Cross-Section of a Human Heart - Abi Wurdeman 2018-12-24

"The first thing I'm going to do with my winnings, ' he said, 'is pay for laser hair removal in your armpits.' He even gestured to my cleanly shaven pits, because if referencing a woman's body hair on a date doesn't awaken her inner vixen, pointing to its location is sure to do the trick." An introverted Midwesterner with big feelings and a shameful people-pleasing streak, Abi Wurdeman hoped her twenties would transform her into one of those fierce, take-charge broads quoted on sassy refrigerator magnets. But somewhere between facing her own demons at a soul-sucking casino job and making the occasional ill-timed confession of love, Abi learned you can't reinvent who you fundamentally are . . . and that the secret to adult tenacity lies not in changing yourself, but in knowing yourself. Ninety percent memoir and ten percent unsolicited advice, *Cross-Section of a Human Heart* is the story of a floundering journey from mousey young adult to proper grown-ass.

Long Way Down - Jason Reynolds 2017-10-24

A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun

was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, *Long Way Down* is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

The Divorce Ceremony - Patricia Ann Russell 2013-09-17

How to connect fully with Spirit by letting go of Ego and inviting love, compassion, and forgiveness into your heart... In the late 90s, Patricia Ann Russell and her soon-to-be ex-husband mailed 400 invitations for their Divorce Ceremony to family, friends, and acquaintances. Over 100 of them came, including their three teenage children, caterers, photographers, a DJ, and their in-laws. Especially important for Patricia was that her father, who had not visited her from their native Bahamas since she'd moved away 25 years earlier—and where he'd originally walked her down the aisle—came to take her back. In a world that's accustomed to bitter and angry divorces, Patricia's father had never imagined two people with great respect and love for each other going

their separate ways with a ceremony. The idea is a new one, and revolutionary in its simplicity and healing power. In spite of Patricia's best intentions to move forward, however, she struggled mightily after her divorce. The departure of her daughters for college, the gravity of her father's advanced prostate cancer, and mounting financial stress compounded her loneliness and desperation. One night while lying in bed, exhausted from crying, praying, cursing, and screaming to God for help, Patricia heard a voice say, "Who would you rather take on your journey? Fear and Grief, or Love and Joy?" Too tired to respond, the question was difficult to ignore. And yet the answer was obvious. Patricia's dark night of the soul was the turning point where her faith was restored and she began to understand and accept her divorce as a symbolic act of divorcing her own Ego, a prelude to its final submission to a higher authority, the spiritual Self. Until now, no other book has provided an integrated approach that enables the divorced to navigate the emotional quagmires, regardless of time. The Divorce Ceremony helps people to acknowledge their pain but not wallow in it; to understand spiritually what they're going through; and to help them step into their greatness.

Facilitator's Manual for the Class of Nonviolence - Susan Ives 2007

Auditory Processing in the Classroom - Catherine Routley 2019-04-30
Auditory Processing Disorder (APD) is a difficulty with the brain's interpretation of sounds. It is not a hearing impairment. The book looks at the various theories which give rise to a diagnosis of APD. Although awareness and research of APD has been chiefly carried out in the USA, it is now increasingly becoming acknowledged in the UK. Teachers are becoming aware of the impact of APD on a wide range of classroom learning. Assessments, awareness of APD in the classroom and its co-existence with other learning problems are areas which are discussed. The book is essentially a practical one, offering a range of strategies of how pupils can be helped, teaching strategies, modifying the classroom environment and providing details of both low and high cost strategies. The difficulties of APD relating to the various key stages are referred to, with ideas of how parents can provide support.

Ditch That Textbook - Matt Miller 2015-04-13
Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning. In Ditch That Textbook, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

Metamedia - Alexander Starre 2015-08-15
Does literature need the book? With electronic texts and reading devices growing increasingly popular, the codex is no longer the default format of fiction. Yet as Alexander Starre shows in Metamedia, American literature has rediscovered the book as an artistic medium after the first

e-book hype in the late 1990s. By fusing narrative and design, a number of "bibliographic" writers have created reflexive fictions—metamedia—that invite us to read printed formats in new ways. Their work challenges ingrained theories and beliefs about literary communication and its connections to technology and materiality. Metamedia explores the book as a medium that matters and introduces innovative critical concepts to better grasp its narrative significance. Combining sustained textual analysis with impulses from the fields of book history, media studies, and systems theory, Starre explains the aesthetics and the cultural work of complex material fictions, such as Mark Z. Danielewski's House of Leaves (2000), Chip Kidd's The Cheese Monkeys (2001), Salvador Plascencia's The People of Paper (2005), Reif Larsen's The Selected Works of T. S. Spivet (2009), and Jonathan Safran Foer's Tree of Codes (2010). He also broadens his analysis beyond the genre of the novel in an extensive account of the influential literary magazine McSweeney's Quarterly Concern and its founder, Dave Eggers. For this millennial generation of writers and publishers, the computer was never a threat to print culture, but a powerful tool to make better books. In careful close readings, Starre puts typefaces, layouts, and cover designs on the map of literary criticism. At the same time, the book steers clear of bibliophile nostalgia and technological euphoria as it follows writers, designers, and publishers in the process of shaping the surprising history of literary bookmaking after digitization.

The Story Grid - Shawn Coyne 2015-05-02
WHAT IS THE STORY GRID? The Story Grid is a tool developed by editor Shawn Coyne to analyze stories and provide helpful editorial comments. It's like a CT Scan that takes a photo of the global story and tells the editor or writer what is working, what is not, and what must be done to make what works better and fix what's not. The Story Grid breaks down the component parts of stories to identify the problems. And finding the problems in a story is almost as difficult as the writing of the story itself (maybe even more difficult). The Story Grid is a tool with many applications: 1. It will tell a writer if a Story works? or doesn't work. 2. It pinpoints story problems but does not emotionally abuse the writer, revealing exactly where a Story (not the person creating the Story/the Story) has failed. 3. It will tell the writer the specific work necessary to fix that Story's problems. 4. It is a tool to re-envision and resuscitate a seemingly irredeemable pile of paper stuck in an attic drawer. 5. It is a tool that can inspire an original creation.
