The Bone Garden - Tess Gerritsen 2007-09-18

Unknown bones, untold secrets, and unsolved crimes from the distant past cast ominous shadows on the present in the dazzling new thriller from New York Times bestselling author Tess Gerritsen. Present day: Julia Hamill has made a horrifying discovery on the grounds of her new home in rural Massachusetts: a skull buried in the rocky soil—human, female, and, according to the trained eye of Boston medical examiner Maura Isles, scarred with the unmistakable marks of murder. But whoever this nameless woman was, and whatever befell her, is knowledge lost to another time. Boston, 1830: In order to pay for his education, Norris Marshall, a talented but penniless student at Boston Medical College, has joined the ranks of local “resurrectionists”—those who plunder graveyards and harvest the dead for sale on the black market. Yet even this ghoulish commerce pales beside the shocking murder of a nurse found mutilated on the university hospital grounds. And when a distinguished doctor meets the same grisly fate, Norris finds that trafficking in the illicit cadaver trade has made him a prime suspect. To prove his innocence, Norris must track down the only witness to have glimpsed the killer: Rose Connolly, a beautiful seamstress from the Boston slums who fears she may be the next victim. Joined by a sardonic, keenly intelligent young man named Oliver Wendell Holmes, Norris and Rose comb the city—from its grim cemeteries and autopsy suites to its glittering mansions and centers of Brahmin power—on the trail of a maniacal fiend who lurks where least expected . . . and who waits for his next lethal opportunity. With unflagging suspense and pitch-perfect period detail, *The Bone Garden* deftly interweaves the thrilling narratives of its nineteenth- and twenty-first century protagonists, tracing the dark mystery at its heart across time and place to a finale as ingeniously conceived as it is shocking. Bold, bloody, and brilliant, this is Tess Gerritsen’s finest achievement to date. This ebook edition contains a special preview of Tess Gerritsen’s *I Know a Secret*. "The story, which digs up a dark Boston of times long past, entices readers to keep turning pages long after their bedtimes."—Kirkus Reviews (starred)

The Stars Below (Vega Jane, Book 4) - David Baldacci 2019-02-26

THIS. MEANS. WAR. The explosive conclusion to David Baldacci's instant #1 worldwide bestselling and award-winning fantasy series.

Crime Scene - Jonathan Kellerman 2017-08-01

NEW YORK TIMES BESTSELLER • A former star athlete turned deputy coroner is drawn into a brutal, complicated murder in this psychological thriller from a father-son writing team that delivers “brilliant, page-turning fiction” (Stephen King). Natural causes or foul play? That’s the question Clay Edison must answer each time he examines a body. Figuring out motives and chasing down suspects aren’t part of his beat—not until a seemingly open-and-shut case proves to be more than meets his highly trained eye. Eccentric, reclusive Walter Rennert lies cold at the bottom of his stairs. At first glance the scene looks straightforward: a once-respected psychology professor, done in by booze and a bad heart. But his daughter Tatiana insists that her father has been murdered, and she persuades Clay to take a closer look at the grim facts of Rennert’s life. What emerges is a history of scandal and violence, and an experiment gone horribly wrong that ended in the brutal murder of a coed. Walter Rennert, it appears, was a broken man—and maybe a marked one. And when Clay learns that a colleague of Rennert’s died in a nearly identical manner, he begins to question everything in the official record. All the while, his relationship with Tatiana is evolving into something forbidden. The closer they grow, the more determined he becomes to catch her father’s killer—even if he has to overstep his bounds to do it. The twisting trail Clay follows will lead him into the darkest corners of the human soul. It’s his job to listen to the tales the dead tell. But this time, he’s part of a story that makes his blood run cold. Praise for *Crime Scene* “You could drive yourself crazy trying to figure out who wrote what. . . . But whoever came up with the fine line, ‘When I meet new people, they’re usually dead,’ should pat himself on the back.”—The New York Times Book Review “A terrific book . . . Put *Crime Scene* at the top of your reading pile.”—Bookreporter “A character-driven, intricately plotted whodunit . . . Mystery readers will devour the book and look forward to the next father and son collaboration.”—Press Republican

For Dr. Abby DiMatteo, the long road to Boston’s Bayside Hospital has been anything but easy. Now, immersed in the grinding fatigue of her second year as a surgical resident, she’s elated when the hospital’s elite cardiac transplant team taps her as a potential recruit. But Abby soon makes an anguished, crucial decision that jeopardizes her entire career. A car crash victim’s healthy heart is ready to be harvested; it is immediately cross-matched to a wealthy private patient, Nina Voss. Abby hatches a bold plan to make sure that the transplant goes instead to a dying seventeen-year-old boy who is also a perfect match. The repercussions are powerful and swift and Abby is shaken but unrepentant—until she meets the frail, tormented Nina. Then a new heart for Nina Voss suddenly appears, her transplant is completed, and Abby makes a terrible discovery: Nina’s heart has not come through the proper channels. Defying Bayside Hospital’s demands for silence, Abby plunges into an investigation that reveals an intricate, and murderous, chain of deceptions. Every move Abby makes spawns a vicious backlash and, in a ship anchored in the stagnant waters of Boston Harbor, a final, grisly discovery lies waiting...

