**A Flowering Tree and Other Oral Tales from India** - A. K. Ramanujan  
1997-01-01

This book of oral tales from the south Indian region of Kannada represents the culmination of a lifetime of research by A. K. Ramanujan, one of the most revered scholars and writers of his time. The result of over three decades' labor, this long-awaited collection makes available for the first time a wealth of folktales from a region that has not yet been adequately represented in world literature. Ramanujan's skill as a translator, his graceful writing style, and his profound love and understanding of the subject enrich the tales that he collected, translated, and interpreted. With a written literature recorded from about 800 A.D., Kannada is rich in mythology, devotional and secular poetry, and more recently novels and plays. Ramanujan, born in Mysore in 1929, had an intimate knowledge of the language. In the 1950s, when working as a college lecturer, he began collecting these tales from everyone he could--servants, aunts, schoolteachers, children, carpenters, tailors. In 1970 he began translating and interpreting the tales, a project that absorbed him for the next three decades. When Ramanujan died in 1993, the translations were complete and he had written notes for about half of the tales. With its unsentimental sympathies, its laughter, and its delightfully vivid sense of detail, the collection stands as a significant and moving monument to Ramanujan's memory as a scholar and writer.

**Kathapitha** - Sivkishen Ji 2019-07

After massive research, the author already published two fabulous books from the Series of Katha Sarit Sagara titled as 'Vikram Betal; and 'The Amazing Throne' and now presenting Katha Sarit Sagara Book -1 titled as 'Kathapitha' with the encouragement of Ms. Jocelyn C. Lee, California USA is a contributing editor. She is an expert who has proven ability and has readership draw and did excellent work in this book's preparation.

As the original author with the rights of both electronic, print and publishing, he brought Kathapitha into life with fully illustrated with the licensed Images and Content with authenticity! Even before this work published, I have received excellent reviews and recommendations from Jocelyn C. Lee, Dr. Keshab Mandal M.A (Triple), Ph. D., B.Ed., PGDBM Researcher, Author, Publisher, and Columnist from Kolkata Area, India and also from Prof. Surendera Kala, Professor Emeritus in Strategic Management at Teerthanker Mahaveer University, Moradabad, India. All their wonderful reviews and recommendations are furnished at Book Reviews. The Katha Sarit Sagara opens with Parvati asking Shiva to tell her stories that she had never heard before. These were overheard by Pushpadanta, one of his attendants who repeat them to his wife Jaya who was Parvati's Sevita. She, in turn, told these stories to Parvati who enraged that Shiva had told her stories that even her Sevita knew. The erring attendant, Pushpadanta was cursed to be reborn as Vararuchi as well his accomplice Malyavan was also cursed to be reborn on earth as Gunadhya until he has spread these stories overheard far and wide. Thus, they took their births and these stories reached earth and told in the world of mortals by a narrator Gunadhya, a celestial being.

Gunadhya's Brihatkatha was authored in the Paisacha language with his blood in the 1st AD. Brihatkatha means 'The Great Story', all the seven tales that he heard from Shiva, on bark in his own blood using the Paisachi language. This 'manuscript' was presented to a Satavahana king by Gunadhya's students. King Simuka heard that Paisacha language and

