A Night to Remember - Walter Lord
2012-03-06
#1 New York Times Bestseller: The definitive book on the sinking of the Titanic, based on interviews with survivors, by the author of The

Miracle of Dunkirk. At first, no one but the lookout recognized the sound. Passengers described it as the impact of a heavy wave, a scraping noise, or the tearing of a long calico strip. In fact, it was the sound of the world's

Downloaded from
omahafoodtruckassociation.org on by
guest

most famous ocean liner striking an iceberg, and it served as the death knell for 1,500 souls. In the next two hours and forty minutes, the maiden voyage of the Titanic became one of history's worst maritime accidents. As the ship's deck slipped closer to the icy waterline, women pleaded with their husbands to join them on lifeboats. Men changed into their evening clothes to meet death with dignity. And in stearage, hundreds fought bitterly against certain death. At 2:15 a.m. the ship's band played "Autumn." Five minutes later, the Titanic was gone. Based on interviews with sixty-three survivors, Lord's moment-by-moment account is among the finest books written about one of the twentieth century's bleakest nights.

Thin Blue - Patricia Logan 2018-07-12

Detective Pope Dades is a veteran police officer working in the Hollywood division, one of the busiest police precincts in the country. Dealing with drug dealers, hookers, and mentally ill suspects on a daily basis is his stock and trade.

He once loved his job with the LAPD but three years ago, he put his trust in the wrong man and he's been paying the price ever since. Refusing to work with a partner after the first one nearly killed him, Pope is jaded, still hurting, and hanging onto the career he once adored by a thread. Homeland Security Investigator Felix Jbarra is a fresh-faced young agent with a bright future in the DHS ahead of him. Deeply closeted, Felix hides his sexual orientation from his huge Catholic family which brings him terrible guilt and grief. One night in a back-room nightclub encounter, he connects with a man who inexplicably makes him want to confess everything. Assigned to help shut down an elusive child sex trafficking ring, Felix instinctively knows he'll need turn to the more experienced detective for help if he and his partner want to crack this case. In the first book of the brand new Thin Blue Line series, join Felix and Pope in this exciting adventure as their worlds collide on the mean streets and in

Emily, the feline that survived an epic journey across the Atlantic trapped in a shipping container from America to France. Scarlett, the brave mother that went into a burning building five times to rescue her kittens. Oscar, the care-home cat that predicts when residents are about to pass on and comforts them in their final hours. Whether they're testing the boundaries of their nine lives or demonstrating unusual talents, cats are always full of surprises. In Super Cats, prepare to meet the most surprising of all. Discover loyal moggies and extraordinary survivors in this heart-warming collection of true tales, and marvel at the astonishing powers of these remarkable animals.

100 Cats Who Changed Civilization - Sam Stall 2011-12-06

100 Cats Who Made a Difference If you don't believe that one cat has the power to alter civilization, then you've obviously never heard of Tibbles (p. 12), the cat who single-handedly wiped out an entire species. Or Ahmedabad (p.

61), a Siamese kitten who sparked riots throughout Pakistan. Or Snowball (p. 14), the cat who helped to convict dozens of murderers and criminals. Or Felix (p. 155), the first cat to explore outer space. These are just four of the 100 Cats Who Changed Civilization, and this book honors their extra-ordinary contributions to science, history, art, government, religion, and more. You'll meet a cat who filed a lawsuit (p. 66) and a cat who was slapped with a restraining order (p. 75). You'll meet cats who have inspired great works of literature (p. 90) and classical music (p. 102). You'll even meet a cat who telephoned the police to save the life of his owner (p. 162). These beautifully illustrated true stories are a tribute to the intelligence, bravery, and loving nature of cats all over the world.

a very special cat. 'The global sensation' Daily Telegraph When Felix arrived at Yorkshire's Huddersfield Train Station as an eight-week-old kitten, no one knew just how important this little ball of fluff would become. Although she has a vital job to do as 'Senior Pest Controller', Felix is much more than just an employee of TransPennine Express. Felix changes lives in surprising ways. She is always ready to leap into action and save the day: from bringing a boy with autism out of his shell to providing comfort to a runaway child shivering on the platform one night. So when tragedy hits the team at Huddersfield, it is only Felix who can pull them back together. But a chance friendship with a commuter that she waits for her on the platform every morning finally gives Felix the recognition she deserves, catapulting her to international stardom . . . Royalties from the sale of this book will be donated to Prostate Cancer UK (registered charity 1005541, SC039332).

