

# The Psychedelic Notebook Lined Soft Cover Letter

This is likewise one of the factors by obtaining the soft documents of this **The Psychedelic Notebook Lined Soft Cover Letter** by online. You might not require more become old to spend to go to the books instigation as capably as search for them. In some cases, you likewise attain not discover the message The Psychedelic Notebook Lined Soft Cover Letter that you are looking for. It will no question squander the time.

However below, similar to you visit this web page, it will be suitably totally easy to get as competently as download lead The Psychedelic Notebook Lined Soft Cover Letter

It will not resign yourself to many era as we tell before. You can do it though produce a result something else at house and even in your workplace. correspondingly easy! So, are you question? Just exercise just what we offer below as capably as evaluation **The Psychedelic Notebook Lined Soft Cover Letter** what you behind to read!

## **The Diving Bell and the Butterfly** - Jean-Dominique Bauby 2008-03-06

A celebration of the liberating power of consciousness—a triumphant book that lets us witness an indomitable spirit and share in the pure joy of its own survival. In 1995, Jean-Dominique Bauby was the editor-in-chief of French Elle, the father of two young children, a 44-year-old man known and loved for his wit, his style, and his impassioned approach to life. By the end of the year he was also the victim of a rare kind of stroke to the brainstem. After 20 days in a coma, Bauby awoke into a body which had all but stopped working: only his left eye functioned, allowing him to see and, by blinking it, to make clear that his mind was unimpaired. Almost miraculously, he was soon able to express himself in the richest detail: dictating a word at a time, blinking to select each letter as the alphabet was recited to him slowly, over and over again. In the same way, he was able eventually to compose this extraordinary book. By turns wistful, mischievous, angry, and witty, Bauby bears witness to his determination to live as fully in his mind as he had been able to do in his body. He explains the joy, and deep sadness, of seeing his children and of hearing his aged father's voice on the phone. In magical sequences, he imagines traveling to other places and times and of lying next to the woman he loves. Fed only intravenously, he imagines preparing and tasting the full flavor of delectable dishes. Again and again he returns to an "inexhaustible reservoir of sensations," keeping in touch with himself and the life around him. Jean-Dominique Bauby died two days after the French publication of *The Diving Bell and the Butterfly*. This book is a lasting testament to his life.

## **Heads** - Jesse Jarnow 2016-03-29

*Heads: A Biography of Psychedelic America* uncovers a hidden history of the biggest psychedelic distribution and belief system the world has ever known. Through a collection of fast-paced interlocking narratives, it animates the tale of an alternate America and its wide-eyed citizens: the LSD-slinging graffiti writers of Central Park, the Dead-loving AI scientists of Stanford, utopian Whole Earth homesteaders, black market chemists, government-wanted Anonymous hackers, rogue explorers, East Village bluegrass pickers, spiritual seekers, Internet pioneers, entrepreneurs, pranksters, pioneering DJs, and a nation of Deadheads. WFMU DJ and veteran music writer Jesse Jarnow draws on extensive new firsthand accounts from many never-before-interviewed subjects and a wealth of deep archival research to create a comic-book-colored and panoramic American landscape, taking readers for a guided tour of the hippie highway filled with lit-up explorers, peak trips, big busts, and scenic vistas, from Vermont to the Pacific Northwest, from the old world head capitals of San Francisco and New York to the geodesic dome-dotted valleys of Colorado and New Mexico. And with the psychedelic research moving into the mainstream for the first time in decades, *Heads* also recounts the story of the quiet entheogenic revolution that for years has been brewing resiliently in the Dead's Technicolor shadow. Featuring over four dozen images, many never before seen—including pop artist Keith Haring's first publicly sold work—*Heads* weaves one of the 20th and 21st centuries' most misunderstood subcultures into the fabric of the nation's history. Written for anyone who wondered what happened to the heads after the Acid Tests, through the '70s, during the Drug War, and on to the psychedelic present, *Heads* collects the essential history of how LSD, Deadheads, tie-dye, and the occasional bad trip have become familiar features of the American experience.

