The UN International Criminal Tribunals - William A. Schabas 2006-07-20

This book is a guide to the law that applies in the three international criminal tribunals, for the former Yugoslavia, Rwanda and Sierra Leone, set up by the UN during the period 1993 to 2002 to deal with atrocities and human rights abuses committed during conflict in those countries. Building on the work of an earlier generation of war crimes courts, these tribunals have developed a sophisticated body of law concerning the elements of the three international crimes (genocide, crimes against humanity and war crimes), and forms of participation in such crimes, as well as other general principles of international criminal law, procedural matters and sentencing. The legacy of the tribunals will be indispensable as international law moves into a more advanced stage, with the establishment of the International Criminal Court. Their judicial decisions are examined here, as well as the drafting history of their statutes and other contemporary sources.

Fulgentius the Mythographer - Wilbur Devereux Jones 1972

"Sir Robert Peel, 2nd Baronet (5 February 1788 2 July 1850) was a British Conservative statesman, who served as Prime Minister of the United Kingdom from 10 December 1834 to 8 April 1835, and also from 30 August 1841 to 29 June 1846. While Home Secretary, Peel helped create the modern concept of the police force, leading to officers being known as "Bobbies" (in England) and "Peelers" (in Northern Ireland). As Prime Minister Peel issued the Tamworth Manifesto (1834) during his brief first period in office, leading to the formation of the Conservative Party out of the shattered Tory Party; in his second administration he repealed the Corn Laws."--Wikipedia.

Re-Inventing Africa - Ifi Amadiume 1997-12

This book reveals how conventional anthropology has consistently imposed European ideas of the "natural" nuclear family, women as passive object, and class differences on a continent with a long history of women with power doing things differently. Amadiume argues for an end to anthropology and calls instead for a social history of Africa, by Africans.

The Politics of Memory - Ifi Amadiume 2000-07

Why does conflict deteriorate into violence and war? How does collective memory influence healing and social justice in post-conflict situations? This book brings together a distinguished group of scholars, policy-makers, justice workers, and social activists to answer these questions. They look at how people rebuild broken communities and the tensions between reconciliation and social justice in post-conflict situations.

Daughters of the Goddess, Daughters of Imperialism - Ifi Amadiume 2000

This extraordinary book combines social history, anthropology, religion, politics, women's studies to chart a genealogy of class transformation in the 20th century. Using the idea of a collectivist, humanist culture of traditional African matriarchal heritage, Ifi Amadiume contrasts daughters of the Goddess to a corrupt and oppressive culture of imperialism that she argues is the heritage of contemporary elite-led women's organizations. She examines, analyzes and critiques histories, concerns and activities of such organizations in Nigeria, making comparisons with those in Britain and South Africa as well as international movements.

The Troubadours - Simon Gaunt 1999-06-28

The dazzling culture of the troubadours - the virtuosity of their songs, the subtlety of their exploration of love, and the glamorous international careers some troubadours enjoyed - fascinated contemporaries and had a lasting influence on European life and literature. Apart from the refined love songs for which the troubadours are renowned, the tradition includes political and satirical poetry, devotional lyrics and bawdy or zany poems. It is also in the troubadour song-books that the only substantial collection of medieval lyrics

by women is preserved. This book offers a general introduction to the troubadours. Its sixteen newly-commissioned essays, written by leading scholars from Britain, the US, France, Italy and Spain, trace the historical development and setting of troubadour song, engage with the main trends in troubadour criticism, and examine the reception of troubadour poetry. Appendices offer an invaluable guide to the troubadours, to technical vocabulary, to research tools and to surviving manuscripts.

The Tokyo International Military Tribunal - Neil Boister 2008

The Tokyo International Military Tribunal (IMT) is not frequently discussed in the literature on international criminal law, and it is often thought that it was little more (and possibly less) than a footnote to the Nuremberg proceedings. This work seeks to dispel this widely-held belief, by showing the way in which the Tokyo IMT was both similar and different to its Nuremberg counterpart, the extent to which the critiques of the Tokyo IMT have purchase, and the Tribunal's contemporary relevance. The book also shows how the IMT needs to be treated, not just as one overarching entity, but also as being made up of different sets of people, who made up the prosecution, the defense and the judges. These different groups disagreed with each other, at times over the way in which the trial should proceed, and the book shows how each had an impact on the proceedings. The book is a comprehensive legal analysis of the Tokyo IMT, covering its law, theory, practice and the lessons it may teach to those prosecuting and defending international crimes today. It also places the trial in its political and historical context. The work is based in part of extensive archival research undertaken by the authors, which has unearthed large quantities of documents that have previously been ignored by those who have studied the Tribunal.
