**Diplomatic and Political Interpreting Explained** - Mira Kadrić 2021-07-28

The role of the interpreter at international meetings of politicians and diplomats is a critical one. This book examines the history of diplomacy and diplomatic interpreting as well as the rules and realities of modern diplomatic relations. Building on interviews with interpreters, diplomats and politicians, it examines language as a tool of diplomatic and political communication, the role of interpreters in diplomacy, and the different forms of interaction and communicative behaviour interpreters face and exhibit. The book covers the different ways in which interpreters manage information, expressivity, and interaction, and what diplomats think about it. Each chapter presents key concepts and definitions; examples from existing literature are combined with interviews conducted with professional interpreters as well as seasoned diplomats and politicians to illustrate their relevance in interpreting practice. With activities for group work and self-study, including analysis and discussion of real-life interpreted diplomatic or political events, this book offers a range of interpreting exercises that encourage students to apply the different strategies discussed in the book. Weaving together the voices of interpreters, diplomats, and politicians with a systematic look at the theory and practice of interpreting in diplomatic settings, this is not only an essential textbook for interpreting students and educators but will also be of interest to professional interpreters and students and scholars of politics and international relations. **The Early Church** - Henry Chadwick 1990

Chadwick's Early Church covers, as the book cover suggests, "the story of emergent Christianity from the apostolic age to the dividing of the ways between the Greek East and the Latin West." The story unfolds with the Jewish and Roman background within which the beginning church was nourished. It then goes on to show how important it is for the church to establish order and unity amidst threats of persecution and heresy. The emergence of apologists helps not only the expansion of the church but also the construction of Christian doctrine. At the same time, controversies abound as the church encountered many different cultural and sociological challenges while trying out in reaction a variety of ideas. With chapter seven, the relation between church and state changes, resulting in a stronger influence of the state upon the church while accelerating the split between the Latin West and the Greek East. The Arian controversy shows a period of instability between state and church, and also deepens the split of East and West. But within the turmoil, ascetic practice, papacy, liturgy, and art are established, helping to transmit a common European culture while the Roman Empire begins to degenerate.

**Medea and Her Children** - Ludmila Ulitskaya 2007-12-18

Medea Georgievna Sinoply Mendez is an iconic figure in her Crimean village, the last remaining pure-blooded Greek in a family that has lived on that coast for centuries. Childless Medea is the touchstone of a large family, which gathers each spring and summer at her home. There are her nieces (sexy Nike and shy Masha), her nephew Georgii (who shares Medea's devotion to the Crimea), and their friends. In this single summer, the languor of love will permeate the Crimean air, hearts will be broken, and old memories will float to consciousness, allowing us to experience not only the shifting currents of erotic attraction and competition, but also the dramatic saga of this family amid the forces of dislocation, war, and upheaval of

twentieth-century Russian life.

**Weiss's Herbal Medicine** - Rudolf Fritz Weiss 2001

The classic edition is back! First published in 1988, Weiss's Herbal Medicine is revered by herbalists and medical professionals alike as the seminal work in the field of phytotherapy. This book has established itself as an indispensable resource and is widely acknowledged as the key text in the field of medical herbalism. You will find clear, detailed information on treating conditions ranging from colds and influenza to rheumatic problems, metabolic and endocrine disorders, cancer, and much more. Conveniently arranged by organ system, the text provides guidelines for prescribing herbal remedies, with sections on dosage, application, and precautionary measures. Plus, for each plant discussed, you will find lists of their occurrence, botanical features, differentiation from related species, constituents, and medical benefits. Proprietary formulations, full references, and a comprehensive subject index of almost 2,000 entries round out the superb coverage! Weiss's life's work examines the subject of herbal medicine from both a clinical and practical viewpoint, incorporating his personal observations and clinical experience with scientific studies. This material formed the basis of Herbal Medicine, 2E, also by Thieme. The second edition, revised, expanded and modernized by Volker Fintelmann, streamlines the work into a more clinical text, incorporating the latest scientific research and Commission E findings on the efficacy of herbs. This edition is recommended for allopathic physicians and other medical professionals who are new to the field of herbal medicine. Professor Rudolf Fritz Weiss (1895-1991) is highly regarded as the founding father of modern German phytotherapy. He studied botany and medicine at the University of Berlin, qualifying as a doctor in 1922 and subsequently taking additional qualifications in internal medicine. A teaching post in herbal medicine was interrupted by war service as an army doctor, followed by seven years in Russian captivity as a doctor in prisoner-of-war camp hospitals. After retiring from clinical practice in 1961, he devoted his life to the scientific development and acceptance of herbal medicine. Weiss was appointed as a member of the German Commission E in 1978. He was founder and editor of the Zeitschrift fuer Phytotherapie, and lectured on current advances in the subject at the University of Tuebingen.

