*The Siege* - Ismail Kadare 2010-02-12

From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. *The Siege* tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers

who never went to war." Brilliantly vivid, as insightful as it is compelling, *The Siege* is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries. *Ancient Languages of the Balkans* - Radoslav Katicic 1976-01-01

Getting Real - Gretchen Carlson 2015-06-16

In the wake of Gretchen Carlson's lawsuit against former Fox News chairman and CEO Roger Ailes, her memoir of her time at Fox—working alongside Megyn Kelly, Bill O'Reilly, Steve Doocy, and other prominent conservative news personalities—is more relevant than ever. In this candid memoir, celebrity news anchorwoman Gretchen Carlson shares her inspiring story and offers important takeaways about what it means to strive for and find success in the real world. With warmth and wit, she

takes readers from her Minnesota childhood, when she became a violin prodigy, through attending Stanford and later rising to anchor of *The Real Story* with Gretchen Carlson on Fox News after working her way up from local television stations. Carlson addresses the intense competitive effort of winning the Miss America Pageant, the challenges she's faced as a woman in broadcast television, and how she manages to balance work and family as the wife of high-profile sports agent Casey Close and devoted mother to their two children. An unceasing advocate for respect and equality for women, Carlson writes openly about her own struggles with body image, pageant stereotypes, building her career, and having the courage to speak her mind. Encouraging women to believe in themselves, chase their dreams, and never give up, Carlson emerges in *Getting Real* as a living example of personal strength and perseverance.

*Factotum* - Charles Bukowski 2009-10-13

One of Charles Bukowski's best, this beer-soaked, deliciously degenerate novel follows the wanderings of aspiring writer Henry Chinaski across World War II-era America. Deferred from military service, Chinaski travels from city to city, moving listlessly from one odd job to another, always needing money but never badly enough to keep a job. His day-to-day existence spirals into an endless litany of pathetic whores, sordid rooms, dreary embraces, and drunken brawls, as he makes his bitter, brilliant way from one drink to the next. Charles Bukowski's posthumous legend continues to grow. *Factotum* is a masterfully vivid evocation of slow-paced, low-life urbanity and alcoholism, and an excellent introduction to the fictional world of Charles Bukowski.

**Pegasus** - Danielle Steel 2014-10-28

NEW YORK TIMES BESTSELLER In a rich historical novel of family and World War II, #1 New York Times bestselling author Danielle Steel unfurls a powerful saga that spans generations and continents. This is a story of courage, friendship, and fate as two families face the challenges of war . . . and the magnificent stallion that will link them forever.

PEGASUS Nicolas von Bingen and Alex von Hemmerle, titled members of the German aristocracy, have been best friends since childhood. Both widowers, they are raising their children—Nick's two lively boys and

Alex's adored teenage daughter—in peace and luxury on the vast Bavarian estates that have belonged to their families for generations. While Nick indulges in more glamorous pursuits, Alex devotes himself to breeding the renowned white Lipizzaner horses that enthrall audiences throughout Europe with their ability to dance and spin on command, majestic creatures whose bloodlines are rare and priceless. But it is Nicolas's bloodline that changes everything, when his father receives a warning from a high-ranking contact inside the Wehrmacht. A secret from the past has left the family vulnerable to the rising tide of Nazism: Nick's mother, whom he never knew, was of Jewish descent. Suddenly Nicolas must flee Germany, wrenching his sons away from the only home they have known, sailing across the Atlantic for a new life in America. Their survival will depend on a precious gift from Alex, their only stake for the future: eight purebred horses, two of them stunning Lipizzaners. In Florida, where Nicolas joins the Ringling Brothers Circus, he becomes Nick Bing, with Alex's prize white stallion—now named Pegasus—the centerpiece of the show. In this extraordinary book, Danielle Steel tells the story of a family reinventing itself in America, while the country they left behind is engulfed in flames and madness, and men like Alex von Hemmerle are forced to make unbearable choices. Alex's daughter will find sanctuary in England. In America, Nick will find love, his sons will find a future, and their left-behind world will eventually find them. A novel of hope and sacrifice, of tragedy, challenge, and rebirth, *Pegasus* is a brilliant family chronicle that unfolds across half a century—a masterwork from one of our most beloved writers.

