Godlis Streets - 2020

David Godlis captures the grit and grandeur of 1970s-'80s New York City in his street photography. When he is on the street armed with his camera, photographer David Godlis (born 1951) describes himself as "a gunslinger

and a guitar picker all in one." Ever since he bought his first 35mm camera in 1970, Godlis has made it his mission to capture the world on film just as it appears to him in reality. Godlis is most famous for his images of the city's punk scene and serving as the unofficial official photographer for the Film Society of Lincoln Center. For 40 years, his practice has also consisted of walking around the streets of New York City and shooting whatever catches his eye: midnight diner patrons, stoop loiterers, commuters en route to the nearest subway station. With an acute sense of both humor and pathos, Godlis frames everyday events in a truly arresting manner. This publication presents Godlis' best street photography from the 1970s and '80s in a succinct celebration of New York's past. The book is introduced by an essay written by cultural critic Luc Sante and closes with an afterword written by Blondie cofounder and guitarist Chris Stein.

Total Excess - Michael Zagaris 2016-10-15

It has been said of Michael Zagaris' photographic oeuvre that it is the "last untouched rock archive." Zagaris was responsible for shooting everyone in the rock music scene in San Francisco in the 1970s and '80s, including The Clash, Grateful Dead, Blondie, Sex Pistols, Bob Dylan, Eric Clapton, Lou Reed and the Velvet Underground, Patti Smith, Led Zeppelin, and many more. Zagaris' photographs are some of the best portraits of their kind. Because a lot of his work was taken for pleasure rather than pay, the vast majority of his archive has remained unseen until now. Total Excess is the complete anthology of his incredible rock photography. This is the first book in a series of collaborations between Reel

Art Press and Zagaris. Michael Zagaris (born 1945) grew up in the Central Valley of California. In 1967 he entered law school and also started working for Robert Kennedy as a speechwriter. The trauma of witnessing Kennedy's assassination at close quarters propelled Zagaris away from politics and law and into photography, and he began covering rock music in San Francisco. He also captured some of the most vital counterculture figures of that period, including Billy Bowers, Divine, Peter Berlin, The Cockettes and Jim Carroll, who used one of Zagaris' portraits for the cover of his book Basketball Diaries. In 1973 he began as a team photographer for the San Francisco 49ers, and the Oakland As in 1981, both of which he continues to shoot to this day. Zagaris lives in San Francisco.

Rethinking Informed Consent in Bioethics - Neil C. Manson 2007-03-29

Informed consent is a central topic in contemporary biomedical ethics. Yet attempts to set defensible and feasible standards for consenting have led to persistent difficulties. In *Rethinking Informed Consent in Bioethics*, first published in 2007, Neil Manson and Onora O'Neill set debates about informed consent in medicine and research in a fresh light. They show why informed consent cannot be fully specific or fully explicit, and why more specific

consent is not always ethically better. They argue that consent needs distinctive communicative transactions, by which other obligations, prohibitions, and rights can be waived or set aside in controlled and specific ways. Their book offers a coherent, wide-ranging and practical account of the role of consent in biomedicine which will be valuable to readers working in a range of areas in bioethics, medicine and law.

From Jake Shears - world famous singer, songwriter, actor and LGBTQ+ icon - comes this wide-eyed and determined coming-of-age story; an unforgettable literary account of a man overcoming the odds and finding his true voice. Long before hitting the stage as the lead singer of the iconic glam rock band Scissor Sisters, Jake Shears was Jason Sellards, a teenage boy living a fraught life, resulting in a confusing and confining time in high school as his classmates bullied him and few teachers showed sympathy. It wasn't until years later, while living and studying in New York City, that Jason would find his voice as an artist and, with a group of friends and musicians who were also thirsting for stardom and freedom, form the band Scissor Sisters. First performing in the smoky gay nightclubs of New York, then finding massive success in the United Kingdom, Scissor Sisters would become revered by the LGBTQ+ community, sell out venues worldwide, and win multiple accolades with hits like Take Your

Mama and I Don't Feel Like Dancin', as well as their cult-favourite cover of Pink Floyd's Comfortably Numb. Candid and courageous, Shears' writing sings with the same powerful, spirited presence that he brings to his live performances. Following a misfit boy's development into a dazzling rock star, Boys Keep Swinging is a raucously entertaining memoir that will be an inspiration to anyone with determination and a dream. 'This is a beautiful, fascinating memoir by a beautiful guy who has lived a fascinating life - and he has the insights and receipts to prove it. Wonderful!' - Dan Savage

Rock'n'Roll's Strangest Moments - Mike Evans 2014-03-28

Rock music, since its pre-history in blues, country music and 40s and early 50s pop, through to the well-publicised excesses of touring bands of today, has left a legacy of thousands of weird and wonderful stories in its wake. We've all read about the Who's Keith Moon driving a Rolls Royce into a hotel swimming pool, but far more bizarre tales of on-the-road mayhem have never been widely told.

