Rubber Band Jewellery - Pam Leach (Beadworker) 2014

"Rubber band jewellery is a relative newcomer to the crafts world, and is about to make a big splash in the UK market, although it has been massive in the US for some time. Many items can be made just using a crochet hook; other more complex items are made using a special loom, which is very widely available from outlets such as Amazon, Argos and Toys R Us, for about 15. The most popular loom is the Rainbow Loom, but other makes, such as Cra-Z-Loom and Fun Loom are also available. Bags of very brightly coloured rubber bands are also easily available, together with plastic connecting clips, charms and other embellishments. In the book, there will be 20 pieces of rubber band jewellery -- 10 made using just a crochet hook-like tool, and 20 using the loom -- including bracelets, earrings, necklaces, rings, bag charms and hand/foot accessories. Each project is accompanied by a beautiful full-colour photograph of the finished piece, clear step-by-step instructions, a list of the materials and tools needed. Two versions of each project are included, each made by following the same step-by-step instructions but by varying the colours of the rubber bands.

The Butterfly Club - Jacqueline Wilson 2016-01-07

Tina is a triplet, but she's always been the odd one out. Her sisters Phil

and Maddie are bigger and stronger and better at just about everything. Luckily, they look after teeny-tiny Tina wherever they go - but when the girls start in scary, super-strict Miss Lovejoy's class, they're split up, and Tina has to fend for herself for the first time. Tina is horrified when she's paired up with angry bully Selma, who nobody wants to be friends with. But when Miss Lovejoy asks them to help her create a butterfly garden in the school playground, Tina discovers she doesn't always need her sisters - and that there's a lot more to Selma than first meets the eye. A beautiful, heartwarming story about friendship, confidence and becoming your own person, from the mega-bestselling author of Tracy Beaker, Hetty Feather and Sleepovers.

Monster Tail Rubber Band Projects - Leisure Arts 2014-10-01

Loopers - John Dunn 2014-05-13

John Dunn never expected that his summer job as a caddie at the local course in Connecticut might turn into something more. The lifers who plied the loops were an ensemble of misfits and degenerates who made the caddie yard look more like a gambling hall than a country club. But Dunn came of age in those yards and on those courses, and the magnetism of the game and the lifestyle proved irresistible. One adventure after another kept him coming back summer after summer, until he found himself migrating with the seasons, looping at some of the most exquisite and exclusive golf locations in the world. Dunn crisscrossed the country on his own big loop, working inside the privet hedges while camping on the mountains, following the back roads and stumbling across unexpected moments of profound natural beauty, and embracing the freedom of what he calls the last vagabond existence in America, all while trying to decide whether to quit the loop and get a real job. Maybe next season...

The Weaver's Idea Book - Jane Patrick 2010-08-17

New and experienced weavers alike are always on the lookout for new weave-structure patterns. The Weaver's Idea Book presents a wide variety of patterns for the simple rigid-heddle loom, accompanied by harness drafts for multishaft looms. The techniques include leno, Brooks bouquet, soumak, and embroidery on fabric. Each chapter contains weaving patterns along with swatches illustrating the techniques, accompanied by step-by-step photography. The book is arranged by structure or type of weave, from variations on plain weave to doubleweave. With traditional patterns from around the world, bands, and fabrics woven on two double heddles, The Weaver's Idea Book brings together a variety of ways to create exquisite cloth. Weaving tips and tricks help weavers at all levels achieve their textile dreams. In addition to pattern drafts, Jane offers project ideas that guide the reader through creating functional woven projects, from wearables to home decor. Weaving, especially on rigid-heddle looms, is enjoying a resurgence, and contemporary weavers are in need of a book to bridge the divide between basic books and complex text designed for advanced weavers with sophisticated tools. Celebrating the immense potential for creativity possible with the simplest of tools, The Weaver's Idea Book opens new avenues for exploration on both the rigid-heddle and multishaft looms.
