The Heart of Africa - Georg August Schweinfurth 1878
Schweinfurth was a German botanist and ethnologist, sent in 1868 by the Humboldt-Stiftung of Berlin on "an important scientific mission to the interior of East Africa." He travelled from Khartoum up the White Nile to Bahr-el-Ghazal

and then through the regions inhabited by the Diur, Dinka, Bongo and Niam-Niam peoples; "crossing the Congo-Nile watershed he entered the country of the Mangbetu ... and discovered the river Uele ... which by its westward flow he knew was independent of the Nile." This discovery was "his greatest geographical achievement." He also did much to elucidate the hydrography of the Bahr-el-Ghazal system. "Of greater importance were the very considerable additions he made to the knowledge of the inhabitants and of the flora and fauna of Central Africa. He described in detail the cannibalistic practices of the Mangbetu, and his discovery of the pygmy Akka settled conclusively the question as to the existence of dwarf races in tropical Africa."--Wikipedia.

Bajke - Jacob Grimm

2016-03-04

Do danas prevedene na
sedamdesetak jezika, bajke
brace Grimm sigurno su
najpoznatije djelo napisano na
njemackom jeziku. Uz njih su
odrastale generacije djece
diljem svijeta, sve dok nisu
postale sastavni dio kolektivne
maste. Princeze i kraljevici,
carobnjaci i vjestice, dobre vile
i zle macehe te najrazlicitije
zvijeri i uvijek brbljave zivotinje
nastanjuju jedan fantastican
svijet bez kojega bi nase
djetinjstvo a potom i
roditeljstvo, bilo potpuno
nezamislivo. Do 1812 godine
kada su prvi put objavljene kao
zbirka "Djecjih i kucnih prica,"
ove bajke bile su sacuvane
jedino u usmenoj predaji i
najvecim dijelom vuku porijeklo
iz njemackog govornog
podrucja. Jacob i Wilhelm
Grimm nisu trebali daleko
istrazivati da bi sastavili
glavninu svoje znamenite

kolekcije. Vecinu bajki zapisali
su kod svojih prvih susjeda, u
kuci apotekara Wilda u kojoj su
zivjele i cetiri njegove kcerke,
medju kojima je i buduca
Wilhelmova supruga Dorothea
Wild. U sarolikom drustvu koje
se okupljalo u vrtu Wildovih, u
ljetnoj kucici, a kojem su se
znali prikljuciti pripadnici svih
slojeva drustva, ukljucujuci i
poslugu iz Wildova
domacinstva, prepricane su i
zapisane u cijelosti neke od
najpoznatijih svjetskih bajki.
Crvenkapica, Ivica i Marica,
Vuk i sedam kozlica spadaju u
one koje cine okosnicu zbirke
koja je u prvom izdanju
sadrzavala 86 bajki. U izdanju
iz 1815. godine Grimmove
bajke su prosirene za jos
sedamdeset novoprikupljenih
prica, a u konacnoj verziji iz
1857. ima ih točno dvije stotine
i jedanaest. Jacob i Wilhelm
nisu bili prvi koji su odlucili
zapisati usmenu folklornu
bastinu, ali ono po cemu su
braca ostali zapamceni kao
inovatori jest nacin na koji su
narodnu pripovijest pretocili u
knjizevnu formu. Grimmovi su
u pisanim verzijama prica

uspjeli zadržati izvorni pripovijedalski duh, i na taj način, uz svoja istraživanja i biljeske, udarili su temelje modernoj folklornoj znanosti. *Asian Religions* - Randall L. Nadeau 2014-01-28

ASIAN RELIGIONS "A unique introduction to Asian religions, combining the scholarly rigor of an established historian of Asian religions with the willingness to engage empathetically with the traditions and to suggest that readers do the same." Joseph A. Adler, Kenyon College

"Randall L. Nadeau has accomplished what only a few have tried, but which has been much needed in the study of religions. He has written a genuinely novel approach to the religions of Asia... This is a work that should find its way into Asian humanities, history, religion, and civilization courses." Ronnie Littlejohn, Belmont University

This all-embracing introduction to Asian religious practices and beliefs takes a unique approach; not only does it provide a complete overview of

the basic tenets of the major Asian religions, but it also demonstrates how Asian spiritualities are lived and practiced, exploring the meaning and significance they hold for believers. In a series of engaging and lively chapters, the book explores the beliefs and practices of Confucianism, Taoism, Hinduism, Buddhism, and Japanese religions, including Shintō. Using a comparative approach, it highlights the contrasts between Asian and Western modes of thinking and living, and debates the influence of religion on real-world issues including work, economic growth, the environment, human rights, and gender relations. Nadeau, a leading figure in this field, takes an empathetic approach to Asian religious and cultural traditions, and considers Asian spiritualities to be viable systems of belief for today's global citizens. Integrating exercises, activities, and an appealing mixture of examples, such as novels and biographies, this refreshing book leads

readers to an enhanced understanding of the ideas and practice of Asian religions, and of their continuing relevance today.

Cherringham - Cold Case -

Matthew Costello 2021-10-29

It's winter in Cherringham, and petty thief Charlie Topper's life is in danger. Desperate, he reaches out to Jack and Sarah for help: last summer - during a robbery - he witnessed a cold-blooded murder, and now he fears the killer is after him.

