The Two-Income Trap - Elizabeth Warren 2016-04-12

From #1 New York Times bestselling author Senator Elizabeth Warren and consultant Amelia Warren Tyagi, the classic book about America's middle class -- and why economic security remains out of reach for many. In this exposé, Elizabeth Warren and Amelia Warren Tyagi show that modern middle-class families are increasingly trapped by the grinding reality of flat wages and rising costs. Warren and Tyagi reveal how a ferocious bidding war for housing and education has silently engulfed America's suburbs, driving up the cost of keeping families in the middle class, and placing unprecedented pressure on hard-working families. Revolutionary when it was first published in 2003, *The Two-Income Trap* remains disturbingly relevant today. Now with a new introduction by the authors, *The Two Income Trap* shows why the usual remedies won't solve the problem and points toward the policy changes that would create better opportunities for both parents and children.

**Work Less, Live More** - Bob Clyatt 2007

Professionally, you're experiencing the success that years of hard work brings -- but the long hours are taking their toll and you're burning out fast. Work fewer hours, realize your goals and dreams, spend time with your loved ones -- and do it all years, even decades, before the "normal" retirement age of 65. With *Work Less, Live More* and a little planning, you can do it. The book provides a rational investment system based on Nobel Prize-winning research, a safe lifelong withdrawal plan and sensible spending guidelines. More importantly, the book provides inspiring stories and insights of many successful early semi-retirees, walking proof that meaningful work -- rather than full-time work -- is both fulfilling and rewarding. The author, who achieved semi-retirement at age 42, shows how to make it work, step by step and in plain English. The 2nd edition addresses health care issues and focuses on readers of any age, especially "late bloomers" who may feel they're way behind. *Balance the Fundamental Verity* - Orlando Jay Smith 1904

*Being in Balance* - Dr. Wayne W. Dyer 2016-07-12

In this inspirational work, beloved best-selling author Dr. Wayne W. Dyer shows you how to restore balance in your life by offering nine principles for realigning your thoughts so that they correspond to your highest desires. Imagine a balance scale with one end weighted down to the ground, and the other end—featuring the objects of your desires—sticking up precariously in the air. This scale is a measurement of your thoughts. To restore the same balance that characterizes everything in our universe, you have to take up the weighty thoughts so that they match up to your desires. The seasons reflect the overall harmony of life. For example, winter passes and the blossoms emerge. This is balanced by a need to have the trees rest, so autumn arrives on time and helps the trees ready themselves for another period of repose. This book is dedicated to the idea that we're a vital component of this creative process and have within ourselves the wherewithal to create all that we want if we recognize and revise out-of-balance thoughts.

Cabin Boy - Drake Lamarque 2019-08-28

I've never been what I was supposed to be. Wealthy sons of Port Governors aren't supposed to be ejected from the British Navy after less than a year, they're not supposed to like pulp romances or daydream about the handsome heroes of the stories instead of the heroines. When my Father issued me an order to marry a woman, I knew I had no choice but to make my own way in the world, and I found a berth on the first ship out of Jamaica. I didn't mean to join a pirate ship, and I certainly

didn't intend to find myself the cabin boy to an incredibly charming Pirate Captain. Or that I'd also be attracted to the mysterious First Mate, or that both of them would show me all sorts of unspeakable and salacious pleasures while on board. How can I choose just one of them when I want both? In addition to confusion on board the ship, there's also enchanting genderqueer merfolk, a cat which seems to understand a lot more than it should, an unseasonable storm and a sea witch with a serious grudge... and with all these complications, I am definitely in over my head. -- Come and meet the crew: Gideon: an innocent with a lot of forbidden desires and a lot of love to give Tate: a huge, muscular ship's captain with a sweet side Ezra: a dominant and closed off first mate Ora: a genderqueer, curious and affectionate merman