The Crown of Fools - Candice Wright 2021-03-24

The fates hadn't always been kind to Sunshine...Abandoned as a baby with nothing more than a blanket and a nameKatia 'Sunshine' Jones knows what it feels like to be alone.With her childhood spent navigating the foster system,She finally finds a home in the arms of a boy who becomes her entire world.But six years later, a devastating tragedy rips her fairy tale to shreds,And plunges Sunshine's life into darkness.Falling in love had been easy.But trying to live without him is like trying to breathe without air.Until they walk into her life and change everything,Now the woman who clawed her way out of the darkMight just get a second chance at finding her happily ever afterBut with a war heading for CarnageIt seems fate hasn't finished with her yet... Please be advised that this book may cause shallow breathing, exploding ovaries, and spontaneous disintegration of panties. As a result, all readers should be over the age of 18 and refrain from reading in public places.Trigger warning: This

book contains swearing, violence, and scenes that some readers may find uncomfortable. As with the previous books in the series, Sunshine ends up with more than one love interest, but you'll have to read *The Crown of Fools* to find out who they'll be because I'm sneaky like that.

The Long Hot Summer - Mary Moody 2006

In *Au Revoir* she ran away. In *Last Tango* her world turned upside down. Now, her relationships are about to reach boiling point. In the European summer of 2003 a deadly heat wave strikes France. To Mary Moody, living in her rural village in the south-west of France, it seems that the weather is merely imitating the stifling heat of her marriage, which is on the verge of collapse following the events recounted in *Last Tango in Toulouse*. But despite relentlessly hot days and an uncertain future, Mary's new-found passion for life cannot be suppressed. It is not long before she is once again torn between her two desires: for the independence of her life in France; and for the

love and continuity of her marriage and family life in Australia. While Mary immerses herself in the pleasures of her second home - the food and wine, the markets, her colourful circle of friends - a shattering turn of events comes when she least expects it. *Au Revoir* and *Last Tango in Toulouse* have become national bestsellers and made Mary Moody one of the best-loved and most successful non-fiction writers in Australia. With all the warmth and candour we've come to expect, *The Long Hot Summer* explores the minefield of relationships and changing desires, set against the beautiful backdrop of rural France.

Odd Leaves from the Life of a Louisiana "swamp Doctor" - Henry Clay Lewis 1843

Deleuze and Guattari's Anti-Oedipus - Eugene W. Holland 2002-01-04

Eugene W. Holland provides an excellent introduction to Gilles Deleuze and Felix Guattari's *Anti-Oedipus* which is widely

recognized as one of the most influential texts in philosophy to have appeared in the last thirty years. He lucidly presents the theoretical concerns behind Anti-Oedipus and explores with clarity the diverse influences of Marx, Freud, Nietzsche and Kant on the development of Deleuze & Guattari's thinking. He also examines the wider implications of their work in revitalizing Marxism, environmentalism, feminism and cultural studies.

Manners & Mutiny - Gail Carriger 2015-11-03

If one must flirt...flirt with danger. Lessons in the art of espionage aboard Mademoiselle Geraldine's floating dirigible have become tedious without Sophronia's sweet sootie Soap nearby. She would much rather be using her skills to thwart the dastardly Picklemen, yet her concerns about their wicked intentions are ignored, and now she's not sure whom to trust. What does the brusque werewolf dewan know? On whose side is the ever-stylish vampire Lord Akeldama? Only one thing is certain: a large-

scale plot is under way, and when it comes to fruition, Sophronia must be ready to save her friends, her school, and all of London from disaster--in decidedly dramatic fashion, of course. What will become of our proper young heroine when she puts her years of training to the test? Find out in this highly anticipated and thrilling conclusion to the New York Times bestselling Finishing School series!