*High as the Waters Rise* - Anja Kampmann 2020-09-15

This "gorgeously written" National Book Award finalist is a dazzling, heart-rending story of an oil rig worker whose closest friend goes missing, plunging him into isolation and forcing him to confront his past (NPR, One of the Best Books of the Year). One night aboard an oil drilling platform in the Atlantic, Waclaw returns to his cabin to find that his bunkmate and companion, Mátyás, has gone missing. A search of the rig confirms his fear that Mátyás has fallen into the sea. Grief-stricken, he embarks on an epic emotional and physical journey that takes him to Morocco, to Budapest and Mátyás's hometown in Hungary, to Malta, Italy, and finally to the mining town of his childhood in Germany. Waclaw's encounters along the way with other lost and yearning souls—Mátyás's angry, grieving half-sister; lonely rig workers on shore leave; a truck driver who watches the world change from his driver's seat—bring us closer to his origins while also revealing the problems of a globalized economy dependent on waning natural resources. High as the Waters Rise is a stirring exploration of male intimacy, the nature of memory and grief, and the cost of freedom—the story of a man who stands at the margins of a society from which he has profited little, though its functioning depends on his labor.

**Empire Antarctica** - Gavin Francis 2013-09-16

Gavin Francis fulfilled a lifetime's ambition when he spent fourteen months as the basecamp doctor at Halley, a profoundly isolated British research station on the Caird Coast of Antarctica. So remote, it is said to be easier to evacuate a casualty from the International Space Station than it is to bring someone out of Halley in winter. Antarctica offered a year of unparalleled silence and solitude, with few distractions and a very little human history, but also a rare opportunity to live among emperor penguins, the only species truly at home in the Antarctic. Following Penguins throughout the year -- from a summer of perpetual sunshine to months of winter darkness -- Gavin Francis explores the world of great beauty conjured from the simplest of elements, the hardship of living at 50 c below zero and the unexpected comfort that the penguin community bring. Empire Antarctica is the story of one man and his fascination with the world's loneliest continent, as well as the emperor penguins who weather the winter with him. Combining an evocative narrative with a sublime sensitivity to the natural world, this is travel writing at its very best

Police Inspector Eberhard Mock's weekly assignation with two ladies of the night is interrupted as he is called to investigate. But uncovering the truth is no straightforward matter in Breslau. The city is in the grip of the Gestapo, and has become a place where spies are everywhere, corrupt ministers torture confessions from Jewish merchants, and Freemasons guard their secrets with blackmail and violence. And as Mock and his young assistant Herbert Anwaldt plunge into the city's squalid underbelly the case takes on a dark twist of the occult when the mysterious note seems to indicate a ritual killing with roots in the Crusades ...

