Approaches to Teaching Tolkien's The Lord of the Rings and Other Works - Leslie A. Donovan
2015-10-01

A philologist and medieval scholar, J. R. R. Tolkien never intended to write immensely popular literature that would challenge traditional ideas about the nature of great literature and that was worthy of study in colleges across the world. He set out only to write a good story, the kind of story he and his friends would enjoy reading. In *The Hobbit* and in *The Lord of the Rings*, Tolkien created an entire world informed by his vast knowledge of mythology, languages, and medieval literature. In the 1960s, his books unexpectedly gained cult status with a new generation of young, countercultural readers. Today, the readership for Tolkien's absorbing secondary world--filled with monsters, magic, adventure, sacrifice, and heroism--continues to grow. Part 1 of this volume, "Materials," introduces instructors to the rich array of resources available for teaching Tolkien, including editions and criticism of his fiction and scholarship, historical material on his life and times, audiovisual materials, and film adaptations of his fiction. The essays in part 2, "Approaches," help instructors introduce students to critical debates around Tolkien's work, its sources, its influence, and its connection to ecology, religion, and science. Contributors draw on interdisciplinary approaches to outline strategies for teaching Tolkien in a wide variety of classroom contexts.

The Ziggurat Model - Ruth Aspy 2011

The Ziggurat Model, for individuals across the spectrum and across the lifespan, is now even more fine-tuned for early intervention. Includes: • the latest autism research • a new Underlying Characteristics Checklist for Early Intervention, UCC-EI, backed by a comprehensive case study This version of the critically acclaimed Ziggurat Model also offers a special section on how to integrate it with The Comprehensive Autism Planning System and includes the following features, which are increasingly being adopted by school districts as essential tools in program planning and treatment: • Classic (CL) and High-

Functioning (HF) Underlying Characteristics Checklist (UCC) (see below) • Individual Strengths and Skills Inventory (ISSI) • Updated Global Intervention Plan: Guide to Establishing Priorities, which incorporates person centered planning While The Ziggurat Model is designed to address the needs of all individuals with autism spectrum disorders, this book is written explicitly for those who are higher functioning. The book includes assessment tools, case scenarios, and interventions developed with their needs in mind.

The Lord of the Rings, 1954-2004 - Richard E. Blackwelder 2006

The fiftieth anniversary of the first publication of The Lord of the Rings, the enormously popular and influential masterpiece of fantasy by J.R.R. Tolkien, is celebrated in these twenty papers presented at the Marquette University Tolkien conference of 21-23 October 2004. They are published in honor of the late Dr. Richard E. Blackwelder, who gave his important Tolkien collection to the Marquette University Libraries, long a major center for Tolkien research. Half of the papers in this book focus on The Lord of the Rings, while others investigate the larger body of Tolkien's achievements, as a writer of fiction, a maker of language, and one of the leading philologists of his day. The contributors to The Lord of the Rings, 1954-2004 include a who's who of scholars in Tolkien studies: Douglas A. Anderson, David Bratman, Marjorie Burns, Jane Chance, Michael D.C. Drout, Matthew A. Fisher, Verlyn Flieger, Mike Foster, John Garth, Wayne G. Hammond, Carl F. Hostetter, Sumner G. Hunnewell, John D. Rateliff, Christina Scull, T.A. Shippey, Arden R. Smith, Paul Edmund Thomas, Richard C. West, and Arne Zettersten. As preface, Charles B. Elston, former director of Special Collections and University Archives, provides a reminiscence of Dr. Blackwelder and his generosity to Marquette. Fans and students of Tolkien alike will find these essays informative and entertaining.

Nollywood - Jonathan Haynes 2016-10-04

The English-language branch of the Nigerian film industry, Nollywood, has become the third largest in the world. Nollywood films saturate Nigeria and have spread across the African continent, achieving an astonishing extent and depth of cultural influence. They are the most important modern cultural form to come out of Africa. In this book, Jonathan Haynes aims to map out the cultural terrain of Nollywood films much more comprehensively and ambitiously than has been to date. He in effect establishes a canon for Nollywood films. The book is organized around the historical development of Nollywood film culture, which is explored with close attention to the recent history of Nigeria. Throughout the book, genre (defined with reference to common usage in Nigerian film markets) is the principal framework. Thus after establishing a sense of the material and social circumstances out of which Nollywood was born and exploring a few landmark films, Haynes analyzes the durable set of themes and plot

types that dominate the industry and reveal deeply embedded tensions in contemporary Nigerian life. These genres include family films and romances, village films, cultural epics, political films, films made in or about the Nigerian diaspora, and campus films. Haynes concludes by offering some remarks on the future of Nollywood, exploring the buzz around a New Nollywood of films with higher budgets fit for international film festivals and widespread screening in cinemas in Nigeria and abroad."