## **Burnt Sugar** - Avni Doshi 2021-01-26

Shortlisted for the 2020 Booker Prize, a searing literary debut novel set in India about mothers and daughters, obsession and betrayal "I would be lying if I say my mother's misery has never given me pleasure," says Antara, Tara's now-adult daughter. This is a love story and a story about betrayal—not between lovers but between a mother and a daughter. . . . In her youth, Tara was wild. She abandoned her arranged marriage to join an ashram, embarked on a stint as a beggar (mostly to spite her affluent parents), and spent years chasing a disheveled, homeless "artist," all with little Antara in tow. But now Tara is forgetting things, and Antara is an adult—an artist and married—and must search for a way to make peace with a past that haunts her as she confronts the task of caring for a woman who never cared for her. Sharp as a blade and laced with caustic wit, *Burnt Sugar* unpicks the slippery, choking cord of memory and myth that binds mother and daughter: Is Tara's memory loss real? Are Antara's memories fair? In vivid and visceral prose, Avni Doshi tells a story at once shocking and empathetic of a mother-daughter relationship and a daughter's search for self. A journey into shifting memories, altering identities, and the subjective nature of truth, *Burnt Sugar* is the stunning and unforgettable debut of a major new voice in contemporary fiction.

## **The Sacred Book of the Werewolf** - Viktor Pelevin 2008

A novel about a fifteen-year-old prostitute who is actually a 2,000-year old werefox who seduces men with her tail and drains them of their sexual power. She falls in love with a KGB officer who is actually a werewolf.

## **Turn On, Tune In, Drop Out** - Timothy Leary 2009-04-01

Written in the psychedelic era, *Turn On, Tune In, Drop Out* is Timothy Leary at his best, beckoning with humor and irreverence, a vision of individual empowerment, personal responsibility, and spiritual awakening. Includes: Start Your Own Religion Education as an Addictive Process Soul Session Buddha as Drop-Out Mad Virgin of Psychedelia God's Secret Agent o Homage to Huxley The Awe-Ful See-Er o The Molecular Revolution MIT is TIM Backwards Neurological Politics "Trickster is a major figure in American Indian folk Wisdom. Also in Sufi Tales ... a certain type of "rascal"-with a grin and a wink (and wisdom beyond wisdom) ... in the Zen tradition this is known as the School of Crazy Wisdom ... Timothy Leary-in his own inimitable way-has become the twentieth century's grand master of crazy wisdom ..." - Dr. Jeffrey Mishlove

## **A Thousand Steps** - T. Jefferson Parker 2022-01-11

A Los Angeles Times Bestseller! *A Thousand Steps* is a beguiling thriller, an incisive coming-of-age story, and a vivid portrait of a turbulent time and place by three-time Edgar Award winner and New York Times bestselling author T. Jefferson Parker. Laguna Beach, California, 1968. The Age of Aquarius is in full swing. Timothy Leary is a rock star. LSD is God. Folks from all over are flocking to Laguna, seeking peace, love, and enlightenment. Matt Anthony is just trying get by. Matt is sixteen, broke, and never sure where his next meal is coming from. Mom's a stoner, his deadbeat dad is a no-show, his brother's fighting in Nam . . . and his big sister Jazz has just gone missing. The cops figure she's just another runaway hippie chick, enjoying a summer of love, but Matt doesn't believe it. Not after another missing girl turns up dead on the beach. All Matt really wants to do is get his driver's license and ask out the girl he's been crushing on since fourth

grade, yet it's up to him to find his sister. But in a town where the cops don't trust the hippies and the hippies don't trust the cops, uncovering what's really happened to Jazz is going to force him to grow up fast. If it's not already too late. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The British Journal of Photography - 1968-07

**John Alcorn** - Moleskine 2014-06-04

John Alcorn | Evolution By Design is a celebration of the life and work of legendary graphic designer and illustrator, John Alcorn (1935-1992). A never-before released overview of one of the most versatile designers of the 20th century, replete with revealing essays and several hundred images spanning over 4 decades, from the artist's formative years to his untimely death at age 56. His unique style can be found in hundreds of books (Random House, Simon & Schuster, Rizzoli, Longanesi, Guanda) movie posters (Fellini's "Amarcord"), magazines and record covers. Alcorn's career included a sound training at the Push Pin Studios, the celebrated design studio founded by Milton Glaser, Seymour Chwast, Reynold Ruffins, and Edward Sorel. His work has been exhibited in various locations including The Louvre in Paris.

The Doors of Perception and Heaven and Hell - Aldous Huxley 2017-03-22

Two great classics come to life in one of the most loved books in American History. Remastered to include illustrated exercises, a biography of Aldous Huxley, and including the full essay of Heaven and Hell, and The Doors to Perception, this book is a great gift to those who are unfamiliar with his work, or may have forgotten about Huxley's famous contemplations of life and death. - ZKBS(c) All Rights Reserved.

