How to Go to College on a Shoe String - Ann Marie O'Phelan 2008

Once again in 2006 the cost to attend college was double the inflation rate, according to the report "Trends in College Pricing 2006". The average rate of tuition at four-year private colleges was about \$21,235; four-year public universities average \$5,491. Tuition costs, of course, are just the beginning now add room and board, the cost of attending a private college is \$29,026 per year on average, and \$12,127 at four-year public universities. Take a look at IVY league universities such as Princeton and the total fees will climb to nearly \$37,000. An 8% college inflation rate means that the cost of college doubles every nine years. The average debt for graduating college seniors who borrow to finance their undergraduate degree is just under \$20,000. But there is good news. There is more financial aid available than ever before over \$134 billion. And, despite all of these college cost increases, a college education remains an affordable choice for most families. Created by a Philadelphia mother after her 15-year-old son was killed while skateboarding. Are you tall ? Then apply for the Tall Clubs International Scholarship, Males 6'2" or taller and females 5'10" or higher qualify for a \$1000.00 scholarship.
