Quitting to Win - Crystal Waltman 2020-05

WINNERS ALWAYS QUIT!

Sometimes, success comes from what you don't do.

Author, Crystal Waltman, knows the struggle of navigating the emotional ups and downs of life. As a college athlete, her career came to an unexpected end. She dealt with stress and pain through addiction until, one day, she realized she was living a life she never wanted. In the depths of despair, Crystal decided she needed to quit in order to win. She discovered a powerful process to acknowledge the past, find joy in the present, and welcome a new future. Today, she has a passion for helping others achieve more success in their lives. This book shows you how to: Let go of the past and release the shame and guilt. Learn to feel physical and emotional pain and maintain spiritual fitness. Love who you

are and who you are meant to be. Now is the time to stop just surviving and start thriving.

Reorganize yourself and clear the space for a fulfilled life-the life you always wanted. Now is the time to QUIT TO WIN!

Falling Into the Lesbi World - Evelyn Blackwood 2011

Falling into the Lesbi World offers a compelling view of sexual and gender difference through the everyday lives of tombois and their girlfriends ("femmes") in the city of Padang, West Sumatra.

Tombois are masculine females who identify as men and desire women; their girlfriends view themselves as normal women who desire men. Through rich, in-depth, and provocative stories, author Evelyn Blackwood shows how these same-sex Indonesian couples negotiate transgressive identities and desires and how their experiences speak to the struggles and desires of sexual and gender minorities everywhere.

G. F. Unger Western-Bestseller 2433 - G. F. Unger 2019-10-15

Satteltramps Der Rinder-King lässt die Satteltramps von seinem Land jagen - doch dann muss er erkennen, dass sie die Einzigen sind, die sein Weide-Kingdom vor dem Untergang bewahren können ... Unger-Bestseller - Western-Spannung auf dem Siedepunkt!

Duty and Desire Book Club Edition - Anju Gattani

2021-01-27

To uphold family honor and tradition, Sheetal Prasad is forced to forsake the man she loves and marry playboy millionaire Rakesh Dhanraj while the citizens of Raigun, India, watch in envy. On her wedding night, however, Sheetal quickly learns that the stranger she married is as cold as the marble floors of the Dhanraj mansion. Forced to smile at family members and cameras and pretend there's nothing wrong with her marriage, Sheetal begins to discover that the family she married into harbors secrets, lies and deceptions powerful enough to tear apart her world. With no one to rely on and no escape, Sheetal must ally with

her husband in an attempt to protect her infant son from the tyranny of his family.

G. F. Unger Western-Bestseller 2432 - G. F. Unger 2019-10-08

Quinn Cannons Ranch Die Maverickjäger trieben eine Riesenherde vom Pecos nach Dodge City. Doch niemand von ihnen ahnte, dass sie nicht auf eigene Rechnung, sondern für Quinn Cannons Ranch ritten ... Es ist unmöglich, sich der Faszination und Spannung eines Unger-Westerns zu entziehen!

The Body Bears the Burden -

Robert C. Scaer 2001

Measure the neurophysiological changes associated with PTSD and whiplash! Using the clinical model of the whiplash syndrome, this groundbreaking book describes the alterations in brain chemistry and function induced in individuals by what is known as traumatic stress or traumatization--experiencing a life-threatening event while in a state of helplessness. **The Body Bears the Burden: Trauma, Dissociation, and Disease** presents evidence of

the resulting and relatively permanent alteration in neurophysiology, neurochemistry, and neuronal organization. This book convincingly demonstrates that these changes create lasting effects on the emotional and physical well-being of the victim--changes correlated with many of the most common, yet poorly understood, physical complaints and diseases, including whiplash, migraines, fibromyalgia, irritable bowel syndrome, and other painful, difficult-to-treat conditions. Further, the causes and effects of retraumatization are explored, clarifying the reasons some patients suffer fresh trauma over relatively minor incidents while others handle major traumas more easily. This groundbreaking volume backs up its new theory of PTSD neurophysiology with cogent theory and persuasive evidence, including: case studies correlating clinical features of trauma and dissociation with compelling physiological rationales for the symptoms solid documentation