*Sapiens* - Yuval Noah Harari 2015-02-10

New York Times Bestseller A Summer Reading Pick for President Barack Obama, Bill Gates, and Mark Zuckerberg From a renowned historian comes a groundbreaking narrative of humanity's creation and evolution—a #1 international bestseller—that explores the ways in which biology and history have defined us and enhanced our understanding of what it means to be “human.” One hundred thousand years ago, at least

six different species of humans inhabited Earth. Yet today there is only one—homo sapiens. What happened to the others? And what may happen to us? Most books about the history of humanity pursue either a historical or a biological approach, but Dr. Yuval Noah Harari breaks the mold with this highly original book that begins about 70,000 years ago with the appearance of modern cognition. From examining the role evolving humans have played in the global ecosystem to charting the rise of empires, *Sapiens* integrates history and science to reconsider accepted narratives, connect past developments with contemporary concerns, and examine specific events within the context of larger ideas. Dr. Harari also compels us to look ahead, because over the last few decades humans have begun to bend laws of natural selection that have governed life for the past four billion years. We are acquiring the ability to design not only the world around us, but also ourselves. Where is this leading us, and what do we want to become? Featuring 27 photographs, 6 maps, and 25 illustrations/diagrams, this provocative and insightful work is sure to spark debate and is essential reading for aficionados of Jared Diamond, James Gleick, Matt Ridley, Robert Wright, and Sharon Moalem.

The Outsider - Albert Camus 1961

When a young Algerian named Meursault kills a man, his subsequent imprisonment and trial are puzzling and absurd. The apparently amoral Meursault—who puts little stock in ideas like love and God—seems to be on trial less for his murderous actions, and more for what the authorities believe is his deficient character.

The Palace of Dreams - Ismail Kadare 1998

Exquisitely polite, friendly, and always generous, Diana nonetheless kept Lucy at arm's length despite her desperate attempts to win her over. And as a pillar in the community,

Now, Diana is dead, a suicide note found near her body claiming that she longer wanted to live because of the cancer wreaking havoc inside her body. But the autopsy finds no cancer. It does find traces of poison, and evidence of suffocation. Who could possibly want Diana dead? Why was her will changed at the eleventh hour to disinherit both of her children, and their spouses? And what does it mean that Lucy isn't exactly sad she's gone? Fractured relationships and deep family secrets grow more compelling with every page in this twisty, captivating new novel from Sally Hepworth. *Music and Gender* - Tullia Magrini 2003-06-15

Although scholars have long been aware of the crucial roles that gender plays in music, and vice versa, the contributors to this volume are among the first to systematically examine the interactions between the two. This book is also the first to explore the diverse, yet often strikingly similar, musics of the areas bordering the Mediterranean from comparative anthropological perspectives. From Spanish flamenco to Algerian raï, Greek rebetika to Turkish pop music, Sephardi and Berber songs to Egyptian belly dancers, the contributors cover an exceedingly wide range of geographic and musical territories. Individual essays examine musical behavior as representation, assertion, and sometimes transgression of gender identities; compare men's and women's roles in specific musical practices and their historical evolution; and explore how music and

gender relate to such issues as ethnicity, nationality, and religion. Anyone studying the musics or cultures of the Mediterranean, or more generally the relations between gender and the arts, will welcome this book. Contributors: Caroline Bithell, Joaquina Labajo, Jane C. Sugarman, Carol Silverman, Goffredo Plastino, Gail Holst-Warhaft, Edwin Seroussi, Marie Virolle, Terry Brint Joseph, Deborah Kapchan, Karin van Nieuwkerk, Svanibor Pettan, Martin Stokes, Philip V. *Chronicle in Stone* - Ismail Kadare 2011-07-01

Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

**The Burgraves** - Victor Hugo 1968

The fundamental conception of the drama "The Burgraves" is a dramatic struggle between two antithetical forces: fatality attempting to impose punishment on a degraded race and providence striving to pardon and to rehabilitate. The poet has embodied the force of fatality in an old slave named Guanhumara, a sorceress endowed with a knowledge of medicinal herbs. She has effected several cures, including that of Hatto the grandson of Job, who is the chief burgrave; and on this account, she is allowed much more freedom than is granted to the other slaves. Within the character of Guanhumara there is the contrast between the apparent weakness on account of her age, sex, and condition and the tremendous power that her mysterious and magical talents bestow together with her irresistible will to wreak vengeance.

