[Costume, Makeup, and Hair](#) - Adrienne L. McLean 2016-10-07
Movie buffs and film scholars alike often overlook the importance of makeup artists, hair stylists, and costumers. With precious few but notable exceptions, creative workers in these fields have received little public recognition, even when their artistry goes on to inspire worldwide fashion trends. From the acclaimed Behind the Silver Screen series, *Costume, Makeup, and Hair* charts the development of these three crafts in the American film industry from the 1890s to the present. Each chapter examines a different era in film history, revealing how the arts of cinematic costume, makeup, and hair, have continually adapted to new conditions, making the transitions from stage to screen, from monochrome to color, and from analog to digital. Together, the book's contributors give us a remarkable glimpse into how these crafts foster creative collaboration and improvisation, often fashioning striking looks and ingenious effects out of limited materials. *Costume, Makeup, and Hair* not only considers these crafts in relation to a wide range of film genres, from sci-fi spectacles to period dramas, but also examines the role they have played in the larger marketplace for fashion and beauty products. Drawing on rare archival materials and lavish color illustrations, this volume provides readers with both a groundbreaking

history of film industry labor and an appreciation of cinematic costume, makeup, and hairstyling as distinct art forms.

Italian American Experience in New Haven, The - Anthony V. Riccio 2009-01-08

Using interviews and photographs, Anthony Riccio provides a vital supplement to our understanding of the Italian immigrant experience in

the United States. In conversations around kitchen tables and in social clubs, members of New Haven's Italian American community evoke the rhythms of the streets and the pulse of life in the old ethnic neighborhoods. They describe the events that shaped the twentieth century—the Spanish Flu pandemic, the Great Depression, and World War II—along with the private histories of immigrant women who toiled under terrible working conditions in New Haven's shirt factories, who sacrificed dreams of education and careers for the economic well-being of their families. This is a compelling social, cultural, and political history of a vibrant immigrant community.

Structural Insights Into Gene Expression And Protein Synthesis -

Thomas A Steitz 2020-08-18

Several years ago, Thomas Steitz agreed to contribute a volume to the 'World Scientific Series in Structural Biology' that would deal with the contributions he and his coworkers have made to structural biology during his remarkable career. Sadly, Tom died in the fall of 2018 before he had had time to do more than produce an outline for this book, and a list of the reprints he wanted it to contain. Fortunately, Tom's colleagues and coworkers responded enthusiastically when they were informed later that fall that if they were willing to help out, a volume would be published to commemorate his career. It fell to Anders Liljas, Peggy Eatherton, Tom's longtime administrative assistant, and Peter Moore, a close colleague, to oversee their efforts. Thomas Steitz is best known for the work he and his coworkers did to elucidate the biochemical basis of gene expression. The structures of a large number of the macromolecules involved in transcription and translation emerged from his laboratory over the course of his career. This book includes reprints of the most important papers he had published, grouped according to the structures they relate to, and commentaries written by the scientists who collaborated with him to solve each of them. It thus summarizes the achievements of one of the most distinguished biochemists of the second half of the 20th century.

Policymaking and Executive Action - Thomas J. McNichols 1977

Ornamentalism - Anne Anlin Cheng 2019

Focusing on the cultural and philosophic conflation between the "oriental" and the "ornamental," Ornamentalism offers an original and sustained theory about Asiatic femininity in western culture. This study pushes our vocabulary about the woman of color past the usual platitudes about objectification and past the critique of Orientalism in order to formulate a fresher and sharper understanding of the representation, circulation, and ontology of Asiatic femininity. This book alters the foundational terms of racialized femininity by allowing us to conceptualize race and gender without being solely beholden to flesh or skin. Tracing a direct link between the making of Asiatic femininity and a technological history of synthetic personhood in the West from the nineteenth to the twenty-first century, Ornamentalism demonstrates how the construction of modern personhood in the multiple realms of law, culture, and art has been surprisingly indebted to this very marginal figure and places Asian femininity at the center of an entire epistemology of race. Drawing from and speaking to the multiple fields of feminism, critical race theory, visual culture, performance studies, legal studies, Modernism, Orientalism, Object Studies and New Materialism, Ornamentalism will leave reader with a greater understanding of what it is to exist as a "person-thing" within the contradictions of American culture.

