Perspectives on Contemporary Issues -

Katherine Anne Ackley 2016-10-05

Presenting a variety of viewpoints on current issues across disciplines, PERSPECTIVES ON CONTEMPORARY ISSUES, 8e, equips readers to

think, read, and write critically. Emphasizing writing and research, Part I offers separate chapters on reading critically, the writing process, writing a summary, the critique, argumentation, synthesis requiring documentation, and the research paper. Part II is packed with captivating readings organized by broad-based curricular areas. Helping students fully engage on a personal level, questions at the end encourage a reaction to the readings while Responding to Visuals sections prompt students to analyze images. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Fahrenheit 451 - Ray Bradbury 2003-09-23

A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

The Last Lecture - Randy Pausch 2008-04-08

"We cannot change the cards we are dealt, just how we play the hand."--Randy Pausch A lot of

Downloaded from
omahafoodtruckassociation.org on by

professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave--"Really Achieving Your Childhood Dreams"--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and

intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

The Ruthless Elimination of Hurry - John Mark Comer 2019-10-29

ECPA BESTSELLER • A compelling emotional and spiritual case against hurry and in favor of a slower, simpler way of life "As someone all too familiar with 'hurry sickness,' I desperately needed this book."—Scott Harrison, New York Times best-selling author of Thirst "Who am I becoming?" That was the question nagging pastor and author John Mark Comer. Outwardly, he appeared successful. But inwardly, things weren't pretty. So he turned to a trusted mentor for guidance and heard these words: "Ruthlessly eliminate hurry from your life. Hurry is the great enemy of the spiritual life." It wasn't the response he expected, but it was—and continues to be—the answer he needs. Too often we treat the symptoms of toxicity in our modern world

instead of trying to pinpoint the cause. A growing number of voices are pointing at hurry, or busyness, as a root of much evil. Within the pages of this book, you'll find a fascinating roadmap to staying emotionally healthy and spiritually alive in the chaos of the modern world.

Ontario Boys - Christopher J. Greig 2014-02-04
Ontario Boys explores the preoccupation with boyhood in Ontario during the immediate postwar period, 1945–1960. It argues that a traditional version of boyhood was being rejuvenated in response to a population fraught with uncertainty, and suffering from insecurity, instability, and gender anxiety brought on by depression-era and wartime disruptions in marital, familial, and labour relations, as well as mass migration, rapid postwar economic changes, the emergence of the Cold War, and the looming threat of atomic annihilation. In this sociopolitical and cultural context, concerned adults began to cast the fate of the postwar

world onto children, in particular boys. In the decade and a half immediately following World War II, the version of boyhood that became the ideal was one that stressed selflessness, togetherness, honesty, fearlessness, frank determination, and emotional toughness. It was thought that investing boys with this version of masculinity was essential if they were to grow into the kind of citizens capable of governing, protecting, and defending the nation, and, of course, maintaining and regulating the social order. Drawing on a wide variety of sources, Ontario Boys demonstrates that, although girls were expected and encouraged to internalize a “special kind” of citizenship, as caregivers and educators of children and nurturers of men, the gendered content and language employed indicated that active public citizenship and democracy was intended for boys. An “appropriate” boyhood in the postwar period became, if nothing else, a metaphor for the survival of the nation.

The Empathy Gap - William Collins

From the ebook Preface: "This book majors on the presentation of empirical evidence in the form of data. The most digestible form for communicating such material is through the use of Tables and Figures, generally graphs. Consequently, the book has a great many Tables and Figures and the latter are often in colour. Viewing on a device capable of rendering colours is therefore recommended although monochrome will be adequate in most cases." The Empathy Gap proposes the thesis that men and boys are extensively disadvantaged across many areas of life, including in education, healthcare, genital integrity, criminal justice, domestic abuse, working hours, taxation, pensions, paternity, homelessness, suicide, sexual offences, and access to their own children after parental separation. The claim is justified in the book by empirical evidence, mostly but not exclusively from the UK, involving nearly 1,000 references, 179 Figures and 49 Tables. To