**Goethe and Anna Amalia** - Ettore Ghibellino 2007

**Music as Concept and Practice in the Late Middle Ages** - Reinhard Strohm 2001

'Music as Concept and Practice in the Late Middle Ages' is an entirely new addition to the New Oxford History of Music series rather than a revision of the volume's predecessor published in 1960. It takes account not only of the developments in late-medieval music scholarship during the latter decades of the twentieth century, but also of the experience gained through significant changes in the performance practice of the late-medieval repertory witnessed during this period. All the chapters include areas of discussion whose coverage in the series hitherto has been either wholly lacking or, at best, marginal: Muslim and Jewish musical traditions of the Middle Ages, late-medieval office chant, medieval dance music, musical instruments in society, music in Central and Eastern Europe, music theory of the fourteenth and fifteenth centuries, music and early Renaissance humanism. The first chapter and the last three present the conceptualization of music in speculative theory, philosophy, compositional and didactic practice, and musical historiography. Four chapters, and part of the first, illustrate important musical repertoires and genres as they were developed within diverse societies. The eight authors - all of them with a long-standing interest in their respective subjects - have created through their collaboration a blend of mature scholarship and original investigation. The volume's novelty of approach and content is complemented by a firm anchorage in the specialist literature and documentary source material. Today, no single view of 'the Middle Ages' can be acceptable to the musician or to the historian. The present volume, which addresses itself to both, provides solid information on formerly marginal themes, and advocates further exploration of the 'other' Middle Ages.

*Mesopotamia* - Serhiï Zhadan 2018-01-01

A unique work of fiction from the troubled streets of Ukraine, giving invaluable testimony to the new history unfolding in the nation's post-independence years "One of the most astounding novels to come out of modern Ukraine. Mesopotamia is seductive, twisted, brilliant, and fierce."--Gary Shteyngart, author of Little Failure and Absurdistan This captivating book is Serhiy Zhadan's ode to Kharkiv, the traditionally Russian-speaking city in Eastern Ukraine where he makes his home. A leader among Ukrainian post-independence authors, Zhadan employs both prose and poetry to address the disillusionment, complications, and complexities that have marked Ukrainian life in the decades following the Soviet Union's collapse. His novel provides an extraordinary depiction of the lives of working-class Ukrainians struggling against an implacable fate: the road forward seems blocked at every turn by demagogic forces and remnants of the Russian past. Zhadan's nine interconnected stories and accompanying poems are set in a city both representative and unusual, and his characters are simultaneously familiar and strange. Following a kind of magical-realist logic, his stories expose the grit and burden of stalled lives, the universal desire for intimacy, and a wistful realization of the off-kilter and even perverse nature of love.

**Gentleman Jack** - Angela Steidele 2018-11-01

Longlisted for the 2019 Portico Prize The extraordinary life of history's first modern lesbian who inspired the popular television series Gentleman Jack. Anne Lister's journals were so shocking that the first person to crack their secret code hid them behind a fake panel in his ancestral home. Anne Lister was a Regency landowner, an intrepid world traveller ... and an unabashed lover of other women. In this bold new biography, prizewinning author Angela Steidele uses the diaries to create a portrait of Anne Lister as we've never seen her before: a woman in some ways very much of her time and in others far ahead of it. Anne Lister recorded everything from the most intimate details of her numerous liaisons through to her plans to make her fortune by exploiting the coal seams under her family estate in Halifax and her reaction to the Peterloo massacre. She conducted a love life of labyrinthine complexity, all while searching for a girlfriend who could provide her with both financial security and true love. Anne Lister's rich and unconventional life is now the subject of the major BBC TV drama series Gentleman Jack.

But You Did Not Come Back - Marceline Loridan-Ivens 2016-01-05

"You might come back, because you're young, but I will not come back."—Marceline Loridan's father to her, 1944 A runaway bestseller in France, *But You Did Not Come Back* has already been the subject of a French media storm and hailed as an important new addition to the library of books dealing with the Holocaust. It is the profoundly moving and poetic memoir by Marceline Loridan-Ivens, who at the age of fifteen was arrested in occupied France, along with her father. Later, in the camps, he managed to smuggle a note to her, a sign of life that made all the difference to Marceline—but he died in the Holocaust, while Marceline survived. In *But You Did Not Come Back*, Marceline writes back to her father, the man whose death overshadowed her whole life. Although her grief never diminished in its intensity, Marceline ultimately found her calling, working as both an activist and a documentary filmmaker. But now, as France and Europe in general faces growing anti-Semitism, Marceline feels pessimistic about the future. Her testimony is a memorial, a confrontation, and a deeply affecting personal story of a woman whose life was shattered and never totally rebuilt.

