectation to cover the cost of the book tenfold" - Marty "TheLipoFund" Mathis, partypoker PPL Satellite Leaderboard winner "A highly recommended book for anyone looking to play satellites well or related formats like Double or Nothing where multiple finishers receive identical top prizes" ~ Collin Moshman - author of Sit N' Go Strategy "Dara has been ahead of the curve on satellites for years and his results show it. This book will change the way you think about, and play, satellites forever." ~ Daiva Byrne - professional poker player and advocate for women in poker This book uses the most up-to-date poker ICM calculators, however it has been written in a way to make the poker math you need to do at the tables very simple. Every chapter starts from a poker GTO framework but then explains how you should deviate when the players or table dynamics change. It covers every aspect of satellite play, from the important bubble stage, but even explaining the poker game theory behind late registering, post flop play, poker mindset issues unique to satellites and how to adjust in live poker tournaments. It has everything a texas hold'em player needs to qualify for big poker tournaments like the World Poker Tour, EPT or World Series of Poker.

Mastering Small Stakes Pot-Limit Omaha -

Fernando "JNandez" Habegger 2020-10-06

Welcome to the wonderful world of Pot Limit Omaha! With four hole cards instead of two, PLO is a far more nuanced game than No-Limit Hold'em and one that emphatically rewards greater skill. This makes it a very profitable game for serious players - especially when playing at the small stakes where recreational players consistently make expensive pre flop and post flop mistakes. Mastering Small Stakes Pot-Limit Omaha is a thoroughly comprehensive guide that will give you all the tools you need to gain a huge edge at lower stakes play. Fernando "JNandez" Habegger is a successful high stakes professional player and leading PLO coach with his own training site at PLOMastermind.com. He has trained hundreds of players to become

successful at PLO. In Mastering Small Stakes Pot-Limit Omaha, pre flop play is broken down by identifying nine different hand categories and analysing how hands within each of them are handled pre flop. Post flop analysis is based around the powerful technique of the Four Pillars of Post flop Play. The combination of these two creates a powerful gameplan that constitutes a fast track route to domination at the lower stakes. Further topics include adjusting to live play, PLO tournaments, building the right improvement habits, dealing with variance, and managing your PLO bankroll.

Endgame Poker Strategy - Dara O'Kearney
2021-09-27

Most poker players don't think they need to study ICM until they make a costly mistake at a big final table - don't be one of those players.

The Independent Chip Model (ICM) is the most important strategy concept in multi table tournaments, yet very few players understand it, other than knowing they should play tighter on the bubble. Not only does ICM impact the single biggest monetary decisions you make in poker, it also influences everything in a tournament from game selection, staking, when to register, playing the early levels, the bubble, the final table and much more. Endgame Poker Strategy is the first book to take a deep dive into the subject of ICM and how it impacts how you should play in tournaments. This book contains groundbreaking insights that most professional poker players are not aware of, including:

- How to adjust your play in the late stages of tournaments
- When to ladder and when to play for the win
- How to negotiate profitable final table deals
- The optimal game selection, rebuy and late registration strategies
- How to play short, average and big stacks at the end of tournaments

Dara O’Kearney is a professional poker player, sponsored Unibet Pro and co-host of The Chip Race Podcast. He is regarded as one of the best satellite grinders in the world and professional poker players seek out his advice on ICM whenever they prepare for a big final table. He is the co-author of the best selling books Poker Satellite Strategy and PKO Poker Strategy. “In an era of solvers and preflop charts, game states involving ICM pressure remain one of the few unsolved and untapped areas of poker. Endgame Poker Strategy does an excellent job of clearly explaining the most important ICM ideas and effects. Whether you are a beginning player looking to build an understanding of how ICM works, or a more advanced player looking to better internalise ICM concepts, there is something in this book for you.” - Daniel Dvoress, high stakes poker player

The Poker Mindset - Ian Taylor 2007

In this groundbreaking book, Taylor and Hilger lay bare the secrets of the Poker Mindset: seven core attitudes and concepts that ensure you have the optimal emotional, psychological, and behavioral framework for playing superior poker. The Poker Mindset deeply explores vital topics that most poker books only touch upon:

- Tilt: What it really is, why and when you are most prone to it, and how you can avoid it.

- Bankroll: A complete examination of bankroll management from a technical, but more importantly, from a psychological and emotional viewpoint.
- Opponents: How to determine your competitors' mental and emotional processes so that you can dominate, out think and outplay them.
- Downswings: Every poker player experiences them, but you will truly understand and be armed against low ebbs when they occur.
- Bad Beats: The Poker Mindset will enable you to overcome the trauma of bad beats and losing big pots. Poker is a fun game, but it is even more fun when you win. The Poker Mindset may be the most valuable poker book you will ever read. Embrace its concepts and you can overcome the unseen obstacles that are limiting your success at the table.

This book uses the most up-to-date poker ICM solvers, however it has been written in a

way to make the poker math you need to do at the tables very simple. Every chapter starts from a poker GTO framework but then explains how you should deviate when the players or table dynamics change. It covers major adjustment in PKO play, including a short hand way to decide on calling ranges, the poker game theory behind why you should never late register, post flop play, poker mindset issues unique to PKOs and much more. It has everything a texas hold'em player needs to crush knockout tournaments.