most people, of both sexes, this will appear to be a perverse perspective as disadvantage has become the province of women, girls and minorities, not males. Yet the empirical case supporting the disadvantages suffered by men and boys is undeniable to the objective mind. But if this is so, why is the popular perception that males are privileged whereas disadvantage is the province of the opposite sex? Why do the male disadvantages go largely unremarked, by both sexes, if they are so pervasive? Presenting the case for widespread and substantial male disadvantage is also a challenge to the usual hegemonic paradigm of feminist theory. These issues are addressed within The Empathy Gap by presenting an entirely different orientation on the social psychology of relations between the sexes. Out goes the idea of an oppressive patriarchy. Instead, a man's participation in the human pair bond is seen to be altruistic, a phenomenon arising originally from evolution and enacted in the individual via the emotional

psyche. This is the origin of an asymmetry in the perception of the sexes which normalises the preferencing of females and therefore inevitably disadvantages males as a corollary. The successful evolved strategy involves male utility and relative male disposability, the latter being facilitated by a muted empathy for males, by both sexes - the empathy gap. Rather than working to overcome this male disposability, as a true egalitarian movement would have done, feminism has fed upon it and amplified it. The feminist project relies upon the true state of affairs remaining unacknowledged, and the empathy gap is instrumental in its own invisibility. In respect of this theory, the author makes no claim for originality. The ideas presented have been circulating within the sub-culture for decades. However, the focus of the book is to show how these ideas are manifest in practice.

Angry White Men - Michael Kimmel 2013-11-05
"[W]e can't come off as a bunch of angry white

men." Robert Bennett, chairman of the Ohio Republican Party One of the enduring legacies of the 2012 Presidential campaign was the demise of the white American male voter as a dominant force in the political landscape. On election night, after Obama was announced the winner, a distressed Bill O'Reilly lamented that he didn't live in "a traditional America anymore." He was joined by others who bellowed their grief on the talk radio airwaves, the traditional redoubt of angry white men. Why were they so angry? Sociologist Michael Kimmel, one of the leading writers on men and masculinity in the world today, has spent hundreds of hours in the company of America's angry white men - from white supremacists to men's rights activists to young students -in pursuit of an answer. *Angry White Men* presents a comprehensive diagnosis of their fears, anxieties, and rage. Kimmel locates this increase in anger in the seismic economic, social and political shifts that have so transformed the American landscape. Downward

Downloaded from
omahafoodtruckassociation.org on by
guest

mobility, increased racial and gender equality, and a tenacious clinging to an anachronistic ideology of masculinity has left many men feeling betrayed and bewildered. Raised to expect unparalleled social and economic privilege, white men are suffering today from what Kimmel calls "aggrieved entitlement": a sense that those benefits that white men believed were their due have been snatched away from them. Angry White Men discusses, among others, the sons of small town America, scarred by underemployment and wage stagnation. When America's white men feel they've lived their lives the 'right' way - worked hard and stayed out of trouble - and still do not get economic rewards, then they have to blame somebody else. Even more terrifying is the phenomenon of angry young boys. School shootings in the United States are not just the work of "misguided youth" or "troubled teens"—they're all committed by boys. These alienated young men are transformed into mass

murderers by a sense that using violence against others is their right. The future of America is more inclusive and diverse. The choice for angry white men is not whether or not they can stem the tide of history: they cannot. Their choice is whether or not they will be dragged kicking and screaming into that inevitable future, or whether they will walk openly and honorably - far happier and healthier incidentally - alongside those they've spent so long trying to exclude.

The Demise - Diane Moody 2020-06-13

Tiny Braxton, Tennessee, is a quiet, tight-knit community wrapped around an old town square just a stone's throw from Nashville. But when the town's most prominent citizen is found dead at the base of its water tower, news of Peter Lanham's apparent suicide roars through town like a massive tsunami. Peter, the handsome, beloved CEO of Lanham's Fine Foods, had taken a small, family-owned grocery store founded in 1927, and grew it into a successful national chain. With most of Braxton's residents

employed by Lanham's corporate headquarters, word of Peter's demise left them searching for answers. What could possibly have made him take a swan dive off that tower? Julie Parker is convinced he didn't. As receptionist at Lanham's executive office suite, she's determined to find out what really happened to her boss. An aspiring actor who also stars as "The Lanham Girl" in the company's TV commercials, Julie prides herself on her perceptive observations and people-skills. Who better to find out what happened to Peter up on that water tower? Matt Bryson, on assignment as a rookie Special Agent for the Tennessee Bureau of Investigation, isn't about to let the attractive receptionist intrude on his first case. She may be a hometown insider, but he's perfectly capable of solving the case without "Miss Marple" screwing up his investigation. A perfect setting, a cast of oddball characters, and just enough drama to raise lots of suspicion. The stage is set.

