When Hale unexpectedly inherits his grandmother's billion-dollar corporation, he quickly learns that there's no place for Kat and their old heists in his new role. But Kat won't let him go that easily, especially after she is tipped off about an elaborate con to steal the company's fortune. Instead of being the heir, this time Hale might be the mark. Katarina Bishop and W.W. Hale the fifth were

born to lead completely different lives: Kat comes from a long, proud line of loveable criminal masterminds, while Hale is the scion of one of the most seemingly perfect dynasties in the world. If their families have one thing in common, it's that they both know how to stay under the radar while getting-or-stealing-whatever they want. No matter the risk, the Bishops can always be counted on, but in Hale's family, all bets are off when money is on the line. When Hale unexpectedly inherits his grandmother's billion dollar corporation, he quickly learns that there's no place for Kat and their old heists in his new role. But Kat won't let him go that easily, especially after she gets tipped off that his grandmother's will might have been altered in an elaborate con to steal the company's fortune. So instead of being the heir - this time, Hale might be the mark. Forced to keep a level head as she and her crew fight for one of their own, Kat comes up with an ambitious and far-reaching plan that only the Bishop family would dare attempt. To pull it off, Kat is prepared to do the impossible, but first, she has to decide if she's willing to save her boyfriend's company if it means losing the boy.

When Katarina Bishop was three, her parents took her to the Louvre...to case it. For her seventh birthday, Katarina and her Uncle Eddie traveled to Austria...to steal the crown jewels. Unfortunately, leaving "the life" for a normal life proves harder than she'd expected. Soon, Kat's friend and former co-conspirator, Hale, appears out of nowhere to bring her back into the world she tried so hard to escape. But he has good reason: a powerful mobster's art collection has been stolen, and he wants it returned. Only a master thief could have pulled this job, and Kat's father isn't just on the suspect list, he is the list.

Caught between Interpol and a far more deadly enemy, Kat's dad needs her help. For Kat there is only one solution: track down the paintings and steal them back. So what if it's a spectacularly impossible job? If their families have one thing in

common, it's that they both know how to stay under the radar while getting-or stealing-whatever they want. No matter the risk, the Bishops can always be counted on, but in Hale's family, all bets are off when money is on the line. When Hale unexpectedly inherits his grandmother's billion dollar corporation, he quickly learns that there's no place for Kat in his new role. But Kat won't let him go that easily, especially after she gets tipped off that his grandmother's will might have been altered in an elaborate con to steal the company's fortune. So instead of being the heir-this time, Hale might be the mark. Forced to keep a level head as she and her crew fight for one of their own, Kat is prepared to do the impossible, but first, she has to decide if she's willing to save her boyfriend's company if it means losing the boy.