**Performatism, Or the End of Postmodernism** - Raoul Eshelman 2009

The author suggests that in this era following the postmodern we have entered a new, monist epoch in which aesthetically mediated belief replaces endless irony as the dominant force in culture. The book documents the "new monism" through an examination of popular films and novels such as American beauty, Life of Pi, and Middlesex as well as in the work of major architects and artists such as Sir Norman Foster, Andreas Gursky, and Vanessa Beecroft. --book cover.

Cien Años de Soledad - Gabriel García Márquez 1997-01-01

Gabriel Garcia Marquez is a gifted writer, and nowhere does he write with the fervor that he does in "One Hundred Years of Solitude," a pleasurable ride unmatched in modern literature.

**The Time of the Goats** - Luan Starova 2012-12-17

It's the late 1940s in Skopje, Yugoslavia, in the critical year leading to Tito's break with Stalin. Pushed to leave mountain villages to become the new proletariat in urban factories, a flood of peasants crowds into Skopje—and with them, all of their goats. Suffering from hunger, Skopje's citizens welcome the newcomers. But municipal leaders are faced with a dilemma when the central government issues an order

calling for the slaughter of the country's goat population. With food so scarce, will they hide the outlawed animals? Or will they comply with the edict and endure the bite of hunger? The Time of the Goats is the second novel in Luan Starova's acclaimed multivolume Balkan saga. It follows the main characters from My Father's Books and the tragicomic events of their lives in Skopje as the narrator's intellectual father and the head goatherd become friends. As local officials clumsily carry out absurd policies, Starova conveys the bonds of understanding and mutual support that form in Skopje's poorest neighborhoods. At once historical and allegorical, folkloric and fantastic, The Time of the Goats draws lyrically on Starova's own childhood.

**Homo Deus** - Yuval Noah Harari 2017-02-21

Official U.S. edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon Sapiens, returns with an equally original, compelling, and provocative book, turning his focus toward humanity's future, and our quest to upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from bingeing at McDonalds than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? Homo Deus explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this

fragile world from our own destructive powers? This is the next stage of evolution. This is Homo Deus. With the same insight and clarity that made Sapiens an international hit and a New York Times bestseller, Harari maps out our future.

Dostoevsky by Zweig - Stefan Zweig 2019-08-16

This is the third essay of Stefan Zweig's *Three Masters: Balzac, Dickens, Dostoevsky*, written in the early 20th century. Part biography, part literary criticism, part cultural history, the essay offers a window onto how a Central European regarded the Russian master, who died in 1881, the year Zweig was born. Dostoevsky's genius, in Zweig's view, owed a debt to his illness, as Tolstoy's did to his radiant health. Illness "enabled Dostoevsky to soar upward into a sphere of such concentrated feeling as is rarely experienced by normal men; it permitted him to penetrate into the underworld of the emotions, into the submerged regions of the psyche." This essay is one of the best examples of Zweig's psychologically-informed literary criticism.

**Spring Flowers, Spring Frost** - Ismail Kadare 2011-11-11

In a small town at the foot of the northern highlands in Albania, a decade after the fall of the Communist regime, the harsh blood-for-blood law of the fearsome Kanun mountain folk is emerging from hibernation, like everything else that was forbidden under the fifty years of Communist rule. Mysterious happenings that are two thousand years old, two centuries old, or even just two years old reemerge in daily life. The marriage of a girl and a snake is not just a legend but a news item—a cyclical event that is as much part of the modern world as of the ancient one. Set against this Kafkaesque backdrop, a simple and sensual love story between a painter and a young woman stands out as light against

dark. With its rich and somber story of local traditions and universal themes, *Spring Flowers, Spring Frost* is a masterpiece belonging to Kadare's purest classical vein.

**Tom Brown's School Days** - Thomas Hughes 1858

*The Pyramid* - Ismail Kadare 2011-11-21

Egypt in the twenty-sixth century BC. The young pharaoh Cheops wants to forgo the construction of a pyramid in his honor, but his court sages hasten to persuade him otherwise. The pyramid, they tell him, is not a tomb but a paradox, designed to appease the masses by oppressing them. It is a symbol of nothing, a useless and infinite project designed to waste the country's wealth and keep security and prosperity, ever the fonts of sedition, constantly at bay. And so the greatest pyramid in the world has ever seen begins to rise. Rumors multiply. A secret police is formed. Conspiracies—real and imagined—swirl around the rising edifice. The most drastic purges follow. By the time the first stone is laid, Cheops's subjects are terrified enough to yield to his most murderous whims. Each time one of the massive stones is hoisted into place, dozens of men are crushed, and there are tens of thousands of stones. . . .