saw that they had the appearance of Pisachas said with a sneer: '... the Paisacha language is barbarous... away with this Paisacha tale.' So Gunadhya burnt the manuscripts of six of the seven tales that comprised 600,000 couplets and reserved only 100,000 in his Brihatkatha. When the King Simuka chanced upon hearing this, he was entranced, and salvaged from the proverbial flames. He decreed that it should be preserved. He had obtained possession of the 100,000 couplets which formed the Brihatkatha and composed the book named Kathapitha. Kathapitha or Katha + Pitha mean the father of (Katha) stories, the great god Shiva, who sat up the pedestal (Pitha) upon which Somadeva's dizzyingly complex web of fabulous stories built. As per Kalhana's Rajatarangim (1148 CE), a historical chronicle of the kings of Kashmir and dealt about 11th century King Anantadeva of Kashmir and Somadeva, a Sanskrit scholar, who was in his court. Somadeva stated in his epilogue that he composed Kathasaritsagara in Sanskrit with 22,000 Shloka for Queen Suryavati. Each Shloka consisting of two half-verses of 16 syllables each. He titled this work as Kathasaritsagara consisting of 18 books of 124 chapters which contain the pith of the Gunadhya's Brihatkatha. King Anantadeva of Kashmir hoped that the Kathasaritsagara stories 'would, even for a brief while, divert the queen's mind from the political turbulence and strife in the kingdom, as he and his son Kalasa battled each other for the throne. The King ensured that Somadeva imparted them to his queen Suryavati. She loved all the stories in the vast, rambling and thoroughly captivating treasure trove of tales. The queen had spent her time in the worship of Lord Shiva. Kathapitha is a must for educators, teachers, students, and librarians. The readers will love to read, digest and remember for ages with wonder!

The Sarasvati Civilisation - G. D. Bakshi 2019

Who were the Harappans? How are they related to present-day Indians? Was there never an "Aryan Invasion"? The Sarasvati Civilization: A New Paradigm in Ancient Indian History brings together evidence from satellite imagery, geology, hydrodynamics, archaeology, epigraphy, textual hermeneutics, and DNA research to place together ancient Indian history in the light of new discoveries and facts which were simply not available to colonial historians of the 19th century and have been

overlooked thereafter. At the heart of the ancient Indian Civilization was the mighty Sarasvati river which was in full flow 5000-6000 years ago. 60-80 % of the so-called Indus Valley Civilisation sites which have been discovered are not on the banks of the Indus but on the course of the Sarasvati. The drying-out of the river is the most significant factor in the history and migrations of the ancient Indians. With new evidence, the time has come for a significant paradigm shift in Indology. This book breaks new ground to lay the foundation for an authentic Indian history.

**The Coronavirus** - Swapneil Parikh 2020-04-05

On the eve of 31 December 2019, as the world celebrated the start of a new decade, the province of Wuhan alerted the World Health Organization of several 'flu-like' cases. Less than a week later, a novel coronavirus, was identified. In February, the disease it caused was named COVID-19. Even now, as the global infection rate crosses 1,00,000 and the death toll surpasses 3000, we are yet to understand the threat posed by this new coronavirus. There is no vaccination to prevent it, and no antiviral to cure the sick. While high numbers are being reported daily, agencies may still be unaware of many cases. The symptoms of Coronavirus are dangerously similar to that of the common flu: fever, coughing, breathlessness, tiredness, headache and muscle pain. But in India, that has such a high population density, we will have to do more than just stick to Namaste to greet each other. It seems that a crippling pandemic is inevitable. While some of us may find it easier to resign ourselves to fate, what we need most right now is credible and comprehensive information from professionals that can help us understand what the Coronavirus is, and how we can prepare and protect ourselves against it. This is the first book that addresses the history, evolution, facts and myths around the pandemic. The Coronavirus is a timely must-read for everyone keen on understanding its impact and fallout.

**A Pedestrian on a Highway** - Gayathri Devi Dutt 2019-02-04

Nearly everyone wants to 'peep'. Inevitable, if you want to understand something in entirety. May be a few concrete abominations behind scenic woods? Something telling you there is just more? These memoirs are an honest, tender meeting of that need to peep with the impulse to show - a type of nascent voyeurism. Behind the gritty, forbidding persona of the professional woman lies the engaging story of a vulnerable girl who grappled with childhood prejudices, social dogma and disheartening career plateaus. These are Gayathri's lessons with life. From legal battles through miscarriages, she had very few guides. While her revelations are trepidatious, they offer a glimpse into the emotional turbulence that characterizes the 'lifescape' of a woman emerging out of patriarchal structures from early childhood through her 60s. This is an everyday story whose power grows over time. Dr Deepthi, Asst Professor. Dept of English. Govt First Grade college for women. Ramanagara.
