Meyer has assembled significant articles and book excerpts from critics and reviewers, citing the early book reviews and highlighting some of the most significant essays. The essays express various critical approaches, including those that criticize the book and examine what some consider the book's flaws. Ideal for research work at all levels, this volume collects in one place the most significant contributions to the study of the novel, making it a welcome addition to the canon of Steinbeck criticism.

**Absurdistan** - Gary Shteyngart 2007-04-03

"Absurdistan is not just a hilarious novel, but a record of a particular peak in the history of human folly. No one is more capable of dealing with the transition from the hell of socialism to the hell of capitalism in Eastern Europe than Shteyngart, the great-great grandson of one Nikolai Gogol and the funniest foreigner alive." -Aleksandar Hemon From the critically acclaimed, bestselling author of *The Russian Debutante's Handbook* comes the uproarious and poignant story of one very fat man and one very small country Meet Misha Vainberg, aka Snack Daddy, a 325-pound disaster of a human being, son of the 1,238th-richest man in Russia, proud holder of a degree in multicultural studies from Accidental College, USA (don't even ask), and patriot of no country save the great City of New York. Poor Misha just wants to live in the South Bronx with his hot Latina girlfriend, but after his gangster father murders an Oklahoma businessman in Russia, all hopes of a U.S. visa are lost. Salvation lies in the tiny, oil-rich nation of Absurdistan, where a crooked consular officer will sell Misha a Belgian passport. But after a civil war breaks out between two competing ethnic groups and a local warlord installs hapless Misha as minister of multicultural affairs, our hero soon finds himself covered in oil, fighting for his life, falling in love, and trying to figure out if a normal life is still possible in the twenty-first century. With the enormous success of *The Russian Debutante's Handbook*, Gary Shteyngart established himself as a central figure in today's literary world—"one of the most talented and entertaining writers of his generation," according to *The New York Observer*. In *Absurdistan*, he delivers an even funnier and wiser literary performance. Misha Vainberg is a hero for the new century, a glimmer of humanity in a world of dashed hopes.

An Anthropology of Biomedicine - Margaret Lock 2011-09-09

*An Anthropology of Biomedicine* is an exciting new introduction to biomedicine and its global implications. Focusing on the ways in which the application of biomedical technologies bring about radical changes to societies at large, cultural anthropologist Margaret Lock and her co-author physician and medical anthropologist Vinh-Kim Nguyen develop and integrate the thesis that the human body in health and illness is the elusive product of nature and culture that refuses to be pinned down. Introduces biomedicine from an anthropological perspective, exploring the entanglement of material bodies with history, environment, culture, and politics Develops and integrates an original theory: that the human body in health and illness is not an ontological given but a moveable, malleable entity Makes extensive use of historical and contemporary ethnographic materials around the globe to illustrate the importance of this methodological approach Integrates key new research data with more classical material, covering the management of epidemics, famines, fertility and birth, by military doctors from colonial times on Uses numerous case studies to illustrate concepts such as the global commodification of human bodies and body parts, modern forms of population, and the extension of biomedical technologies into domestic and intimate domains Winner of the 2010 Prose Award for Archaeology and Anthropology

The Negro Motorist Green Book - Victor H. Green

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.
