## **Unveiling Mercy** - Chad Bird 2020-11-10

Unveiling Mercy will do just that-unveil how the mercy of God in the Messiah is spoken of from the very opening Hebrew word of the Bible, all the way to the closing chapter of Malachi. By the end of the year, you will have entered the Old Testament through 365 new doorways, looked with fresh eyes at old verses, and traced a web of connections all over the Scriptures that you've never spotted before. You'll begin to see what one person meant when he described Hebrew words as "hyphens between heaven and earth." Reading the Bible in translation can be like "kissing the bride through the veil." Each of these 365 devotions is crafted so as to lift that veil ever so slightly, to touch skin to skin, as it were, with the original language. You do not need to know anything about Hebrew to profit from these meditations. They are not written to teach you the language of Abraham, Moses, and Isaiah, but to give you a taste of their insights, to expose you to their eloquence, to laugh with them at their winking wordplays, to un-English their idioms, and-most importantly-to trace their trajectories all the way into the preaching of the Messiah and the writings of his evangelists and apostles.

## **The Sibyls** - Mama Zogbé 2007

"African women are the only women in the world whose ancient mothers were not born under the yoke of patriarchy. During ancient times, for the first 6,000 years, Africa was ruled by a powerful order of matriarchs. Considering the current status of African women around the world today, one can hardly be convinced that her matriarchal presence and the enormous influence she welded in the ancient world, had far exceeded the limited physical, cultural geographical and political designations of which Africa and her religions are confined today. During her reign, African religions had reached very high levels of theological and ritual development. And were the original spiritual home of the worlds first great oracles, prophetess and prophets. Under the rising tide of African patriarchy, the sacerdotal order of Sibyls were sold as slaves to build and work the powerful oracles they established in Ancient Greece, Rome, Turkey and Babylon. What is now currently the 'holy seat of the Vatican' in Italy, was originally the sacerdotal seat of these ancient black Sibyl Queen Mothers. Centuries before for Christ, they were known to heal the sick, restore dignity and strength to the weak, and restore sight to the blind. They were famous for curing lameness, epileptics, deaf mutes and lepers. They were said to 'cast out demons' and even to 'raise-up the dead' Their prophecies are the oldest and most authentic in the world. They were the basis for Greek and Roman tragedies and plays. More astonishing, their prophetic books were later collected by the Roman authorities, who needed a 'western theological' foundation in order to compete with the powerful levitical Jews. These Sibyl prophecies soon became the sole and undisputed precursor to the western, Christian Bible. As the first established, sacerdotal, African matriarchs, the Sibyls cultural and religious impact was arguably the most profound, on ancient civilization than modern history has ever revealed or care to admit. From Mesopotamia, to Libya, Mizarim (Kemet/Egypt), Ionia, Minoa, Peloponnese (Turkey) and Mycenae (Greece) and later Rome, the Sibyls were the primary, divine Vatican and absolute moral authority. The

absence of African women's contribution in world history as major economic, political and spiritual players, as oppose to 'exceptions to the norm,' or mere appendages of 'great men', has been problematic and disturbing at best. For the first time ever, her real history is being unearthed, revealed and told. In its telling, many shocking revelations that remained hidden for more than 2000 years, will finally be know." -- Back cover

*The Circle* - Dave Eggers 2013-10-08

A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (Vanity Fair). When Mae Holland is hired to work for the Circle, the world's most powerful internet company, she feels she's been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users' personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company's modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can't believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman's ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

**The Curious Incident of the Dog in the Night-Time** - Mark Haddon 2009-02-24

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents'

marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

Most people—even people of faith—do not understand how the Bible fits together. Known for his emphatic declaration "but there's more!" he guides us in seeing the passion and purpose of the Messiah. *Mysteries of the Messiah: Uncovers connections between the Old and New Testaments* Connects the dots for readers with details about Jesus, the Torah, and biblical characters Written with the unique perspective of a rabbi with an evangelical theological degree No matter how many times you have read the Bible, *Mysteries of the Messiah* will bring fresh perspective and insight. **The Unbearable Lightness of Being** - Milan Kundera 2004-05-04