drawing from the medical and psychiatric literature of PTSD, whiplash, brain injury, epidemiology of trauma, and a variety of disease processes linked to trauma in-depth discussions of medical traumatization of patients, including the results of pediatric procedures and ineffective anesthesia demonstrations that somatization and conversion are not imagined symptoms but result from measurable autonomic physiological alteration of the affected organ a well-documented exploration of the effect of prenatal and neonatal trauma on later emotional development, response to traumatic life events, and disease and mortality This impressive empirical evidence that body, brain, and mind are a continuum offers a powerful new paradigm to medical and mental health professionals, as well as new hope to sufferers from trauma. With a foreword by Bessel van der Kolk and helpful figures, *The Body Bears the Burden: Trauma,*

Dissociation, and Disease is an essential resource for the in-the-trenches professionals who confront the effects of trauma and resulting somatic consequences. It will be of compelling interest and usefulness to family practice physicians, nurses and nurse practitioners, speech and physical therapists, counselors and psychotherapists, and any medical or mental health professional who treats physical or emotional trauma.

Elements of Chemistry -
William Allen Miller 1856

G. F. Unger Western-Bestseller Sammelband 28 -

G. F. Unger 2021-05-18
3 spannende Westernromane lesen und sparen! G.F. Unger ist der erfolgreichste deutschsprachige Western-Autor. Mit einer Rekordauflage von über 250 Millionen Exemplaren gehört er zur internationalen Spitzenklasse der Spannungsliteratur. Und das zu Recht! Niemand vermag es wie er, die unermesslichen Weiten des amerikanischen Westens und die Stärke der

unerschrockenen Männer, die sie erschlossen, zu beschreiben. Erleben Sie den amerikanischen "Wilden Westen", wie nur G.F. Unger ihn schildern kann: hart, authentisch, leidenschaftlich. Dieser Sammelband enthält die Folgen 2431 bis 2433: 2431: Lonestar Jim Die Townwölfe von Warsun halten ihn für einen einfachen Town Marshal, den sie wieder in die Wüste schicken können. Doch Jim Ward ist mit einem Geheimauftrag in die Stadt gekommen ... 2432: Quinncannons Ranch Die Maverickjäger trieben eine Riesenherde vom Pecos nach Dodge City. Doch niemand von ihnen ahnte, dass sie nicht auf eigene Rechnung, sondern für Quinncannons Ranch ritten ... 2433: Satteltramps Der Rinder-King lässt die Satteltramps von seinem Land jagen - doch dann muss er erkennen, dass sie die Einzigsten sind, die sein Weide-Kingdom vor dem Untergang bewahren können ... Der Inhalt dieses Sammelbands entspricht ca. 192 Taschenbuchseiten. Jetzt herunterladen und sofort

*Research Methods for
Organizational Studies -*

Donald P. Schwab 2013-03

This third edition of the best-selling *Research Methods for Organizational Studies* has been thoroughly revised and updated throughout to reflect the latest methodological advances in organizational research. Highly readable and filled with clear examples, this comprehensive text is designed to help graduate students in Industrial/Organizational Psychology, Human Resources Management, and Organizational Behavior conduct and evaluate research on all issues related to organizational life. This edition carries on the applied approach of its predecessors, incorporating both qualitative and quantitative methods, with new chapters on statistical modelling and reviewing research.

