Women Who Run with the Wolves - Clarissa Pinkola Estés
Phd 1995-08-22

NEW YORK TIMES

BESTSELLER • One million copies sold! "A deeply spiritual book [that] honors what is tough, smart and untamed in women."—The Washington Post Book World Book club pick for Emma Watson's *Our Shared Shelf* Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society's attempt to "civilize" us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds

rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

The Lean Startup - Eric Ries

2011-09-13

Most startups fail. But many of those failures are preventable.

The Lean Startup is a new approach being adopted across

the globe, changing the way

companies are built and new

products are launched. Eric

Ries defines a startup as an

organization dedicated to creating something new under

conditions of extreme

uncertainty. This is just as true

for one person in a garage or a group of seasoned

professionals in a Fortune 500

boardroom. What they have in

common is a mission to

penetrate that fog of

uncertainty to discover a

successful path to a sustainable

business. The Lean Startup

approach fosters companies

that are both more capital

efficient and that leverage

human creativity more

effectively. Inspired by lessons

from lean manufacturing, it

relies on “validated learning,”

rapid scientific

experimentation, as well as a

number of counter-intuitive

practices that shorten product

development cycles, measure

actual progress without

resorting to vanity metrics, and

learn what customers really

want. It enables a company to

shift directions with agility,

altering plans inch by inch,

minute by minute. Rather than

wasting time creating

elaborate business plans, The

Lean Startup offers entrepreneurs—in companies of all sizes—a way to test their vision continuously, to adapt and adjust before it's too late. Ries provides a scientific approach to creating and managing successful startups in a age when companies need to innovate more than ever.

Sinners in the Hands of an Angry God - Jonathan Edwards
2019-08-15

Preached at Enfield, Connecticut on July 8, 1741, this is perhaps the greatest sermon ever preached in America—and is certainly among the most well known. Owing to its forthright dealing with God's wrath and His intense hatred of sin and the sinner, it is also one of the most controversial. Indeed, for more than three-quarters of the sermon Edwards lays down a relentless stream of the most

vivid and horrifying descriptions of the danger facing unregenerate men. While it is difficult to read such graphic language, there is abundant hope in the sermon's conclusion. Edwards puts it this way, "And now you have an extraordinary opportunity, a day wherein Christ has thrown the door of mercy wide open and stands calling and crying with a loud voice to poor sinners." While those who would rather ignore God's justice in favor of His mercy condemn Edwards and his sermon, those who were present and actually heard him preach that day reacted in a decidedly different manner. According to the diary of Reverend Stephen Williams who attended the sermon, "Before the sermon was done there was a great moaning and crying through the whole House, 'what shall I do to be saved; oh, I am going to hell, etc.'" The diary goes on to indicate that Edwards had to interrupt his sermon and come down to minister to those who were under such awful

conviction. And so, in spite of what the scoffers might think or say, "the amazing and astonishing power of God" was manifested among the people that day—with many falling not into the hands of an angry God, but into the arms of a mighty Savior.

La Economia Divina - Witness Lee 1996-08

La Biblia revela que Dios desea impartirse en el hombre para ser expresado en plenitud. Este plan, esta economia divina, aparece inicialmente en Genesis y se revela progresivamente a lo largo del Antiguo y Nuevo Testamento; y al final del libro de Apocalipsis, vemos que su maxima consumacion es la Nueva Jerusalem. De principio a fin, la Biblia manifiesta plenamente el deseo que Dios tiene de unirse al hombre a fin de ser expresado. En La economia divina, Witness Lee presenta en detalle el fluir de la economia de Dios, desde su inicio -- cuando Dios crea al hombre en Genesis -- hasta su consumacion en Apocalipsis. Semejante a un rio que fluye

sin cesar, la economia divina no solo incluye la creacion del hombre, quien fue creado como un vaso para contener a Dios, sino que tambien abarca los pasos que Cristo dio a fin de llevar a cabo dicho plan, a saber, la encarnacion, la crucifixion y la resurreccion. Mediante la fe en Cristo, el hombre experimenta la redencion y recibe el suministro del Espiritu como rios de agua viva. En la economia divina, la porcion comun de cada creyente consiste en experimentar ricamente a Dios y disfrutarlo de forma practica cada dia. El primer paso que los creyentes deben dar para disfrutar a Dios de forma viviente es ver el plan eterno de Dios, tal como se presenta en La economia divina. Book jacket.

Daring Greatly - Brené Brown
2013-01-17

Researcher and thought leader Dr. Brené Brown offers a powerful new vision in Daring Greatly that encourages us to embrace vulnerability and imperfection, to live wholeheartedly and courageously. 'It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; . . . who at best knows in the end the triumph of high achievement, and who at worst, if he fails, at least fails while daring greatly' -Theodore Roosevelt Every time we are introduced to someone new, try to be creative, or start a

difficult conversation, we take a risk. We feel uncertain and exposed. We feel vulnerable. Most of us try to fight those feelings - we strive to appear perfect. Challenging everything we think we know about vulnerability, Dr. Brené Brown dispels the widely accepted myth that it's a weakness. She argues that vulnerability is in fact a strength, and when we shut ourselves off from revealing our true selves we grow distanced from the things that bring purpose and meaning to our lives. Daring Greatly is the culmination of 12 years of groundbreaking social research, across the home, relationships, work, and parenting. It is an invitation to be courageous; to show up and let ourselves be seen, even when there are no guarantees. This is vulnerability. This is daring greatly. 'Brilliantly insightful. I can't stop thinking about this book' -Gretchen Rubin Brené Brown, Ph.D., LMSW is a #1 New York Times bestselling author and a research professor at the University of Houston

Graduate College of Social Work. Her groundbreaking work was featured on Oprah Winfrey's Super Soul Sunday, NPR, and CNN. Her TED talk is one of the most watched TED talks of all time. Brené is also the author of *The Gifts of Imperfection* and *I Thought It Was Just Me (but it isn't)*.
