What is Power? - Byung-Chul Han 2018-12-28
Power is a pervasive phenomenon yet there is little consensus on what it is and how it should be understood. In this book the cultural theorist

Byung-Chul Han develops a fresh and original perspective on the nature of power, shedding new light on this key feature of social and political life. Power is commonly defined as a causal relation: an

individual's power is the cause that produces a change of behaviour in someone else against the latter's will. Han rejects this view, arguing that power is better understood as a mediation between ego and alter which creates a complex array of reciprocal interdependencies. Power can also be exercised not only against the other but also within and through the other, and this involves a much higher degree of mediation. This perspective enables us to see that power and freedom are not opposed to one another but are manifestations of the same power, differing only in the degree of mediation. This highly original account of power will be of great interest to students and scholars of philosophy and of social, political and cultural theory, as well as to anyone seeking to understand the many ways in which power shapes our lives today.

Schopenhauer. Eine

Einführung - Dieter Birnbacher 2020-03-11
Nietzsche erklärte ihn zu seinem Lehrer: Arthur Schopenhauer (1788-1860) ist ein Denker des Übergangs, denn kein anderer Philosoph hat mit vergleichbarer Radikalität den optimistischen Grundzug der großen metaphysischen Systeme des Westens durchschaut und als realitätsfremd kritisiert. Vorstellungen wie die, dass "hinter" der Erfahrungswelt eine Welt vollkommener Ideen, ein gütiger Gott oder die "reine" Vernunft oder dass in der Geschichte ein Heils- oder Fortschrittsprinzip vorherrscht, tut er als Wunschdenken ab und ersetzt solches durch das ernüchternde Bild des Kreislaufs eines nicht heilbaren Unheils. Die Einführung des Schopenhauer-Spezialisten Dieter Birnbacher wurde für diese Neuauflage komplett durchgesehen und bibliographisch ergänzt. A Path with Heart - Jack Kornfield 2009-10-21

“This important guidebook shows in detail and with great humor and insight the way to practice the Buddha’s universal teachings here in the West. Jack Kornfield is a wonderful storyteller and a great teacher.”—Thich Nhat Hanh
“Jack is helping to pave the path for American Buddhism, bringing essential basics into our crazy modern lives. And the language he uses is as simple and as lovely as our breath.”—Natalie Goldberg
Perhaps the most important book yet written on meditation, the process of inner transformation, and the integration of spiritual practice into our American way of life, *A Path with Heart* brings alive one by one the challenges of spiritual living in the modern world. Written by a teacher, psychologist, and meditation master of international renown, this warm, inspiring, and expert book touches on a wide range of essential issues including many rarely addressed in spiritual books.

From compassion, addiction, and psychological and emotional healing, to dealing with problems involving relationships and sexuality, to the creation of a Zen-like simplicity and balance in all facets of life, it speaks to the concerns of many modern spiritual seekers, both those beginning on the path and those with years of experience. *A Path with Heart* is filled with practical techniques, guided meditations, stories, koans, and other gems of wisdom that can help ease your journey through the world. The author’s own profound—and sometimes humorous—experiences and gentle assistance will skillfully guide you through the obstacles and trials of spiritual and contemporary life to bring a clarity of perception and a sense of the sacred into your everyday experience. Reading this book will touch your heart and remind you of the promises inherent in meditation and in a life of the spirit: the blossoming of inner peace, wholeness, and understanding, and the achievement of a

happiness that is not dependent on external conditions. Sure to be a classic, A Path with Heart shows us how we can bring our spirituality to flower every day of our lives. It is a wise and gentle guidebook for an odyssey into the soul that enables us to achieve a deeper, more satisfying life in the world.

Bewusstseinskultur und Gesundheit - Johannes

Friedrich Mattes 2017-03-13
Gesundsein und Wohlergehen haben keinen fest umgrenzten Bedeutungsgehalt, sondern sind das Ergebnis einer jahrhundertealten Entwicklung von Wissenschaft, Philosophie und Kultur. Johannes Friedrich Mattes geht der Frage nach, inwieweit der Mensch als geistbegabtes Wesen durch bewusste Selbstreflexion und damit durch die Veränderung seines Denkens, Fühlens und Handelns selbst dazu beitragen kann, jenseits von wissenschaftlichen Konventionen Ganzheitlichkeit zu erfahren. Eine hierzu durchgeführte Studie soll

zeigen, inwiefern sich bei Frauen, die sich krebsbedingt einer langjährigen antihormonellen Therapie unterziehen müssen, erstarrte Gedanken- und Verhaltensmuster durch Meditation positiv beeinflussen lassen. Durch die mithilfe des Meditationsprozesses angestoßenen Veränderungen der Betrachtungsperspektive in Bezug auf die eigene Gesundheit und die konkreten Lebensumstände sollen die Patientinnen in die Lage versetzt werden, die körpereigenen Ressourcen zu aktivieren, das eigene Schicksal zu erkennen und selbstbestimmt zu gestalten.

