An Outlaw and a Lady - Jessi Colter 2017-04-11

Renowned songwriter, singer, and wife of Waylon Jennings writes an intimate, enormously entertaining memoir of American music, of life with Waylon and the Outlaws, and of faith lost and found. The daughter of a Pentecostal evangelist and a race-car driver, Jessi Colter played piano and sang in church before leaving Arizona to tour with rock-n-roll pioneer Duane Eddy, whom she married. Colter became a successful recording artist, appearing on American Bandstand and befriending stars such as the Everly Brothers and Chet Atkins, while her songs were recorded by Nancy Sinatra, Dottie West, and others. Her marriage to

Eddy didn't last, however, and in 1969 she married the electrifying Waylon Jennings. Together, they made their home in Nashville which, in the 1970s, was ground zero for roots music, drawing Bob Dylan, Johnny Cash, Willie Nelson, Kris Kristofferson, Shel Silverstein, and others to the Nashville Sound. And Jessi was at the center of it all, the only woman on the landmark Wanted: The Outlaws album, therecord that launched the Outlaw Country genre and was the first country album to go platinum. She also tasted personal commercial success with the #1-single "I'm Not Lisa." But offstage, life was a challenge, as Waylon pursued his addictions and battled his demons. Having drifted from the church as a young woman, Jessi returned to her faith and found in it a source of strength in the turmoil of living with Waylon. In the 1980s, Waylon helped launch the super group The Highwaymen with Willie Nelson, Johnny Cash, and Kris Kristofferson, and the hits kept rolling, as did Waylon's reckless living. Amid it all, Jessi faithfully prayed for her husband until finally, at Thanksgiving 2001, Waylon found Jesus, just months before he died. An Outlaw and a Lady is a powerful story of American music, of love in the midst of heartache, and of faith that sustains.

Alphabetical Africa - Walter Abish 1974

"Walter Abish has dovetailed his novel within a Procrustean scheme that has the terrifying and irrefutable logic of the alphabet. Alphabetical Africa is in the line of writers such as Raymond Roussel, Raymond Queneau, Georges Perec and Harry Mathews, who have used constrictive forms to penetrate the space on the other side of poetry." -- John Ashbery

Outside Music, Inside Voices - Garrison Fewell 2015-05-31

"Outside Music, Inside Voices", supported by a Faculty Fellowship grant from the Berklee College of Music, was edited by the jazz writer Ed Hazell and by Evelyn Rosenthal, former director of Harvard University Museum Publications. The 330-page book includes a foreword written by Ed Hazell; extensive notations in the footnotes of the author's introduction; individual biographies of each artist and the author; 30 brilliant black-and-white photographs of each artist, taken by Luciano Rossetti. As Herbie Hancock noted in his endorsement, "Garrison Fewell has written a brilliant reflection on creativity and spirituality, delving into the deep relationship between these two subjects that spark the explorations of many pioneers in avant-garde jazz music. The level of detail here is so compelling that it encourages much more than just a single reading of this book."

Affective Health and Masculinities in South Africa - Hans Reihling 2020-04-24

Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

Narration and Knowledge - Arthur C. Danto 2007

Now in its third edition, *Narration and Knowledge* is a classic work exploring the nature of historical knowledge and its reliance on narrative. Analytical philosopher Arthur C. Danto introduces the concept of "narrative sentences," in which an event is described with reference to later events (for example, "the

Thirty Years' War began in 1618") and discusses why such sentences cannot be understood until the later event happens (no one could have said in 1618 that "the Thirty Years' War began today"). Danto compares narrative and scientific explanation and explores the legitimacy of historical laws. He also argues that history is an autonomous and humanist discipline incapable of being reduced to scientific descriptions. Lydia Goehr's new introduction illustrates Danto's main arguments by questioning her very role, first, as an introducer of a book that has not yet been read by readers and, second, as an interpreter of a book written forty years ago. Frank Ankersmit's conclusion revisits the initial impact of the publication of *Narration and Knowledge* and considers its enduring legacy.

As the genocide rages over the course of one hundred desperate days, the clear line David has always drawn between idealism and complicity quickly begins to blur.

[The Real Messiah](#) - Stephan Huller 2012-01-01

Highly controversial but impeccably researched, *The Real Messiah* explodes the myth that Jesus was the long-prophesied Messiah of the Jewish nation. Indeed, it argues that Jesus never claimed that role but thought of himself as herald to the true Messiah: Marcus Julius Agrippa, the last King of the Jews and Jesus' contemporary. It was he who truly founded what became known as Christianity, and wanted to build a faith to which anyone could aspire. Though Marcus Agrippa was initially successful, with the passing of time those in charge of the new faith capitulated to the whims of successive Roman Emperors and centered their religion on Jesus instead.

The Tanners - Robert Walser 2009-08-31

Along his journey of self-definition, we meet his other siblings: the painter brother whose romantic brooding personality attracts women; the serious professorial oldest brother whose sense of responsibility towards his younger siblings strains his nerves; the teacher sister who hates

teaching but can't get herself to risk the stability of her job; and the institutionalized brother whose name is hardly mentioned and whose madness potentially runs through the rest of the family. Through it all, Simon explores the master-servant relationship -- whether in employment or in romance -- that is one of the

defining factors of Modernity.