Ghosts of War - George Mann 2011-07-05

Ghosts of War picks up the story a month after the end of *Ghosts of Manhattan*. New York City is being plagued by a pack of ferocious brass raptors - strange, skeleton-like creations with bat-like wings that swoop out of the sky, attacking people and carrying them away into the night. The Ghost has been tracking these bizarre machines, and is close to finding their origin: a deranged military scientist who is slowly rebuilding himself as a machine. However, this scientist is not working alone, and his scheme involves more than a handful of

Downloaded from
omahafoodtruckassociation.org on by
guest

abductions. He is part of a plot to escalate the cold war with Britain into a full-blown conflict, and he is building a weapon - a weapon that will fracture dimensional space and allow the monstrous creatures that live on the other side to spill through. He and his co-conspirators - a cabal of senators and businessmen who seek to benefit from the war - intend to harness these creatures and use them as a means to crush the British. But the Ghost knows only too well how dangerous these creatures can be, and the threat they represent not just to Britain, but the world. The Ghost's efforts to put an end to the conspiracy bring him into an uneasy alliance with a male British spy, who is loose in Manhattan, protecting the interests of his country. He also has the unlikely assistance of Ginny, a drunken ex-lover and sharpshooter, who walks back into his life, having disappeared six years earlier in mysterious circumstances. Suffering from increasingly lucid flashbacks to WWI and subjected to rooftop chases, a battle

full-steam-ahead-felix-adventures-of-a-famous-sta

with a mechanized madman, and the constant threat of airborne predators, and with the fate of the world hanging in the balance, can the Ghost derail the conspiracy and prevent the war with the British from escalating beyond control? From the Trade Paperback edition.

Decoding Your Cat - American College of Veterinary Behaviorists 2020

Examines "the most [common] behavioral issues that cats face"--

Slade House - David Mitchell 2015-10-27

The New York Times bestseller by the author of *The Bone Clocks* and *Cloud Atlas* | Named One of the Best Books of the Year by San Francisco Chronicle, NPR, Los Angeles Times, The Guardian, The Telegraph, National Post, BookPage, and Kirkus Reviews Keep your eyes peeled for a small black iron door. Down the road from a working-class British pub, along the brick wall of a narrow alley, if the conditions are exactly right, you'll find the entrance to Slade House. A stranger will greet you by name and

*Downloaded from
omahafoodtruckassociation.org on by

8/22

invite you inside. At first, you won't want to leave. Later, you'll find that you can't. Every nine years, the house's residents—an odd brother and sister—extend a unique invitation to someone who's different or lonely: a precocious teenager, a recently divorced policeman, a shy college student. But what really goes on inside Slade House? For those who find out, it's already too late. . . . Spanning five decades, from the last days of the 1970s to the present, leaping genres, and barreling toward an astonishing conclusion, this intricately woven novel will pull you into a reality-warping new vision of the haunted house story—as only David Mitchell could imagine it. Praise for Slade House “A fiendish delight . . . Mitchell is something of a magician.”—The Washington Post “Entertainingly eerie . . . We turn to [Mitchell] for brain-tickling puzzle palaces, for character studies and for language.”—Chicago Tribune “A ripping yarn . . . Like Shirley Jackson's Hill House or the Overlook Hotel from Stephen King's The

Shining, [Slade House] is a thin sliver of hell designed to entrap the unwary. . . . As the Mitchellverse grows ever more expansive and connected, this short but powerful novel hints at still more marvels to come.”—San Francisco Chronicle “Like Stephen King in a fever . . . manically ingenious.”—The Guardian (U.K.) “A haunted house story that savors of Dickens, Stephen King, J. K. Rowling and H. P. Lovecraft, but possesses more psychic voltage than any of them.”—Pittsburgh Post-Gazette “Tightly crafted and suspenseful yet warmly human . . . the ultimate spooky nursery tale for adults.”—The Huffington Post