Rizzoli & Isles: Listen to Me - Tess Gerritsen 2022-07-05

NATIONAL BESTSELLER • Rizzoli & Isles are back! From New York Times bestselling author Tess Gerritsen, this “shocking and fast-paced” (Karin Slaughter) thriller has Jane and Maura investigating a brutal murder with dire implications, and this time, with Jane’s intrepid mother, Angela, looking into a mystery of her own. “An utter pleasure to keep readerly company with.”—The New York Times Mothers know best . . . But who will listen? Boston homicide detective Jane Rizzoli and medical examiner Maura Isles are newly plagued by what seems like a completely senseless murder. Sofia Suarez, a widow and nurse who was universally liked by her neighbors, lies bludgeoned to death in her own home. But anything can happen behind closed doors, and Sofia seemed to have plenty of secrets in her last days, making covert phone calls to traceless burner phones. When Jane finally makes a connection between Sofia and the victim of a hit-and-run from months earlier, the case only grows more blurry. What exactly was Sofia involved in? One thing is clear: The killer will do anything it takes to keep their secret safe. Meanwhile, Angela Rizzoli hasn’t had a decent night’s sleep in all the years since her daughter became a homicide detective. Maybe the apple didn’t fall too far from the tree: Nothing in Angela’s neighborhood gets by her—not the gossip about a runaway teenager down the block and definitely not the strange neighbors who have just moved in across the street. Angela’s sure there’s no such thing as coincidence in her sleepy suburb. If only Jane would listen—instead she writes off Angela’s concerns as the result of an overactive imagination. But Angela’s convinced there’s a real wolf in her vicinity, and her cries might now fall on deaf ears. With so much happening on the Sofia case, Jane and Maura already struggle to see the forest for the trees, but will they lose sight of something sinister happening much closer to home?

Die Again: A Rizzoli & Isles Novel - Tess Gerritsen 2015-09-29

NEW YORK TIMES BESTSELLER Detective Jane Rizzoli and medical examiner Maura Isles are back—and they're going into the wild to find a killer. *Die Again* is the latest heart-pounding thriller in Tess Gerritsen's bestselling series, the inspiration behind TNT's hit show *Rizzoli & Isles*. When Boston homicide detective Jane Rizzoli and medical examiner Maura Isles are summoned to a crime scene, they find a killing worthy of the most ferocious beast—right down to the claw marks on the corpse. But only the most sinister human hands could have left renowned big-game hunter and taxidermist Leon Gott gruesomely displayed like the once-proud animals whose heads adorn his walls. Did Gott unwittingly awaken a predator more dangerous than any he's ever hunted? Maura fears that this isn't the killer's first slaughter, and that it won't be the last. After linking the crime to a series of unsolved homicides in wilderness areas across the country, she wonders if the answers might actually be found in a remote corner of Africa. Six years earlier, a group of tourists on safari fell prey to a killer in their midst. Marooned deep in the bush of Botswana, with no means of communication and nothing but a rifle-toting guide for protection, the terrified tourists desperately hoped for rescue before their worst instincts—or the wild animals prowling in the shadows—could tear them apart. But the deadliest predator was already among them, and within a week, he walked away with the blood of all but one of them on his hands. Now this killer has chosen Boston as his new hunting ground, and Rizzoli and Isles must find a way to lure him out of the shadows and into a cage. Even if it means dangling the bait no hunter can resist: the one victim who got away. Advance praise for *Die Again* “With *Die Again*, Tess Gerritsen proves that she is still at the top of her game. I love this fantastically gripping story and can't wait for more.”—Karin Slaughter “Tess Gerritsen always delivers, and this is Gerritsen at her dark, addictive best. What gives *Die Again* its peculiar charge is the idea, never far from the surface, that we humans are predatory animals like any other. Perhaps we should not be so surprised to find hunters among us.”—William Landay “Animal instinct turns savage—and man is an animal. A *Rizzoli and Isles* thriller is a guaranteed great read, but this time out Gerritsen really brings on the scary!”—Sandra Brown “Tess Gerritsen once again proves her masterful dominance in stories delving into the criminal mind and forensic sciences. *Die Again* left me breathless as Rizzoli and Isles investigate a horrific murder, one with ties to an unsolved massacre in years past. Here is a story both harrowing and as intellectually sharp as a dagger's edge. I dare you to try to stop reading this once you've started.”—James Rollins “Harrowing! Seamlessly melding the gritty streets of Boston with the golden plains of Africa, Tess Gerritsen sets up a cunning predator who's spent years perfecting his game. Now enter Rizzoli and Isles, two of Boston's best determined to catch one of the world's worst in a battle of wits where only the strong can survive. This is Tess Gerritsen at her finest!”—Lisa Gardner