Sexual Preference, Its Development in Men and

Women - Alan Paul Bell 1981

An official publication of the Alfred C. Kinsey Institute for Sex Research.

The Cartel 6: The Demise - JaQuavis 2016-07-26

"Las Vegas. A city built on obscene wealth and corrupt deals, cunning entrepreneurs, and the ruthless mob. The Cartel's plan to open a casino will rake in cash, but comes with great sacrifice. The stakes have never been this high, and rules of the game have never been this hard to manipulate. And when one dead girl, one scorned wife, and one hole in the desert launch a chain of catastrophic events, The Cartel is sent on a downward spiral as they battle the Arabian mob and fight traitors within their circle."

The Myth of Male Power - Warren Farrell 2001

...lies understanding. This is what bestselling author Warren Farrell discovered when he took a stand against established views of the male role in society, and pursued a course of study to find out who men really are. Here are the eye-

opening, heart-rending, and undeniably enlightening results...

The Boy Crisis - Warren Farrell, Ph.D.

2018-03-13

What is the boy crisis? It's a crisis of education. Worldwide, boys are 50 percent less likely than girls to meet basic proficiency in reading, math, and science. It's a crisis of mental health. ADHD is on the rise. And as boys become young men, their suicide rates go from equal to girls to six times that of young women. It's a crisis of fathering. Boys are growing up with less-involved fathers and are more likely to drop out of school, drink, do drugs, become delinquent, and end up in prison. It's a crisis of purpose. Boys' old sense of purpose—being a warrior, a leader, or a sole breadwinner—are fading. Many bright boys are experiencing a "purpose void," feeling alienated, withdrawn, and addicted to immediate gratification. So, what is The Boy Crisis? A comprehensive blueprint for what parents, teachers, and policymakers can do to

help our sons become happier, healthier men, and fathers and leaders worthy of our respect.

Count Down - Shanna H. Swan 2021-02-23

In the tradition of *Silent Spring* and *The Sixth Extinction*, an urgent, meticulously researched, and groundbreaking book about the ways in which chemicals in the modern environment are changing—and endangering—human sexuality and fertility on the grandest scale, from renowned epidemiologist Shanna Swan. In 2017, author Shanna Swan and her team of researchers completed a major study. They found that over the past four decades, sperm levels among men in Western countries have dropped by more than 50 percent. They came to this conclusion after examining 185 studies involving close to 45,000 healthy men. The result sent shockwaves around the globe—but the story didn't end there. It turns out our sexual development is changing in broader ways, for both men and women and even other species, and that the modern world is on pace to become

an infertile one. How and why could this happen? What is hijacking our fertility and our health? Count Down unpacks these questions, revealing what Swan and other researchers have learned about how both lifestyle and chemical exposures are affecting our fertility, sexual development—potentially including the increase in gender fluidity—and general health as a species. Engagingly explaining the science and repercussions of these worldwide threats and providing simple and practical guidelines for effectively avoiding chemical goods (from water bottles to shaving cream) both as individuals and societies, Count Down is at once an urgent wake-up call, an illuminating read, and a vital tool for the protection of our future.

The Lucifer Effect - Philip Zimbardo 2008-01-22
The definitive firsthand account of the groundbreaking research of Philip Zimbardo—the basis for the award-winning film *The Stanford Prison Experiment*—Renowned social psychologist and creator of the Stanford

Prison Experiment Philip Zimbardo explores the mechanisms that make good people do bad things, how moral people can be seduced into acting immorally, and what this says about the line separating good from evil. The Lucifer Effect explains how—and the myriad reasons why—we are all susceptible to the lure of “the dark side.” Drawing on examples from history as well as his own trailblazing research, Zimbardo details how situational forces and group dynamics can work in concert to make monsters out of decent men and women. Here, for the first time and in detail, Zimbardo tells the full story of the Stanford Prison Experiment, the landmark study in which a group of college-student volunteers was randomly divided into “guards” and “inmates” and then placed in a mock prison environment. Within a week the study was abandoned, as ordinary college students were transformed into either brutal, sadistic guards or emotionally broken prisoners. By illuminating the psychological causes behind such disturbing

