**Manga** - Toni Johnson-Woods 2010-04-15

Once upon a time, one had to read Japanese in order to enjoy manga. Today manga has become a global phenomenon, attracting audiences in North America, Europe, Africa, and Australia. The style has become so popular, in fact, that in the US and UK publishers are appropriating the manga style in a variety of print material, resulting in the birth of

harlequin mangas which combine popular romance fiction titles with manga aesthetics. Comic publishers such as Dark Horse and DC Comics are translating Japanese "classics", like Akira, into English. And of course it wasn't long before Shakespeare received the manga treatment. So what is manga? Manga roughly translates as "whimsical pictures" and its long history can be traced all the way back to picture books of eighteenth century Japan. Today, it comes in two basic forms: anthology magazines (such as Shukan Shonen Jampu) that contain several serials and manga 'books' (tankobon) that collect long-running serials from the anthologies and reprint them in one volume. The anthologies contain several serials, generally appear weekly and are so thick, up to 800 pages, that they are colloquially known as phone books. Sold at newspaper stands and in convenience stores, they often attract crowds of people who gather to read their favorite magazine. Containing sections addressing the manga industry on an international scale, the different genres, formats and artists, as well the fans themselves, *Manga: An Anthology of Global and Cultural Perspectives* is an important collection of essays by an international cast of scholars, experts, and fans, and provides a one-stop resource for all those who want to learn more about manga, as well as for anybody teaching a course on the subject.

*Anime Interviews* - Takayuki Karahashi 1997-09-22

In this book, the first collection of its kind, you will hear insights directly from the mouths and minds of the anime and manga creators themselves, in interviews with are often the only ones on record in English. some of these creators are larger-than-life legends in their native Japan, some are up-and-coming young talents, but all have a lot to say on the subject of their work.

**Catholic Peacebuilding and Mining** - Caesar A. Montevecchio 2022-01-31

This book explores the role of Catholic peacebuilding in addressing the global mining industry. Mining is intimately linked to issues of conflict, human rights, sustainable development, governance, and environmental justice. As an institution of significant scope and scale with a large network of actors at all levels and substantial theoretical and ethical resources, the Catholic Church is well positioned to acknowledge the essential role of mining, while challenging unethical and harmful practices, and promoting integral peace, development, and ecology. Drawing together theology, ethics, and praxis, the volume reflects the diversity of Catholic action on mining and the importance of an integrated approach. It includes contributions by an international and interdisciplinary range of scholars and practitioners. They examine Catholic action on mining in El Salvador, Peru, Colombia, the Democratic Republic of the Congo, and the Philippines. They also address general issues of corporate social responsibility, human rights, development, ecology, and peacebuilding. The book will be of interest to scholars of theology, social ethics, and Catholic studies as well as those specializing in development, ecology, human rights, and peace studies.

**The New York Stories** - John O'Hara 2013-08-27

Collected for the first time, the New York stories of John O'Hara, "among the greatest short story writers in English, or in any other language" (Brendan Gill, Here at The New Yorker) Collected for the first time, here are the New York stories of one of the twentieth century's definitive chroniclers of the city—the speakeasies and highballs, social climbers and cinema stars, mistresses and powerbrokers, unsparingly observed by a popular American master of realism. Spanning his four-decade career, these more than thirty refreshingly frank, sparely written stories are among John O'Hara's finest work, exploring the materialist aspirations and sexual exploits of flawed, prodigally human characters and showcasing the snappy dialogue, telling details and ironic narrative

twists that made him the most-published short story writer in the history of the New Yorker. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

**Eagle: The Making Of An Asian-American President, Vol. 4** - Kaiji Kawaguchi 2000-07-06

In the first real test of the campaign, Yamaoka positions himself for success, making a dramatic case to the nation from the steps of the Capitol -- but his rival's pulpit is already in the White House!

*The Anime Encyclopedia* - Jonathan Clements 2006

Covering more than eighty years of anime history and over three thousand titles, the authors show how the anime universe has influenced creative cultures far beyond its native Japanese shores.

**Anime from Akira to Princess Mononoke** - S. Napier 2003-05-02

With the popularity of Pokemon still far from waning, Japanese animation, known as anime to its fans, has a firm hold on American pop culture. However, anime is much more than children's cartoons. It runs the gamut from historical epics to sci-fi sexual thrillers. Often dismissed as fanciful entertainment, anime is actually quite adept at portraying important social and cultural issues like alienation, gender inequality, and teenage angst. This book investigates the ways that anime presents these issues in an in-depth and sophisticated manner, uncovering the identity conflicts, fears over rapid technological advancement, and other key themes present in much of Japanese animation.