The Democratic Surround - Fred Turner 2013-12-04

We commonly think of the psychedelic sixties as an explosion of creative energy and freedom that arose in direct revolt against the social restraint and authoritarian hierarchy of the early Cold War years. Yet, as Fred Turner reveals in The Democratic Surround, the decades that brought us the Korean War and communist witch hunts also witnessed an extraordinary turn toward explicitly democratic, open, and inclusive ideas of communication and with them new, flexible models of social order. Surprisingly, he shows that it was this turn that brought us the revolutionary multimedia and wild-eyed individualism of the 1960s counterculture. In this prequel to his celebrated book From Counterculture to Cyberculture, Turner rewrites the history of postwar America, showing how in the 1940s and '50s American liberalism offered a far more radical social vision than we now remember. Turner tracks the influential mid-century entwining of Bauhaus aesthetics with American social science and psychology. From the Museum of Modern Art in New York to the New Bauhaus in Chicago and Black Mountain College in North Carolina, Turner shows how some of the most well-known artists and intellectuals of the forties developed new models of media, new theories of interpersonal and international collaboration, and new visions of an open, tolerant, and democratic self in direct contrast to the repression and conformity associated with the fascist and communist movements. He then shows how their work shaped some of the most significant media events of the Cold War, including Edward Steichen's Family of Man exhibition, the multimedia performances of John Cage, and, ultimately, the psychedelic Be-Ins of the sixties. Turner demonstrates that by the end of the 1950s this vision of the democratic self and the media built to promote it would actually become part of the mainstream, even shaping American propaganda efforts in Europe. Overturning common misconceptions of these transformational years, The Democratic Surround shows just how much the artistic and social radicalism of the sixties owed to the liberal ideals of Cold War America, a democratic vision that still underlies our hopes for digital media today.

Fear and Loathing in Las Vegas - Hunter S. Thompson 2010-09-29

50th Anniversary Edition • With an introduction by Caity Weaver, acclaimed New York Times journalist This cult classic of gonzo journalism is the best chronicle of drug-soaked, addle-brained, rollicking good times ever committed to the printed page. It is also the tale of a long weekend road trip that has gone down in the annals of American pop culture as one of the strangest journeys ever undertaken. Also a major motion picture directed by Terry Gilliam, starring Johnny Depp and Benicio del Toro.

LSD, My Problem Child - Albert Hofmann 2005

This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert Hofmann. He traces

LSDs path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. We follow Dr. Hofmann's trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmann's powerful conclusion that mystical experience may be our planet's best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend the wonder, the mystery of the divine in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people. Now, more than sixty years after the birth of Albert Hofmann's problem child, his vision of its true potential is more relevant, and more needed, than ever.

**A Book About Design** - Mark Gonyea 2005-06

Introduces readers to the fundamental elements of design by using simple shapes, lines, and humor to explain why complicated is not always the best way to go.

**Acid Dreams** - Martin A. Lee 1992

Provides a social history of how the CIA used the psychedelic drug LSD as a tool of espionage during the early 1950s and tested it on U.S. citizens before it spread into popular culture, in particular the counterculture as represented by Timothy Leary, Allen Ginsberg, Ken Kesey, and others who helped spawn political and social upheaval.

**Been So Long** - Jorma Kaukonen 2018-08-28

"A modern parable." —from the foreword by Grace Slick "Jorma Kaukonen is a force in American music, equally adept at fingerpicked acoustic folk and blues as he is at wailing on an electric." - Acoustic Guitar "Jorma Kaukonen lit a fuse and transformed his electric guitar into a firework." - Live For Live Music Includes a CD of live music as a companion to the book! From the man who made a name for himself as a founding member and lead guitarist of Jefferson Airplane comes a memoir that offers a rare glimpse into the heart and soul of a musical genius—and a vivid journey through the psychedelic era in America. "Music is the reward for being alive," writes Jorma Kaukonen in this candid and emotional account of his life and work. "It stirs memory in a singular way that is unmatched." In a career that has already spanned a half century—one that has earned him induction into the Rock & Roll Hall of Fame and a Grammy Lifetime Achievement Award, among other honors—Jorma is best known for his legendary bands Jefferson Airplane and the still-touring Hot Tuna. But before he won worldwide recognition he was just a young man with a passion and a dream. Been So Long is the story of how Jorma found his place in the world of music and beyond. The grandson of Finnish and Russian-Jewish immigrants whose formative years were spent abroad with his American-born diplomat father, Jorma channeled his life experiences—from his coming-of-age in Pakistan and the Philippines to his early gigs with Jack Casady in D.C. to his jam sessions in San Francisco with Jerry Garcia, Janis Joplin, Bob Dylan, and other contemporaries—into his art in unique and revelatory ways. Been So Long charts not only Jorma's association with the bands that made him famous but goes into never-before-told details about his addiction and recovery, his troubled first marriage and still-thriving second, and more. Interspersed with diary entries, personal correspondence, and song lyrics, this memoir is as unforgettable and inspiring as Jorma's music itself.

