**Accompanying those with Same-sex Attractions** - David Prosen 2019-02-19

"Author David Prosen speaks generously and with wisdom out of his own experience of same-sex attractions: without love, all the rules and commandments in the world fall flat. It is not for us to fix or change the person with same-sex attractions; our place is simply to love them. Just like anyone else, people with same-sex attractions first need to hear that their heavenly Father cares for them. Prosen reminds us of the power of affirming love in our own experience. When someone takes the time to just be with us and tells us the truth in a compassionate way,

we are more likely to receive it. Each of us, then, as spiritual mothers and fathers, may be a vehicle for Christ's affirming love shining in the loneliness of same-sex attractions." — Suzanne Baars, PhD, Catholic psychotherapist and founder of the Baars Institute "David Prosen has written a powerful booklet that I wish every Catholic adult would read. With incredible authenticity and transparency, he takes the reader into the interior reality — so often marked by wounds and pain — of those who experience same-sex attraction. Yet he also points the way to hope and healing in Christ, and the ways the Body of Christ can be a source of healing. This book will change the way you see the world." — Dr. John Bergsma, PhD, Catholic Bible scholar, author, speaker "With compassion and honesty, David Prosen reveals an empowering vision for sharing the liberating love of Jesus Christ with men and women trapped in the culture's false messaging and still longing for authentic love." — Lisa Mladinich, host of Shalom World TV's WOMAN: Strong Faith, True Beauty About the Author David Prosen is a graduate of Franciscan University of Steubenville with an MA in counseling. He has worked as a counselor in both secular and Catholic settings, treating many different conditions, including depression, anxiety, and more. David was featured in Blackstone's film The Third Way: Homosexuality and the Catholic Church and has had several articles published in Lay Witness, Crisis Magazine and LifeSiteNews. He has given numerous presentations across the country on same-sex attractions from a Catholic

2017-08-18

The Exodus is for everyone. An epic story that begins in tragedy, slavery, and oppression leads ultimately to hope, kindness, and new life. While each of us carries a story of oppression, we were created by God to be free and to change the world. Our journeys begin when we agree with God about who we are. Danielle Strickland interweaves scriptural truth with powerful stories of transformation that will free you from the things that enslave you - and free you for the life God has planned for you. It's time to embark on your own exodus and experience freedom as you have never known it before.

*The Liberating Truth* - Danielle Strickland  
2011-04-01

Danielle Strickland contends that women everywhere remain subjugated by cultural norms that tell them to conform, hold back, and turn aside from God's call upon their lives. Consequently many women fail to play a full part in the healing and restoration of society. The church should take the lead. In this prophetic book Danielle observes: -We should be the ones who model an alternative approach to leadership. We are the ones with the Bible and the witness of the Holy Spirit who through Scripture, reason, tradition and experience has shown, over and over again His heart for the release of women to exercise their gifts.-The book covers: The current situation (exploitation or subjugation); the historical situation (feminism and the Christian tradition); key biblical material; justice (the feminization of poverty); what does the future offer, and what should the church do?

*Feminine by Design* - John D. Garr 2013-05-23

Women are the product of divine design, the exquisite creation that God fashioned with careful, meticulous, and loving care. Understanding how and why God created woman enables both women and men to recognize the rightful contributions that God designed women to make for the welfare of humanity. Despite millennia of misguided efforts by men to control and dominate them, women were originally designed by God to be coequal with men and to have complete freedom to use any gift and to fulfill any role that he has given

to them. That design is still God's ideal for the God-fashioned woman, and includes the following subjects: Designed to Be Feminine, Designed for Beauty, Designed for Purity and Modesty, Designed for Sexual Fulfillment, Designed for Nurture and Relationship, Designed for Freedom. Whatever your race, ethnicity, gender, faith, or social status, this book and the other volumes in this series will literally set you free from misconceptions that have restricted the roles of women. As you are reconnected with the Hebraic foundations of your faith, you will clearly understand God's original design and purpose for women, and you will begin to help remove obstacles that have kept women from assuming their God-given roles in the family, in society, and especially in the community of faith.

**Deaf Liberation Theology** - Hannah Lewis  
2007

Deconstructing the theology and practice of the Church, Hannah Lewis shows how the Church unconsciously oppresses Deaf people through its view of them as people who can't hear. Lewis reclaims Deaf perspectives on Church history, examines how an essentially visual Deaf culture can relate to the written text of the Bible and asks 'can Jesus sign?' This book pulls together all these strands to consider how worship can be truly liberating, truly a place for Deaf people to celebrate who they are before God.