Chaos Station - Kelly Jensen 2015-03-02

“With their beat-up ship and eclectic group, comparisons with the fan favorite TV show Firefly are inevitable, but in more of the way of homage, since Burke and Jensen's characters take center stage all on their own.” —Library Journal Discover intergalactic romance and out-of-this-world stakes in the first book of the

critically acclaimed Chaos Station series. "You're not real. Felix Ingesson is dead." The war with the alien stin is over, but Felix Ingesson has given up on seeing his lover, Zander Anatolius, ever again. Zander's military file is sealed tighter than an airlock. A former prisoner of war, Felix is attempting a much quieter life keeping his ship, the Chaos, aloft. He almost succeeds, until Zander walks on board and insists that Felix isn't real. A retired, broken super soldier, Zander is reeling from the aftereffects of his experimental training and wants nothing more than to disappear and wait for insanity to claim him. Then he sees footage of a friend and ally—a super soldier like him—murdering an entire security squad with her bare hands and a cold, dead look in her eyes. He never expected to find Felix, the man he'd thought dead for years, on the ship he hired to track her down. Working with Felix to rescue his teammate is a dream come true...and a nightmare. Zander has no exit strategy that will leave Felix unscathed—or his

Anti-Oedipus - Gilles Deleuze 2009-05-26
An "introduction to the nonfascist life" (Michel Foucault, from the Preface) When it first appeared in France, Anti-Oedipus was hailed as a masterpiece by some and "a work of heretical madness" by others. In it, Gilles Deleuze and Félix Guattari set forth the following theory: Western society's innate herd instinct has allowed the government, the media, and even the principles of economics to take advantage of each person's unwillingness to be cut off from the group. What's more, those who suffer from

mental disorders may not be insane, but could be individuals in the purest sense, because they are by nature isolated from society. More than twenty-five years after its original publication, Anti-Oedipus still stands as a controversial contribution to a much-needed dialogue on the nature of free thinking.

[The Falling Machine](#) - Andrew Mayer 2011-06-21

This new steampunk series opens in 1880, when women aren't allowed to vote, much less dress up in a costume and fight crime. But twenty year-old socialite Sarah Stanton still dreams of becoming a hero. Her opportunity arrives in tragedy when the leader of the Society of Paragons, New York's greatest team of gentlemen adventurers, is murdered right before her eyes. To uncover the truth behind the assassination, Sarah joins forces with the amazing mechanical man known as The Automaton. Together they unmask a conspiracy at the heart of the Paragons that reveals the world of heroes and high-society is built on a

By The Light of Dawn - Adrienne Wilder

2020-10-15

This is a follow up to the novel *In the Absence of Light*. A handmade sailboat helped bring Morgan back to Grant but he never imagined they would put it in the water. Then Morgan sees something in the light that sets Grant on a mission to get them to the middle of the ocean. An unknown destination they have to be at when the sun rises. It's important enough that Morgan is willing to leave Durstrand. Important enough that he'll face the challenges of his autism. So important, it could even be a matter of life and death. *By the Light of Dawn* happens at the same time *The Darkest Hour* (Jeff's story) takes place and contains mild spoilers as well as teasers. The plot points revealed in *By the Light of Dawn* are the same ones that were revealed at the end of *In the Absence of Light*.

[Shop Cats of New York](#) - Tamar Arslanian

2016-11-01

Humans of New York meets *The French Cat* in this carefully cultivated, gorgeous full-color collection featuring New York's iconic felines and the stories behind them. They inhabit New York City's most legendary and coziest spots—the Algonquin Hotel, a whiskey distillery, Bleecker Street Records, and a host of yoga studios, bodegas, bookstores, and bike shops in between. True New Yorkers—masters of people watching—they perch on wine crates, piles of books, and a classic hotel countertop, taking in the activity around them. Depending on their mood, these cats will ignore enthusiastic admirers, offer a few delightful purrs, or occasionally even take a swipe. Some even find a mouse or two to chase. *Shop Cats of New York* introduces forty of New York's favorite felines—all who have an extraordinary story to tell. Popular cat blogger Tamar Arslanian and Instagram pet photographer Andrew Marttila capture these deeply loved and well cared for

animals in their city habitat and reveal how they came to reign over their urban kingdoms. A celebration of some of the city's most revered citizens and a unique look at New York life, this enchanting illustrated volume is a must for every cat lover, and every Big Apple devotee.