**Billboard** - 1970-08-01

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

**Love Letters to the Dead** - Ava Dellaira 2014-04-01

It begins as an assignment for English class: Write a letter to a dead person. Laurel chooses Kurt Cobain because her sister, May, loved him. And he died young, just like May did. Soon, Laurel has a notebook full of letters to people like Janis Joplin, Amy Winehouse, Amelia Earhart, Heath Ledger, and more -- though she never gives a single one of them to her teacher. She writes about starting high school, navigating new friendships, falling in love for the first time, learning to live with her splintering family. And, finally, about the abuse she suffered while May was supposed to be looking out for her. Only then, once Laurel has written down the truth about what happened to herself, can she truly begin to accept what happened to May. And only when Laurel has begun to see her sister as the person she was -- lovely and amazing and deeply flawed -- can she begin to discover her own path in this stunning debut from Ava Dellaira, *Love Letters to the Dead*.

Real Mermaids Smoke Seaweeds - Jackrabbit Rituals 2019-06-05

Cute message says: Real mermaids smoke seaweeds. Features a beautiful mermaid with cannabis bra enjoying a fresh joint. There's no better way to make friends with mythical sea creatures than by sharing everybody's favorite weed. *Wreck This Journal: Now in Color* - Keri Smith 2017-06-06

“Not gonna lie, this is probably the coolest journal you’ll ever see. . . . Wreck This Journal is here to inspire you.” —Buzzfeed A spectacular coloring and painting edition of the incredible journal that started it all, in celebration of the tenth anniversary of the 10-million-copy international bestseller Perhaps you're a seasoned Wreck-er, having made your way through one or more copies of Wreck This Journal. Or maybe you're new to the phenomenon (little do you know, this experience might just change your life). Whatever the case, you've found the perfect book to destroy... Welcome to an all new-edition of Wreck This Journal, now in spectacular full color! Inside, you'll find prompts for painting, shredding, transforming, and unleashing your creativity. With a mix of new, altered, and favorite prompts, Wreck This Journal: Now in Color invites you to wreck with color: mixing colors to make mud, letting chance dictate your color choice, weaving with brightly colored strips of paper, and more. What colors will you use to you wreck your journal? “A conceptual artist and author luring kids into questioning the world and appreciating every smell, texture and mystery in it.” —TIME Magazine “Keri Smith may well be the self-help guru this DIY

generation deserves.” —The Believer

Be Here Now - Ram Dass 1971-10-12

Beloved guru Ram Dass tells the story of his spiritual awakening and gives you the tools to take control of your life in this “counterculture bible” (The New York Times) featuring powerful guidance on yoga, meditation, and finding your true self. When Be Here Now was first published in 1971, it filled a deep spiritual emptiness, launched the ongoing mindfulness revolution, and established Ram Dass as perhaps the preeminent seeker of the twentieth century. Just ten years earlier, he was known as Professor Richard Alpert. He held appointments in four departments at Harvard University. He published books, drove a Mercedes and regularly vacationed in the Caribbean. By most societal standards, he had achieved great success. . . . And yet he couldn’t escape the feeling that something was missing. Psilocybin and LSD changed that. During a period of experimentation, Alpert peeled away each layer of his identity, disassociating from himself as a professor, a social cosmopolite, and lastly, as a physical being. Fear turned into exaltation upon the realization that at his truest, he was just his inner-self: a luminous being that he could trust indefinitely and love infinitely. And thus, a spiritual journey commenced. Alpert headed to India where his guru renamed him Baba Ram Dass—“servant of God.” He was introduced to mindful breathing exercises, hatha yoga, and Eastern philosophy. If he found himself reminiscing or planning, he was reminded to “Be Here Now.” He started upon the path of enlightenment, and has been journeying along it ever since. Be Here Now is a vehicle for sharing the true message, and a guide to self-determination.