Downloaded from
omahafoodtruckassociation.org on by
guest

metamorphoses, Zimbardo enables us to better understand a variety of harrowing phenomena, from corporate malfeasance to organized genocide to how once upstanding American soldiers came to abuse and torture Iraqi detainees in Abu Ghraib. He replaces the long-held notion of the “bad apple” with that of the “bad barrel”—the idea that the social setting and the system contaminate the individual, rather than the other way around. This is a book that dares to hold a mirror up to mankind, showing us that we might not be who we think we are. While forcing us to reexamine what we are capable of doing when caught up in the crucible of behavioral dynamics, though, Zimbardo also offers hope. We are capable of resisting evil, he argues, and can even teach ourselves to act heroically. Like Hannah Arendt’s Eichmann in Jerusalem and Steven Pinker’s *The Blank Slate*, *The Lucifer Effect* is a shocking, engrossing study that will change the way we view human behavior. Praise for *The Lucifer Effect* “The

Lucifer Effect will change forever the way you think about why we behave the way we do—and, in particular, about the human potential for evil. This is a disturbing book, but one that has never been more necessary.”—Malcolm Gladwell “An important book . . . All politicians and social commentators . . . should read this.”—The Times (London) “Powerful . . . an extraordinarily valuable addition to the literature of the psychology of violence or ‘evil.’”—The American Prospect “Penetrating . . . Combining a dense but readable and often engrossing exposition of social psychology research with an impassioned moral seriousness, Zimbardo challenges readers to look beyond glib denunciations of evil-doers and ponder our collective responsibility for the world’s ills.”—Publishers Weekly “A sprawling discussion . . . Zimbardo couples a thorough narrative of the Stanford Prison Experiment with an analysis of the social dynamics of the Abu Ghraib prison in Iraq.”—Booklist “Zimbardo bottled evil in a laboratory. The lessons he

learned show us our dark nature but also fill us with hope if we heed their counsel. The Lucifer Effect reads like a novel.”—Anthony Pratkanis, Ph.D., professor emeritus of psychology, University of California

Man (Dis)Connected - Philip Zimbardo
2015-05-07

Young men are failing as never before - academically, socially and sexually. But why is this so? What are the implications? And what needs to be done about it before it's too late? Philip Zimbardo and co-writer Nikita Coulombe examine the modern meltdown of manhood and how this is manifest in the lives of young men today. They consider such factors as absent fathers, and legislation favouring women, which contribute to many men lacking social skills and direction in their lives. Most controversially, Zimbardo argues that readily available hardcore pornography and exciting gaming realities provide digital alternatives that are less demanding and far more appealing for many

the-demise-of-guys-why-boys-are-struggling-and-wh

than sex, sports and social interaction in the real world. Immersion in these alternative realms is playing havoc with these boys' cognitive development, their ability to concentrate and their social development, allowing girls to excel in the real world where social skills are a source of success. By illuminating the symptoms and causes of these gloomy trends, Zimbardo and Coulombe shed light on how we arrived at this state of affairs and, most significantly, what the solutions might be.

Man Disconnected - Philip Zimbardo
2015-05-07

'Zimbardo has put his finger on a great challenge of the modern era' - The Sunday Times
Masculinity is in meltdown. Young men are failing as never before — academically, socially and sexually. But why? And what needs to be done? Internationally-acclaimed psychologist Philip Zimbardo, and research partner Nikita Coulombe, show how symptoms include excessive gaming and porn use, apathy and drug

guest*

abuse. They argue that digital technologies create alternative worlds that many boys find less demanding and more rewarding than real life, yet which are ultimately harmful. There is hope. Man Disconnected reveals where the solutions are to be found, and what action we can take. Controversial, provocative and insightful, this book is an alarm call ignored at our peril.

