Living the Law of One 101 -

Carla L Rueckert 2014-06-03

Written with the intent of creating an entry-level, simple to read report concerning the core principles of the Law of One and Confederation philosophy in general, this

book takes the reader through a discussion of Law of One principles such as unity, free will, love, light and polarity. It then works with the

Confederation version of the concept that each person has an energy body with seven chakras. It discusses this concept and its implications for the seeker, chakra by chakra.

It turns the player into a Player! This is a light-hearted book about the Game of Life. It

is an easy read, and yet the principles of the Law of One are not simplified. Rather, they are offered in an order which makes coherent sense.

Principle builds upon principle to offer an overall view of Confederation philosophy which is a bit easier to grasp as a whole than the original Law of One books, where the question-and-answer format offers the same information in a somewhat fragmented form, although with endless interest. If you would like to play the Game of Life with Carla, please give this book a try!

Dressed - Shahidha Bari

2020-03-17

Perfect for readers of *Women in Clothes*, this beautifully designed philosophical guide to fashion explores art, literature,

and film to uncover the hidden meaning of a well-chosen wardrobe. We all get dressed. But how often do we pause to think about what our clothes say? When we dress ourselves, we are presenting to the world an essence of who we are, who we want to be. *Dressed* ranges freely from suits to suitcases, from Marx's coat to Madame X's gown. Through art and literature, film and philosophy, philosopher Shahidha Bari unveils the surprising personal implications of what we choose to wear. The impeccable cut of Cary Grant's suit projects masculine confidence, just as Madonna's oversized denim jacket and her armful of orange bangles loudly announces big ambition. How others dress tells us something fundamental about them -- we can better understand how people live and what they think through their garments. Clothes tell our stories. *Dressed* is the thinking person's fashion book. In baring the hidden power of clothes in our culture and our daily lives, Bari reveals how our outfits not only cover our