**A Year of Biblical Womanhood** - Rachel Held Evans  
2012

A strong Christian woman embarks on a radical life experiment—a year of biblical womanhood. Strong and committed in her faith—but frustrated by the inconsistencies she saw in her evangelical culture's view of women—Rachel Held Evans became an independent woman. But, intrigued by the traditionalist resurgence that led many of her friends to abandon their careers to assume traditional gender roles in the home, Evans had a crazy idea: What if I took "biblical womanhood" literally for a full year? In the next twelve months Rachel: Wore a scarf over her head to pray Called her husband "master" and stood on the roadside with a sign that said "Dan is Awesome" Adopted a computerized baby Perched on the roof for an afternoon of penance for gossiping Camped out in her front yard during her period Visited an Amish schoolhouse,

a pig farm in Bolivia, and a Benedictine monastery Took up baking and knitting Interviewed a polygamist, a Quiverfull daughter, and a courtship couple With just the right mixture of humor and insight, Evans takes readers along with her on a lively adventure. In the process she discovers that the journey itself leads her right to the heart of God.

*Dalit Theology and Dalit Liberation* - Peniel Rajkumar 2016-05-13

In fulfilling the long-awaited need for a constructive and critical rethinking of Dalit theology this book offers and explores the synoptic healing stories as a relevant biblical paradigm for Dalit theology in order to help redress the lacuna between Dalit theology and the social practice of the Indian Church. Peniel Rajkumar's starting point is that the growing influence of Dalit theology in academic circles is incompatible with the praxis of the Indian Church which continues to be passive in its attitude towards the oppression of the Dalits both within and outside the Church. The theological reasons for this lacuna between Dalit theology and the Church's praxis, Rajkumar suggests, lie in the content of Dalit theology, especially the biblical paradigms explored, which do not offer adequate scope for engagement in praxis.

*A Beautiful Mess* - Danielle Strickland 2014-08-15

This profound little book encourages us to set aside our limited expectations, and to fall in line with God's. Human beings like organization, structures, plans; God grows people. We ask for a budget; God offers us love. If you are aiming at relationship rather than performance, how do you measure effectiveness? How do you write a mission statement, yet allow God space to act out His plan rather than yours? What does Divine Order look like? Faith in God involves risk, and the possibility that God will do something entirely new. Starting with the seven days of creation, Danielle considers how God's world resembles *A Beautiful Mess* ' vibrant, full of colour and pulsating with life, but not about propositions. The Christian life is organic, not prescribed. We were not created to work, but to be fruitful. We need to be willing to put ourselves in a position where only God can do what needs to be done, and to have the humility

to let God show us what that is.

*Liberating Ministry from the Success Syndrome* - R. Kent Hughes 2008-01-07

Every year thousands of God's servants leave the ministry convinced they are failures. Years ago, in the midst of a crisis of faith, Kent Hughes almost became one of them. But instead he and his wife Barbara turned to God's Word, determined to learn what God had to say about success and to evaluate their ministry from a biblical point of view. This book describes their journey and their liberation from the "success syndrome"-the misguided belief that success in ministry means increased numbers. In today's world it is easy to be seduced by the secular thinking that places a number on everything. But the authors teach that true success in ministry lies not in numbers but in several key areas: faithfulness, serving, loving, believing, prayer, holiness, and a Christlike attitude. Their thoughts will encourage readers who grapple with feelings of failure and lead them to a deeper, fuller understanding of success in Christian ministry. This book was originally published by Tyndale in 1987 and includes a new preface.

*The Liberating Truth* - Danielle Strickland 2011

In short chapters full of memorable personal stories Danielle Strickland challenges us to take seriously our reading of the Gospels and the consequences of that reading. Strickland exposes the lie that debates regarding women's positions in the church and in life are academic exercises conducted by theologians with no impact on the day-to-day lives of women and the lie that the debate is even about gender. Strickland starts with stories of women in subjugation--women who are considered property, or have been told to remain in abusive relationships, or face extensive cultural restrictions. These are women she has met as she serves around the world for the Salvation Army. She calls us to know each woman as she meets Jesus and by her spiritual gifts--not by a culturally defined category. After tackling overt cases of oppression of women, Strickland confronts the subtleties of gender inequality in the Western world. Laying open the Bible and inviting all to come, she thoughtfully outlines the positions regarding gender equality and reviews related passages of Scripture. Using her gift as

an evangelist along with the guiding of Scripture, reason, tradition, and experience, she makes her case that the more women are empowered to be true equals to men, the closer we bring the Kingdom of God.

