Strategic Planning for Distributors - Thomas O'Connor 2010

Inspired to Pray - Phil Pringle 2009-04-01

In this powerful and motivating book, international pastor Phil Pringle invites readers to activate their spiritual lives by understanding prayer as a journey to the highest places of God. He sees prayer as an "art," a craft to be developed and nurtured. Prayer is much more than muttering religious words; it is a connection with the God of heaven Himself. Too often, believers fail to bridge the gap between earth and heaven, but active prayer releases the spirit into communion with God in another world: His world. As readers grow, they will draw close to a loving God who desires relationship with all who are made in His image. Moreover, when we pray in close contact with God, we see greater results on earth and in our lives. Pringle appeals to the imagination and the soul, and all who engage with these visionary teachings will discover a new dimension to the act and the art of prayer.

TSP Investing Strategies - Lee Radcliffe 2020-03-11

The Thrift Savings Plan is a tax-advantaged individual investing vehicle for U.S. military personnel and federal government employees. With among the lowest fees in the business and government matches of up to 5% of participant contributions, it is also one of the greatest mechanisms through which to build long-term wealth in the world! The 2nd edition of "TSP Investing Strategies," published in early 2020, features significant updates and 50% more material to the best-selling 1st edition published in 2011. While many books cover various topics related to personal finance and investing, very little has been written specifically on investing in the TSP or on how to incorporate investing in the various TSP funds with one's overall financial goals. This 2nd edition examines 100+ years of investing in stock and bond indexes similar to those in the TSP over rolling 20-, 30-, and 40-year periods and implications for TSP investors in any market environment. Drawing from a structured examination of long-term market data, "TSP Investing Strategies" provides context for investing during major market swings, from euphoria to market crashes, as well as average time it takes for a buy-and-hold investor to recover following major market declines. The book details approaches for individual participants to determine their own mix of investments based on personal risk tolerances. The book also examines the impact of dollar-cost averaging, the importance of reinvesting dividends, compound growth and the 'rule of 72,' correlation coefficients among the TSP funds, structured approaches to rebalancing funds over time, and approaches to debt management and 529 college savings plans, among many other topics. And in a new "Strategy VI," the 2nd edition also details important and potentially money-saving topics related to insurance, wills and trusts, and online and TSP account security. An extremely accessible, easily understood primer that simply and precisely explains the options and what they mean, "TSP Investing Strategies," 2nd edition, establishes a comprehensive road map for TSP investors to build greater wealth over the long term. This is the go-to book for anyone currently serving in the U.S. military or federal government, and for friends and family service members as well

The Born Identity - Phil Pringle

Many of us are living with a spiritual kind of amnesia, forgetful of who we really are. Negative circumstances constantly send us the message that we are far less than what the New Testament declares us to be. Often theology has been twisted to conform to the defeated, negative thinking of people who are interpreting life and God through their circumstances. When we submit to Scripture, rather than submit the Scripture to us, our identity in Christ comes alive. This book is intended to awaken and remind us exactly who we are and what we have in Christ. When we enter our battles with clear knowledge of who we are and what we have, we will win every time.

Seven Big Things That Make Life Work - Phil Pringle 2011-07-28

SEVEN REALLY BIG THINGS THAT WILL MAKE YOU ASTOUNDING!! So, we should leave the basic things we learned about Christ and go on to more mature things. We should not lay again the foundation of turning away from depending on dead human efforts, of believing in God, teaching about immersions, putting hands on people, rising from death, and eternal judgment (Hebrews 6:1-2 PEB). Seven Big Things That Make Life Work focuses on the basic foundational truths of the Christian life in an exciting new way biblical without being religious and scholarly without being dry. Pastor and author Phil Pringle combines a scholarly, biblical approach with a thoroughly Spirit-filled theology. Each principle presented provides insights for developing and maintaining a strong foundation in Christ. At a time when so many leaders in both society and the Church have been exposed by scandal and corruption, both new believers and long-term believers will benefit from examining the real things that make life work successfully. The seven things that will change your life for the better: * Repentance * Faith Toward God * Baptisms * Spiritual Gifts * Laying on of Hands * Resurrection of the Dead * Eternal Judgment The truths revealed make Seven

Big Things That Make Life Work a valuable resource for new believers, Sunday school teachers, discipleship and mentoring programs, and Bible study groups.

