Governance of Security and Ignored Insecurities in Contemporary Europe - Salvatore Palidda 2016-04-14

This book explores changes in security governance in Europe from the 1990s, focusing on some of the most important consequences: the proliferation of ignored insecurities, including the increase of oncological diseases, environmental disasters, shadow economies reproducing neo-slavery and fiscal fraud, and the general damage to the res publica. What is the articulation of removal, reclamation and consequently the implementation of devices and the establishing of prevention practices? Why are the majority of victims and also the control agency professionals seemingly resigned to these ignored insecurities? Following more than 20 years of research in the area, the authors examine these questions and how the securitisation of society has been exacerbated. They argue that the primary cause of the increase in ignored insecurities is the consequence of the neoliberal turn in security governance. This book proposes an innovative approach to security governance, not only through a serious analysis of the balance of the costs and benefits, but also highlighting what is here termed 'ignored insecurities'. The authors propose a review of the problems, showing that the governance of security is a crucial element of the contemporary political organisation of society. The book ends with an innovative reflection on the Anthropocene debate and the COP21 summit which took place in Paris in December 2015.

Sacred Politics, Natural Law and the Law of Nations in the 16th-17th Centuries - 2022-01-10

A fresh look at the importance of natural and international law in the religious politics at the heartlands of the Reformation, from the Low Countries, the German principalities up to Transylvania; from Niels Hemmingsen to Gian Battista Vico; from religious reasons for the universalist claims of natural law to political arguments for the sacred polity, their tension and creative potential.

The European Union: How Democratic Is It? - Svein S Andersen 1996-02-27

Taking as its starting point the major issues of democracy which are the ongoing concerns of every liberal Western political system, this volume offers a wide-ranging review of democracy in the European Union. It treats the EU as a new type of political system within the tradition of parliamentary democracies, a system which is neither federal nor intergovernmental, and which consequently has unique problems of how to handle democratic requirements. Part One deals with the two major challenges of interest articulation in the EU, political parties and lobbying. The second part discusses how democracy becomes the key element in the linkage between the EU and its member states, focusing on France, Italy and Belgium where the r

Love, Self-deceit, and Money - Koen Stapelbroek 2008-01-01

"In Love, Self-Deceit, and Money, Koen Stapelbroek reconstructs the early Neapolitan Enlightenment

debate on the morality of market societies, a debate that hinged on the preservation of Naples' independent statehood in a global arena of commercial and military competition. Galiani rejected the opinions of many of his contemporaries regarding the moral and economic dangers threatening Naples, and, in his *Della moneta* (1751), he justified the systems set in place by the Neapolitan government. With reference to early, previously unstudied lectures on self-deceptive 'Platonic love,' Stapelbroek examines Galiani's role in the wider debate, arguing that his early work in moral philosophy and history suggests a great deal about his political-economic stance, including his assertion that money is the ultimate ordering principle in the universe."--Jacket.

Ardeth #06 (I - Spring 2020) - AA.VV. 2020-10-16

Incorporating contingency into our fundamental thinking about architecture contradicts the way we theorize, practice, and historicize the field. Accidents happen, yet architects rarely let chance play a role in their visions. How contingency play a role in architectural design and thinking? How designers incorporate change in their practice? The forward-facing nature of contingency scholarship, if we give it a name, may embed possible worlds that are more just, more compassionate, and more aware of the inequalities that accompany the uneven distribution of the most vital resource in our times: space. This issue began with the aim of exploring contingency thinking, and is completed from within contingent times, when nothing seems certain and contingency is less a lens than the air we breathe.