Shaped by the Story - Michael Novelli
2010-02-02

A good story draws students in, engaging their hearts and minds---leaving them wanting more. God's story is like this...a captivating epic that stretches from the beginning of time, across our lives and into the future...calling us to find ourselves in it. We can help students to be captured by this amazing story, rather than seeing the Bible as confusing, boring or irrelevant. After ten years in youth ministry, Michael Novelli felt like he had tried everything to help his students connect with the Bible. Then, a missionary introduced him to a unique, ancient way to engage people with the Bible through story. Michael learned the art of 'Storying,' a sequential telling of Bible stories followed by a time of creative retelling and in-depth dialogue. God used this process to completely transform his youth group as they found themselves experiencing God in a whole new way. Take a journey into the amazing process of Storying, and discover how it can change your life and ministry. This new approach to learning builds a lasting theological foundation while challenging students to discover their unique identity and calling in God's story. Shaped by the Story helps you understand why Storying connects with students today, and provides all you need to introduce Storying to your group, including sample narratives and an interactive training DVD.

Planning for Power Advertising - Anand Halve
2005-11-05

This book is a step-by-step guide to producing a sound foundation for advertising: one that will serve as the springboard to inspire powerful creative expression. Rich in cases from the evolving Indian context, Planning for Power Advertising offers an understanding of how strategic advertising is created. It takes the reader through cases and analyses of what worked or did not work in the marketplace. Anand Halve involves the reader throughout in exercises with Action Points at the end of most chapters—an approach that brings alive the concepts within, and helps readers discover the theory in practice. For advertising professionals, this is a manual to create a robust advertising brief. For students of advertising and marketing, Planning for Power Advertising is a simulation exercise from which they will learn how to apply the principles that will help them in their future careers. And for professionals in areas related to advertising—such as media, event management and PR—this book provides an insight into how the strategic underpinning of advertising is built.

Narrative Intervention Programme - Victoria Joffe 2021-04-08

This book improves the understanding and telling of stories in secondary school students and young adults. Specifically designed for older children and young adults, this practical language programme was created by a specialist speech & language therapist with input from secondary school teachers and students. It focuses on enhancing the understanding and expression of stories in students aged from 8 to 18 with language and communication difficulties, and aims to: create an awareness of how storytelling can be used to enhance learning in school and social interactions in school and home environments. It facilitates storytelling. It enhances the joy and enjoyment in telling stories. It identifies different types of narratives and provide examples for each type. It encourages effective listening and attention skills. It examines different means of making story production more interesting through vocal variety, body language and print. It encourages the use of the story planner in planning and structuring essays in the classroom and for homework. Dr Victoria Joffe is a specialist speech and language therapist and senior lecturer in developmental speech, language and communication impairments in the Department of Language and Communication Science at City University, London. Victoria runs various workshops for PCT's, LEA's and schools on child speech disorder, evidence based practice in speech and language therapy and collaborative practice in education and provides training for therapists and teaching staff on working with children and young adults with speech, language and communication needs in education. Victoria is currently involved in a large scale intervention project funded by the Nuffield Foundation on enhancing language and communication in secondary school children with language impairments on which this programme is based.

Popular Culture in Counseling, Psychotherapy, and Play-Based Interventions - Lawrence C. Rubin, PhD, LMHC, RPT-S 2008-05-12

With a Foreword by Danny Fingerroth, former Group Editor of Marvel's Spiderman comics line Popular culture, simply stated, is the language of a people, expressed through everything from its clothing, food choices, and religious practices to its media. The popular and predominant values, interests, and needs of a society find their way into mass consciousness through a variety of venues including literature, cinema, television, video games, sport, and music. Through the inter-related forces of mass production, global marketing and the Internet, the fruits of popular culture penetrate into stores, living rooms, and everyday experience of children, teens, and adults in the form of catchphrases, toys, iconography, celebrities, and indelible images. Psychotherapists and counselors who can tap into the powerful images, messages, and icons of popular culture have at their disposal an unlimited universe of resources for growth, change, and healing. Using real-world case examples and sound psychological theory, this book demonstrates how you can immediately start incorporating popular culture icons and images into your counseling or therapy. In this way, the authors will help elevate your ability to conduct clinical interviews with clients of all ages and all types of clinical problems.