Dead for Nothing? - Phil Pringle 2007-09

Dr. Phil Pringle, senior pastor of Christian City Church, one of Australia's fastest growing churches, brings readers back to the cross in his eye-opening book, *Dead for Nothing*. To get back to the cross is to get back to a life - a fantastic life, based on the death and resurrection of Jesus rather than the efforts of man. Dr. Pringle gives seven benefits of Jesus death and shows readers how to apply them.

Intrinsic Excellence - Rolando Garcia 2016-05

Inspirational Fitness Leadership Book Stresses the Power and Value of the Human Connection--While Offering a Proven, Comprehensive Plan for Systematic Success as a Personal Trainer... Niche Title with Crossover Applications: Breakthrough "4C Method" Details Life and Business Skills That Can Transform a

Career in Almost Any Chosen Field The Four Core Competencies covered in *Intrinsic Excellence* are: Technical Expertise, Customer Care, Sales and Business Development/Strategy. As the author puts it, "Mastery of your art cannot be confused with success in the profession." Most of those who fail as personal trainers fail because they mistake their necessary technical expertise as the principle predictor of financial success in their field. "Not so" is Rolando Garcia III's response to this perception--and it holds true for almost any other profession. Technical expertise is at best only 25% of the success-formula... Without a thorough grounding in the other three core competencies, the trainer is doomed to mediocrity and will most likely not survive in the industry.

Financial Excellence - John F. Avanzini 1993

A study of the relationship between your money and God's word, written by one who speaks and writes widely on the subject.

Spiritual Keys to Financial Reward: Understanding Biblical Strategies That Provoke Financial Increase - Charles Omole 2014-08-08

There are two systems in operation on Earth: The Kingdom of the World system and the Kingdom of God System - God's ways of doing things. So the battle is between the world system and the kingdom of God system. But Satan is the ruler of the darkness of this world In order to rule; he (Satan) had to put in place a System that he can control and that can guarantee his outcome. Built within that World System is a reward structure that only favour those that serve Satan. The World system was not intended to advance God's purpose but that of Satan. Therefore; anyone serving God's purpose CANNOT benefit from the World's System Satan has set up. God has a prescribed system of operation for those who are saved, which is greater and better than the world's. Embedded within this system is a financial reward system that is unique to believers in Christ Jesus. How to access this financial reward system is what this book is about. And like any true spiritual principle; I have spent the earlier chapters laying vital foundations that will guide your understanding. These foundations may seem like digression on my part; but they are necessary and I will encourage you to patiently follow the sequence of topical revelation as laid out in this book. Believers must change systems and become educated in the Word of God to learn how to operate in His Kingdom. Many Christians are trying to live according to the world system when they should be operating in the kingdom of God system. This has led to many being controlled by Mammon. This book goes behind the scene to reveal the spiritual strategy and steps needed to enjoy financial reward from God. The book reveals the essential pillars of the spiritual system that release financial reward. If you have ever sowed seed and not received any harvest yet. If you say, where is my harvest? If you have been faithful giver, tither and yet still live in poverty or lack; then this book is for you. It will answer all these questions and show you how you can command your harvest to manifest by building a superior infrastructure in the spirit.

Industrial Excellence - Christoph H. Loch 2013-03-20

What does "excellent manufacturing management" mean? Management texts to date have emphasized that it is, above methods such as SPC or TQM, a matter of "intangibles" and "culture". This book takes the myth out of management excellence; it can be learned and practiced. First, manage the three core processes, strategy deployment, product and process development, and the supply chain. And secondly, pay attention to the dimension of management quality, direction setting, integration and delegation, communication, participation, measurement, and employee development. This book explains management quality and demonstrates how it is implemented, with ten plant tours through world-class factories from different industries.

headed toward excellence or financial abuse. This eye-opening guide expertly walks you through the tangle of potentially inflated earnings and misleading accounting disclosures to determine a company's financial reality.

