Jaguar E-Type - Lance Cole 2020-06-30

The aim of this innovative series is to provide modelmakers and car enthusiasts with a new standard of primarily visual reference of both full-size cars and their scale models. Each book contains detailed technical information imparted through drawings and photographs while the meticulously researched full-color profiles provides a complete reference for paint schemes and markings. In addition, every volume of the CarCraft series features summaries of design histories and operational careers, and reviews of available kits. The third book in the new CarCraft series, Jaguar E-Type, frames the legend of what many call the world's most beautiful car design. Sir William Lyons and Malcolm Sayer carved automotive history with this car across its 1960s-1970s incarnations from roadster to coupé amid the fitting of Straight-Six, to V12 engines. With its new definition of sculptural styling, performance, handling and innovative style, the E-Type or XKE series in the USA, created a car of global impact that remains a great classic of all time. Here, experienced automotive writer, and industrial designer, Lance Cole pays tribute to the car in a detailed yet engaging commentary. New photography, the

design story, and full coverage of the modeling options in synthetic materials and die cast metals, create a narrative of vital interest.

Jaguar - Heiner Stertkamp 2008-11-17

In 1922, a company calling itself Swallow began manufacturing

motorcycle sidecars. In 1927, adopting the name SS, the company built its first automobiles, and in 1945, it switched to the name Jaguar. This richly illustrated book tells the colorful story behind one of the most revered makers of high-performance and sports cars. From the inklings of greatness in its distant beginnings to its ascension to fame with the postwar XK series cars followed by the iconic E-Type introduced in 1961, this book traces the path of a company that produced vehicles of unprecedented power and beauty--including four-door saloons, race prototypes, the GT-oriented XJ-S, and the fabulous XJ-220 supercar. The story continues today when, under Ford ownership, Jaguar continues to thrive, offering a line of top-notch modern cars. *Jaguar: The Complete Story* is an exhaustively researched account of the company's story, with a detailed look at every car it has built. Racing vehicles and prototypes receive due treatment as well, and an extensive appendix of technical specifications rounds out the book.

[E-Type Jaguar DIY](#) - Chris Rooke 2014-02-01

The fabulous E-type Jaguar is the sleekest and most beloved sports car ever created. Who wouldn't want one of their own? If you don't have tens of thousands of dollars to drop on a new model, or to have one professionally restored, why not restore one yourself? It's easier than you may think. Author and drama teacher Chris Rooke had no engineering or mechanical training, but he transformed a wreck of a Jaguar into a road burning machine. This is his candid story, and instruction, of how he managed to get it done. Perfect for beginners, *E-Type DIY* is heavily illustrated, and loaded with practical advice.

Jaguar XJ-S - James Taylor 2019-05-13

James Taylor remembers very well the disappointment among his petrol-head friends when the XJ-S was announced in 1975. It was not a replacement for the legendary E-type; its colours were uninspired; and its interior was drab. All credit, then, to those people at Jaguar who truly believed in the car and, over a period of nearly 20 years, turned the ugly duckling into a swan. From the moment the XJ-S HE arrived in 1981, there seemed to be renewed hope, and from then on, the car went from strength to strength to become the much-admired grand tourer it always

should have been. The book contains a timeline of the key events in the history of the XJ-S and an overview of the evolution of the XJ-S from the XJ27 prototype. Packed with details it gives UK showroom prices through the year and sales in the US by year. Of great interest to all motoring and Jaguar enthusiasts, it is superbly illustrated with 192 colour and black & white photos. James Taylor has been writing professionally about road transport since the late 1970s, his primary interest is in those models that made the British motor industry great.

Jaguar E-Type Six-Cylinder Originality Guide - Thomas F. Haddock 2017-03

Jaguar Cars - James Mann 2015-11-26

Jaguar Cars features 50 of Jaguar's most iconic models through James Mann's stunning photography, from the original SS Jaguar to today's F-Type sports cars and the C-X75 supercar concept.

[Jaguar C-type](#) - Philip Porter 2017-10-03

This glorious book tells the story of the celebrated lightweight Jaguar C-type, chassis number XKC 051, that Duncan Hamilton and Tony Rolt drove to victory in the 1953 Le Mans 24 Hours. The car went on to have a busy post-works racing career, first with Ecurie Ecosse, then with privateer drivers Bill Smith and Geoffrey Allison. Among its small number of collector custodians in later years, the names Briggs Cunningham in America and Adrian Hamilton (son of Duncan) in the UK stand out. The development of the C-type is described, focusing on the three lightweights of 1953 with thinner-gauge aluminum bodies, pioneering disc brakes, and aircraft-style fuel tanks. All this is covered in fascinating detail, supported by interviews with drivers and mechanics, a fine collection of period images and studio photographs.