Focus on the Future - Tim Clinton 2021-10
FOREWORD BY JAMES DOBSON The future is bright, victories are destined, and great things await the faithful who prepare. This book will equip you to protect your family, your society, and your convictions in a world that increasingly challenges your Christian faith. Tim Clinton an eminent American counselor and associate of the revered James Dobson, believes this moment in American history is a reprieve. It is a moment to take stock. It is a moment to prepare. It is a moment to focus on the future. We must know the season we are in and prepare to maximize

our opportunities as we engage in the cultural battles that are sure to befall us. In his stirring new book, Focus on the Future, Clinton provides a learned overview of our embattled liberties, the intents of our Founding Fathers, and the heroic efforts of individuals such as Dobson to preserve those intentions. Clinton arms readers for the days ahead by tackling topics such as the following: The new war on the American family and how we can change America one family at a time The power of righteous masculinity and the forces determined to destroy it The battle against abortion How neuroscience is changing our approach to healing the traumatized, our veterans, and our society as a whole Clinton is not just a wise counselor. He is also a warrior summoning other warriors to their great cause. He challenges readers by chronicling the global persecution of the Christian faith and by telling believers how they can make a difference. Focus on the Future is both a culmination of decades of learning and activism as well as a cutting-edge

response to today's events. We can indeed have vital families in a thriving nation and see righteousness pervade our land.

Into the Wild - Jon Krakauer 2009-09-22

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable

story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is

Downloaded from
omahafoodtruckassociation.org on by
guest

dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

Manning Up - Kay S. Hymowitz 2012-03-06
In *Manning Up*, Manhattan Institute fellow and City Journal contributing editor Kay Hymowitz argues that the gains of the feminist revolution have had a dramatic, unanticipated effect on the current generation of young men. Traditional roles of family man and provider have been turned upside down as “pre-adult” men, stuck between adolescence and “real” adulthood, find

themselves lost in a world where women make more money, are more educated, and are less likely to want to settle down and build a family. Their old scripts are gone, and young men find themselves adrift. Unlike women, they have no biological clock telling them it's time to grow up. Hymowitz argues that it's time for these young men to “man up.”

The End of Men - Hanna Rosin 2012-09-11
Essential reading for our times, as women are pulling together to demand their rights— A landmark portrait of women, men, and power in a transformed world. “Anchored by data and aromatized by anecdotes, [Rosin] concludes that women are gaining the upper hand.” -The Washington Post
Men have been the dominant sex since, well, the dawn of mankind. But Hanna Rosin was the first to notice that this long-held truth is, astonishingly, no longer true. Today, by almost every measure, women are no longer gaining on men: They have pulled decisively ahead. And “the end of men”—the title of Rosin’s

Downloaded from
omahafoodtruckassociation.org on by
guest

Atlantic cover story on the subject—has entered the lexicon as dramatically as Betty Friedan’s “feminine mystique,” Simone de Beauvoir’s “second sex,” Susan Faludi’s “backlash,” and Naomi Wolf’s “beauty myth” once did. In this landmark book, Rosin reveals how our current state of affairs is radically shifting the power dynamics between men and women at every level of society, with profound implications for marriage, sex, children, work, and more. With wide-ranging curiosity and insight unhampered by assumptions or ideology, Rosin shows how the radically different ways men and women today earn, learn, spend, couple up—even kill—has turned the big picture upside down. And in *The End of Men* she helps us see how, regardless of gender, we can adapt to the new reality and channel it for a better future.

**Taking Forward the Primary Curriculum:
Preparing for the 2014 National Curriculum**

- Roy Blatchford 2013-10-11

This book has a simple intent. In September

2014, primary schools in England will be expected to adopt a new national curriculum. There is good time to prepare. At this point of curriculum change and development in England's schools, the contributors offer their considered reflections on how primary schools across the country might take forward and shape their own curriculum framework for pupils. The spirit of the book is, based on considerable leadership experience in schools, letting-a-thousand-flowers-bloom rather than recommending a one-size-fits-all approach. This book does not set out to analyse the content of the 2014 Primary Curriculum, nor to present ways in which individual schools should plan their schemes of work and weekly or monthly planning. That is rightly the province of each school, learning from and sharing best practice with others. Rather, the contributors to this book present underpinning values, ideas and approaches to successful curriculum planning, rooted in many years of leading and working in

*Downloaded from
omahafoodtruckassociation.org on by
guest*

schools. Their reflections come from varying perspectives: teachers, headteachers, directors of foundations and leading thinkers on education, each of whom is involved in the work of the National Education Trust (www.nationaleducationtrust.net), an independent charitable foundation which champions best practice.

