Love, Africa - Jeffrey Gettleman 2017-05-16

From Jeffrey Gettleman, a Pulitzer Prize-winning New York Times journalist, comes a passionate, revealing story about finding love and finding a calling, set against one of the most turbulent regions in the world. A seasoned war correspondent, Jeffrey Gettleman has covered every major conflict over the past twenty years, from Afghanistan to Iraq to the Congo. For the past decade, he has served as the East Africa bureau chief for the New York Times, fulfilling a teenage dream. At nineteen, Gettleman fell in love, twice. On a do-it-yourself community service trip in college, he went to East Africa—a terrifying, exciting, dreamlike part of the world in the throes of change that imprinted itself on his imagination and on his heart. But around that same time he also fell in love with a fellow Cornell student—the brightest, classiest, most principled woman he'd ever met. To say they were opposites was an understatement. She became a criminal lawyer in America; he hungered to return to Africa. For the next decade he would be torn between these two abiding passions. A sensually rendered coming-of-age story in the tradition of *Barbarian Days*, *Love, Africa* is a tale of passion, violence, far-flung adventure, tortuous long-distance relationships, screwing up, forgiveness, parenthood, and happiness that explores the power of

finding yourself in the most unexpected of places.

The Seleukid Empire 281-222 BC - Kyle Erickson 2018-12-31

The Seleukids, the easternmost of the Greek-speaking dynasties which succeeded Alexander the Great, were long portrayed by historians as inherently weak and doomed to decline after the death of their remarkable first king, Seleukos (281 BC). And yet they succeeded in ruling much of the Near and Middle East for over two centuries, overcoming problems of a multi-ethnic empire. In this book an international team of young, established scholars argues that in the decades after Seleukos the empire developed flexible structures that successfully bound it together in the face of a series of catastrophes. The strength of the Seleukid realm lay not simply in its vast swathes of territory, but rather in knowing how to tie the new, frequently non-Greek, nobility to the king through mutual recognition of sovereignty.

Blasting Trumpets - Carole Bailey 2014-03

Jerusalem, 1099 AD, was the central focus of the First Crusade, the holy war between Christian Crusaders and the Saracens. Passionately motivated by the sight of their Holy City, the Crusaders stop and wait for orders to assault the city's stone walls. In that moment of hesitation, wing-walkers Kate Phillips and Jen Fillmore are pulled from twenty-first century Earth World and hurled into the land of Domar in Bigna World. The two find their lives caught in a world of medieval knights and scaly beasts, far from their high tech world. Brought to Domar to find a cure for the Bäs plague spreading throughout Domar, Kate and Jen are plunged into the deep, mystical chambers of Rapio, the sinister, dark Prince of Bigna. The fate of Jerusalem 1099 AD hangs on their actions in Domar. *Blasting Trumpets*, the second book in *The Locket Chronicles*, is a continuation of the life journey of two characters, Kate and Jen, who first appeared in *The Morgan Chronicles*, the first series by Carole Bailey.

On Wings of Air - Jann Rowland

Reader Feedback: "Eye and Rowland are absolute masters at world creation, as demonstrated in this first novel of what should become a classic fantasy trilogy." "Though very developed characters and distinct worlds it was easy to read and follow. The Book of Celesta is a beautiful gift in the story development. Unexpected twists kept me intrigued." "The story is captivating and follows theatrical structures both familiar and fantastical leading to an ending that is exciting, mysterious, and unexpected." ***** A true tale of high fantasy, *On Wings of Air* maintains many romantic elements, exploring real-world problems in a fantasy setting which appeals to a wide audience. The prince of the Skychildren is exiled from the sky and enslaved by his enemies on the ground. In such circumstances, how is he to save his kingdom from a madman and the entire world from destruction by a powerful creature created by a goddess? And how could love for the princess of the Groundbreathers possibly enter into the picture? If you are a fan of Fantasy, *On Wings of Air* is for you! ***** "Tierra, I don't think you quite understand. If I found the Fenik, there would be nothing you—or anyone else here—could do to stop me from leaving. You said that Fenik was 'a weapon of sorts.' In fact, the Fenik is the ultimate weapon." "I should not need to remind you, but it appears that I must. We are Skychildren. We are not barbarians. We do not keep slaves, and we do not attack defenseless women in the streets. We are ruled by honor, not by our emotions. It is true that we have an eons-long dispute with Princess Tierra's people. But we have no quarrel with her personally. In every way that matters, she is the same as we are." "Come now, what are you waiting for? Finish me off now, and you shall have your victory. Immolate both of us in your fire, and you

shall be free to do as you wish!"

His son, Prince Malar, will do anything to avoid staying behind, but even he gets much more than he bargained for when the world as he knows it is swept away on altered tides.