Treat Your Poker Like a Business - Dusty Schmidt
2012-07-03

A book targeted for poker players who want to monetize their leisure time or pro career into a dependable source of income—by a player that's been there, done that. In this specialized book for poker players who want to monetize their leisure or pro career into a dependable source of income, online poker legend Dusty "Leatherass" Schmidt teaches players how to manage their bankroll, rationalize variance, play more tables, move up in stakes, avoid tilt, create new sources of revenue, and most importantly, become more profitable. The strategy section contains some of the most important tips in print, focusing on the situations that come around every few minutes rather than how to play specific hands. This underground seller, never available to the general public, has already been translated into eight languages.

Applications of No-Limit Hold 'em - Matthew Janda 2013-05-20

One of the most daunting moments in a poker player's career occurs when he realizes his knowledge of how to play a specific hand well is incomplete without the additional understanding of how to play every other hand in his range well. This task would be impossible if a player had to actually think about every other hand in his range, but by understanding theoretical sound poker, he can quickly design balanced ranges using the proper bet-sizing while playing. Applications of No-Limit Hold 'em teaches theoretical sound poker, and thus the ability to create the bet-sizings and ranges which will beat the better players. The theory in this book is not designed to be complex or abstract, but rather it's intended to be applied immediately producing better overall results. Many confusing concepts such as overbetting, balancing multiple bet-sizing ranges, donk betting, and check-raising as the preflop raiser are crucial to a player's strategy despite few players implementing them or talking about them. And after reading this book, you should be able to not only conceptually understand these ideas, but also know how to

begin incorporating them into your game, and thereby successfully compete against tough opponents.

Modern Poker Theory - Michael Acevedo 2019-08-09

Modern Poker Theory is a comprehensive, rigorous guide to the most important aspects of No-Limit Hold'em. It is based around an in-depth examination of what is meant by game theory optimal play (GTO) and how it can be applied at the table. Understanding GTO is fundamental to being able to make accurate poker decisions and being able to exploit players who don't. Modern Poker Theory uses modern poker tools to develop a systematic approach to the analysis of GTO. It organizes the ideas and concepts in an intuitive manner that is totally focused to practical applications. Next time you are at a table some of the players will have studied Modern Poker Theory and some won't. The players who have studied Modern Poker Theory will, without doubt, have a better theoretical and practical understanding of No-Limit Hold'em. They will be the favourites in the game. Make sure you are one of them. Michael Acevedo, one of the world's leading poker theorists, is a game theory expert who is renowned for creating cutting-edge content for the world's leading players. The production of Modern Poker Theory is the culmination of many thousands of hours of his research work with the most advanced poker software tools available. It is poker theory for the 21st century.

The Theory of Poker - David Sklansky 1999

The Brain That Changes Itself - Norman Doidge 2007-03-15

"Fascinating. Doidge's book is a remarkable and hopeful portrait of the endless adaptability of the human brain."—Oliver Sacks, MD, author of *The Man Who Mistook His Wife for a Hat* What is neuroplasticity? Is it possible to change your brain? Norman Doidge's inspiring guide to the new brain science explains all of this and more An astonishing new science called neuroplasticity is overthrowing the centuries-old

notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychoanalyst, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they've transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.

Play Poker Like the Pros - Phil Hellmuth, Jr.
2009-03-17

In *Play Poker Like the Pros*, poker master Phil Hellmuth, Jr., demonstrates exactly how to play and win -- even if you have never picked up a deck of cards -- the modern games of poker, including: Texas Hold'em, Omaha, Seven-Card Stud, and Razz. Phil Hellmuth, Jr., a seven-time World Champion of Poker, presents his tournament-tested strategies to beat any type of player, including: The Jackal (crazy and unpredictable) The Elephant (plays too many hands) The Mouse (plays very conservatively) The Lion (skilled and tough to beat) *Play Poker Like the Pros* begins by laying out the rules and set-up of each game and then moves on to easy-to-follow basic and advanced strategies. Hellmuth teaches exactly which hands to play, when to bluff, when to raise, and when to fold. In addition Hellmuth provides techniques for reading other players and staying cool under pressure. There are also special chapters on how to beat online poker games and an inside look at tournament play.

The Mental Game of Trading - Jared Tendler
2021-04-09

A step-by-step system for mastering trading psychology. Think about your most costly and recurring trading mistakes. Chances are that they're related to common errors, such as chasing price, cutting winners short, forcing mediocre trades, and overtrading. You've likely tried to fix these errors by improving your technical skills, and yet they persist. That's because the real source of these mistakes is not technical—they actually stem from greed, fear, anger, or problems with confidence and discipline. If you are like most traders, you probably overlook or misunderstand mental and emotional obstacles. Or worse, you might think you know how to manage them, but you don't, and end up losing control at the worst possible time. You're leaving too much money on the table, which will either prevent you from being profitable or realizing your potential. While many trading psychology books offer sound advice, they don't show you how to do the necessary work. That's why you haven't solved the problems hurting your performance. With straight talk and practical solutions, Jared Tendler brings a new voice to trading psychology. In *The Mental Game of Trading*, he busts myths about emotions, greed, and discipline, and shows you how to look past the obvious to identify the real reasons you're struggling. This book is different from anything else on the market. You'll get a step-by-step system for discovering the cause of your problems and eliminating them once and for all. And through real stories of traders from around the world who have successfully used Tendler's system, you'll learn how to tackle your problems,

improve your day-to-day performance, and increase your profits. Whether you're an independent or institutional trader, and regardless of whether you trade equities, forex,

or cryptocurrencies, you can use this system to improve your decision-making and execution. Finally, you have a way to reach your potential as a trader. Now's the time to make it happen.