**WHO consolidated
guidelines on tuberculosis -**

World Health Organization

2020-04-07

The WHO consolidated

guidelines on tuberculosis: tuberculosis preventive treatment provides a comprehensive set of recommendations for programmatic management of tuberculosis preventive treatment (PMTPT) geared towards the implementers of the WHO End TB Strategy and also for countries intent upon TB elimination (9). The guidelines are to be used primarily in national TB and HIV and maternal and child programmes or their equivalents in ministries of health and for other policy-makers working on TB, HIV, infectious diseases and maternal and child health. They are also appropriate for staff of ministries of justice, correctional services and other government agencies which deliver healthcare, including prison services, social services and immigration. The guidelines are also intended for clinicians in the public or the private sectors working on TB, HIV, infectious diseases, prevention, child health and noncommunicable diseases

such as chronic kidney disease and cancer. The persons directly affected by the guidelines are risk groups for whom TB preventive treatment is recommended.

Aesthetic Rhinoplasty - Jack H. Sheen 1998

Aesthetic Rhinoplasty has earned a special place among the important texts in plastic surgery. In response to innumerable requests, a limited edition of this exceptional two-volume set has been published at a special value. If you have never owned a set (or your copies have mysteriously disappeared), now is your opportunity to benefit from this definitive information. Surgeons the world over have combed through the pages of this magnificent work to hone their skills and refine their knowledge in the subtle and challenging art of rhinoplasty. Dr. Jack Sheen, the acknowledged master of rhinoplasty, presents his innovations and teachings that have profoundly influenced the state of the art in rhinoplasty.

This comprehensive reference guide explains his techniques for mastering augmentation/reduction, balance, tip grafting, spreader grafts, two-surface analysis of alar resection, clinical analysis of three-segment alar cartilage anatomy, malposition, and much more. Aesthetic rhinoplasty is never an easy procedure. But this set will make superior results easier to attain with its generous illustrations and hundreds of tips and tricks. Easy to read and easy to reference, this work is a must for any aesthetic surgeon.

How God Changes Your Brain - Andrew Newberg, M.D. 2010-03-23

God is great—for your mental, physical, and spiritual health. Based on new evidence culled from brain-scan studies, a wide-reaching survey of people's religious and spiritual experiences, and the authors' analyses of adult drawings of God, neuroscientist Andrew Newberg and therapist Mark Robert Waldman offer the following breakthrough

discoveries: • Not only do prayer and spiritual practice reduce stress, but just twelve minutes of meditation per day may slow down the aging process. • Contemplating a loving God rather than a punitive God reduces anxiety and depression and increases feelings of security, compassion, and love. • Fundamentalism, in and of itself, can be personally beneficial, but the prejudice generated by extreme beliefs can permanently damage your brain. • Intense prayer and meditation permanently change numerous structures and functions in the brain, altering your values and the way you perceive reality. Both a revelatory work of modern science and a practical guide for readers to enhance their physical and emotional health, *How God Changes Your Brain* is a first-of-a-kind book about faith that is as credible as it is inspiring.

The Story of Bible Translations
- Max Leopold Margolis 1917

The Rejection of

Consequentialism - Samuel Scheffler 1994-08-11

In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of

consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

Applied Epidemiology - Ross C. Brownson 2006

Applies traditional epidemiologic methods for determining disease etiology to the real-life applications of public health and health services research. This text contains a chapter on the development and use of systematic reviews and one on epidemiology and the law.

Some Pioneer Families of Wisconsin - Betty Patterson

1977

Seeds 6-Pack - 2014-07-25

Learn all about seeds and how they grow! The vibrant images and simple text engage students while helping them easily comprehend the cycle of how seeds grow into plants that grow new seeds. Discover how seeds come in many shapes and sizes, what seeds need to grow, how seeds are spread, and more! Instructions for a fun science activity are also included to give students additional practice in identifying baby animals. A helpful glossary and index offer additional support. This 6-Pack includes six copies of this title and a lesson plan.

Gods of the Lightning - Maxwell Anderson 1928

The Sacco-Vanzetti case was the play's inspiration.

