**Start-Ups and SMEs: Concepts, Methodologies, Tools, and Applications** - Management Association, Information Resources 2020-01-03

Smaller companies are abundant in the business realm and outnumber large companies by a wide margin. To maintain a competitive edge against other businesses, companies must ensure the most effective strategies and procedures are in place. This is particularly critical in smaller business environments that have fewer resources. **Start-Ups and SMEs: Concepts, Methodologies, Tools, and Applications** is a vital reference source that examines the strategies and concepts that will assist small and medium-sized enterprises to achieve competitiveness. It also explores the latest advances and developments for creating a system of shared values and beliefs in small business environments. Highlighting a range of topics such as entrepreneurship, innovative behavior, and organizational sustainability, this multi-volume book is ideally designed for entrepreneurs, business managers, executives, managing directors, academicians, business professionals, researchers, and graduate-level students.

*Everyday Math Made E-Z* - Pete Reinert 2000

**Encyclopedia of New Venture Management** - Matthew R. Marvel 2012-05-01

New venture management requires all the skills obtained within the typical MBA program, and then some. While those entering traditional management positions within established companies might expect to find established customers, a degree of predictability, formalized procedures, and earnings that may be taken more-or-less for granted, new ventures often are launched into highly dynamic environments characterized by rapid technological change, inherent unpredictability, and an uncertain cash flow. Such ventures often require rapid growth to succeed. While new ventures offer those who initiate them a high degree of independence, excitement, and potential for great reward, they also bring high risk, stress, and greater potential for failure. Thus, it takes a special set of skills, techniques, and temperament to succeed. These skills, along with the potential risks and rewards and environmental settings and characteristics, are explored in the *Encyclopedia of New Venture Management*. Features & Benefits: 150 carefully selected signed entries (each with Cross References and Further Readings) are organized in A-to-Z fashion to give students easy access to the full range of topics in new venture management. A thematic Reader's Guide in the front matter groups related entries by broad topical and thematic areas to make it easy for users to find related entries at a glance, with themes that include "Entrepreneurial Decision

Downloaded from  
[omahafoodtruckassociation.org](http://omahafoodtruckassociation.org) on by  
guest

Making," "Corporate Entrepreneurship," "Entrepreneurial Marketing," "Leadership & Human Resources," "Financing & Development," and more. In the electronic version, the Reader's Guide combines with a detailed Index and the Cross References to provide users with robust search-and-browse capacities. A Chronology in the back matter helps students put individual events into broader historical context. A Glossary provides students with concise definitions to key terms in the field. A Resource Guide to classic books, journals, and web sites (along with the Further Readings accompanying each entry) helps guide students to further resources for their research journeys. An appendix includes the report, "The State of Small Business."

Coin-Operated Laundry: Entrepreneur's Step-by-Step Startup Guide - Entrepreneur magazine 2013-04-11

Cash in, One Load at a Time The problem with most high-profit businesses is that you spend so much time on the job that you have little free time to enjoy the fruits of your labor. But coin-operated laundries are different. They're low-maintenance, recession-proof, and you can make as much as \$200,000 a year working only part-time hours. But you have to know what you're doing. And with our guide, you will. You'll get an in-depth overview of the industry (where it's been and where it's likely to go) and learn everything you need to know before launching your own self-serve laundry business including: New ideas for marketing your laundry An expanded section on hiring and training attendants Updated information on card systems Recent advances in laundry equipment The latest

on laws and regulations concerning laundries More ways to combine a laundry with other businesses You'll also get first-hand advice from successful coin-op laundry owners on how to create an inviting atmosphere that will draw customers in and keep them coming back. Clean clothes are a necessity, not a luxury. People are going to use laundromats no matter how the stock market is performing. So if you're looking for an easy-to-run business that will keep the cash flowing no matter how the rest of the economy is doing, you've found it. And while you're at it, why not order our Vending Business guide, too? It makes an ideal companion business and it's a great way to augment your income. This kit includes: • Essential industry and business-specific startup steps with worksheets, calculators, checklists and more. • Entrepreneur Editors' Start Your Own Business, a guide to starting any business and surviving the first three years. • Downloadable, customizable business letters, sales letters, and other sample documents. • Entrepreneur's Small Business Legal Toolkit.

Reinvention Made Easy - Jim Mathis 2011-08-01

Change Your Strategy Change Your Results!

This isn't your average business motivational book. It's different. Jim Mathis, *The Reinvention*

Strategist doesn't soft step around the issues here. "You are either down or you are different. You are either a loser, or a leader," he says. You won't find a load of motivational platitudes that lift you higher. You won't find cute sayings that make you feel warm and fuzzy. What you will find is successful systems and processes to reinvent yourself in challenging economic times. Methods many others are implementing right now as you read this! Reinvention Made Easy is your personal and professional guide to knowing how to play the game...and win! You will find stories of people and corporations that went "all in" and won the entire pot. You will recognize pitfalls to bypass, and see the mistakes made by others - and how to avoid them. In the end you will know what strategies work for you and which don't. You will be different. Do you need this book? If you aren't aware of your responses to any of the questions raised in Reinvention Made Easy, you do.? Is there a "dinosaur" in your room?? Can building community at work save your organization?? Are you punishing your customers for doing business with you? What are the 7 "Sweatin' Questions" you need to ask your executive board? Why don't people buy what you think you sell? Do you see yourself as a loser, or a leader in the new economy? The simple truths in this book can and will make you better. You may not agree with all of them, but you can't put it down without thinking about what you read inside. You can influence more people by what you learn from these pages than you could have ever imagined. You will see that reinvention is easy. Deciding to start it is the real test. Are you ready to be different?