The Parable of the Dog - Phil Pringle 2014-06-24

Appearances can be deceptive. This is a small book with the cosiest of titles - The Parable of the Dog - and you might assume that it isn't deep. Presumably, Jesus' listeners felt the same when he started to tell parables of straying sons, mustard seeds or mugged Samaritans. Be warned! As with the biblical parables, this soothing appearance disguises the sharpest of steel. This is an important, inspiring and relevant parable that addresses a critical issue in today's church.

Fearonomics - Bill Moore 2011-05-10

In times of economic uncertainty, it's easy for people to get scared and become tempted to pull back and conserve instead of moving forward. We call this Fearonomics. This system of "fear-based thought" believes in all the bad news and tells us that there's not enough to go around, that we must hoard all we have, in case something even worse happens. It is the same destructive thought pattern that became part of the culture in the United States after the Great Depression. But as believers, we have a covenant with God and operate in His Kingdom principles. This is not the time for us to retreat, this is the time for us to move forward, conquer, and prosper! Even in the midst of a recession, businesses are being started and expanded, and people are making their millions. Why not you? Let Dr. Bill Moore encourage you as he explains what God really thinks about the current economy. Reach higher, dream bigger, and achieve more than you ever thought possible. As you begin to positively impact your community, your church, and your business, your dreams will begin to come true. Break out of Fearonomics and step into God's awesome plan

for your life!

Destiny: The Life and Times of a Self-Made Apostle - Peter Lineham 2013-07-01

' . . . a comprehensive, balanced and perceptive account'--Michael Grimshaw, NZ Listener 'This account by Massey University history professor Peter Lineham is fascinating, detailed and more nuanced than the media coverage Tamaki attracted. Lineham puts the ambitious church in context, nationally and internationally.' --Philip Matthews, Weekend Press While Destiny Church began in 1998, it rose to notoriety in 2004 with its 'Enough is Enough' march against what it deemed society's declining moral standards. Destiny and its leader Brian Tamaki have since become a significant - if controversial - presence in New Zealand's religious, political and Maori worlds. But what is Destiny? What does it stand for? Who are its followers? Destiny, written by respected commentator Peter Lineham, is the first full and independent account of the church and its personnel. With unprecedented access to its inner workings, including interviews with Bishop Brian Tamaki and other pastors, Lineham reveals the truth about the man and the movement, addressing the public's questions and fears, and delivering a fascinating picture of the organisation on the eve of launching its 'City of God'.

Navigating the Business Loan - Morton Glantz 2014-11-14

The need for "back to basics" information about credit risk has not disappeared; in fact, it has grown among lenders and investors who have no easy ways to learn about their clients. This short and readable book guides readers through core risk/performance issues. Readers learn the ways and means of running more efficient businesses, review bank and investor requirements as they evaluate funding requests, gain knowledge selling themselves, confidence in business plans, and their ability to make good on loans. They can download powerful tools such as banker's cash flow models and forecast equations programmable into a cell or tablet. Readers can punch keys to ascertain financial needs, calculate sales growth rates calling for external financing, profits required to internally finance their firms, and ways to position revenue growth rates in equilibrium with their firm's capital structure - a rock-solid selling point among smart lenders and investors. The book's "how-to," practical and systematic guide to credit and risk analysis draws upon case studies and online tools, such as videos, spreadsheets, and slides in providing a concise risk/return methodology. Introduces ways to define and manage risk Uses case studies and online tools to extend and apply credit analysis and business management tools Surveys "hard" and "soft" data and ways they help lenders, other financiers, small-business owners, and entrepreneurs spot potential problems, write optimal business plans, and deliver effective loan or /investor geared presentations

PEACE - Phil Pringle 2016-04-16

Stress, pressure, anxiety, depression, rage, terror and fear are just a few of the words we hear all the time in society today. In the middle of all this we try desperately to seek a restful, peaceful calm for our own souls, for our families and our world. God himself is the peace we seek. There is no other source for genuine peace. It cannot be counterfeited. Jesus, the Prince of Peace, brings this peace to anyone connected to Him. This book is about how we all can have internal peace of the heart, mind and spirit.

Seven Keys to Imagination - Piero Morosini 2010-05-15

As a radically new world emerges from one of the deepest global crises in living memory, individuals, teams, organizations and even entire countries will feel the urge to reinvent themselves in order to fit in. They will need to apply their imagination - their capacity to dream - and to pursue those dreams with determination.
