Peter's Last Long Voyage - Julie Jamieson
2018-06-01

None of us knows what the future holds, but Peter March certainly didn't know this was to be his last long voyage. A "man of the sea" since early childhood, Peter once said he would spend his last days on his beloved boat on the sometimes wild, but ever wonderful ocean. Fate, though, has its own control and now as Peter slowly sinks into the murky waters of Alzheimer's disease perhaps some of my questions about this last voyage on Obsidienne have been answered. I wonder now whether we would have savoured the trip more if we had known it was to be for both of us the last long sailing adventure on our dear Obsidienne? - Julie Jamieson

Wealthy, beautiful and sophisticated, Cassandra Westbrook collects exquisite art objects with a connoisseur's fine taste and a rich woman's whims. She always dominates an art auction--until a mysterious artist named Thomas Warrior bids against her for a set of Native American ledger drawings. Though he's outbid, Thomas feels a strong connection to the historic artwork that embodies his Native American heritage and symbolizes the survival of its courageous spirit. He's a survivor too, growing up on the mean streets to become more famous than he'd ever imagined possible. So he's not a man to give up easily--neither on the drawings nor on the stunning woman who now possesses them. Thomas and Cassandra are not only destined to cross paths again, but when he agrees to mentor her talented but troubled nephew, fate collides with the fierce attraction they share. Thomas's artistic gift haunts him as his creations seem to take on a life of their own.