Waistcoats & Weaponry - Gail Carriger

2014-11-04

Class is back in session.... Sophronia continues her second year at finishing school in style--with a steel-bladed fan secreted in the folds of her ball gown, of course. Such a fashionable choice of weapon comes in handy when Sophronia, her best friend Dimity, sweet sootie Soap, and the charming Lord Felix Mersey hijack a suspiciously empty train to return their chum Sidheag to her werewolf pack in Scotland. But when Sophronia discovers they are being trailed by a dirigible of Picklemen and flywaymen, she unearths a plot that threatens to throw all of London into chaos. With her friends in mortal danger, Sophronia must sacrifice what she holds

full-steam-ahead-felix-adventures-of-a-famous-sta

most dear--her freedom. Gather your poison, your steel-tipped quill, and the rest of your school supplies and join Mademoiselle Geraldine's proper young killing machines in the third rousing installment in the New York Times bestselling Finishing School series by steampunk author Gail Carriger.

We Have Never Been Modern - Bruno Latour

2012-11-01

With the rise of science, we moderns believe, the world changed irrevocably, separating us forever from our primitive, premodern ancestors. But if we were to let go of this fond conviction, Bruno Latour asks, what would the world look like? His book, an anthropology of science, shows us how much of modernity is actually a matter of faith. What does it mean to be modern? What difference does the scientific method make? The difference, Latour explains, is in our careful distinctions between nature and society, between human and thing, distinctions that our benighted ancestors, in their world of

Downloaded from
omahafoodtruckassociation.org on by
guest

14/22

alchemy, astrology, and phrenology, never made. But alongside this purifying practice that defines modernity, there exists another seemingly contrary one: the construction of systems that mix politics, science, technology, and nature. The ozone debate is such a hybrid, in Latour's analysis, as are global warming, deforestation, even the idea of black holes. As these hybrids proliferate, the prospect of keeping nature and culture in their separate mental chambers becomes overwhelming—and rather than try, Latour suggests, we should rethink our distinctions, rethink the definition and constitution of modernity itself. His book offers a new explanation of science that finally recognizes the connections between nature and culture—and so, between our culture and others, past and present. Nothing short of a reworking of our mental landscape. We Have Never Been Modern blurs the boundaries among science, the humanities, and the social sciences to enhance understanding on all sides. A summation of the

work of one of the most influential and provocative interpreters of science, it aims at saving what is good and valuable in modernity and replacing the rest with a broader, fairer, and finer sense of possibility.

The Children of Men - P. D. James 2012-01-11

The year is 2021. No child has been born for twenty-five years. The human race faces extinction. Under the despotic rule of Xan Lyppiat, the Warden of England, the old are despairing and the young cruel. Theo Faren, a cousin of the Warden, lives a solitary life in this ominous atmosphere. That is, until a chance encounter with a young woman leads him into contact with a group of dissenters. Suddenly his life is changed irrevocably as he faces agonising choices which could affect the future of mankind. NOW A MAJOR MOTION PICTURE

The Diaries of Paul Klee, 1898-1918 - Paul Klee 1964

Paul Klee was endowed with a rich and many-sided personality that was continually spilling over into forms of expression other than his painting and that made him one of the most extraordinary phenomena of modern European art. These abilities have left their record in the four intimate diaries in which he faithfully recorded the events of his inner and outer life

from his nineteenth to his fortieth year. Here, together with recollections of his childhood in Bern, his relations with his family and such friends as Kandinsky, Marc, Macke, and many others, his observations on nature and people, his trips to Italy and Tunisia, and his military service, the reader will find Klee's crucial experience with literature and music, as well as many of his essential ideas about his own artistic technique and the creative process.