Studia Aethiopica - Verena Böll 2004

For over a quarter of a century Siegbert Uhlig has been involved in Ethiopian Studies. As wide as the scope of his interests and contributions to Ethiopian Studies has been, so versatile is the thematic range of the 36 articles in this anthology. The essays in fields such as philology, history, linguistics, anthropology and arts were written by the ethiopisants from Ethiopia, Germany, Israel, Italy, the Netherlands, Poland, Russia, Sweden, Thailand, the United Kingdom and the USA. The Festschrift also includes an account of Ethiopian Studies in Hamburg, and a selected bibliography of Siegbert Uhlig's publications. An index to the contributions of the collection will be made available on the internet. List of contributors: L. Gerhardt, J. Abbink, H. Amborn, D. Appleyard, B. Zewde, B. Tafla, E. L'enciclica «Mater et Magistra»: linee generali e problemi particolari - T. Mulder 1963

Dalla prefazione dei curatori: dopo la settimana di studi sull'Enciclica Mater et Magistra tenutasi nella Pontificia Università Gregoriana dal 23 al 27 ottobre 1961, non pochi ci hanno partecipato il desiderio di vederne pubblicate le conferenze. Ci è sembrato utile completare la pubblicazione con alcuni argomenti non trattati nelle cinque conferenze della Settimana. Con l'assenso del Card. Giuseppe Pizzardo e degli altri Rev.mi relatori, abbiamo invitato alcuni professori dell'Istituto di Scienze Sociali e il R.P. Domenico Grasso professore di teologia pastorale a dare un loro contributo con studi su altri problemi posti nell'Enciclica. In tal modo è stato possibile dare un'immagine completa del documento Pontificio anche se il pensiero di tutti i collaboratori non sempre coincide nella stessa maniera. Non desti pertanto meraviglia il fatto che la nuova Enciclica sia per il suo ricco contenuto sia per le divergenze valutative della Rerum Novarum e Quadragesimo anno esistenti tra le varie scuole cattoliche, si presti ad interpretazioni non sempre pienamente identiche.

Cultural Transfer through Translation - 2010-01-01

Given that the dissemination of enlightened thought in Europe was mostly effected through translations, the present collection of essays focuses on how its cultural adaptation took place in various national contexts. For the first time, the theoretical model of 'cultural transfer' (Espagne/Werner) is applied to the eighteenth century: The intercultural dynamics of the Enlightenment become manifest in the transformation process between the original and target cultures, be it by way of acculturation, creative enhancement, or misunderstanding. Resulting in shifts of meaning, translations offer a key not just to contemporary translation practice but to the discursive network of the European Enlightenment in general. The case studies united here explore both how translations contributed to the transnational standardisation of certain key concepts, values and texts, and how they reflect national specifications of enlightened discourses. Hence, the volume contributes to Enlightenment studies, at least as much as to historical translation studies.

Italy and the Middle East - Paolo Soave 2020-12-10

Italy played a vital role in the Cold War dynamics that shaped the Middle East in the latter part of the 20th century. It was a junior partner in the strategic plans of NATO and warmly appreciated by some Arab countries for its regional approach. But Italian foreign policy towards the Middle East balanced between promoting dialogue, stability and cooperation on one hand, and colluding with global superpower manoeuvres to exploit existing tensions and achieve local influence on the other. Italy and the Middle East brings together a range of experts on Italian international relations to analyse, for the first time in English, the country's Cold War relationship with the Middle East. Chapters covering a wide range of defining

twentieth century events - from the Arab-Israeli conflict and the Lebanese Civil War, to the Iranian Revolution and the Soviet invasion of Afghanistan - demonstrate the nuances of Italian foreign policy in dealing with the complexity of Middle Eastern relations. The collection demonstrates the interaction of local and global issues in shaping Italy's international relations with the Middle East, making it essential reading to students of the Cold War, regional interactions, and the international relations of Italy and the Middle East.

Mothers Of the Rising Nations - Ellias Aghili Dehnavi 2021-05-31

The discourse upon feminism and feminist movements seems either easy or difficult. Part of its difficulty is due to its variety of orientations that in somehow cause some serious conflicts in the area of opinion and action. On the other hand, besides these varieties in orientations, one can mention the variety of different and contradictory interpretations in feminism, and its achievements and consequences, which implies the necessity of cautious and comprehensive thinking in discourse. Investigating the consequences of feminism in west world, the present writing is seeking to inspect the evolution of present topic in regards to the society of Iran, with a futurology approach. Therefore, in the first section of the book, the feminism in west is delineated and in the next section its future vision in developing countries will be presented.

