Our Daily Manna - Bishop Chris Kwakpovwe 2017-03-12

March 2017 Day 2DODGE THE PROCESS! MISS THE PRODUCT!BASIC SCRIPTURE:HABAKKUK 2: 1-4Patience is profitable. It's a lost virtue in our culture today. There is so much craze for wealth because people are no more patient. Armed robbery, prostitution or corruption, etc, for example, are the consequences of impatience. The year 2017 is still young! Prayers are being prayed. Planning is going on. There is excitement in the spirit world because the word "EVIDENCE" is being announced worldwide over divine megaphones. But you must realize that there is always a time lag between the day you plant pineapple or apple seed and when you actually harvest the fruit from the full-grown tree. Every divine purpose delivers in stages and there is a time for every purpose on this earth including your own. Don't cage or hinder your destiny by seeking for shortcuts. If you dodge the process - patience, you will miss the product. Habakkuk 2:3 declares: "for the vision is yet for an appointed time; but at the end, it shall speak and not lie. Though it tarry (as the year progresses), wait for it; because it will surely come, it will not tarry." God is bigger than our biggest plans. He is working on your behalf. You need patience to obtain this year. Don't compare yourself with others or look around negatively. God's calendar for you is not the same with your next-door neighbour. Patience mixed with praise and worship will shield you from avoidable mistakes. Meditate also, on Micah 7:7! Your year will end in peace and glory and there shall be EVIDENCE that you serve a living God. The fullness of any vision speaks only at the end. Wait! You will never end up in shame! Amen! PRAYER POINTS: Take Song 2: Standing on the ...1. In your own words, pray about today's word as led.2. Make a commitment on your knees that you will not panic or hurry or dwell in self - comparison with others.3. Use the Gems For Success page before bedtime today

Workers in Training Manual - Enoch Adeboye 2016-08-04

Commitment to the Almighty God is the highest priority for the Christian and it cannot be taken lightly because of its eternal implications. There should be assurance of salvation that is Bible based, which lasts forever. There is a need for an extra spiritual effort on the souls saved to get them established, localised in a church fellowship and mobilised until they too become soul winners. It is not enough for the believer in Christ to go forth and bear fruits in obedience to the Lord's command but must also ensure that the fruits abide. This is why the Workers-in-Training programme is packaged to equip believers for service unto God and the edification of the body of Christ. Our prayer is that at the end of these teachings, you would have become a true Christian, on fire for God and ready to take up mountains. God bless you as you get empowered for the work of ministry, in Jesus name. Amen

The Crucified Life - A.W. Tozer 2011-09-09

What Does it Mean to Be "Crucified With Christ?" During his lifetime, renowned teacher A.W. Tozer was often invited to speak at seminaries, churches, and Bible conferences on the topic of the cross and its meaning for the Christian life. Now, in this never-before-published distillation of his best teaching on the subject, you will gain a fresh understanding of the cross's centrality to your walk of faith in Christ. The apostle Paul declared in his letter to the Galatians that he had been "crucified with Christ." But what does this mean? Is this a claim every believer can and should make? The Crucified Life is a comprehensive examination of these questions, answered with the deep, biblical thinking for which Tozer was revered. "God is ingenious in developing crosses for His followers," Tozer was fond of saying. At the heart of this book, you will find a call to follow Christ to the cross and be raised to new life--a call to live the crucified life.

African Initiated Christianity and the Decolonisation of Development - Philipp Öhlmann 2020-01-07

This book investigates the substantial and growing contribution which African Independent and Pentecostal Churches are making to sustainable development in all its manifold forms. Moreover, this volume seeks to elucidate how these churches reshape the very notion of sustainable development and contribute to the decolonisation of development. Fostering both overarching and comparative perspectives, the book includes chapters on West Africa (Nigeria, Ghana, and Burkina Faso) and Southern Africa (Zimbabwe and South Africa). It aims to open up a subfield focused on African Initiated Christianity within the religion and development discourse, substantially broadening the scope of the existing literature. Written predominantly by scholars from the African continent, the chapters in this volume illuminate potentials and perspectives of African Initiated Christianity, combining theoretical contributions, essays by renowned church leaders, and case studies focusing on particular churches or regional contexts. While the contributions in this book focus on the African continent, the notion of development underlying the concept of the volume is deliberately wide and multidimensional, covering economic, social, ecological, political, and cultural dimensions.

Therefore, the book will be useful for the community of scholars interested in religion and development as well as researchers within African studies, anthropology, development studies, political science, religious studies, sociology of religion, and theology. It will also be a key resource for development policymakers and practitioners.

Prosperity - Taiwo Olukoyede 2017-12-28

God wants us to be blessed and be a blessing to others. Prosperity is a divinely inspired Book written on the eternal principles of exceeding financial greatness. To those in the world, prosperity may mean all sorts of vain things. Whereas some Christians believe it is biblical to prosper, some others accept it with a pinch of salt. This is so because they believe that as Christians, we should only be preoccupied with the coming of our Lord Jesus Christ and not with prosperity. Another school of thought believes that prosperity referred to in the scriptures has to do with heaven alone - we will only prosper when we get to heaven. God expects us to be blessings to the world. We are called to be the salt of the earth. How can one be a blessing when his life is chained in the shackles of poverty? What evidence will you then have to tell someone that God is good? To cater for the less privileged and destitute, you cannot afford to be a destitute yourself. Do not allow anyone to deceive you into believing that wealth is only for the worldly. In fact, the Almighty God has promised that the wealth of the wicked will be transferred to the righteous ones in our time. All we need to do is to be patient and key into His divine principles which are sure. These principles are explained in detail in this Book. Prosperity is certain with God if you are diligent and faithful. These among many other reasons

are why this Book has carefully looked into various dimensions of prosperity that we are supposed to enjoy as children of God. What is God's mind about prosperity? What are the principles of unlimited prosperity? Why do you need to prosper? What should you do with your prosperity? How can you prosper? As you read this Book and say the prayers in each of the twenty five chapters, you will experience the God of prosperity in Jesus' name.