**The Church Impotent** - Leon J. Podles 1999

The current preoccupation with the role of women in the church obscures the more serious problem of the perennial absence of men. This provocative book argues that Western churches have become women's clubs, that the emasculation of Christianity is dangerous for the church and society, and that a masculine presence can and must be restored. After documenting the highly feminized state of Western Christianity, Dr. Podles identifies the masculine traits that once characterized the Christian life but are now commonly considered incompatible with it. He contends that though masculinity has been marginalized within Christianity, it cannot be expunged from human society. If detached from Christianity, it reappears as a substitute religion, with unwholesome and even horrific consequences. The church, too, is diminished by its emasculation. Dr. Podles concludes by considering how Christianity's virility might be restored. In the otherwise stale and overworked field of gender studies, *The Church Impotent* is the only book to confront the lopsidedly feminine cast of modern Christianity with a profound analysis of its historical and sociological roots.

**The Zombie Gospel** - Danielle J. Strickland 2017-10-01

What can zombies teach us about the gospel? The hit show *The Walking Dead* is set in a post-

apocalyptic world inhabited by mindless zombies. The characters have one goal: survive at all costs. At first glance there doesn't seem to be much the show can teach us about God or ourselves. Or is there? Author and speaker Danielle Strickland didn't expect to be drawn to a show about zombies, but she was surprised by the spiritual themes the show considers. In *The Zombie Gospel* she explores the ways that *The Walking Dead* can help us think about survival, community, consumerism, social justice, and the resurrection life of Jesus. After all, in the gospel God raises up a new humanity—a humanity resuscitated and reanimated by the new life of the Holy Spirit. Fans of the show will resonate with the book's exploration of spiritual themes, and can follow along with the episode discussion guide included within. And even if you haven't yet encountered *The Walking Dead*, you may be surprised to find another, greater story within the show's story.

*Liberating the Politics of Jesus* - Darryl W. Stephens 2020-09-03

Bold, faithful, challenging – this volume uncovers the social and political implications of the gospel message by looking at Anabaptist theology and practice from a female perspective. The contributors approach the gospel from a wide range of disciplines and backgrounds, liberating the radical political ethic of Jesus Christ from patriarchal distortions and demonstrating that gender justice and peace theology are inseparable. Beautifully illustrated with pen drawings, *Liberating the Politics of Jesus* recognizes the authority of women to interpret and reconstruct the peace church tradition on issues such as subordination, suffering, atonement, the nature of church, leadership, and discipleship. The contributors confront difficult topics head-on, such as the power structures in South Africa, armed conflict in Colombia, and the sexual violence of John Howard Yoder. The result is a renewed Anabaptist peace theology with the potential to transform the work of theology and ministry in all Christian traditions.

*God Is Not a White Man* - Chine McDonald  
2021-05-27

What does it mean when God is presented as male? What does it mean when - from our internal assumptions to our shared cultural imaginings - God is presented as white? These are the urgent questions Chine McDonald asks in a searing look at her experience of being a Black woman in the white-majority space that is the UK church - a church that is being abandoned by Black women no longer able to grin and bear its casual racism, colonialist narratives and lack of urgency on issues of racial justice. Part memoir, part social and theological commentary, *God Is Not a White Man* is a must-read for anyone troubled by a culture that insists everyone is equal in God's sight, yet fails to confront white supremacy; a lament about the state of race and faith, and a clarion call for us all to do better. 'This book is much-needed medicine for a sickness that we cannot ignore.' - The Most Rev. Michael B. Curry

**A New Gospel for Women** - Kristin Kobes Du Mez 2015

This title tells the story of Katharine Bushnell (1855-1946), a remarkable figure in the history of Anglo-American social reform, women's rights, and feminist theology. A book of history, biography, and historical theology, 'A New Gospel for Women' demonstrates both the promises and perils of Christian feminism - particularly the challenges confronting those today who wish to construct a sexual ethic that is both Christian and feminist, and one suited to the realities of the modern world.

