to see Correggio's frescoes. Her descriptions are so detailed, informed and analytical that her appreciation of Italian culture, history and art are evident. Also evident is her desire to educate her readers as to the importance of such details to travelers.

Wharton includes readers in her travel dilemmas: should she continue to travel in the Swiss Alps or to go to the cities where there is art and architecture? She describes the geography she sees in terms of painter's landscapes. She sees a meadow as a perfect place for one of "Bonifazio's sumptuous picnics" while one drive looks out on a "pastoral of Giorgione's." She provides a historical, spiritual and artistic view of hermits and their hermitages. Some of the sights Wharton took in no longer exist, at least as they were when she visited. The Farnesse Theatre was bombed during WWII. Its present restoration does not do the original justice, even though it was in disrepair when Wharton saw it.

Wharton's tours of Italy, €taken

almost yearly during the span of her marriage, probably contributed to her creation of The Decoration of Houses with architect Ogden Codman, as she dedicates a whole chapter to the pleasing qualities of the Baroque architectural style.

Many traditional Baroque elements were a critical part of the curriculum of the École des Beaux-Arts. The Beaux-Arts style was the emphasis Codman was known to place on his interior designs and decors.

Joe falls under the seductive spell of Kristi Casey, Ole Bull High's libidinous head cheerleader. Joe balances Kristi's lustful manipulation with the down-to-earth companionship of his smart, platonic girlfriend, Darva. But it is Kristi who will prove to be a temptation (and torment) throughout Joe's life. Years later, Joe can't believe that life has deposited him in the aisles of Haugland Foods. But he soon learns that being a grocer is like being the mayor of a small town: His constituents confide astonishing things and always appreciate Joe's generous dispensing of the milk of human kindness. The path Kristi has charged down, on the other hand, is as wild as Joe's is tame. But who has really risked more? Who has lived more? And who is truly happy? As Joe discovers, sometimes people are lucky enough to be standing in the one place where the view of the world is breathtaking, if only they'll open their eyes to all there is to see. A Christian on the Mount; a Treatise Concerning Meditation - Thomas Watson
2012-08-01

Grace breeds delight in God,

and delight breeds meditation. Meditation is a duty wherein consists the essentials of religion, and which nourishes the very life-blood of it. That the Psalmist may show how much the godly man is habituated to this blessed work of meditation, he subjoins, "In his law does he meditate day and night;" not but that there may be sometimes intermission: God allows time for our calling, he grants some relaxation; but when it is said, the godly man meditates day and night, the meaning is, frequently-he is much conversant in the duty. Thomas Watson was an English preacher and author who obtained great fame preaching until the Restoration when he was ejected as the vicar of St. Stephen's Walbrook for nonconformity. Watson continued to exercise his ministry privately and upon the Declaration of Indulgence in 1672 he obtained a license to preach at the great hall in Crosby House.

No Picnic on Mount Kenya - Felice Benuzzi 2016-10-06

A rediscovered mountaineering classic and the extraordinary true story of a daring escape up Mount Kenya by three prisoners of war. When the clouds covering Mount Kenya part one morning to reveal its towering peaks for the first time, prisoner of war Felice Benuzzi is transfixed. The tedium of camp life is broken by the beginnings of a sudden idea - an outrageous,

dangerous, brilliant idea. There are not many people who would break out of a P.O.W. camp, trek for days across perilous terrain before climbing the north face of Mount Kenya with improvised equipment, meagre rations, and with a picture of the mountain on a tin of beef among their more accurate guides. There are probably fewer still who would break back in to the camp on their return. But this is the remarkable story of three such men. No Picnic on Mount Kenya is a powerful testament to the human spirit of revolt and adventure in even the darkest of places. "The history of mountaineering can hardly present a parallel to this mad but thrilling escapade" - Saturday Review "A most extraordinary prisoner-of-war and escape story" - New Yorker "A mad venture and a gallant tribute to man's deep yearning for freedom" - Kirkus Reviews "The book crackles with the same dry humour as its title. It contains the prison-yard bartering and candlelight

stitching that mark a classic jailbreak yarn; the encounters with wild beasts in Mount Kenya's forest belt are as gripping, and the descriptions of sparkling glaciers as awe-inspiring, as any passage in the great exploration diaries of the early 20th century" - The Economist

The Wolves of Mount McKinley - Adolph Murie 1985

Mexico. But man declared war on this cunning and powerful animal when cattle replaced the buffalo on the western plains, reducing the wolf's range to those few areas in the Far North where economic necessity did not call for its extinction. Between 1939 and 1941, Adolph Murie, one of North America's greatest naturalists, made a field study of the relationship between wolves and Dall sheep in Mount McKinley National Park (since renamed Denali National Park) which has come to be respected as a classic work of natural history. In this study Murie not only described the life cycle of Alaskan wolves in greater detail than has ever been done, but he discovered a great deal about the entire ecological network of predator and prey. The issues surrounding the survival of the wolf and its prey are more important today than ever, and Murie helps us understand the careful balance that must be maintained to ensure that these magnificent animals prosper. Originally available

only in government publications which are long out-of-print, this account of a much maligned animal is now available in its first popular edition.