L' Impietratrice - Vittorio Imbriani 2014-10-25

La sterminata erudizione dell'Imbriani, che nei romanzi è usata per sviare sardonicamente la narrazione, in questa "panzana", tale è definita dall'autore, è usata per avviare invece la possibilità d'un diverso svolgimento storico, d'un'ucronia. Che il duca Valentino dopo la sconfitta in Italia sia morto in Spagna, è storia solo per chi conosce appena le fonti più note. Per chi come Imbriani è a conoscenza di tante rarità librerie, l'ultima parte di vita di Cesare Borgia ha ben altro esito. Che poi questo scorcio di biblioteca imbrianesca che sorregge la tesi storica, "preborgesianamente", come è stato detto, mescoli edizioni false ma plausibili a edizioni vere ma improbabili, come può il povero lettore, impotente di fronte a tanto sfoggio di cultura, accorgersene? E così citazione dopo citazione libreria Cesare Borgia raggiunge il nuovo mondo e convince per amore la medusa azteca, la bellissima principessa che pietrifica chiunque la fissi negli occhi, Ciaciunena l'impietratrice, a essere strumento della sua vendetta e cambiare il corso storico delle cose italiane. Ma innamoratosi anche lui, l'audacia e la confidenza che anche come amante dimostra lo perde, e viene inavvertitamente pietrificato dalla fanciulla. Che disperata, vuole almeno portare a termine la vendetta dell'uomo che amava, e giunge in Vaticano alla presenza di Giulio II per pietrificare il papa e tutta la sua corte. Ma, com'è come non è, i suoi poteri lapidificatori decadono in questo emisfero e Giulio II scappa alla pietrificazione quanto al corpo; «quanto al cuore dell'augusto vegliardo, già da prima e da un pezzo era di sasso, di macigno, di scoglio», come lapidariamente - è il caso di dire - soggiunge l'explicit di questa serissima panzana. Neppure nel gioco letterario l'acre pessimismo d'Imbriani che colora di tragico il cinico e il beffardo della sua intuizione del mondo si placa. Né la storia d'Italia sa mutarsi in meglio e far pendere le sorti in favore della santa ambizione di Cesare Borgia d'unificarla. Sicché questa panzana che così bizzarramente illustra il suo pessimismo scava ben a fondo nelle scelte politiche d'Imbriani mettendo in luce e mostrando una delle convinzioni e degli atteggiamenti che infondono il suo spirito reazionario. Italoamericana - Francesco Durante 2014-04-15

Collected classic writings on, about, and from the formative years of the Italian-American experience, featuring fiction, nonfiction, poetry, and drama. To appreciate the life of the Italian immigrant enclave from the great heart of the Italian migration to its settlement in America requires that one come to know how these immigrants saw their communities as colonies of the mother country. Edited with extraordinary skill, *Italoamericana: The Literature of the Great Migration, 1880-1943* brings to an English-speaking audience a definitive collection of classic writings on, about, and from the formative years of the Italian-American experience. Originally published in Italian, this landmark collection of translated writings establishes a rich, diverse, and mature sense of Italian-American life by allowing readers to see American society through the eyes of Italian-speaking immigrants. Filled with the voices from the first generation of Italian-American life, the book presents a unique treasury of long-inaccessible writing that embodies a literary canon for Italian-American culture—poetry, drama, journalism, political advocacy, history, memoir, biography, and story—the greater part of which has never before been translated. *Italoamericana* introduces a new