*Singapore and Switzerland* - Yvonne Guo 2016-07-22

The cases of Singapore and Switzerland present a fascinating puzzle: how have two small states achieved similar levels of success through divergent pathways? Are both approaches equally sustainable, and what lessons do they hold for each other? While Singapore is the archetypal developmental state, whose success can be attributed to strong political leadership and long-term planning, Switzerland's success is a more organic process, due to the propitious convergence of strong industries and a resilient citizenry. Yet throughout the course of their development, both countries have had to deal with the dual challenges of culturally heterogeneous populations and challenging regional contexts. Edited by Yvonne Guo and Jun Jie Woo, with forewords from Ambassadors Thomas Kupfer and Tommy Koh, *Singapore and Switzerland: Secrets to Small State Success* features contributions from distinguished scholars and policymakers who explore the dynamics of two small states which have topped international rankings in a dazzling array of policy areas, from economic competitiveness to education to governance, but whose pathways to success could not be more different. *The Price of Monotheism* - Jan Assmann 2009-10-29

Nothing has so radically transformed the world as the distinction between true and false religion. In this nuanced consideration of his own controversial *Moses the Egyptian*, renowned Egyptologist Jan Assmann answers his critics, extending and building upon ideas from his previous book. Maintaining that it was indeed the Moses of the Hebrew Bible who introduced the true-false distinction in a permanent and revolutionary form, Assmann reiterates that the price of this monotheistic revolution has been the exclusion, as paganism and heresy, of everything deemed incompatible with the truth it proclaims. This exclusion has exploded time and again into violence and persecution, with no end in sight. Here, for the first time, Assmann traces the repeated attempts that have been made to do away with this distinction since the early modern period. He explores at length the notions of primary versus secondary religions, of "counter-religions," and of book religions versus cultic religions. He also deals with the entry of ethics into religion's very core. Informed by the debate his own work has generated, he presents a compelling lesson in the fluidity of cultural identity and beliefs.

*Father and Son* - E. O. Plauen 2017-05-09

*Father and Son* is one of the most beloved comic strips ever drawn—an uproarious, timeless ode to the pleasures, pitfalls, and endless absurdity of family life. *Father and Son* is a slyly heartwarming, dizzyingly inventive classic in the tradition of Calvin and Hobbes and *The Simpsons*. Created in 1934 by the German political cartoonist Erich Ohser (using the pseudonym E.O. Plauen after being blacklisted for his opposition to the Nazi regime), the gruff, loving, mustachioed father and his sweet but troublemaking son embark on adventures both everyday and extraordinary: family photoshoots and summer vacations, shipwrecks and battles with gangsters, a Christmas feast with forest animals and a trip to the zoo. Drawn almost entirely without dialogue, the strips overflow with slapstick, fantasy, and anarchic visual puns. *Father and Son* remains an uproarious, timeless ode to the pleasures, pitfalls, and endless absurdity of family life. This NYRC edition is an extra-wide hardcover with raised cover image, and features new English hand-lettering.

**Cityscaping** - Therese Fuhrer 2015-05-19

The term 'cityscaping' is here introduced to characterise the creative process through which the image of the city is created and represented in various media—text, film and artefacts. It thus turns attention away from built urban spaces and onto mental images of cities. One focus is on the question of which literary, visual and acoustic means prompt their recipients' spatial imagination; another is to inquire into the semantics and functions that are ascribed to the image of a city as constructed in various media. The

examples of ancient texts and works of art, and modern literature and films, are used to elucidate the artistic potential of images of the city and the techniques by which they are semanticised. With its interdisciplinary approach, the volume for the first time makes clear how strongly mental images of urban space, both ancient and modern, have been shaped by the techniques of their representation in media.