Likewise, Svengali-like managers have manipulated starstruck musicians since rock began, though hanging your well-known client from a third floor window was a less usual way of ensuring their loyalty. And just where was the stalled hotel lift in which all four Beatles, according to legend, were turned on to marijuana? There are the unsung heroes of rock - pioneering eccentrics who helped make the music what it is and ended up as mere footnotes in the history books. Men such as UK producer Joe Meek who created seminal classics from a bed-sit above a cleaners on the Holloway Road, and the New York DJ who originally coined the phrase 'rock 'n'roll' and died in alcoholic poverty. Not to mention the stories behind the stars: when Debbie Harry was a 'Playboy' Bunny, Paul Simon wrote 'Homeward Bound' on Widnes railway station in Lancashire, and the Gallagher brothers (so they claim) were petty thieves.

In *Dissecting Marilyn Manson*, author Gavin Baddeley performs a cultural autopsy upon Manson, examining the seminal influences and psychotic sources that have gone into making him the Frankenstein monster that he is today. Killing Love - Rebecca Poulson 2015-09-01

This powerful, unforgettable and uplifting story is one part wrenching family memoir, and one part inspirational journey towards healing and forgiveness - but most of all, it’s an unputdownable journey through one family’s tragedy and how they refused to let it define

them. On the day of Rebecca Poulson’s 33rd birthday, her father, niece and nephew were murdered. The murderer had been part of her family; her brother-in-law, Neung, the father of the children. Killing Love is Rebecca’s journey through homicide; grief, the police investigations, the media interest, the court cases, the moments of great despair - and the healing. It is a story of individual tragedy and a family’s strength, but it is also a story of a community’s attitude to family violence. As a reluctant warrior for those who cannot speak for themselves, Rebecca talked to the NSW State Premier and politicians, on multiple TV shows and to print journalists in the hope that the mistakes made by the police force, DOCS, the legal system and solicitors will never be made again. Rebecca’s contact with policy makers has been nothing short of history-making, and her story has directly influenced domestic violence laws in the state. Neung left a note for Rebecca’s family; he hoped that he would destroy them.

A Guide to Obesity and the Metabolic Syndrome - George A. Bray 2011-03-28

In the historical record there is abundant

evidence that obesity was a medical and health concern as long as medicine has been practiced. The idea of diet and exercise are bulwarks in the fight against obesity in history from the time of Hippocrates to the 16th century—a span of 2,000 years. However, our scientific understanding of this problem is only a little over 200 years old. An examination of the root cause of what many consider the obesity epidemic, *A Guide to Obesity and the Metabolic Syndrome* traces the origins and types of obesity and its treatment. Examining in detail the developing treatment for obesity, this book provides: A history of obesity, including treatment, proposed causes, and perceptions An examination of the causes and problems associated with obesity A discussion of lifestyle, diet, exercise, and treatment strategies A detailed look at the medications and surgeries available for obesity The fact that we have an epidemic of obesity today that is covering the globe suggests that the strategically simple

ideas of eating less and exercising more, ideas that require commitment and personal involvement by the individual, have not been very successful. As we move forward in trying to understand this problem, we need to be alert to strategies and tactics that may not require individual motivation and commitment—history has shown that they do not work well. This book supplies guidance on developing and designing novel strategic interventions against obesity and metabolic disorders.

Perou / Hyde: Tunnel Vision - 2021-10-26

A passion project from celebrated portrait photographer Perou with accompanying text from Karl Hyde of dance music duo Underworld, Tunnel Vision is a hypnotic portrait of England's underpasses. Photographed at night, you can almost hear the ominous hum of the broken strip-lighting, the knot of fear in the gut, the prickling silence of these desolate, urban landscapes. These unloved spaces are notoriously menacing, graffiti-ridden,

inconvenient and prone to flooding. Yet through Perou's lens, the architecture is also elevated to something beyond itself, at times even ethereal.

Then a lethal black chemical cloud, unleashed by an industrial accident, floats over their lives, an "airborne toxic event" that is a more urgent and visible version of the white noise engulfing the Gladneys—the radio transmissions, sirens, microwaves, and TV murmurings that constitute the music of American magic and dread.

Boozehound - Jason Wilson 2010-09-21

While some may wonder, "Does the world really need another flavored vodka?" no one answers this question quite so memorably as spirits writer and raconteur Jason Wilson does in *Boozehound*. (By the way, the short answer is no.) A unique blend of travelogue, spirits history, and recipe collection, *Boozehound* explores the origins of what we drink and the often surprising reasons behind our choices. In lieu of odorless, colorless, tasteless spirits, Wilson champions Old World liquors with hard-to-define flavors—a bitter and complex Italian amari, or the ancient, aromatic herbs of Chartreuse, as well as

distinctive New World offerings like lively Peruvian pisco. With an eye for adventure, Wilson seeks out visceral experiences at the source of production—visiting fields of spiky agave in Jalisco, entering the heavily and reverently-guarded Jägermeister herb room in Wolfenbüttel, and journeying to the French Alps to determine if mustachioed men in berets really handpick blossoms to make elderflower liqueur. In addition, *Boozehound* offers more than fifty drink recipes, from three riffs on the Manhattan to cocktail-geek favorites like the Aviation and the Last Word. These recipes are presented alongside a host of opinionated essays that cherish the rare, uncover the obscure, dethrone the overrated, and unravel the mysteries of taste, trends, and terroir. Through his far-flung, intrepid traveling and tasting, Wilson shows us that perhaps nothing else as entwined with the history of human culture is quite as much fun as booze.