The Way of Men - Jack Donovan 2012-04-01

What is masculinity? Ask ten men and you'll get ten vague, conflicting answers. Unlike any book of its kind, *The Way of Men* offers a simple, straightforward answer-without getting bogged down in religion, morality, or politics. It's a guide for understanding who men have been and the challenges men face today. *The Way of Men* captures the silent, stifling rage of men everywhere who find themselves at odds with the over-regulated, over-civilized, politically correct modern world. If you've ever closed your eyes and wished for one day as a lion, this book is for you.

the-demise-of-guys-why-boys-are-struggling-and-wh

A Man in the Making - Rick Johnson

2013-08-15

The transformation from boy into man requires intentional guidance, education, and good role models. As a boy grows toward manhood, his parents can instill in their son the values and character traits needed to succeed in life. Highlighting famous Christian men throughout history and the character trait that made each an outstanding model of manhood, parenting expert Rick Johnson gives moms and dads intentional strategies to help mold their sons into honorable men. The book includes men such as •Martin Luther King Jr. •George Washington •John Wooden •Abraham Lincoln •Jedediah Smith •Benjamin Franklin •Leonardo da Vinci •and more With passion and practicality, Johnson covers all aspects of a young man's development, including his work ethic, education, and integrity.

Lord of the Flies - William Golding 2003-12-16

Golding's iconic 1954 novel, now with a new

18/26

foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

Demise of a Self-Centered Playboy - Piper Rayne
2019-02-20

You might be wondering how you'll know when your playboy ways are coming to an end. For some it might be an unexpected pregnancy (ahem... you know who), for others it might be finally landing the one woman you've always

wanted (cough... I won't mention any names). For me, it was the death of my mentor and the subsequent reading of his will. The signs were there, they always are. But I didn't notice them until it was too late, and my demise was complete. Demise Sign #1 - You find yourself thrust into the land of responsibility and you don't immediately hightail it out of town. Demise Sign #2 - Despite being stuck with the world's biggest Jekyll & Hyde, some sadistic part of you actually enjoys spending time with her. Demise Sign #3 - Your family suddenly stops wanting to weigh in on every decision in your life. Demise Sign #4 - Somehow you end up being the voice of reason in your tumultuous partnership. Demise Sign #5 - You start thinking of other people before yourself. Demise Sign #6 - You agree to put yourself in the middle of an Alaskan reality TV show that has both of you sleeping in the same tent. Demise Complete.

In Cold Blood - Truman Capote 2013-02-19

Selected by the Modern Library as one of the

100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories* Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach

of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.

A Day No Pigs Would Die - Robert Newton Peck 2010-01-13

Originally published in hardcover in 1972, *A Day No Pigs Would Die* was one of the first young adult books, along with titles like *The Outsiders* and *The Chocolate War*. In it, author Robert Newton Peck weaves a story of a Vermont boyhood that is part fiction, part memoir. The result is a moving coming-of-age story that still resonates with teens today.

The Smartest Guys in the Room - Bethany McLean 2013-11-26

There were dozens of books about Watergate, but only *All the President's Men* gave readers the full story, with all the drama and nuance and exclusive reporting. And thirty years later, if you're going to read only one book on

Watergate, that's still the one. Today, Enron is the biggest business story of our time, and Fortune senior writers Bethany McLean and Peter Elkind are the new Woodward and Bernstein. Remarkably, it was just two years ago that Enron was thought to epitomize a great New Economy company, with its skyrocketing profits and share price. But that was before Fortune published an article by McLean that asked a seemingly innocent question: How exactly does Enron make money? From that point on, Enron's house of cards began to crumble. Now, McLean and Elkind have investigated much deeper, to offer the definitive book about the Enron scandal and the fascinating people behind it. Meticulously researched and character driven, *Smartest Guys in the Room* takes the reader deep into Enron's past—and behind the closed doors of private meetings. Drawing on a wide range of unique sources, the book follows Enron's rise from obscurity to the top of the business world to its

the-demise-of-guys-why-boys-are-struggling-and-wh

disastrous demise. It reveals as never before major characters such as Ken Lay, Jeff Skilling, and Andy Fastow, as well as lesser known players like Cliff Baxter and Rebecca Mark. *Smartest Guys in the Room* is a story of greed, arrogance, and deceit—a microcosm of all that is wrong with American business today. Above all, it's a fascinating human drama that will prove to be the authoritative account of the Enron scandal.