Europa Erlesen Zentralasien - Dareg A. Zabarah 2017-05-01

*All Russians Love Birch Trees* - Olga Grjasnova 2014-01-07

An award-winning debut novel about a quirky immigrant's journey through a multicultural, post-nationalist landscape. Set in Frankfurt, *All Russians Love Birch Trees* follows a young immigrant named Masha. Fluent in five languages and able to get by in several others, Masha lives with her boyfriend, Elias. Her best friends are Muslims struggling to obtain residence permits, and her parents rarely leave the house except to compare gas prices. Masha has nearly completed her studies to become an interpreter, when suddenly Elias is hospitalized after a serious soccer injury and dies, forcing her to question a past that has haunted her for years. Olga Grjasnova has a unique gift for seeing the funny side of even the most tragic situations. With cool irony, her debut novel tells the story of a headstrong young woman for whom the issue of origin and nationality is immaterial—her Jewish background has taught her she can survive anywhere. Yet Masha isn't equipped to deal with grief, and this all-too-normal shortcoming gives a particularly bittersweet quality to her adventures.

*Little Infamies* - Panos Karnezis 2004-03-01

Cunning, fantastical tales about a Greek village of the imagination, from a startling new talent Panos Karnezis' remarkable stories are all set in the same nameless Greek village. His characters are the people who live there—the priest, the whore, the doctor, the seamstress, the mayor—and the occasional animal: a centaur, a parrot that recites Homer, a horse called History. Their lives intersect, as lives do in a small place, and they know each other's secrets: the hidden crimes, the mysteries, the little infamies that men commit. Karnezis observes his villagers with a worldly eye, and creates a place where magic invariably loses out to harsh reality, a place full of passion, cruelty, and deep reserves of black humor. These stories recall the masters of the form—the wit and sophisticated playfulness of Saki and the primal fatalism of Prosper Merimee—but they are utterly original and prove that Karnezis is one of the freshest new voices in English fiction.

Along the Trenches - Navid Kermani 2019-11-11

Between Germany and Russia is a region strewn with monuments to the horrors of war, genocide and disaster – the bloodlands where the murderous regimes of Hitler and Stalin unleashed the violence that scarred the twentieth century and shaped so much of the world we know today. In September 2016 the German-Iranian writer Navid Kermani set out to discover this land and to travel along the trenches that are now re-emerging in Europe, from his home in Cologne through eastern Germany to the Baltics, and from there south to the Caucasus and to Isfahan in Iran, the home of his parents. This beautifully written travel diary, enlivened by conversations with the people Kermani meets along the way, brings to life the tragic history of these troubled lands and shows how this history leaves its traces in the present. It will be of great interest to anyone concerned with current affairs and with the events that have shaped, and continue to shape, the world in which we live today.

*Botschafter in zwei deutschen Staaten* - Friedrich Bauer 2006

Geschichte der Krim - Kerstin S. Jobst 2020-06-08

Die Ende Februar 2014 beginnende sog. Krim-Krise endete mit der Annexion der völkerrechtlich zur Ukraine gehörenden Halbinsel durch die Russländische Föderation. Dieses Ereignis machte nicht zuletzt der deutschsprachigen Öffentlichkeit deutlich, dass die Halbinsel Krim mehr oder weniger immer noch eine terra incognita für sie ist, über deren Vergangenheit selbst historisch Interessierte nur wenig wissen. Mit großem Erstaunen wird seitdem u.a. gefragt, warum die Krim für Russland eine so große Bedeutung hat, dass sie bereit ist, die Ächtung der Weltgemeinschaft und wirtschaftliche Sanktionen auf sich zunehmen. Tatsächlich ist die 1783 annektierte Krim für die überwiegende Zahl der Russen ein hoch emotionalisierter, unveräußerlicher Teil Russlands. Deren Geschichte ist aber sehr viel älter – und über die längste Zeit spielten Russen dort keine Rolle. Griechische Kolonisten, eurasische Reitervölker, Krimtataren und andere gestalteten vielmehr ihr Schicksal. In diesem Buch von Kerstin S. Jobst, die eine international anerkannte Expertin der Krim-Geschichte ist, wird diese in ihrer Komplexität erzählt.