Applied Deep Learning - Umberto Michelucci 2018-09-07

Work with advanced topics in deep learning, such as optimization algorithms, hyper-parameter tuning, dropout, and error analysis as well as strategies to address typical problems encountered when training deep neural networks. You'll begin by studying the activation functions mostly with a single neuron (ReLU, sigmoid, and Swish), seeing how to perform linear and logistic regression using TensorFlow, and choosing the right cost function. The next section talks about more complicated neural network architectures with several layers and neurons and explores the problem of random initialization of weights. An entire chapter is dedicated to a complete overview of neural network error analysis, giving examples of solving problems originating from variance, bias, overfitting, and datasets coming from different distributions. Applied Deep Learning also discusses how to implement logistic regression completely from scratch without using any Python library except NumPy, to let you appreciate how libraries such as TensorFlow allow quick and efficient experiments. Case studies for each method are included to put into practice all theoretical information. You'll discover tips and tricks for writing optimized Python code (for example vectorizing loops with NumPy). What You Will Learn Implement advanced techniques in the right way in Python and TensorFlow Debug and optimize advanced methods (such as dropout and regularization) Carry out error analysis (to realize if one has a bias problem, a variance problem, a data offset problem, and so on) Set up a machine learning project focused on deep learning on a complex dataset Who This Book Is For Readers with a medium understanding of machine learning, linear algebra, calculus, and basic Python programming.

Memory and Recovery in Times of Crisis - Fiona Larkan 2017-11-09

This book presents a social scientific reading of the challenges of memory and recovery in times of crisis. Drawing on different interpretations of what constitutes 'crisis', this collection uses lenses of economics, identity and commemoration, to question how memory and recovery is being constituted through larger discourses of political claims of moving forward, healing and identity. Memory and Recovery in Times of Crisis examines how memory is dis- or re-interred through social processes and further, how recovered memories are challenged or legitimized. It also presents a set of questions that will stimulate further reflections on what kind of role understandings of memory of crisis can play in recovery. Given the world we find ourselves living in in 2017 - a world subject to multiple, intersecting crises - how we understand the dynamics of memory and recovery is a pressing issue indeed. This book will appeal to both scholars and students of anthropology and sociology.

Marketing Brands in Africa - Samuelson Appau 2021-09-11

This contributed volume serves as an authoritative reference and guide for anyone looking to study or build

a brand in Africa. Despite being touted as the 'last frontier' of global brands, very little research exists that examines brands and branding in this emerging market. Authors cover crucial topics such as the history of branding in Africa, branding approaches used by start-ups, religious organizations, political parties, and businesses in the informal economies of Africa, as well as marketing Africa as a brand using practical cases, empirical and critical approaches. With the world's youngest population and the second-fastest growing economies, Africa has quickly become a hotbed for marketing and consumption of local and global brands. While past research has mostly focused on examining the brand image of Africa and African countries, or on branding Africa as a place for tourist consumption, what is missing is a comprehensive guide that discusses the theory and practice of branding and brands in and from Africa. Through theoretical and practical contributions, the authors of this book seek to fill the knowledge gap about branding in and from Africa.

Whose Image Are You? - LaFAMCALL (Endtime) Ministries 2018-08-05

Whose Image Are you? Showing you how to obtain real deliverance, peace and progress in your life, without unnecessary struggles. INTRODUCTION The Lord God wants us to know that there is perfect healing and deliverance in the name of Jesus and by His blood. There is great peace, joy, progress, success, restoration for the people of God. But the way we go about seeking these things (deliverance, progress, etc) these days is no longer pleasing to God. We have cast away the simplicity that is in Christ, and have replaced it with the heavy yoke of religion. The free deliverance, which is easy to obtain through Christ, doesn't seem to be available anymore. It has been replaced with another type of deliverance, a religious deliverance, which is so hard and costly. People pay so much money, do so much fasting, torture themselves so much all in their bid to obtain deliverance. At the end, they are not really delivered! Their problems remain with them, or even get worse. The purpose of this book is to bring us back to the simple and free way of obtaining perfect deliverance in Christ, without all the religious struggles and troubles that men have imposed on us. Those who have tried the simple ways of Christ, which are in this book, are greatly surprised how so quickly God could make things beautiful again in their lives, without extra cost, without struggles. May God use this book to help bring you into the path of perfect deliverance and progress, which He has obtained for us in Christ Jesus. LaFAMCALL Ministries January 2005 About HOLY GHOST SCHOOL God's End-time Programme for the Preparation and Perfection of the Bride of Christ That He might present it to Himself a glorious church, not having spot, or wrinkle, or any such thing, but that it should be holy, and without blemish (Ephesians 5: 27). - LaFAMCALL (End-time) Ministries