The Future Is Yours - Dan Frey 2021-02-09

Two best friends create a computer that can predict the future. But what they can't predict is how it will tear their friendship—and society—apart. "A fantastic page-turner and a

future classic.”—Peter Clines, New York Times bestselling author of Paradox Bound IN DEVELOPMENT AS AN HBO MAX ORIGINAL SERIES If you had the chance to look one year into the future, would you? For Ben Boyce and Adhi Chaudry, the answer is unequivocally yes. And they’re betting everything that you’ll say yes, too. Welcome to The Future: a computer that connects to the internet one year from now, so you can see who you’ll be dating, where you’ll be working, even whether or not you’ll be alive in the year to come. By forming a startup to deliver this revolutionary technology to the world, Ben and Adhi have made their wildest, most impossible dream a reality. Once Silicon Valley outsiders, they’re now its hottest commodity. The device can predict everything perfectly—from stock market spikes and sports scores to political scandals and corporate takeovers—allowing them to chase down success and fame while staying one step ahead of the competition.

But the future their device foretells is not the bright one they imagined. Ambition. Greed. Jealousy. And, perhaps, an apocalypse. The question is . . . can they stop it? Told through emails, texts, transcripts, and blog posts, this bleeding-edge tech thriller chronicles the costs of innovation and asks how far you’d go to protect the ones you love—even from themselves.

Heart-life in Song - Fannie H. Marr 1874

Metamorphic Textures - Alan Spry 2013-10-22

Metamorphic Textures provides definitions, descriptions and illustrations of metamorphic textures, as well as the fundamental processes involved in textural development. This book is composed of 11 chapters and begins with a presentation of the metamorphic processes and the production of metamorphic minerals. The subsequent chapters describe the structural classification of grain boundaries, the

metamorphic reactions, mineral transformations, and the crystallization and recrystallization of metamorphic rocks. These topics are followed by the texture examination of thermal metamorphic rocks and minerals and the preferred orientations of these rocks, particularly the dimensional and lattice preferred orientation. Other chapters survey the textures of rocks under dynamic and shock metamorphism. The final chapters describe the textures of regional and polydeformation. This book will be of great use to petrologists, physicists, and graduate and undergraduate petrology students.

Sex Games For Couples -

Nicole Bliss 2021-06-20

☐ 55% OFF for Bookstores!
LAST DAYS! ☐ Do you want to spice up your sex life with fun and naughty games? Do you want to improve the passion and complicity between you and your partner? If yes then keep reading... The reality is that whatever type of couple

you are, most likely you are one the many that does not do well in communicating their sexual fantasies, desires, and intimate needs. People often accept their flat sex life and they do not even imagine the fun and enjoyment that they could unlock from sex. But then how can you super-power your sex life? You have come to the right place! This book covers all the sex games you need to bring your sex life to the next level. This book contains the most comprehensive collection of sex games for every occasion and mood. In this book you will discover: The best role playing games Sex timer games Sex card games Mirror games Sex toys And many others In addition you will be able to: Discover many particulars about the persons you're playing the game with Laugh in company Break the ice with someone you just met Set the right mood Develop couple complicity Improve the passion with your beloved one And much more! Most books on Sex Games focus only on one type of game and do not explain you

well the sequence and when should one game be preferred over another one. This book instead will truly make you choose the right game for the right occasion. Do yourself, your partner and everyone else that you will potentially have sex with a favor, read this book! Buy It NOW And Let Your Customers Spice Up Their Sex Life!