John Warden and the Renaissance of American Air Power - John Andreas Olsen 2007-06-30

****Included on the Chief of Staff of the United States Air Force's reading list for 2008 and the Royal Air Force's Centre for Air Power Studies

2008 Reading List**** Dr. John Andreas Olsen has written an insightful, compelling biography of retired U.S. Air Force colonel John A. Warden III, the brilliant but controversial air warfare theorist and architect of Operation Desert Storm's air campaign. Warden's radical ideas about air power's purposes and applications, promulgated at the expense of his own career, sparked the ongoing revolution in military affairs. Legendary in defense circles, Warden is also the author of *The Air Campaign: Planning for Combat* (republished by Brassey's, Inc. in 1989). Presenting both the positives and negatives of Warden's personality and impact in this objective portrait, Olsen offers a trenchant analysis of his revolutionary ideas and great accomplishments.

The third part introduces an overview of the goals and tasks accomplished by the main Jewish institutions and organizations worldwide in the definition and defense of Jewish interests.

Across a Prayerful Planet - Daniel Pawley 2022-01-18

In our mobile world, travel memoirs are a staple. And books about prayer line the shelves of readers who seek to grow spiritually through the

timeless practice of conversing with God. But books combining travel with prayer are rare, and it is within this void that Daniel Pawley's masterful memoir of traveling the world, with prayer as its backdrop, establishes itself as an essential companion to both subjects. Starting with a travel/prayer template bequeathed in childhood by his parents, Pawley then recalls life-altering experiences as an adult in fifty locations spread across six continents, each illuminated by the soulful prayers of ancient and modern seekers. Inspired stops in places like exotic Bali and raucous Morocco, as well as pain-framed settings such as Chernobyl and Auschwitz, combine to weave a tapestry seen more vibrantly in prayer's revealing light. The result is a narrative of prayer's mysterious ability to provide hope and stabilizing faith in a world threatened by hate, division, and unbelief.

Fandom as Classroom Practice - Katherine Anderson Howell 2018-05-15

Providing ways to engage students through their popular culture interests, this collection brings together several essays, across disciplines, to show how fan practices such as writing fan fiction, creating vids, communicating via Tumblr, and participating in film tourism can invite students to invest more of themselves into their education. Both scholarship and fandom encourage passionate engagement with texts—rather than passive consumption in isolation— and editor Katherine Anderson Howell and her contributors find that when students are encouraged to partake in a remix classroom that encourages their fan interests, they participate more in their education, are more critical of experts and authorities, and actively shape the discourse themselves.

Creating this remix classroom requires thoughtfulness on the instructor's part, and so the chapters in this volume come from teachers who have carefully constructed such courses, including several invaluable appendices that provide examples of methodologies, course assignments, teaching practices, and classroom setup. Each chapter also includes student responses that offer a sense of what students gained from each course. The result is an exciting and entertaining new way to motivate students and teachers alike, and it is sure to be a popular reference guide for instructors teaching

classes from high school to graduate levels.

The Dedalus Book of the 1960s - Gary Lachman
2022-01-23

It is the 60s - yes it is magic, sex, drugs and rock and roll. In *The Dedalus Book of the 1960s: Turn Off Your Mind*, Gary Lachman uncovers the Love Generation's roots in occultism and explores the dark side of the Age of Aquarius. His provocative revision of the 1960s counterculture links Flower Power to mystical fascism, and follows the magical current that enveloped luminaries like the Beatles, Timothy Leary and the Rolling Stones, and darker stars like Charles Manson, Anton LaVey, and the Process Church of the Final Judgment. Acclaimed by satanists and fundamentalist Christians alike, this edition includes a revised text incorporating new material on the 'suicide cult' surrounding Carlos Castaneda; the hippy serial killer Charles Sobhraj; the strange case of Ira Einhorn, 'the Unicorn'; the CIA and ESP; the new millennialism and more. From H.P. Lovecraft to the Hell's Angels, find out how the Morning of the Magicians became the Night of the Living Dead.