Don't Worry, Be Grumpy -
Ajahn Brahm 2014-10-21

Laugh aloud even as you look at life anew with these stories from the bestselling author of *Who Ordered This Truckload of Dung?* In 108 brief stories with titles like "The Bad Elephant," "Girlfriend Power," and "The Happiness License," Ajahn Brahm offers up more timeless wisdom that will speak to people from all walks of life. Drawing from his own experiences, stories shared by his students, and old chestnuts that he delivers with a fresh twist, Ajahn Brahm shows he knows his way around the humorous parable, delighting even as he surprises us with unexpected depth and inspiration.

How Propaganda Works -
Jason Stanley 2015

How propaganda undermines democracy and why we need to pay attention Our democracy today is fraught with political campaigns, lobbyists, liberal media, and Fox News commentators, all using

language to influence the way we think and reason about public issues. Even so, many of us believe that propaganda and manipulation aren't problems for us—not in the way they were for the totalitarian societies of the mid-twentieth century. In *How Propaganda Works*, Jason Stanley demonstrates that more attention needs to be paid. He examines how propaganda operates subtly, how it undermines democracy—particularly the ideals of democratic deliberation and equality—and how it has damaged democracies of the past. Focusing on the shortcomings of liberal democratic states, Stanley provides a historically grounded introduction to democratic political theory as a window into the misuse of democratic vocabulary for propaganda's selfish purposes. He lays out historical examples, such as the restructuring of the US public school system at the turn of the twentieth century, to explore how the language of

democracy is sometimes used to mask an undemocratic reality. Drawing from a range of sources, including feminist theory, critical race theory, epistemology, formal semantics, educational theory, and social and cognitive psychology, he explains how the manipulative and hypocritical declaration of flawed beliefs and ideologies arises from and perpetuates inequalities in society, such as the racial injustices that commonly occur in the United States. How Propaganda Works shows that an understanding of propaganda and its mechanisms is essential for the preservation and protection of liberal democracies everywhere.

*The Philosophy of Zen
Buddhism* - Byung-Chul Han
2022-11-14

Zen Buddhism is a form of Mah

y na Buddhism that originated
in China and is strongly
focused on meditation. It is
characteristically sceptical
towards language and
distrustful of conceptual
thought, which explains why
Zen Buddhist sayings are so
enigmatic and succinct. But
despite Zen Buddhism's
hostility towards theory and
discourse, it is possible to
reflect philosophically on Zen
Buddhism and bring out its
philosophical insights. In this
short book, Byung-Chul Han
seeks to unfold the
philosophical force inherent in
Zen Buddhism, delving into the
foundations of far-eastern
thought to which Zen
Buddhism is indebted. Han
does this comparatively by
confronting and contrasting the
insights of Zen Buddhism with
the philosophies of Plato,
Leibniz, Fichte, Hegel,
Schopenhauer, Nietzsche,
Kierkegaard, Heidegger and
others, showing that Zen
Buddhism and Western
philosophy have very different
ways of understanding religion,
subjectivity, emptiness,

friendliness and death. This important work by one of the most widely read philosophers and cultural theorists of our time will be of great value to anyone interested in comparative philosophy and religion.

The Heart Attack Sutra - Karl Brunnholzl 2016-12-13
The radical message of the Heart Sūtra, one of Buddhism's most famous texts, is a sweeping attack on everything we hold most dear: our troubles, the world as we know it, even the teachings of the Buddha himself. Several of the Buddha's followers are said to have suffered heart attacks and died when they first heard its assertion of the basic groundlessness of our existence—hence the title of this book. Overcoming fear, the

Buddha teaches, is not to be accomplished by shutting down or building walls around oneself, but instead by opening up to understand the illusory nature of everything we fear—including ourselves. In this book of teachings, Karl Brunnhölzl guides practitioners through this 'crazy' sutra to the wisdom and compassion that lie at its core.