Voodoo Slave - Norman Daniels 1970

Intelligent Projects Using Python - Santanu Pattanayak 2019-01-31

Implement machine learning and deep learning methodologies to build smart, cognitive AI projects using Python Key FeaturesA go-to guide to help you master AI algorithms and concepts8 real-world projects tackling different challenges in healthcare, e-commerce, and surveillanceUse TensorFlow, Keras, and other Python libraries to implement smart AI applicationsBook Description This book will be a perfect companion if you want to build

insightful projects from leading AI domains using Python. The book covers detailed implementation of projects from all the core disciplines of AI. We start by covering the basics of how to create smart systems using machine learning and deep learning techniques. You will assimilate various neural network architectures such as CNN, RNN, LSTM, to solve critical new world challenges. You will learn to train a model to detect diabetic retinopathy conditions in the human eye and create an intelligent system for performing a video-to-text translation. You will use the transfer learning technique in the healthcare domain and implement style transfer using GANs. Later you will learn to build AI-based recommendation systems, a mobile app for sentiment analysis and a powerful chatbot for carrying customer services. You will implement AI techniques in the cybersecurity domain to generate Captchas. Later you will train and build autonomous vehicles to self-

drive using reinforcement learning. You will be using libraries from the Python ecosystem such as TensorFlow, Keras and more to bring the core aspects of machine learning, deep learning, and AI. By the end of this book, you will be skilled to build your own smart models for tackling any kind of AI problems without any hassle. What you will learn

- Build an intelligent machine translation system using seq-2-seq neural translation machines
- Create AI applications using GAN and deploy smart mobile apps using TensorFlow
- Translate videos into text using CNN and RNN
- Implement smart AI Chatbots, and integrate and extend them in several domains
- Create smart reinforcement, learning-based applications using Q-Learning
- Break and generate CAPTCHA using Deep Learning and Adversarial Learning

Who this book is for This book is intended for data scientists, machine learning professionals, and deep learning practitioners who are

ready to extend their knowledge and potential in AI. If you want to build real-life smart systems to play a crucial role in every complex domain, then this book is what you need. Knowledge of Python programming and a familiarity with basic machine learning and deep learning concepts are expected to help you get the most out of the book

Hawthorne in Concord -

Philip McFarland 2007-12-01

On his wedding day in 1842, Nathaniel Hawthorne escorted his new wife, Sophia, to their first home, the Old Manse in Concord, Massachusetts. There, enriched by friendships with Thoreau and Emerson, he enjoyed an idyllic time. But three years later, unable to make enough money from his writing, he returned ingloriously, with his wife and infant daughter, to live in his mother's home in Salem. In 1853 Hawthorne moved back to Concord, now the renowned author of *The Scarlet Letter* and *The House of the Seven Gables*. Eager to resume writing fiction at the scene of

his earlier happiness, he assembled a biography of his college friend Franklin Pierce, who was running for president. When Pierce won the election, Hawthorne is appointed the lucrative post of consul in Liverpool. Coming home from Europe in 1860, Hawthorne settled down in Concord once more. He tried to take up writing one last time, but deteriorating health finds him withdrawing into private life. In Hawthorne in Concord, acclaimed historian Philip McFarland paints a revealing portrait of this well-loved American author during three distinct periods of his life, spent in the bucolic village of Concord, Massachusetts.

Childhood Abuse, Body Shame, and Addictive Plastic Surgery - Mark B. Constantian 2018-12-19
Childhood Abuse, Body Shame, and Addictive Plastic Surgery explores the psychopathology that plastic surgeons can encounter when seemingly excellent surgical candidates develop body dysmorphic disorder postoperatively. By

examining how developmental abuse and neglect influence body image, personality, addictions, resilience, and adult health, this highly readable book uncovers the childhood sources of body dysmorphic disorder. Written from the unique perspective of a leading plastic surgeon with extensive experience in this area and featuring many poignant clinical vignettes and groundbreaking trauma research, this heavily referenced text offers a new explanation for body dysmorphic disorder that provides help for therapists and surgeons and hope for patients.

Mallard Fillmore-- - Bruce Tinsley 1995
Mallard Fillmore lampoons everything from political correctness to Phil, Oprah, and Geraldo to our government's insatiable appetite for spending our money. His marvelous supporting cast includes wickedly wonderful caricatures of everyone who's anyone, from Hollywood to D.C. to Arkansas.