Jaguar F-Type - Andrew Noakes 2020-05-25

Jaguar took nearly forty years to find a genuine successor to its iconic E-type. This book tells the fascinating, and sometimes frustrating, story of the journey from the iconic Jaguar E-type to its successor, the F-type. With nearly 300 photographs, it documents the evolution of the F-type from the Pininfarina XJ Spider through Jaguar's own XJ41/42, XX and

XK180 and reviews the whole range of F-type convertible and coupe models, the more powerful R and SVR, the wild Project 7 and the latest turbocharged four-cylinder cars. The special vehicles produced for Team Sky and Bloodhound SSC are included as well as a useful chapter on buying an F-type. Andrew Noakes also includes advice for F-type's future in a changing automotive world.

Jaguar E-Type 3.8 & 4.2 litre - Peter Crespin 2005-07-15

Buying a car is an expensive business and mistakes can prove costly financially and in time, effort and stress. Wouldn't it be great if you could take an expert with you? With the aid of this book's step-by-step guidance from a marque specialist, you can! You'll discover all you need to know about the car you want to buy. The unique points system will help you to place the car's value in relation to condition while extensive photographs illustrate the problems to look out for. This is an important investment - don't buy an E-Type without this book's help.

Jaguar Design - Nick Hull 2015

This new book tells the great Jaguar styling story in fascinating detail from the earliest Swallow motorcycle sidecars, which the fledgling firm began producing in Blackpool in 1922, through the famous icons - such as the XK 120s, the Mk 2 saloons, the E-type and the XJ6 - to the very latest stylish pre-eminent cars produced so successfully today. This is, essentially, the story of three men - company founder and owner Sir William Lyons, aerodynamicist Malcolm Sayer and current Design Director Ian Callum. But author Nick Hull, himself a former Jaguar designer, also introduces readers to the little-known men behind the scenes and how each of the great trio achieved their stunning cars. Callum, who has written the foreword, has opened doors and contributed great insights.

The All-American Hero and Jaguar's Racing E-Types - Phillip Bingham 2020-07-14

First seen by the wider world at the 1961 Geneva Motor Show, the Jaguar E-type redefined perceptions of how a sports car could - and perhaps should - look. No less a figure than Enzo Ferrari is said to have described it as "the most beautiful car in the world". Small wonder that

demand swiftly exceeded supply after Jaguar initially laid down plans to build the car in relatively small numbers. It was an instant hit on racing circuits too: little more than a month after the launch, Graham Hill took a roadster to victory on its debut at Oulton Park. Chassis 875027, the focus of this story, was the first E-type campaigned by American racing entrepreneur Briggs Cunningham's famous team and its performances helped persuade Jaguar to use the E-type as the basis for a competition thoroughbred that has become one of the most coveted of all time: the Lightweight The E-type evolved from a distinguished series of Jaguar sports cars that notched up a sequence of victories at Le Mans in the 1950s. The car's development is covered in detail and illustrated with exquisite cutaways. Briggs Cunningham had an interesting tale to tell away from motorsport - as did many of his racing companions. He skippered the winning yacht in the America's Cup; his right-hand man Alfred Momo won the Targa Florio as a co-driver, aged 14, and later climbed onto the wing of an airborne biplane to repair a leaking fuel line. Their contrasting backgrounds are covered in detail. Before aligning with Jaguar, Cunningham harboured hopes of putting together an all-American team capable of winning the Le Mans 24 Hours. His eponymous cars made their mark, without ever quite fulfilling his dream, and feature as part of an engaging wider story. In addition to running some of motorsport's best-known names, including Bruce McLaren, Dan Gurney and Jack Brabham, Cunningham was also associated with several unsung heroes. Here, racers such as John Fitch, Phil Walters and Walt Hansgen receive the credit they deserve. The book is handsomely illustrated with period photographs from some of the world's most respected collections, as well as a gallery of studio photographs showing the car as it is today.

The Complete Book of Jaguar - Nigel Thorley 2019-09-17

In 1935, when a small company in Coventry, England, launched a sporting saloon (i.e., sedan) called the Jaguar SS, it set in motion an inexorable process that would lead to Britain's most beloved line of high-performance automobiles. The Complete Book of Jaguar covers the SS and all of the Jaguar's subsequent production models, from the original SS Jaguar to today's F-Type sports cars, F-Pace SUV, X-Type sedans, as well as concept cars. As with other books in the Complete Book Series, author Nigel Thorley organizes the content chronologically with entries for each year. Narratives for each discuss the cars and technology, while spec tables highlight key technical and performance specifications.