generation of readers to the “Black Hand” and the organized crime of the 1920s, the incredible “pulp” novels by Bernardino Ciambelli, Paolo Pallavicini, Italo Stanco, Corrado Altavilla, the exhilarating “macchiette” by Eduardo Migliaccio (Farfariello) and Tony Ferrazzano, the comedies by Giovanni De Rosalia, Riccardo Cordiferro’s dramas and poems, the poetry of Fanny Vanzì-Mussini and Eduardo Migliaccio. Edited by a leading journalist and scholar, Italoamericana presents an important but little-known, largely inaccessible Italian-language literary heritage that defined the Italian-American experience. Organized into five sections—“Annals of the Great Exodus,” “Colonial Chronicles,” “On Stage (and Off-Stage),” “Anarchists, Socialist, Fascists, Anti-Fascists,” and “Apocalyptic Integrated / Integrated Apocalyptic Intellectuals” —the volume distinguishes a literary, cultural, and intellectual history that engages the reader in all sorts of archaeological and genealogical work. “An addition to the great tradition of Italian-American literature and culture, this anthology of fiction, poetry, plays memoir and articles features the writing of Italians in America, writing from the “Little Italys” of the period, in their mother tongue, and fills a huge gap in the canon. A sophisticated, critical look at the writings of Italian immigrants to America across all genres, includes social and political commentary, a long labor of love for American editor Robert Viscusi A massive work of extraordinary power, that while scholarly and comprehensive, will have wide appeal.” —Publishers Weekly

La Città Altra. Storia E Immagine Della Diversità Urbana: Luoghi E Paesaggi Dei Privilegi E Del Benessere, Dell'isolamento, Del Disagio, Della Multiculturalità. Ediz. Italiana E Inglese - Francesca Capano 2018-10
This volume proposes a rich corpus of papers about the 'Other City', a subject only few times dealt with, but worthy of all our attention: it imposes itself on the scene of international modern and contemporary historiography for its undeniable topicality. Throughout history, the city has always had to deal with social 'otherness', i.e. with class privileges and, consequently, with discrimination and marginalization of minorities, of the less well-off, of foreigners, in short, with the differences in status, culture, religion. So that the urban fabric has ended up structuring itself also in function of those inequalities, as well as of the strategic places for the exercise of power, of the political, military or social control, of the spaces for imprisonment, for the sanitary isolation or for the 'temporary' remedy to the catastrophes. From the first portraits of cities, made and diffused at the beginning of the fifteenth century for political exaltation purposes or for religious propaganda and for devotional purposes, which often, through increasingly refined graphic techniques, distort or even deny the true urban image, we reach, at the dawn of contemporary history, the new meaning given by scientific topography and new methods of representation; these latter aimed at revealing the structure and the urban landscape in their objectivity, often unexpected for who had known the city through the filter of 'regime' iconography. The representation of the urban image still shows the contradictions of a community that sometimes includes and even exalts the diversities, other times rejects them, showing the unease of a difficult integration.

Europäische Musiker in Venedig, Rom und Neapel 1650-1750 - Anne-Madeleine Goulet 2018-11-07
Der Abschlussband des deutsch-französischen ANR-DFG-Projekts MUSICI widmet sich der Musikermigration im Europa der Frühen Neuzeit mit einem kultur- und musikgeschichtlichen Blick auf Venedig, Rom und Neapel als Reiseziele und Wirkungsorte von Instrumentalisten, Sängern, Komponisten und Instrumentenbauern, die nicht von der italienischen Halbinsel stammten. Im Sinne einer "histoire croisée" werden Netzwerke, Integrations- und Austauschprozesse aufgedeckt, mit denen fremde Musiker zwischen musikalischem Alltag und herausragenden Festlichkeiten konfrontiert waren. Auf dieser Grundlage wird eine systematische Betrachtung der frühneuzeitlichen Musikermigration sowie eine Untersuchung musikalischer Stile jenseits nationaler Forschungstraditionen möglich.

Perforating the Iron Curtain - Poul Villaume 2010

Cold War history research of the recent years suggests that the East-West detente process of the 1970s was

a more significant element than previously believed in understanding and explaining the processes, on both sides of the East-West divide, which led to the peaceful end of the Cold War in the late 1980s. This anthology is a contribution to this research. The dozen articles elucidate the European detente process from grass-root - as well as diplomatic - levels, including the Helsinki Conference Final Act of 1975 on respect of human rights and human contacts across the Iron Curtain of the Cold War. The articles are based on recently opened state and private archives from West and East Europe, as well as the US. They are written by a mix of internationally distinguished senior scholars and younger promising researchers from the US, Germany, Poland, Switzerland, Italy, and Denmark.

