Twenty Years a Detective in the Wickedest City in the World -

Clifton R. Wooldridge  
2022-06-03

"Twenty Years a Detective in the Wickedest City in the World" is a fictional book that focuses on the concern of the author, Clifton R. Wooldridge regarding the act of swindling now popular within the modern population. The author is popularly referred to as the real-life Sherlock Holmes for his exceptional role as an officer of the law. With the experience of Detective Wooldridge, he gives a clear description of various forms of crimes committed by swindlers in the city of Chicago.

When Abortion Was a Crime -  
Leslie J. Reagan 1997-01-30

As we approach the thirtieth anniversary of Roe v. Wade, it's crucial to look back to the time when abortion was illegal.

Leslie J. Reagan traces the practice and policing of abortion, which although illegal was nonetheless widely available, but always with threats for both doctor and patient. In a time when many young women don't even know that there was a period when abortion was a crime, this work offers chilling and vital lessons of importance to everyone. The linking of the words "abortion" and "crime" emphasizes the difficult and painful history that is the focus of Reagan's important book. Her study is the first to examine the entire period during which abortion was illegal in the United States, beginning in the mid-nineteenth century and ending with Roe v. Wade in 1973.

Although illegal, millions of

abortions were provided during these years to women of every class, race, and marital status. The experiences and perspectives of these women, as well as their physicians and midwives, are movingly portrayed here. Reagan traces the practice and policing of abortion. While abortions have been typically portrayed as grim "back alley" operations, she finds that abortion providers often practiced openly and safely. Moreover, numerous physicians performed abortions, despite prohibitions by the state and the American Medical Association. Women often found cooperative practitioners, but prosecution, public humiliation, loss of privacy, and inferior medical care were a constant threat. Reagan's analysis of previously untapped sources, including inquest records and trial transcripts, shows the fragility of patient rights and raises provocative questions about the relationship between medicine and law. With the right to abortion again under

attack in the United States, this book offers vital lessons for every American concerned with health care, civil liberties, and personal and sexual freedom. History of Bureau County, Illinois - Henry C. Bradsby 1885

For-Profit Enterprise in Health  
Care - Institute of Medicine  
1986-01-01

"[This book is] the most  
authoritative assessment of the  
advantages and disadvantages  
of recent trends toward the  
commercialization of health  
care," says Robert Pear of The  
New York Times. This major  
study by the Institute of  
Medicine examines virtually all  
aspects of for-profit health care  
in the United States, including  
the quality and availability of  
health care, the cost of medical  
care, access to financial  
capital, implications for  
education and research, and  
the fiduciary role of the

**The Devil's Dictionary** - Ambrose Bierce 1911  
Bierce exploits the comic potential of the dictionary format to mock the doublespeak prominent in post-Civil War politics. Using short, pithy entries on a variety of subjects, this "reference book" inverts the meaning of words, skewers popular hypocrisy and

showcases Bierce's dark humor. Many of these entries began as newspaper columns Bierce wrote in the 1870s. One hundred years later, it is clear that the America he lampoons is not that different from our own.