**The Cross and the Lynching Tree** - James H. Cone 2011

A landmark in the conversation about race and religion in America. "They put him to death by hanging him on a tree." Acts 10:39 The cross and the lynching tree are the two most emotionally charged symbols in the history of the African American community. In this powerful new work, theologian James H. Cone explores these symbols and their interconnection in the history and souls of black folk. Both the cross and the lynching tree represent the worst in human beings and at the same time a thirst for life that refuses to let the worst determine our final meaning. While the lynching tree symbolized white power and "black death," the cross symbolizes divine power and "black life" God overcoming the power of sin and death. For African Americans, the image of Jesus, hung on a tree to die, powerfully grounded their faith that God was with them, even in the suffering of the lynching era. In a work that spans social history, theology, and cultural studies, Cone explores the message of the spirituals and the power of the blues; the passion and of Emmet Till and the engaged vision of Martin Luther King, Jr.; he invokes the spirits of Billie Holiday and Langston Hughes, Fannie Lou Hamer and Ida B. Wells, and the witness of black artists, writers, preachers, and fighters for justice. And he remembers the victims, especially the 5,000 who perished during the lynching period. Through their witness he contemplates the greatest challenge of any Christian theology to explain how life can be made meaningful in the face of death and injustice.

**Women in the New Testament** - Mary Ann Getty-Sullivan 2017-06-15

Much of the history of women, in religion as in other fields, is lost because it was overlooked or considered unimportant. It is therefore surprising that so many fragments of women's stories survive in the New Testament texts composed by men. Why did they include so many references to women and why are women, as a group, treated so positively by the male New Testament writers? Women in the New Testament shows how the stories of women are

an integral part of the Gospel and its meaning for us. It also relays how we can respond to the challenge these women represent, whether we are men trying to understand or women trying to find our voices within the tradition of faith found in the New Testament. Chapter one discusses three women of expectant faith. Chapters two and three deal with women who are changed by Jesus. Chapter four focuses on New Testament women of influence. Chapters five and six show how women disciples spread and gave shape to the gospel message. Chapters are "Women of Expectant Faith," "Women Changed by Jesus," "More Women Changed by Jesus," "Women of Prominence," "Women and Discipleship," and "More Women and Discipleship." Mary Ann Getty-Sullivan, PhD, teaches at St. Vincent College and St. Vincent Seminary, Latrobe, Pennsylvania. She is the author of First and Second Corinthians from the Collegeville Bible Commentary series, author of the God Speaks to Us series of children's books, and editor of the Zaccarius Studies: New Testament series published by The Liturgical Press. [The Role of Women's Experience in Feminist Theologies of Atonement](#) - Linda D. Peacore 2010-03-11

A strong critique of traditional atonement theology is found in the work of many contemporary feminist theologians. This approach, in large part, is related to the notion of women's experience--a category that is used widely within feminist theology. But what is women's experience and how does it affect feminist theology, particularly views on the atonement? The category of women's experience is pivotal to feminist theology, yet its use may lead to models of atonement that place excessive stress upon the subjective element of Christ's saving work thereby neglecting to address adequately the objective aspects of the cross. This book focuses on the methodological issues regarding the category of women's experience generally, its definition and use in feminist theology, with a more detailed analysis of its use in the context of feminist theologies of atonement. Utilizing the work of a wide variety of feminist theologians in conversation with theologies of experience, this work attempts to understand the role of women's experience as it shapes feminist views on the atonement, noting

the strengths and limitations of feminist approaches to soteriology.

**Compendium of the Social Doctrine of the Church** - Catholic Church. Pontificium Consilium de Iustitia et Pace 2005

**What Jesus Learned from Women** - James F. McGrath 2021-02-26

Dehumanization has led to serious misinterpretation of the Gospels. On the one hand, Christians have often made Jesus so much more than human that it seemed inappropriate to ask about the influence other human beings had on him, male or female. On the other hand, women have been treated as less than fully human, their names omitted from stories and their voices and influence on Jesus neglected. When we ask the question this book does, what Jesus learned from women, puzzling questions that have frustrated readers of the Gospels throughout history suddenly find solutions. Weaving cutting edge biblical scholarship together with an element of historical fiction and a knack for writing for a general audience, James McGrath makes the stories of women in the New Testament come alive, and sheds fresh light on the figure of Jesus as well. This book is a must read for scholars, students, and anyone else interested in Jesus and/or in the role of ancient women in the context of their times.