The Woman They Could Not Silence - Kate Moore 2021-06-22

From the New York Times, USA Today, and Wall Street Journal bestselling author of *The Radium Girls* comes another dark and dramatic but ultimately uplifting tale of a forgotten woman whose inspirational journey sparked lasting change for women's rights and exposed injustices that still resonate today. 1860: As the clash between the states rolls slowly to a boil, Elizabeth Packard, housewife and mother of six, is facing her own battle. The enemy sits across the table and sleeps in the next room. Her husband of twenty-one years is plotting against her because he feels increasingly threatened--by Elizabeth's intellect, independence, and unwillingness to stifle her own thoughts. So Theophilus makes a plan to put his wife back in her place. One summer morning, he has her committed to an insane asylum. The horrific conditions inside the Illinois State Hospital in

Downloaded from
omahafoodtruckassociation.org on by
guest

17/22

Jacksonville, Illinois, are overseen by Dr. Andrew McFarland, a man who will prove to be even more dangerous to Elizabeth than her traitorous husband. But most disturbing is that Elizabeth is not the only sane woman confined to the institution. There are many rational women on her ward who tell the same story: they've been committed not because they need medical treatment, but to keep them in line--conveniently labeled "crazy" so their voices are ignored. No one is willing to fight for their freedom and, disenfranchised both by gender and the stigma of their supposed madness, they cannot possibly fight for themselves. But Elizabeth is about to discover that the merit of losing everything is that you then have nothing to lose... Bestselling author Kate Moore brings her sparkling narrative voice to *The Woman They Could Not Silence*, an unputdownable story of the forgotten woman who courageously fought for her own freedom--and in so doing freed millions more. Elizabeth's refusal to be silenced and her

ceaseless quest for justice not only challenged the medical science of the day, and led to a giant leap forward in human rights, it also showcased the most salutary lesson: sometimes, the greatest heroes we have are those inside ourselves. "The glowing ghosts of the radium girls haunt us still."--NPR Books for The Radium Girls

Simon Ships Out. a Heroic Cat at Sea - Jacky Donovan 2014-10-01

When Simon, a mischievous young cat, is smuggled on board HMS Amethyst, his simple life amidst the streets of Hong Kong is transformed into an adventure fit for heroes. But alongside new friend Peggy, the ship's dog, he discovers a mortal enemy in king rat Mao Tse Tung. Under heavy fire from the Chinese Communists, the ship runs aground, stranded for 101 agonising days. Despite severe injuries, Simon and the crew bravely battle their respective foes, enabling Amethyst to make an epic escape. Heralded worldwide as heroes, they

sail into Plymouth to a jubilant welcome, but further heart-rending tragedy. Bringing joy and compassion to those on board, Simon is the only cat to have been awarded the PDSA Dickin Medal, the highest honour for animal gallantry in wartime. Based on the true events of Amethyst's 'Yangtze Incident', Simon's quirky yet emotional cat's eye narrative is sure to move and entertain all who read it.

The Radium Girls - Kate Moore 2017-04-18
A New York Times, USA Today, Wall Street Journal, and Amazon Charts Bestseller! For fans of Hidden Figures, comes the incredible true story of the women heroes who were exposed to radium in factories across the U.S. in the early 20th century, and their brave and groundbreaking battle to strengthen workers' rights, even as the fatal poison claimed their own lives... In the dark years of the First World War, radium makes gleaming headlines across the nation as the fresh face of beauty, and wonder drug of the medical community. From

body lotion to tonic water, the popular new element shines bright. Meanwhile, hundreds of girls toil amidst the glowing dust of the radium-dial factories. The glittering chemical covers their bodies from head to toe; they light up the night like industrious fireflies. With such a coveted job, these "shining girls" are the luckiest alive — until they begin to fall mysteriously ill. And, until they begin to come forward. As the women start to speak out on the corruption, the factories that once offered golden opportunities ignore all claims of the gruesome side effects. And as the fatal poison of the radium takes hold, the brave shining girls find themselves embroiled in one of the biggest scandals of America's early 20th century, and in a groundbreaking battle for workers' rights that will echo for centuries to come. A timely story of corporate greed and the brave figures that stood up to fight for their lives, these women and their voices will shine for years to come. Written with a sparkling voice and breakneck pace, The

Radium Girls fully illuminates the inspiring young women exposed to the "wonder" substance of radium, and their awe-inspiring strength in the face of almost impossible circumstances. Their courage and tenacity led to life-changing regulations, research into nuclear bombing, and ultimately saved hundreds of thousands of lives...