Designing Comprehensive Interventions for High-functioning Individuals with Autism Spectrum Disorders - Ruth Aspy 2012

While it is relatively easy to find information describing specific interventions, it is difficult to find information on how to develop a comprehensive intervention plan. This textbook presents a process and framework for designing interventions for individuals of all ages with ASD while staying consistent with recent special education trends, including response to intervention (RTI), evidence-based practices, and positive behavioral supports. The Ziggurat Model 2.0 is updated and expanded with the latest research and a new version of the Underlying Characteristics Checklist for Early Intervention (UCC-EI). Student Textbook Learner Objectives Learner objectives at the beginning of each chapter allow for a preview of the chapter's content, as well as what information readers are expected to understand and be able to explain after reading the chapter. Vocabulary Terms in grey boldface within each chapter serve as at-a-glance reminders of key vocabulary. The definitions for these terms are also included in the cumulative glossary in the Appendix. Chapter Summary Main points listed at the end of each chapter help readers recall the main points discussed. Chapter Review Questions Questions at the end of each chapter allow readers to check their understanding of

and ability to explain the information discussed. The review questions may also be used as a study guide when preparing for tests and/or exams. Chapter Review Answers Answers to chapter review questions are presented in the Appendix for easy confirmation of the reader's own answers. Glossary An alphabetical listing of all vocabulary terms included in gray boldface within individual chapters offers a quick reference for review.

Echoes of Valhalla - Jón Karl Helgason 2017-06-15

Tolkien's wizard Gandalf, Wagner's Valkyrie Brünnhilde, Marvel's superhero the Mighty Thor, the warrior heading for Valhalla in Led Zeppelin's "Immigrant Song," and Donald Crisp's portrayal of Leif Eriksson in the classic film *The Viking*—these are just a few examples of how Icelandic medieval literature has shaped human imagination during the past 150 years. *Echoes of Valhalla* is a unique look at modern adaptations of the Icelandic eddas (poems of Norse mythology) and sagas (ancient prose accounts of Viking history, voyages, and battles) across an astonishing breadth of art forms. Jón Karl Helgason looks at comic books, plays, travel books, music, and films in order to explore the reincarnations of a range of legendary characters, from the Nordic gods Thor and Odin to the saga characters Hallgerd Long-legs, Gunnar of Hlidarendi, and Leif the Lucky. Roaming the globe, Helgason unearths echoes of Nordic lore in Scandinavia, Britain, America, Germany, Italy, and Japan. He examines the comic work of Jack Kirby and cartoon work of Peter Madsen; reads the plays of Henrik Ibsen and Gordon Bottomley; engages thought travelogues by Frederick Metcalfe and Poul Vad; listens to the music of Richard Wagner, Edward Elgar, and the metal band Manowar; and watches films by directors such as Roy William Neill and Richard Fleischer, outlining the presence of the eddas and sagas in these nineteenth- and twentieth-century works. Altogether, *Echoes of Valhalla* tells the remarkable story of how disparate, age-old poetry and prose originally recorded in remote areas of medieval Iceland have come to be a part of our shared cultural experience today—how Nordic gods and saga heroes have survived and how their colorful cast of characters and

adventures they went on are as vibrant as ever.

'This book clearly approaches the "21st century skills-issue" ... Hands-on, reflective, thorough: a definite must-have for students, professionals and HE institutions.' - Nieke Campagne, Careers/Policy Advisor, Leiden University, The Netherlands Whether you are about to embark on your business degree programme, are already a business student or are a business graduate, this book helps you to develop yourself and your career in ways which will benefit you, your current and future employers and society. Focused on developing study and personal skills to enhance your employability, it provides insights and practical

guidance on: Developing a skill set and competencies that will be valued by employers, including team-working, critical thinking, networking, managing emotion and managing technological change Self-profiling through career and life planning, and self-presentation through career communication, volunteering and internships Becoming a global business practitioner, able to anticipate economic and cultural change, understand a diversity of world-views and the idea of 'global responsibility' Becoming a responsible and ethical business practitioner, embodying virtues and values which are increasingly sought after by employers in line with consumer expectations. 'The first thing I really love about Paul Dowson's hugely comprehensive book is its clarity; he takes complex themes and turns them into accessible learning outcomes. The other thing to love is its humanity - it is insightful and borne of a deep concern about how students transition from higher education to working life and citizenship.' - Jane Artess, Director of Research, Higher Education Careers Services Unit (HECSU), UK