Originally begun by a couple of motorcycle enthusiasts—William Lyons and William Walmsley—as a firm called the Swallow Sidecar Company, Jaguar would become one of the world's most celebrated automakers. In England's bleak postwar years, Jaguar became a shining star—first with its XK120, followed by the XK140 and XK150. Sporting sedans like the Mark 2 and Mark X set the bar for luxury four-door transport in the '50s and '60s. Then Jaguar stunned the world with the achingly beautiful E-Type in 1961, a genuine 150 mph super sports car. Along the way, the company competed on road courses around the world, going head to head with greats like Ferrari and Aston Martin. Though Jaguar lost its way periodically in the modern era, it has bounded back stronger than ever in the twenty-first century with a strong lineup, including the new F-Type sports car and F-Pace SUV. The Complete Book of Jaguar is the

essential guide to this important chapter in the history of sports and luxury automobiles.

Jaguar XK 120 - Chas Parker 2017-08-01

This book tells the story of one of the six alloy-bodied XK 120s that were prepared by Jaguar in 1950 for racing and rallying. This one, known as JWK 651 because of the registration number, was owned by Leslie Johnson and raced by him in some of the most prestigious events of the time, including the Le Mans 24 Hours, the Mille Miglia (twice) and the Tourist Trophy at Dundrod. Beyond that, Johnson and up-and-coming racing driver Stirling Moss visited the speed bowl at Montlhery for a record-breaking attempt, and Johnson also took part in the RAC Rally. In 1950, the car lay in second place in the Le Mans 24 Hours after 15 hours and was gaining on the leaders when the clutch failed. Besides this diverse and distinguished period competition career, the book tells the

story of the later life of this most significant XK 120. The book includes a wealth of period photographs as well as a portfolio of magnificent studio images

Jaguar Lightweight E-Type - Philip Porter 2014-06-01

A Wrinkle in Time - Madeleine L'Engle 2019-07-18

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

Jaguar Lightweight E-type - Philip Porter 2017-10-03

The Great Cars series returns with an in-depth look at the 1963 Lightweight Jaguar E-type, chassis number 49 FXN. This Porter Press series selects individual vehicles that stand out in the racing world, and commits to a full biography of them. This luminary among Jaguar Lightweight E-types made its race debut at the Nurburgring, freshly modified for aerodynamics and with an incredible engine developed by

masterminds Dr. Samir Klat and Prof. Harry Watson. Peter Lumsden and Peter Sargent proved its high-speed potential by running third in the GT class at Le Mans the next year, and three months later, it was the best-placed E-type at the Tourist Trophy at Goodwood, as well as fifth in the GT class. 49 FXN's successes go on, and you'll see them all in full across nearly 300 period images, many previously unpublished, and plenty of full color studio photography.

Jaguar Century - Giles Chapman 2021-10-26

Jaguar Century is a lavishly illustrated large-format retrospective examining 100 years of Jaguar, one of the most acclaimed marques in automotive history.

Me and My E-Type - Joseph V. Limongelli 2019-03

Jaguar E-Type - Nigel Thorley 2011-08-01

If ever there was a deserving recipient of the title 'Great Car', it is the Jaguar E-type. Produced from 1961 to 1975, this is a sports car that even today is instantly recognizable by people of all ages and is one of the best-known design icons of the sixties. Published to coincide with the 50th anniversary of the E-type, this book is an expanded second edition of a highly successful title in the Haynes 'Great Cars' series.

Jaguar E-type Factory and Private Competition Cars - Peter Griffiths
2018-06-12

The racing E-type Jaguar emerged from the ambition of both the racing fraternity and Jaguar enthusiasts who wanted to take this iconic British sports car onto the track to see what it would do. With official (and sometimes unofficial) help from the factory, the E-type was continually

developed and modified from almost the first week that the first production car left the factory. Recognized the world over, this beautiful aerodynamic car remains as popular today as it was in the 1960s. Jaguar E-type in Competition features period photographs and stories from the E-type's early racing days, describes how the cars evolved, and gives details of the lightweights, semi-lightweights and factory specials, the Le Mans cars, the Modsports era, and the replica lightweight racing phenomena. The detailed appendices include lists of cars and drivers, book and magazine references. As the only book in its field to cover every aspect of the E-type's competitive history from 1961 until the present day, the author redresses the balance to detail the 95% of cars usually overlooked. The reader will find hundreds of previously unseen photographs and new information, providing an invaluable source of material for anyone interested in this incredible sports car.

Jaguar XJ-S - Graham Robson 2007-11-01

The XJ-S was Jaguar's most controversial car. Despite offering a superb blend of performance and refinement it was a radical departure in style from the elegant E-type. It appeared at a time when fuel-thirsty luxury cars were unfashionable. However, Jaguar stuck with the car and the result is a twenty-one year production history and a firm place in the classic jaguar list.

Jaguar E-type - Matthew L. Stone 1995

The beautiful color history of Jaguar's most-loved car-the classic and beautiful E-Type. Great color photos capture the graceful lines of restored & original Jaguars. (SC)