When *The Unbearable Lightness of Being* was first published in English, it was hailed as "a work of the boldest mastery, originality, and richness" by critic Elizabeth Hardwick and named one of the best books of 1984 by the *New York Times Book Review*. It went on to win the *Los Angeles Times Book Prize for Fiction* and quickly became an international bestseller. Twenty years later, the novel has established itself as a modern classic. To commemorate the anniversary of its first English-language publication, HarperCollins is proud to offer a special hardcover edition. A young woman in love with a man torn between his love for her and his incorrigible womanizing; one of his mistresses and her humbly faithful lover -- these are the two couples whose story is told in this masterful novel. Controlled by day, Tereza's jealousy awakens by night, transformed into ineffably sad death-dreams, while Tomas, a successful surgeon, alternates loving devotion to the dependent Tereza with the ardent pursuit of other women. Sabina, an independent, free-spirited artist, lives her life as a series of betrayals -- of parents, husband, country, love itself -- whereas her lover, the intellectual Franz, loses all because of his earnest goodness and fidelity. In a world in which lives are shaped by irrevocable choices and by fortuitous events, a world in which everything occurs but once, existence seems to lose its substance, its

weight. Hence we feel, says the novelist, "the unbearable lightness of being" -- not only as the consequence of our private acts but also in the public sphere, and the two inevitably intertwine. This magnificent novel encompasses the extremes of comedy and tragedy, and embraces, it seems, all aspects of human existence. It juxtaposes geographically distant places (Prague, Geneva, Paris, Thailand, the United States, a forlorn Bohemian village); brilliant and playful reflections (on "eternal return," on kitsch, on man and animals -- Tomas and Tereza have a beloved doe named Karenin); and a variety of styles (from the farcical to the elegiac) to take its place as perhaps the major achievement of one of the world's truly great writers.

Unveiled Truth - Gail Goolsby 2019-11-19

What Woman Would Willingly Move to Afghanistan? No woman in her right mind would choose to live in war-ravaged, male-dominated Afghanistan unless she had the golden opportunity to lead the best school in the country. In 2005, following the tragedy of September 11, 2001, Gail Goolsby reluctantly found herself the founding principal of the International School of Kabul in Afghanistan. The how, when, and why make for a captivating and insightful story. *Unveiled Truth* pulls back the curtain of distant cultures and reveals the challenge of overseas living. With humor and transparency, Gail shares dramatic scenes from her seven years in Kabul and unveils the lessons she learned. Mortar blasts, campus lockdowns, work disputes, cultural restrictions, and the lack of daily conveniences are some of the many challenges she faced. Though her time in Afghanistan proved difficult, Gail chose to stay, hoping to improve the lives of young people caught up in a treacherous world. In this book, Gail encourages us to view Afghan culture in a new light, teaches us what she learned about responding to personal failures and relational difficulties, and inspires us to give of ourselves, so that in the process, we too can be irrevocably changed, just as Kabul forever changed her for the better.

Music and Politics in San Francisco - Leta E. Miller 2012

"Leta Miller's long-awaited study is a tightly woven, fast-paced, and luminous chronicle of San Francisco's musical coming of age. Her keen insights into Chinese opera, night club jazz, and two international expositions go far to rekindle the era's spirited mix of talent, taste, patronage, and politics. The groundbreaking work of an accomplished music and social historian, *Music and Politics in San Francisco* is a most welcome companion to Catherine Parsons Smith's *Making Music in Los Angeles*." —Jonathan Elkus, Lecturer in Music Emeritus, UC Davis "From three disastrous days in April 1906 through the onset of an even greater disaster in 1941, from the San Francisco Conservatory through the performances of the Chinese Opera, Leta Miller traces the musico-political history of 'the Paris of the West' in meticulous detail. This important book adds immeasurably to our knowledge of West Coast American music, whilst simultaneously challenging a number of historiographical shibboleths." —David Nicholls, contributing editor of *The Cambridge History of American Music* "Leta Miller's *San Francisco's Musical Life* is a pure pleasure to read. Miller manages that rare feat of digesting what must have been many years of digging through newspapers and archives into a fun, lively, highly readable narrative. Each chapter strikes a comfortable balance among factual exposition,

colorful anecdote, and historical analysis. Miller brings equal depth and insight to each of her disparate subjects, she writes with charm and clarity throughout, and the whole is arranged in a way that is clear and logical, never monotonous." —Mary Ann Smart, author of *Mimomania: Music and Gesture in Nineteenth-Century Opera*