Two Worlds One Chance: The Shmuz on Life - Rabbi Ben

Tzion Shafier 2019-01-18

We go about life with plans and goals: I will live here. Get that job. Marry that sort of person. We have it all worked out. Yet, why do it? Forget philosophy, forget religion; one simple vital question demands an answer: What am I doing here? Why did God create me? In this incredible book, a fascinating story and unique dialogue between a teacher and a (former) student, famed educator Rabbi Ben Tzion Shafier (of TheShmuz.com) helps us understand what life is really about.

The Chemistry of Mercury -

Charles Andrew McAuliffe

2016-03-21

The Jewelers' Circular - 1919

Letters of Rebecca Gratz -

David Philipson 2007-03

PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written

anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present

treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is dependent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -

such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an

untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

Dickens's Christmas Books, Christmas Stories, and Other Short Fiction - Ruth F. Glancy
1999-01-01

Around the Boree Log and Other Verses - John O'Brien
2011-10-21

"Around the Boree Log and Other Verses" is a wonderful collection of poems by Australian Poet Patrick Hartigan. This work celebrates the lives and mores of the outback pastoral folk that the author ministered when he was a peripatetic curate to the southern New South Wales and Riverina towns of Thurgoona, Berrigan and Narrandera. Patrick Joseph Hartigan (1878 - 1952) was an Australian Poet and pastor. He was most famous for his poems of the Australian bush, which were an instant success and enjoyed popularity as far abroad as Ireland and the United States. Contents include: "Around the

Boree Log", "Calling to Me", "The Little Irish Monster", "One by One", "Ten Little Steps and Stairs", "The Trimmin's on the Rosary", "The Birds Will Sing Again", "The Old Bush School", "Six Brown Boxer hats", "The Libel", etc. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author. Students Scholars and Saints - Professor Louis Ginzberg
2015-08-13

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. A collection of stories which include allegories, satires, and

other tales which convey the ethical quality of the Hebrew faith.

Schöne Geisel - Julia Sykes
2021-07-29

»Sie gehört jetzt dir.« Mit diesen vier Worten macht mir mein Chef ein Geschenk: Die Erlaubnis, die Frau zu entführen und zu behalten, die ich seit Jahren begehrte. Seit wir Teenager waren, habe ich mein Verlangen nach Sofia verleugnet. Obwohl ihr Vater an der Leitung unseres Kokainimperiums beteiligt ist, hat Caesar Hernandez sie sorgfältig vor den brutalen Realitäten unserer Welt abgeschottet. Sie war immer viel zu unschuldig und rein gewesen, als dass ich sie aus ihrem verzauberten Leben in mein verdorbenes hätte ziehen wollen. Caesar hat sich jedoch entschieden, meinen skrupellosen Chef Adrian Rodriguez zu verraten. Will er nicht, dass seine geliebte Tochter zu Schaden kommt, wird er seine Loyalität erneut unter Beweis stellen müssen. Jetzt habe ich sie, und er ist sich meiner sadistischen

Neigungen sehr wohl bewusst.
Ich habe versucht, sie davor zu
bewahren, kann aber meine
wilde Natur nicht bekämpfen,
wenn sich Sofia in meinem
Haus und in meiner Gewalt
befindet. Sie wird lernen, mir
bedingungslos zu gehorchen,
wenn sie sich etwas ihrer
Freiheit zurückerobert will.
Sofia wird mein braves
Mädchen sein und mir all die

finsteren Fantasien erfüllen,
die ich jahrelang unterdrückt
habe. Ich werde alles tun, was
nötig ist, um meine schöne
Geisel zu behalten. Sollte
jemand versuchen, sie mir zu
stehlen, werde ich einen Krieg
anzetteln, um meinen
wertvollsten Besitz zu
schützen. Sofia ist mein, und
ich werde sie niemals gehen
lassen.