This Is Where I Leave You - Jonathan Tropper
2010-07-06

Judd Foxman is thrown together with his dysfunctional family when his father dies, while at the same time coping with his wife's infidelity and the end of his marriage.

Male witches in early modern Europe - Lara Apps
2018-07-30

of witch-hunting in both Britain and Europe. Uses feminist categories of gender analysis to critique the feminist agenda that mars many studies. Advances a more balanced. Critiques historians' assumptions about witch-hunting, challenging the marginalisation of male witches by feminist and other historians. Shows that large numbers of men were accused of witchcraft in their own right, in some regions, more men were accused than women. It uses feminist categories of gender analysis to challenge recent arguments and current orthodoxies providing a more balanced and complex view of witch-hunting and ideas about witches in their gendered forms than has hitherto been available.

Reclaiming Sexual Wholeness - Todd Bowman
2022-10-11

A Comprehensive Christian Resource for Treating Sexual Addiction and Problematic Sexual Behavior An estimated three to five percent of the U.S. population meet the criteria

the-demise-of-guys-why-boys-are-struggling-and-wh

for sexual addiction, and many more engage in problematic sexual behavior or have been harmed by it. The statistics are startling: 77% of Christian men between 18 and 30 watch pornography monthly 35% of Christian men have had an extramarital affair 1 in 6 boys and 1 in 4 girls have been sexually abused Americans spend \$13 billion a year on pornography, the regular viewing of which is linked to higher acceptance of violence against women and adversarial sexual beliefs. Therapists and pastors are not always adequately equipped to address the unique demands of competent care for those struggling with sexually addictive behaviors. Reclaiming Sexual Wholeness, edited by Todd Bowman, presents cutting-edge research from a diverse group of experts in a single, comprehensive resource intended for therapists, clergy, and others in helping professions. Contributors include Forest Benedict, Bill Bercau, Ginger Bercau, Todd Bowman, Marnie Ferree, Floyd Godfrey, Joshua

Grubbs, Josh Hook, Fr. Sean Kilcawley, Debbie Laaser, Mark Laaser, Kevin Skinner, Bill Struthers, and Curt Thompson Reclaiming Sexual Wholeness moves beyond rote cognitive-behavioral approaches and treating sexual addictions solely as lust, adopting a biopsychosocial perspective that incorporates insights from attachment theory and interpersonal neurobiology. The result is a thoroughly faith-integrated, up-to-date resource useful for the classroom, ongoing professional studies, and as a counseling resource.

The Problem of God - Mark Clark 2017-08-22
The Problem of God explores answers to the most difficult questions raised against Christianity. A skeptic who became a Christian and then a pastor, author Mark Clark grew up in an atheistic home. After his father's death, he began a skeptical search for truth through the fields of science, philosophy, and history, eventually finding answers in the last place he expected: Christianity. In a winsome, persuasive,

the-demise-of-guys-why-boys-are-struggling-and-wh

and humble voice, *The Problem of God* responds to the top ten interrogations people bring against God, and Christianity, including: Does God even exist in the first place? What do we do with Christianity's violent history? Is Jesus just another myth? Can the Bible be trusted? Why should we believe in Hell anymore today? Each chapter answers the specific challenge using a mix of theology, philosophy, and science. Filled with compelling stories and anecdotes, *The Problem of God* presents an organized and easy-to-understand range of apologetics, focused on both convincing the skeptic and informing the Christian. The book concluding with Christianity's most audacious assertion: how should we respond to Jesus' claim that he is God and the only way to salvation.