A Passion for Cultural Studies - Ben Highmore 2017-09-16

The culture that infiltrates our lives can provoke a range of feelings and afflictions - culture can move you, get under your skin and stir up your emotions. Ben Highmore uses these feelings, or 'passions', to explore the culture that surrounds us and uses it as a basis to introduce and explain the key ideas, debates and theories that are central to cultural studies. Impressively accessible and packed with absorbing examples from everyday life, this compact book is the ideal entry-point into cultural studies. The chapters examine problematic and complex issues that are core to cultural studies, looking at the experience of migration, the

nature of the media, the lure of commodities, the world of taste and the culture of love. Cleverly written in a way that's easy to follow and enjoyable to read, the text gives a sense of the discipline as a way of thinking rather than an amalgamation of theories, and whets the appetite of all those interested in cultural studies. Whether you're a student who's new to the field, or a seasoned scholar seeking a fresh idea about what cultural studies can do, this clear and concise text encourages you to become truly passionate about cultural studies.

The Gaudy Place - Fred Chappell 1994-03-01

Fred Chappell's *The Gaudy Place* is perhaps the first novel to depict the society of the street people of the New South and their relationship to the middle class. For its wry portrayal of displacement and injustice this novel was awarded the Sir Walter Raleigh Prize. The street-smart teenager Arkie triggers the events of the story with his ambition to rise in economic status. He proposes business deals to the prostitute Clemmie and the successful con man Oxie, a hustler who aspires to political office. When the prank of a middle-class teenager, Linn Harper,

offers Oxie the surprising opportunity to gain a foothold in respectable society, an unexpected climax reveals the interdependence of all social levels in a culture too quickly changing from a rural to an urban character. Here is a small world in which quick wits and wily survival skills are necessary and admirable, even though the race is not always to the swift. Originally published in 1973, *The Gaudy Place* is drily humorous, darkly ironic, fast-moving, and entertaining. Its best strength is its gallery of sharply drawn, fondly observed characters unknowingly at odds with one another.

The New Yale Book of Quotations - Fred R. Shapiro 2021-08-31
A revised, enlarged, and updated edition of this authoritative and entertaining reference book—named the #2 essential home library reference book by the Wall Street Journal “Shapiro does original research, earning [this] volume a place on the quotation shelf next to Bartlett's and Oxford's.”—William Safire, *New York Times Magazine* (on the original edition) “A quotations book with footnotes that are as fascinating to read as the quotes themselves.”—Arthur Spiegelman, *Washington Post Book World* (on the original edition) Updated to include more than a thousand new quotations, this reader-friendly volume contains over twelve thousand famous quotations, arranged alphabetically by author and sourced from literature, history, popular culture, sports, digital culture, science, politics, law, the social sciences, and all other aspects of human activity. Contemporaries added to this edition include Beyoncé, Sandra Cisneros, James Comey, Drake, Louise Glück, LeBron James, Brett Kavanaugh, Lady Gaga, Lin-Manuel Miranda, Barack Obama, John Oliver, Nancy Pelosi, Vladimir Putin, Bernie Sanders, Donald Trump, and David Foster Wallace. The volume also reflects path-breaking recent research resulting in the updating of quotations from the first edition with more accurate wording or attribution. It has also incorporated noncontemporary quotations that have become relevant to the present day. In addition, *The New Yale Book of Quotations* reveals the striking fact that women originated many familiar quotations, yet their roles have been forgotten and their verbal inventions have often been credited to prominent men instead. This

book's quotations, annotations, extensive cross-references, and large keyword index will satisfy both the reader who seeks specific information and the curious browser who appreciates an amble through entertaining pages.

Paid to Party - Jamie L. Mullaney 2012-01-31

On any given night in living rooms across America, women gather for a fun girls' night out to eat, drink, and purchase the latest products—from Amway to Mary Kay cosmetics. Beneath the party atmosphere lies a billion-dollar industry, Direct Home Sales (DHS), which is currently changing how women navigate work and family. Drawing from numerous interviews with consultants and observations at company-sponsored events, *Paid to Party* takes a closer look at how DHS promises to change the way we think and feel about the struggles of balancing work and family. Offering a new approach to a flexible work model, DHS companies tell women they can, in fact, have it all and not feel guilty. In DHS, work time is not measured by the hands of the clock, but by the emotional fulfillment and fun it brings.