*The Making of Biblical Womanhood* - Beth Allison Barr 2021-04-20

USA Today Bestseller Christianity Today 2022 Book Award Finalist (History & Biography) "A powerful work of skillful research and personal insight."--Publishers Weekly  
Biblical womanhood--the belief that God designed women to be submissive wives, virtuous mothers, and joyful homemakers--pervades North American Christianity. From choices about careers to roles in local churches to relationship dynamics, this belief shapes the everyday lives of evangelical women. Yet biblical womanhood isn't biblical, says Baylor University historian Beth Allison Barr. It arose from a series of clearly definable historical moments. This book moves the conversation about biblical womanhood beyond Greek grammar and into the realm of church history--ancient, medieval, and modern--to show that this belief is not divinely ordained but a product of human civilization that continues to creep into the church. Barr's historical insights provide context for contemporary teachings about women's roles in the church and help move the conversation forward. Interweaving her story as a Baptist pastor's wife, Barr sheds light on the #ChurchToo movement and abuse scandals in Southern Baptist circles and the broader evangelical world, helping readers understand why biblical womanhood is more about human power structures than the message of Christ.

Worthy to be read and studied by all. You won't be able to put it down."--Patricia King, founder, XP Ministries "Read, weigh and embrace the spirit, truth and heartbeat of this book. This biblical approach rightly addresses unright arguments of strained interpretations. Such balance and beauty make sense and offer wisdom. However, I realized that the fact that it was written by a man, and it is a man calling me into my divine design, brought a deeper level of healing than I'd anticipated and sent me on a journey digging deeper into God's heart. I recommend it for all!" --Revival Magazine "Fashioned to Reign considers the everlasting deception Christians face regarding women's role and purpose: a deception fostered by evil and which is not of God's plan. The disempowerment of women was the devil's idea - and God's true plan for women is very different. Woman was, in fact, designed to stand by man's side and reign with him, not under him - and Fashioned to Reign covers God's ultimate intention for women. Packed with scripture and information throughout, Fashioned to Reign is a powerful analysis perfect for any Christian collection." --Midwest Book Review

*Ten Lies The Church Tells Women* - J Lee Grady 2013-07-29

The gospel was never intended to restrain women from pursuing god or to prevent them from fulfilling their divine destiny. In his revised and updated book, which includes testimonials, Lee Grady boldly proclaims the truth of the gospel: that men and women are appointed by god and empowered by Him. In *10 Lies the Church Tells Women*, readers will discover: Why Jesus went out of His way to minister to and disciple women. Why so many Christian women suffer abusive marriages, and why many pastors don't do anything about the problem. How "the Proverbs 31 woman" has been misinterpreted to deny women opportunities in the workplace.

*Better Together* - Danielle Strickland 2020-02-11  
An impassioned plea and workable solution for

women and men to imagine a better world, embrace their differences, find ways to end oppression, and learn how to work better together. We are currently at a strategic cultural intersection with relationships between women and men eroding. And it seems no one knows what to do. While it is good for women to expose their pain, what often happens is that they immediately blame the person at the other end of it, which sets up a never-ending cycle of accusations, denial, avoidance, and ultimately devastation for everyone involved. This moment of discovery should not signal the end but instead become an opportunity to create a different world where men and women are better together. Better Together is a beacon of hope in a challenging storm. It's where thoughts can be rechanneled and hope rekindled as author Danielle Strickland offers steps toward a real and workable solution. Her premise is that two things are needed for change: 1) imagine a better world, and 2) understand oppression. Understanding how oppression works is an important part of undoing it. Danielle says, "I refuse to believe that all men are bad. I also refuse to believe that all women are victims. I don't want to be just hopeful, I want to be strategically hopeful. I want to work toward a better world with a shared view of the future that looks like equality, freedom, and flourishing."

*Liberation Theology* - Curt Cadorette 2004-04-27

In the past twenty-five years, liberation theology has emerged as one of the most influential, challenging, and controversial movements in modern theology. Whether in its Asian, African, Latin American, or African-American forms, liberation theology has undertaken to reexamine the dimensions of Christian faith from the perspective of the marginalized and oppressed. Here, at last, is a collection of readings from a cross-section of the world's leading exponents of liberation theology, designed to offer an overview of liberation theology and its central themes. Topics included are methodology, christology, ecclesiology, and spirituality. Each chapter includes a helpful introduction and questions for discussion, making this an ideal introductory text for students, as well as scholars and other general readers.