Can Jack and Sarah solve this very cold case - before the desperate murderer comes for them too? Episode 41 will be available for pre-order soon and will be out February, 25th 2022. Set in the sleepy English village of Cherringham, the detective series brings together an unlikely sleuthing duo: English web designer Sarah and American ex-cop Jack. Thrilling and deadly - but with a spot of tea - it's like Rosamunde Pilcher meets Inspector Barnaby. Each of the self-contained episodes is a quick read for the morning commute, while waiting for the

doctor, or when curling up with a hot cuppa. Co-authors Neil Richards (based in the UK) and Matthew Costello (based in the US), have been writing together since the mid-90s, creating innovative content and working on major projects for the BBC, Disney Channel, Sony, ABC, Eidos, and Nintendo to name but a few.

Their transatlantic collaboration has underpinned scores of TV drama scripts, computer games, radio shows, and the best-selling mystery series Cherringham. Their latest series project is called Mydworth Mysteries.

Anthropogenic Pollution of

Aquatic Ecosystems - Donat-

P. Häder 2021-09-30

This book provides examples of pollutants, such as accidental oil spills and non-degradable plastic debris, which affect marine organisms of all taxa. Terrestrial runoff washes large amounts of dissolved organic materials from agriculture and industry, toxic heavy metals, pharmaceuticals, and persistent organic pollutants which end up into rivers,

coastal habitats, and open waters. While this book is not intended to encyclopaedically list all kinds of pollution, it rather exemplifies the problems by concentrating on a number of serious and prominent recent developments. The chapters in this book also discuss measures to decrease and remove aquatic pollution to mitigate the stress on aquatic organisms. Aquatic ecosystems provide a wide range of ecological and economical services. In addition to providing a large share of the staple diet for a fast growing human population, oceans absorb most of the anthropogenically emitted carbon dioxide and mitigate climate change. As well as rising temperatures and ocean acidification, pollution poses increasing problems for aquatic ecosystems and organisms reducing its functioning and services which are exposed to a plethora of stress factors.

Invisible Walls - Hella Pick
2021-03-18

'Memoirs of such richness are rare . . . a joy' JAMES NAUGHTIE 'A remarkable personal journey, by one of the great political correspondents of our world - eloquent, enlightening, exhilarating' PHILIPPE SANDS A trailblazer for women in journalism, Hella Pick arrived in Britain in 1939 as a child refugee from Austria. Over nearly four decades she covered the volatile global scene, first in West Africa, followed by America and long periods in Europe. In her thirty-five years with the Guardian she reported on the end of Empire in West Africa, the assassination of President

Kennedy, Martin Luther King's march from Selma to Montgomery, the Vietnam peace negotiation in Paris, the 1968 student revolt in France, the birth of the Solidarity movement in Poland, and the closing stages of the Cold War. A request for coffee on board a Soviet ship anchored in Malta led to a chat with Mikhail Gorbachev. A request for an interview with Willy Brandt led to a personal friendship that enabled her to come to terms with Germany's Nazi past. Her book is also a clarion call for preserving professionalism in journalism at a time when social media muddy the waters between fact and fiction, and between reporting and commentary. INVISIBLE WALLS tells the dramatic story of how a Kindertransport survivor won the trust and sometimes the friendship of world leaders, and with them a wide range of remarkable men and women. It speaks frankly of personal heartache and of a struggle over her Jewish identity. It is also the intensely touching story of how, despite

a gift for friendship and international recognised achievements as a woman journalist, a continuing sense of personal insecurity has confronted her with a series of invisible walls.

Fair Management - Heinz Siebenbrock 2021-02-25
Contemporary personnel management is faced with a number of challenges as work becomes increasingly digital and more flexible in terms of time. 'New Work', 'agile management' and a genuine culture of dealing with errors have revolutionised personnel management. What becomes especially apparent in this respect is that managers can foster their employees' commitment to work through their management style. In this book, Heinz Siebenbrock presents a management model based on trust in and appreciation of employees, which encourages their initiative and enables managers to be both fair and successful in their work. By connecting the model to current concepts of

management and by presenting a series of case studies, the author demonstrates how managers can develop their own ethical style of management.

7 Habits That Make You Rich - Thomas Buffett
2021-04-06

What is wealth? Most people would say that wealth is money, yet is this necessarily true? Yes, wealth can be associated with finances, yet there are many forms of wealth including that of personal happiness, family love, knowledge, spiritual abundance and more. How do these substantial additions to wealth fit in the idea and realm of what 'wealth' really is? Turning the currently accepted concept of wealth on its head, this book explores the many different avenues and paths that wealth can take, and how they can each be used and enhanced to lead to that financial freedom we all seem to crave, by creating wealth building habits in ALL areas of your life. Seven habits are highlighted and explained,

habits that will increase not only your happiness but will allow you to create all the riches you want, both personally and financially. Wealth building is a lifelong process, one that touches on everything that you do and everything that you believe. This is your first step.

Gatekeepers of the Temple - F Wayne MacLeod 2019-07-16
Often unnoticed, the gatekeepers of the temple guarded the entrance of the temple from defilements and impurities, faithfully administered the financial matters and maintained the temple property. They were the backbone of temple worship, assuring that the Lord their God was honoured and respected in the place set aside for His name. These men of faith teach us much about God and what He requires. In an age where the influences of the world are becoming more and more accepted in the church, we would do well to listen carefully to the gatekeepers of our day.
