W. Robertson Smith and the Sociological Study of Religion - T. O. Beidelman 2016-09-30

William Robertson Smith (1846-94) was one of the most profound and versatile Victorian thinkers--a principal figure in the development of social anthropology and the founder of modern sociology of religion. In *W. Robertson Smith and the Sociological Study of Religion*, T. O. Beidelman, a renowned anthropologist and ethnographer, relates Smith's personality and career to the radical nature of his investigations. His study contains the only readily available account of Smith's life, and represents the only attempt to place Smith's work within the contemporary perspective of the field of social studies. Professor Beidelman discusses how Smith introduced to Britain the revolutionary interpretations in the fields of biblical and Semitic literary studies first formulated by Continental scholars, as well his original views on the interrelationship between human psychology, social structure, and history. The author also reviews the intellectual background and basic themes of Smith's work, the impact that it had upon his contemporaries, and the later influence that his theories had upon such diverse thinkers as Durkheim, Mauss, Hubert, Frazer, Radcliffe-Brown, Evans-Pritchard, and Freud. In his *Lectures on the Religion of the Semites*, his last and most famous work, Smith sought to define the essential nature of religious behavior, and he approached the analysis of social institutions through comparative and historical studies. This is a problem that remains central to social anthropology, and the general methods by which Smith endeavored to clarify it are still employed today. Professor Beidelman indicates the ways in which Smith may still be read with profit, and he supplements his study with an extensive bibliography of works by and about this influential thinker.

Politics, Justice & the Rule of Law - Nihal Sri Ameresekere 2013

This is the most controversial Book, containing complex shocking revelations, in the series of Books by the Author, wherein most difficult topics are excellently and diligently dealt with, exposing realities in politics, and non-dispensation of justice, with judiciary acting sans jurisdiction, ultra-vires the Constitution, denying natural justice, making a mockery of the 'rule of law', paying scant regard to United Nations Conventions on Human Rights. The range of cases and topics dealt with is indeed amazing making exhorbing reading. Commencing with his own exposure to politics, paying high tribute to minority Tamils in Sri Lanka, the Author brings out stunning prevalent reality. Makes startling disclosures on Sri Lanka's most controversial Presidential Election of 2010, and incarceration, as a villain, a Presidential Candidate, a trusted Army General, once hailed, as the 'best Army General in Asia', having led the country's armed forces to crush one of the most feared terrorists organizations, internationally banned, Liberation Tigers of Tamil Elam. The most difficult and delicate subject of 'judicial bias and disqualification' at highest levels of the judiciary is dealt with, including the controversy which reverberated on the endeavour by the Legislature to impeach a Chief Justice, whose husband, having held high profile political office, was impleaded in a dubious share scandal, involving the country's leading Savings Bank. Author incisively delves into an important case of abduction of a Tamil businessman, and the horrendous anonymous allegations of trading in human body parts, during the war against the terrorists, allegedly with Indian and Israeli connections. Author analyses real case studies, involving foreign investments, demonstrating classic instances of dubious judicial processes, including subversion of action, vis-à-vis, fabricated forged documents of public officers tendered to Court, involving questionable professional conduct, and indifference by law enforcement authorities, including Attorney General, Chief Law Officer of the State.

The Rape of Virgin Munchindun - Michael Gillespie 2010-01-28

This book is set in the heartland of Ireland. Its story line relates the relationship between two men in a love that dares not speak its name. While that is the story line the theme of conflict between good and evil, runs through the book. Les Hamilton is a young protestant man who came to Munchindun to establish a forest. He meets up with a young unemployed penniless son of a gamekeeper called Pete Donovan and the two men fall in love. Les transforms Pete's life and the life of the parish. The relationship between the two men is bitterly opposed by a nurse

Mary Mc Menamin who was originally the girl friend of Pete. Her hatred of the two men and her involvement in the paramilitary politics of hate secraranism and bigotry drive her to commit the murder of Les. Mary is put on trial for murder and on the testimony of Pete she is sentenced to life imprisonment for murder. IN retaliation against Pete f or giving evidence to a British court the I.R.A. sentence him to death and have him shot. In the wider field the novel is set against a background of violence and unrest in Ireland in the 1970ties. The thrust of the novel has to do not only with a conflict of good and evil between those who do good and those who do evil in a rural parish but this conflict is seen to run through Irish history where the good and the rational are wiped out by those who do evil, are irrational and are sectarian.