Einssein mit Gott - Klaus Mattheß 2020-05-06
Unter Mystik versteht man im Allgemeinen einen spirituellen Weg, dessen Ziel die unmittelbare Erfahrung des Göttlichen bis hin zur völligen Vereinigung mit (einem personal oder apersonal gedachten) Gott in unserem eigenen Inneren ist - und zwar schon im diesseitigen Leben. Vergleicht man die Aussagen

der Mystikerinnen und Mystiker aus den unterschiedlichsten Kulturkreisen und den verschiedensten Zeiträumen, so fällt auf, dass sich diese sowohl in der Schilderung ihrer unmittelbaren Erfahrungen als auch in den Anleitungen für den spirituellen Weg dorthin in erstaunlicher Weise ähneln, auch wenn sie natürlich in die jeweiligen kulturellen Hintergründe eingebettet sind. Das Hauptanliegen dieses Buches ist es, die Vielfältigkeit und insbesondere die Gemeinsamkeiten des umfangreichen mystischen Gedankengutes darzustellen, Dazu werden Texte von Mystikerinnen und Mystikern aus verschiedenen Weltreligionen und aus unterschiedlichen Zeitaltern zitiert und verglichen - insbesondere aus dem christlichen, daoistischen, hinduistischen und buddhistischen Kulturkreis. Es zeigt sich, dass die Aussagen der meisten Mystikerinnen und Mystiker im Grunde den gleichen Kern enthalten. Und

so liegt der Schluss nahe, dass sie alle aus derselben inneren Quelle schöpfen und mit ihr in Beziehung treten - womit sich die Mystik auch als das Verbindende zwischen den Weltreligionen, als tiefster Unrund aller Spiritualität herausstellt.

Shanzhai - Byung-Chul Han
2017-10-13

Tracing the thread of “decreation” in Chinese thought, from constantly changing classical masterpieces to fake cell phones that are better than the original. Shanzhai is a Chinese neologism that means “fake,” originally coined to describe knock-off cell phones marketed under such names as Nokir and Samsing. These cell phones were not crude forgeries but multifunctional, stylish, and as

good as or better than the originals. Shanzhai has since spread into other parts of Chinese life, with shanzhai books, shanzhai politicians, shanzhai stars. There is a shanzhai Harry Potter: Harry Potter and the Porcelain Doll, in which Harry takes on his nemesis Yandormort. In the West, this would be seen as piracy, or even desecration, but in Chinese culture, originals are continually transformed—deconstructed.

In this volume in the Untimely Meditations series, Byung-Chul Han traces the thread of deconstruction, or “decreation,” in Chinese thought, from ancient masterpieces that invite inscription and transcription to Maoism—“a kind a shanzhai Marxism,” Han writes. Han discusses the Chinese concepts of quan, or law, which literally means the weight that slides back and forth on a scale, radically different from Western notions of absoluteness; zhen ji, or original, determined not by an act of creation but by unending

process; xian zhan, or seals of leisure, affixed by collectors and part of the picture's composition; fuzhi, or copy, a replica of equal value to the original; and shanzhai. The Far East, Han writes, is not familiar with such “pre-deconstructive” factors as original or identity. Far Eastern thought begins with deconstruction.

Die Frage des Selbstbewusstseins gehört zu den entscheidenden Herausforderungen philosophischer Forschung. Insbesondere phänomenologische Untersuchungen dürfen sich nicht vorschnell darauf ausrichten, Selbstbewusstsein zum Gegenstand begrifflicher Bestimmungen zu machen. Zuvor müssen sie sich die Aufgabe stellen, dieses Phänomen methodisch reflektiert in Erfahrung zu

bringen. Die vorliegende Studie zeigt, dass die Phänomenologien Husserls, Sartres und Merleau-Pontys angesichts dieser Aufgabe in eine theoretische Verlegenheit geraten, die für den Advaita Vedānta Voraussetzung und Motiv philosophischer Praxis ist. Mittels des Begriffs impersonaler Subjektivität werden so diejenigen Momente von Selbstbewusstsein identifiziert, die in phänomenologischer Perspektive zugänglich sind, vor dem Hintergrund einer vedāntischen Systematik aber Anlass zu einer Rekapitulation phänomenologischer Theoriebildung geben.

The Expulsion of the Other -

Byung-Chul Han 2018-01-08
The days of the Other are over in this age of excessive communication, information and consumption. What used to be the Other, be it as friend, as Eros or as hell, is now indistinguishable from the self in our narcissistic desire to assimilate everything and everyone until there are no boundaries left. The result is a 'terror of the Same', lives in

which we no longer pursue knowledge, insight and experience but are instead reduced to the echo chambers and illusory encounters offered by social media. In extreme cases, this feeling of disorientation and senselessness is compensated through self-harm, or even harming others through acts of terrorism. Byung-Chul Han argues that our times are

characterized not by external repression but by an internal depression, whereby the destructive pressure comes not from the Other but from the self. It is only by returning to a society of listeners and lovers, by acknowledging and desiring the Other, that we can seek to overcome the isolation and suffering caused by this crushing process of total assimilation.