The Poisonwood Bible - Barbara Kingsolver
2008-09-04

'Breathtaking.' Sunday Times 'Exquisite.' The Times 'Beautiful.' Independent 'Powerful.' New York Times An international bestseller and a

modern classic, this suspenseful epic of one family's tragic undoing and their remarkable reconstruction has been read, adored and shared by millions around the world. This story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it - from garden seeds to Scripture - is calamitously transformed on African soil. What readers are saying 'This remains one of the most fascinating books I have ever read.' 'I felt every emotion under the sky with this book.' 'Riveting.' 'This novel left a lasting - YEARS LASTING - impression.' 'This is one of those books that stands the test of time and is worth rereading.' 'Five epic, no-wonder-this-book-is-so-well-loved stars!'

Incarnate - Michael Frost 2014-02-10

The church is to be the hands and feet of Christ in the world, showing and telling the kingdom of

the-demise-of-guys-why-boys-are-struggling-and-wh

God. But this incarnational mission is challenged by numerous "excarnational" forces, pulling us ever inward and selfward. In this prophetic cultural study missiologist Michael Frost helps us find our way back to the mission of God.

Man, Interrupted - Philip Zimbardo 2016-01-01

In 2011, Philip Zimbardo gave a TED Talk called "The Demise of Guys," which has been viewed by over 1.8 million people. A TED eBook called *The Demise of Guys: Why Guys Are Struggling and What We Can Do About It* followed. This is an expansion of that brief polemic based on Zimbardo's observations, research, and the survey that was completed by over 20,000 viewers of the original TED Talk. The premise here is that we are facing a not-so-brave new world; a world in which young men are getting left behind. In record numbers men are flaming out academically and failing socially and sexually with women. Philip G. Zimbardo and Nikita Coulombe say that an addiction to video games and online porn have created a generation of

Downloaded from

guest

shy, socially awkward, emotionally removed, and risk-adverse young men who are unable (and unwilling) to navigate the complexities and risks inherent to real-life relationships, school, and employment. Taking a critical look at a problem that is tearing at families and societies everywhere, *Man, Interrupted* suggests that our young men are suffering from a new form of "arousal addiction," and introduce a bold new plan for getting them back on track. The concluding chapters offer a set of solutions that can be affected by different segments of society: What the government can do What schools can do What parents can do What men can do What women can do What the media can do Filled with telling anecdotes, results of fascinating research, perceptive analysis, and concrete suggestions for change. *Man Interrupted* is a book for our time. It is a book that informs, challenged, and ultimately inspires.

Charlie and the Chocolate Factory (Colour Edition) - Roald Dahl 2016-09-13

Roald Dahl's *Charlie and the Chocolate Factory* in glorious full colour. Mr Willy Wonka is the most extraordinary chocolate maker in the world. And do you know who Charlie is? Charlie Bucket is the hero. The other children in this book are nasty little beasts, called: Augustus Gloop - a great big greedy nincompoop; Veruca Salt - a spoiled brat; Violet Beauregarde - a repulsive little gum-chewer; Mike Teavee - a boy who only watches television. Clutching their Golden Tickets, they arrive at Wonka's chocolate factory. But what mysterious secrets will they discover? Our tour is about to begin. Please don't wander off. Mr Wonka wouldn't like to lose any of you at this stage of the proceedings . . . Look out for new Roald Dahl apps in the App store and Google Play- including the disgusting TWIT OR MISS! inspired by the revolting Twits.

Trauma's Labyrinth: Reflections of a Wounded Healer - Laura K. Kerr 2022-03-28

Trauma can feel like a labyrinth, twisting on itself like a maze of despair, without end or exit.

This seems particularly true in today's chaotic world of pandemics, climate change, social conflict, and systemic violence. Increasingly, the conditions of the larger world aggravate, if not cause, the traumas in our individual lives. However, as Laura K. Kerr explores in this wide-ranging collection of essays, not only can we heal from trauma, but we can use it as an opportunity for growth and transformation, changing ourselves and the world for the better. Drawing from her experiences as researcher, trauma survivor, and psychotherapist, she

examines various causes of trauma, details how to understand and treat trauma's effects, and explores the role society plays in activating traumatic defenses. Despite the weightiness of the topic, Dr. Kerr brings hope for lasting, positive change. As Dr. Kerr shows, the key lies in removing rigid divides, like those between wounded and healer, self and society. When they are integrated, healing becomes transformative and enduring—not only for ourselves but for the increasingly traumatized world in which we live.