**Imagination Illustrated** - Karen Falk 2012-10-26

Jim Henson's iconic puppet characters, fantastic worlds, and warm humor have delighted millions of people of all ages. His incredibly diverse body of work, from the Muppets to the world of The Dark Crystal, reveals his charm and genius to fans old and new. Compiled directly from The Jim Henson Company archives, Imagination Illustrated adapts the diary that Jim faithfully kept throughout his career, supplementing it with a trove of little-seen visual material, including rare sketches, personal and production photographs, storyboards, doodles, and much more. Throughout, archivist Karen Falk delves into the behind-the-scenes details of Henson's life and artistic process. Sure to delight anyone who has enjoyed Henson's creations-seeing early drawings of Kermit and Rowlf is like smiling over childhood photos of dear friends-this lovely book celebrates Jim's life and his magic.

Britannica Concise Encyclopedia - Encyclopaedia Britannica, Inc. 2008-05-01

Britannica Concise Encyclopedia is the perfect resource for information on the people, places, and events of yesterday and today. Students, teachers, and librarians can find fast facts combined with the quality and accuracy that have made Britannica the brand to trust. A tool for both the classroom and the library, no other desk reference can compare.

**The Varieties of Psychedelic Experience** - Robert Masters 2000-04-01

One of the most important books written on the effects of LSD on the human psyche. • Its authoritative research has great relevance to the current debate on drug legalization. • Prolific authors Robert Masters and Jean Houston are pioneer figures in the field of transpersonal psychology and founders of the Human Potentials Movement. The Varieties of Psychedelic Experience was published in 1966, just as the first legal restrictions on the use of psychedelic substances were being enacted. Unfortunately, the authors' pioneering work on the effects of LSD on the human psyche, which was viewed by its participants as possibly heralding a revolution in the study of the mind, was among the casualties of this interdiction. As a result, the promising results to which their studies attested were never fully explored. Nevertheless, their 15 years of research represents a sober and authoritative appraisal of what remains one of the most controversial developments in the study of the human psyche. Avoiding the wild excesses taken by both sides on this issue, this book is unique for the light it sheds on the possibilities and the limitations of psychedelic drugs, as well as on the techniques for working with them. With drug legalization an

increasingly important issue, *The Varieties of Psychedelic Experience* provides a welcome and much needed contrast to the current hysteria that surrounds this topic.

*Psilocybin Mushroom Handbook* - L. G. Nicholas 2006

This well-illustrated book allows anyone with common sense, a clean kitchen, and a closet shelf to grow bumper crops of mushrooms. Besides step-by-step guides to cultivating four species of psilocybin-containing mushrooms, the book offers a wealth of additional information, including an introduction to mushroom biology, a resource guide for supplies, advice on discreetly integrating psychedelic mushrooms into outdoor gardens, and insights into the traditional use of psilocybins in sacred medicine. Also included are appendices with a summary of all included recipes.

*Letters to Allen Ginsberg, 1953-1957* - William S. Burroughs 1982

**How to Change Your Mind** - Michael Pollan 2018-05-15

"Pollan keeps you turning the pages . . . cleareyed and assured." —New York Times A #1 New York Times Bestseller, New York Times Book Review 10 Best Books of 2018, and New York Times Notable Book A brilliant and brave investigation into the medical and scientific revolution taking place around psychedelic drugs—and the spellbinding story of his own life-changing psychedelic experiences When Michael Pollan set out to research how LSD and psilocybin (the active ingredient in magic mushrooms) are being used to provide relief to people suffering from difficult-to-treat conditions such as depression, addiction and anxiety, he did not intend to write what is undoubtedly his most personal book. But upon discovering how these remarkable substances are improving the lives not only of the mentally ill but also of healthy people coming to grips with the challenges of everyday life, he decided to explore the landscape of the mind in the first person as well as the third. Thus began a singular adventure into various altered states of consciousness, along with a dive deep into both the latest brain science and the thriving underground community of psychedelic therapists. Pollan sifts the historical record to separate the truth about these mysterious drugs from the myths that have surrounded them since the 1960s, when a handful of psychedelic evangelists inadvertently catalyzed a powerful backlash against what was then a promising field of research. A unique and elegant blend of science, memoir, travel writing, history, and medicine, *How to Change Your Mind* is a triumph of participatory journalism. By turns dazzling and edifying, it is the gripping account of a journey to an exciting and unexpected new frontier in our understanding of the mind, the self, and our place in the world. The true subject of Pollan's "mental travelogue" is not just psychedelic drugs but also the eternal puzzle of human consciousness and how, in a world that offers us both suffering and joy, we can do our best to be fully present and find meaning in our lives.