The Boundaries of Europe - Pietro Rossi 2015-04-24

Europe's boundaries have mainly been shaped by cultural, religious, and political conceptions rather than by geography. This volume of bilingual essays from renowned European scholars outlines the transformation of Europe's boundaries from the fall of the ancient world to the age of decolonization, or the end of the explicit endeavor to “Europeanize” the world. From the decline of the Roman Empire to the polycentrism of today's world, the essays span such aspects as the confrontation of Christian Europe with Islam and the changing role of the Mediterranean from “mare nostrum” to a frontier between nations. Scandinavia, eastern Europe and the Atlantic are also analyzed as boundaries in the context of exploration, migratory movements, cultural exchanges, and war. The Boundaries of Europe, edited by Pietro Rossi, is the first installment in the ALLEA book series Discourses on Intellectual Europe, which seeks to explore the question of an intrinsic or quintessential European identity in light of the rising skepticism towards Europe as an integrated cultural and intellectual region.

Towards and Beyond the Italian Republic - Davide Cadeddu 2021-07-12

This book examines the historical process that led to the foundation of the Italian Republic and its constitution, viewed through the personal experiences and political reflections of Adriano Olivetti (between 1919 and 1960), general manager and president of the well-known typewriter manufacturer “Ing. C. Olivetti & C.” An unbroken line of reasoning linked his maturing political reflections during the two post-war periods. The historical context of the 1950s did not prove to be very propitious, but the guidelines dispersed throughout the Italian cultural and political world from the movement that Olivetti founded were certainly seminal - generating a legacy of ideas that has only in part been recognized. What makes this study distinctive is the original approach to reading the history of Italy through Adriano Olivetti's eyes and thoughts, far from the more common Christian Democratic or Communist perspective of those years. It is simply another view of what the Italian Republic could be and was not.

The Hellenistic World and the Coming of Rome - Erich S. Gruen 1986-09-25

In this revisionist study of Roman imperialism in the Greek world, Gruen considers the Hellenistic context within which Roman expansion took place. The evidence discloses a preponderance of Greek rather than Roman ideas: a noteworthy readiness on the part of Roman policymakers to adjust to Hellenistic practices rather than to impose a system of their own.

L'inganno del male - Il Club del Cerchio 2017-03-10

Un documento sconvolgente riemerge dalle nebbie del passato. Quella che è sempre stata considerata solo leggenda, si rivela essere invece un inesorabile fatto storico. Il ricordo di quell'orrore è troppo vivo, diffonderlo significherebbe violentare la coscienza dei popoli e minare la stabilità dei governi di tutto il mondo. Mentre organizzazioni potenti e ritenute scomparse riemergono dall'oblio con obiettivi di dominio, il Club del Cerchio lavora nell'ombra per tutelare il mondo come oggi lo conosciamo. In attesa che la verità torni a galla... una volta per tutte.

Zone Di Frattura in Epoca Moderna - Almut Bues 2005

Until recently, there have not been many researches on border zones in Early Modern Europe. For the time before the emergence of nation-states, however, it is convenient to think in European cases, which indicate

instability or cooperation in these zones of contact. Three representative geographic regions have been central to an international conference, which was questioning the specificities of zones of fracture. Poland-Lithuania has been linked with two zones (the Baltic Sea and the Balkans). The Northern Italian States were situated between two tectonic regions (the Balkans and the Rhine valley). The Balkans by themselves were divided into various mini zones, and confronted with the Ottoman Empire. The panels did not only try to look for comparisons, but intended to find out the complexity and the different experiences within zones of frontiers in an European context. The overlapping of various lines, especially in the fields of law, taxes and the Church has been brought into sharper focus.