Felix the Cat - Otto Messmer 2010

"Most of the artwork and stories in this book are by Otto Messmer. Don Oriolo has identified [several] pages as being by Joe Oriolo"-- Colophon.

The Mind of the Censor and the Eye of the Beholder - Robert Corn-Revere 2021-11-04

Beginning in the nineteenth century with Anthony Comstock, America's 'censor in chief,' *The Mind of the Censor and the Eye of the Beholder* explores how censors operate and why they wore out their welcome in society at large. This book explains how the same tactics were tried and eventually failed in the twentieth

century, with efforts to censor music, comic books, television, and other forms of popular entertainment. The historic examples illustrate not just the mindset and tactics of censors, but why they are the ultimate counterculture warriors and why, in free societies, censors never occupy the moral high ground. This book is for anyone who wants to know more about why freedom of speech is important and how protections for free expression became part of the American identity.

Exit - Belinda Bauer 2021-02-02

From the award-winning author of *Snap and Rubbernecker*, *Exit* is the story of Felix Pink, an older man with a group that helps people who have chosen to die with dignity. But there's been a mistake, and Felix's life is about to change forever. Belinda Bauer is "Britain's most original crime writer" (*Crime Scene*), one of the few authors in the genre to be longlisted for the Man Booker prize. Now she returns with a heart-pounding, heartbreaking, and often hilarious

new crime novel in which it's never too late for life to go fatally wrong. Felix Pink is retired. Widowed for more than a decade, a painfully literal thinker, he has led a life of routine and is, not unhappily, waiting to die a hopefully boring death. He occupies himself volunteering as an Exiteer—someone who sits with terminally ill people as they die by suicide, assisting with logistics and lending moral support, then removing the evidence so that family and friends are not implicated in the death. When Felix lets himself in to Number 3 Black Lane, he's there to perform an act of kindness and charity: to keep a dying man company as he takes his final breath. But just fifteen minutes later Felix is on the run from the police—after making the biggest mistake of his life. Now his routine world is turned upside down as he tries to discover whether what went wrong was a simple mistake—or deliberate. Murder. Belinda Bauer continues to redefine the boundaries of crime fiction, with a novel that is part murder mystery,

full-steam-ahead-felix-adventures-of-a-famous-sta

part coming-of-old-age story—however short that future may be. With the compassion and dark humor of Jonas Jonasson and the twisted thriller plotting of Rear Window, Exit is a novel readers will not soon forget.

"Surely You're Joking, Mr. Feynman!":
Adventures of a Curious Character - Richard P.
Feynman 2018-02-06

One of the most famous science books of our time, the phenomenal national bestseller that "buzzes with energy, anecdote and life. It almost makes you want to become a physicist" (Science Digest). Richard P. Feynman, winner of the Nobel Prize in physics, thrived on outrageous adventures. In this lively work that "can shatter the stereotype of the stuffy scientist" (Detroit Free Press), Feynman recounts his experiences trading ideas on atomic physics with Einstein and cracking the uncrackable safes guarding the most deeply held nuclear secrets—and much more of an eyebrow-raising nature. In his stories, Feynman's life shines through in all its

eccentric glory—a combustible mixture of high intelligence, unlimited curiosity, and raging chutzpah. Included for this edition is a new introduction by Bill Gates.

Atop an Underwood - Jack Kerouac 2000-11-01
Before Jack Kerouac expressed the spirit of a generation in his 1957 classic, *On the Road*, he spent years figuring out how he wanted to live and, above all, learning how to write. *Atop an Underwood* brings together more than sixty previously unpublished works that Kerouac wrote before he was twenty-two, ranging from

stories and poems to plays and parts of novels, including an excerpt from his 1943 merchant marine novel, *The Sea Is My Brother*. These writings reveal what Kerouac was thinking, doing, and dreaming during his formative years, and reflect his primary literary influences. Readers will also find in these works the source of Kerouac's spontaneous prose style. Uncovering a fascinating missing link in Kerouac's development as a writer, *Atop an Underwood* is essential reading for Kerouac fans, scholars, and critics.