*The Book of Woe* - Gary Greenberg 2013-05-02

"Gary Greenberg has become the Dante of our psychiatric age, and the DSM-5 is his Inferno." —Errol Morris Since its debut in 1952, the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders has set down the "official" view on what constitutes mental illness. Homosexuality, for instance, was a mental illness until 1973. Each revision has created controversy, but the DSM-5 has taken fire for encouraging doctors to diagnose more illnesses—and to prescribe sometimes unnecessary or harmful medications. Respected author and practicing psychotherapist Gary Greenberg embedded himself in the war that broke out over the fifth edition, and returned with an unsettling tale. Exposing the deeply flawed process behind the DSM-5's compilation, *The Book of Woe* reveals how the manual turns suffering into a commodity—and made the APA its own biggest beneficiary.

*Crawl Space* - Jesse Jacobs 2017-05-16

In the basement, through the appliances and past the veil that separates realities, lies a rainbow-hued world where a group of kids have found retreat from their suburban mundanity with a coterie of iridescent creatures. But in the fraught realm of adolescence, can friendship survive the appeal of the surreal? Jesse Jacobs was born in Moncton, NB, and now draws comics and things from his home in Hamilton, ON. In 2009, his books *Small Victories* and *Blue Winter* were short listed at the Doug Wright Awards for Canadian Cartooning. He received the Gene Day Award for Canadian Comic Book Self-Publisher of 2008. Even the *Giants* (AdHouse, 2011) marked his major publishing debut after several award-winning, self-published titles, and his work has appeared in the acclaimed Latvian comics anthology *š!*, as well as the 2012 edition *The Best American Comics* edited by Françoise Mouly and published Houghton Mifflin Harcourt. He made his debut with Koyama Press in 2012 with the psychedelic creation myth *By This Shall You Know Him*, which was followed by the trippy take on nature versus nurture, *Safari Honeymoon* in 2014.

*WBCN and the American Revolution* - Bill Lichtenstein 2021-11-30

How Boston radio station WBCN became the hub of the rock-and-roll, antiwar, psychedelic solar system. While San Francisco was celebrating a psychedelic Summer of Love in 1967, Boston stayed buttoned up and battened down. But that changed the following year, when a Harvard Law School graduate student named Ray Riepen founded a radio station that played music that young people, including the hundreds of thousands at Boston-area colleges, actually wanted to hear. WBCN-FM featured album cuts by such artists as the Mothers of Invention, Aretha Franklin, and Cream, played by announcers who felt free to express their opinions on subjects that ranged from recreational drugs to the war in Vietnam. In this engaging and generously illustrated chronicle, Peabody Award-winning journalist and one-time WBCN announcer Bill Lichtenstein tells the story of how a radio station became part of a revolution in youth culture. At WBCN, creativity and countercultural politics ruled: there were no set playlists; news segments anticipated the satire of *The Daily Show*; on-air interviewees ranged from John and Yoko to Noam Chomsky; a telephone "Listener Line" fielded questions on any subject, day and night. From 1968 to Watergate, Boston's WBCN was the hub of the rock-and-roll, antiwar, psychedelic solar system. A cornucopia of images in color and black and white includes concert posters, news clippings, photographs of performers in action, and scenes of joyousness on Boston Common. Interwoven through the narrative are excerpts from interviews with WBCN pioneers, including Charles Laquidara, the "news dissector" Danny Schechter, Marsha Steinberg, and Mitchell Kertzman. Lichtenstein's documentary *WBCN and the American Revolution* is available as a DVD sold separately.

**What the Dormouse Said** - John Markoff 2005-04-21

Most histories of the personal computer industry focus on technology or business. John Markoff's landmark book is about the culture and consciousness behind the first PCs—the culture being counter- and the consciousness expanded, sometimes chemically. It's a brilliant evocation of Stanford, California, in the 1960s and '70s, where a group of visionaries set out to turn computers into a means for freeing minds and information. In these pages one encounters Ken Kesey and the phone hacker Cap'n Crunch, est and LSD, *The Whole Earth Catalog* and the Homebrew Computer Lab. *What the Dormouse Said* is a poignant, funny, and inspiring book by one of the smartest technology writers around.

**The Glass Castle** - Jeannette Walls 2007-01-02

A triumphant tale of a young woman and her difficult childhood, *The Glass Castle* is a remarkable memoir of resilience, redemption, and a revelatory look into a family at once deeply dysfunctional and wonderfully vibrant. Jeannette Walls was the second of four children raised by anti-institutional parents in a household of extremes.