Mount Olive - Rita L. Hilbert
2001

Mount Olive Township, located in northwest Morris County, is comprised of two diverse communities: Flanders and Budd Lake. Flanders is a quiet, pastoral village settled in 1750, with the Flanders Methodist Church as its center. Budd Lake's most dominant feature is the largest natural lake in New Jersey. Both communities were farming, mining, and milling areas, and Budd Lake was also a bustling summer resort area from the mid-nineteenth into the twentieth century. As the township celebrates its 130th anniversary, Mount Olive brings together the history of these two different communities. Photographs in this collection include those of the gristmills and farms, the neighborhoods surrounding them, and the resort areas around the lake. The book beautifully portrays an era and a way of life long past. Mount Olive begins with the township's earliest days and includes the recollections of longtime residents and a newcomer's delight.

Mount Magazine - Don R. Simons 2017

The first known written description of Mount Magazine came from Thomas Nuttall, a noted English botanist, in 1819. Since then, the highest mountain in Arkansas has come to mean many things to many people. To the first settlers of European descent, it was a place to scratch out a living and raise a family through hard work and hardships. To those enduring the Great Depression, it meant jobs. The end of World War II brought numerous outdoor activities. Adventurous recreationists found many ways for the mountain to challenge their abilities. Scientists studying its biological

communities discovered unique fauna and flora. Finally, the past two decades have combined all those attributes in the development of Mount Magazine State Park.

The Library at Mount Char -

Scott Hawkins 2016-03-15

“Wholly original . . . the work of the newest major talent in fantasy.”—The Wall Street Journal “Freakishly compelling . . . through heart-thumping acts of violence and laugh-out-loud moments, this book practically dares you to keep reading.”—Atlanta Magazine

A missing God. A library with the secrets to the universe. A woman too busy to notice her heart slipping away. Carolyn's not so different from the other people around her. She likes guacamole and cigarettes and steak. She knows how to use a phone. Clothes are a bit tricky, but everyone says nice things about her outfit with the Christmas sweater over the gold bicycle shorts. After all, she was a normal American herself once. That was a long time ago, of course. Before her parents died. Before she and

the others were taken in by the man they called Father. In the years since then, Carolyn hasn't had a chance to get out much. Instead, she and her adopted siblings have been raised according to Father's ancient customs. They've studied the books in his Library and learned some of the secrets of his power. And sometimes, they've wondered if their cruel tutor might secretly be God. Now, Father is missing—perhaps even dead—and the Library that holds his secrets stands unguarded. And with it, control over all of creation. As Carolyn gathers the tools she needs for the battle to come, fierce competitors for this prize align against her, all of them with powers that far exceed her own. But Carolyn has accounted for this. And Carolyn has a plan. The only trouble is that in the war to make a new God, she's forgotten to protect the things that make her human. Populated by an unforgettable cast of characters and propelled by a plot that will shock you again

Purgatory Mount - Adam

Roberts 2021-02-04

An interstellar craft is decelerating after its century-long voyage. Its destination is V538 Aurigae ?, a now-empty planet dominated by one gigantic megastructure, a conical mountain of such height that its summit is high above the atmosphere. The ship's crew of five hope to discover how the long-departed builders made such a colossal thing, and why: a space

elevator? a temple? a work of art? Its resemblance to the mountain of purgatory lead the crew to call this world Dante. In our near future, the United States is falling apart. A neurotoxin has interfered with the memory function of many of the population, leaving them reliant on their phones as makeshift memory prostheses. But life goes on. For Ottoline Barragão, a regular kid juggling school and her friends and her beehives in the back garden, things are about to get very dangerous, chased across the north-east by competing groups, each willing to do whatever it takes to get inside Ottoline's private network and recover the secret inside.

Purgatory Mount, Adam Roberts's first SF novel for three years, combines wry space opera and a fast-paced thriller in equal measure. It is a novel about memory and atonement, about exploration and passion, and like all of Roberts's novels it's not quite like anything else.

Mount - Arlen Blumhagen
2010-12-07

Arlen Blumhagen captures the feel of the western wilderness of the late 1800's in this story of one man's adventures across the American wilderness. Mount leads a simple life, using his skills to survive in his cabin on the side of a mountain. When circumstances require him to make a trip into St. Louis, Mount thinks it will be a quick visit to The Big City and then home. What he isn't prepared for is the request of Andrew Worthington to lead his family through the wilderness and up through the Oregon Trail. What ensues is a series of adventures from attacks by Indians and snakes to blizzards and several near-fatal disasters. All Mount wants to do is get home to his life, but can he keep his band of travelers alive long enough to make it? Combining adventure with a liberal dose of comedy, MOUNT crosses genres from historical fiction to

western to humor to take the reader through one of the most memorable times in American history.
