With the NEP 2020 and expansion of research and knowledge has changed the face of education to a great extent. In the Modern times, education is not just constricted top the lecture method but also includes a practical knowledge of certain subjects. This way of education helps a student to grasp the basic concepts and principles. Thus, trying to break the stereotype that subjects like Physics, Chemistry and Biology means studying lengthy formulas, complex structures, and handling complicated instruments, we are trying to make education easy, fun, and enjoyable.

CBSE Class 12th Biology - 10 Most Likely Question Papers with Solutions By Career Point, Kota - Career Point Kota 2020-07-28

The CBSE has made certain changes in the assessment structure from the session 2019-20 onwards. In the new scheme of examination, CCE and term system has been replaced with the Internal Assessment & Single Annual Exam by CBSE itself. Single exam conducted by CBSE will carry 80 marks whereas 20 marks are left to the schools for internal assessment. CBSE has issued detailed guidelines on how the internal marks will be divided among different activities. From 2019 onwards, there will be internal choices in board examinations with increased internal options in the question paper.

Considering this change, now a student has to prepare accordingly for board examinations. The new assessment format brought with it excitement as well as anxiety. 1 Life... (Twice)2 - Aishwarya Ravi Kumar 2021-10-21

One Life (Twice)2 is about the four new chances at life that I have got. Having been diagnosed with bipolar depression, psychosis, mild agoraphobia, panic attacks and anxiety disorder, this book talks about my journey as a fighter rather than a survivor. It also talks about certain self-help mechanisms, some insights about how people around us can support us, certain questions that people like us usually wonder about, the stigmas, dilemmas, superstitions, taboos that revolve around mental illness and the importance of seeking medical help. It becomes quite a challenge to ascertain that the time hasn't ended for us, and this revelation occurred to me when I reflected on the saying, "Life is precious." It was then that I realised that I have to save myself first and not end my life if I wanted to share my story and make people discern that they sure have company on the cruise. "Hope might lose a life, but life will never lose hope," this is my mantra which helps me fight every second of life... ARK is the acronym of my name and I decipher it as, Acceptance, Reflection and being a Knight in the quest for learning life.
