'Food for Apollo' - Dorothy T. Potter

2011-05-12

'Food for Apollo:' Cultivated Music in Antebellum Philadelphia details the evolution and significance in that city of what is often called 'classical' music. Performances in a variety of settings, from 'long rooms' in taverns to large theatres and concert halls, facilitated this process over approximately 100 years. Philadelphia's thriving music publishing trade, award-winning pianos, and its literary magazines helped supply the desire of America's middle and upper classes for culture and refinement. It was

not uncommon in antebellum America to intersperse cultivated works with vernacular tunes, in concerts and even operas in English translation. While a number of European composers enjoyed substantial fame, Wolfgang Amadeus Mozart is the primary example in this study. He was chosen because of the adaptability of his music to domestic entertainments, and the public's fascination with his life as a prodigy and tragic genius.

The Alexander Scriabin Companion - Lincoln Ballard 2017-06-27

This unique collaboration between a musicologist and two pianists - all experts in Russian music - takes a fresh look at the supercharged music and polarizing reception of the Russian composer Alexander Scriabin. From his Chopin-inspired miniatures to his genre-bending symphonies and avant-garde late works, Scriabin left a unique mark on music history.

Scriabin's death centennial in 2015 brought wider exposure and renewed attention to this pioneering composer. Music lovers who are curious about Scriabin have been torn between specialized academic studies and popular sources that glamorize his interests and activities, often at the expense of historical accuracy. This book bridges the divide between these two branches of literature, and brings a modern perspective to his music and legacy. Drawing on archival materials, primary sources in Russian, and recently published books and articles, Part One details the reception and performance history of Scriabin's solo piano and orchestral music. High quality recordings are recommended for each piece. Part Two explores four topics in Scriabin's reception: the myths generated by Scriabin's biographers, his claims to synaesthesia or "color-hearing," his revival in 1960s America as a proto-Flower Child, and the charges of anti-Russianness leveled against his music. Part Three investigates stylistic context

and performance practice in the piano music, and considers the domains of sound, rhythm, and harmony. It offers interpretive strategies for deciphering Scriabin's challenging scores at the keyboard. Students, scholars, and music enthusiasts will benefit from the historical insights offered in this interdisciplinary book. Armed with this knowledge, readers will be able to better appreciate the stylistic innovations and colorful imagination of this extraordinary composer.

Rock the Audition - Sheri Sanders 2019-11

How to Go to the Movies - Quentin Crisp
2003-12-31

Since moving to New York City over a decade ago, Quentin Crisp has brought his love of the cinema and his notorious wit together in a series of essays on films and film stars. A veteran film-goer of seventy years who has kept a vigilant eye on changing Hollywood styles and the public tastes that follow, Mr. Crisp discusses both films and stars with his typical panache and dexterity and leads his readers with polite madness to a clear, straightforward moral, proving himself to be an unexpected champion of good sense. Along the way Mr. Crisp shares his personal encounters with the likes of Lillian Gish, John Hurt, David Hockney, Divine, Sting, and Geraldine Page. Prefaced by longer essays on

the essence of stardom, the nature of Hollywood, and the deplorable state of that town today, Mr. Crisp's book is a delight to read.

The Little Black Ukulele Songbook - Hal Leonard Corp 2019-05-27
