**The Story of Us: Band 18/Pearl (Collins Big Cat)** - Michael Haralambos 2021-12

Collins Big Cat supports every primary child on their reading journey from phonics to fluency. Top authors and illustrators have created fiction and non-fiction books that children love to read. Leveled for guided and independent reading, each book includes ideas to support reading. Teaching and assessment support and eBooks are also available. A fascinating history of humankind. Discover how we evolved from ape-like beings to the modern humans we are today. Pearl/Band 18 books offer fluent readers a complex, substantial text with challenging themes to facilitate sustained comprehension, bridging the gap between a reading program and longer chapter books. Text type: An information book Curriculum links: History and Science Ideas for reading in the back of the book provide practical support and stimulating activities.

Sociology - Robert Van Krieken 2000

This edition has been thoroughly revised to incorporate current developments in sociology, including fully updated research and statistics, Australian examples and data reflecting new developments in sociology, and new chapters on Media Globalisation and Popular Culture, and Social Research Methods.

Sociology - Anthony Giddens 2006

This updated edition provides an ideal teaching text for first-year university and college courses.

Modern Social Theory - Ian Craib 2015-08-12

The revised edition of this widely acclaimed textbook provides a clear, accessible and comprehensive introduction to modern social theory. As with the first edition, the book is based around the themes of structure and action. After the introductory chapters which examine the nature of theory and its role in the social world, the book then turns to theories of action and the inability of those theories to comprehend social structures in a coherent way. Part 1 covers: Parson's structural-functionalism and the development of conflict theory and neofunctionalism; rational choice theory; symbolic interactionism; ethnomethodology and structuration theory. Part 2 looks at structuralism, structuralist Marxism, and the development of post-structuralist and postmodernist theory. Part 3 examines Critical Theory and the work of Jurgen Habermas. In conclusion, Ian Craib discusses current trends in theory and what might be expected in the future. This second edition has been revised throughout. There are new chapters on rational choice theory and structuration theory and existing chapters have been extended to deal with the development of neofunctionalism, postmodernism and the recent works of Habermas as well as recent developments in other approaches. Throughout, the aim of the book is to demystify a difficult subject area, emphasising the practical and everyday nature of theoretical thinking in the context of making sense of a rapidly changing world. The late Ian Craib was Lecturer in Sociology at the University of Essex.

**Social Theory** - Charles Lemert 2018-05-15

This book provides an illuminating introduction to a collection of readings on social theory and provides an overview of the socio-historical context and delineation of key thinkers and texts. It includes a new section exploring social theory at the limits of the social.

Theories and Concepts - Michael Haralambos 2013-09-02

'Sociology in Pictures' is a fresh and exciting publication based on styles from graphic novels and comics. It introduces research methods using entertaining and informative pictures drawn by a leading comic illustrator.

Sociology - Anthony Giddens 2017-03-03

Now in its eighth edition, this continues to be the indispensable guide to understanding the world we make and the lives we lead. Revised and updated throughout, it remains unrivalled in its vibrant, engaging and authoritative introduction to sociology. The authors provide a commanding overview of recent global developments and new ideas in sociology. Classic debates are also given careful coverage, with even the most complex ideas explained in an engaging way. Written in a fluent, easy-to-follow style, the book manages to be intellectually rigorous but still very accessible. With a strong focus on interactive pedagogy, it aims to engage and excite readers, helping them to see the enduring value of thinking sociologically. The eighth edition includes: a solid foundation in the basics of sociology: its purpose, methodology and theories; up-to-the-minute overviews of key topics in social life, from gender, personal life and poverty, to globalization, the media and politics; stimulating examples of what sociology has to say about key issues in our contemporary world, such as growing inequality, climate change and the rise of terrorism; a strong focus on global sociology and the ways that digital technologies are radically transforming our world; quality pedagogical features, such as Classic Studies and Global Society boxes, and Thinking Critically reflection points, as well as end-of-chapter activities inviting readers to engage with popular culture and original research articles to gather sociological insights. The eighth edition sets the standard for introductory sociology. Complete with extensive supporting resources at [www.politybooks.com/giddens](http://www.politybooks.com/giddens), it

is the ideal teaching text for first-year university and college courses, and will help to inspire a new generation of sociologists.

*Sociological Theory* - George Ritzer 2011

Right on - Michael Haralambos 1994

**In Praise of Sociology** - Professor Gordon Marshall 2002-09-11

In this lively and entertaining book, Gordon Marshall explores ten classic studies of British society to demonstrate the valuable qualities of British sociology, and its importance for understanding contemporary society. In each case he provides a precis of the research undertaken, assuming no prior knowledge on the part of the reader, a series of points that can be made in praise or criticism of the research, and an assessment of the sociological contribution made by the researchers. The ten studies chosen are: Goldthorpe on social mobility, Townsend on poverty, Rex and Moore on race and the inner city, the Affluent Worker project, Wallis on sectarianism, Jackson and Marsden on education and the working class, Brown and Harris on clinical depression among women, Cohen on deviance, Bott on families and social networks, and Burns and Stalker on management and new technology. An excellent introduction for the student to the concerns and values of sociology, this book gives a powerful statement of the achievements of post-war British sociologists, and a manifesto for good sociology in the 1990s.

*Research Methods* - Michael Haralambos 2016-04

*Sociology in Pictures: Research Methods* is a fresh and exciting publication based on styles from graphic novels and comics. It introduces research methods using entertaining and informative pictures drawn by a leading comic illustrator. This second edition of *Sociology in Pictures: Research Methods* offers an effective and novel learning experience. Much of the material is taken from actual research - classics like William F Whyte's *Street Corner Society* and more recent studies including Sudhir Venkatesh's *Gang Leader for a Day*. It covers research methods for Sociology at AS/A level and introductory courses at university. New topics in the second edition include: - Reflexivity, objectivity, values and research, standpoint theory, assessing validity, constructing data - Online research - participating online, online interviews, virtual world interviews, online surveys - Further methods - non-participant observation, focus groups, operationalisation, visual methodologies. Also available is *Sociology in Pictures: Research Methods Teacher's Guide (Second Edition)*.

Sociology in Pictures - Michael Haralambos 2012-03-01

Sociology Themes and Perspectives - Martin Holborn 2009-05

Ideal as a companion for any course at AS and A2, this bite-sized textbook will help students access, understand and revise for their exams.

**Sociology** - Michael Haralambos 2002-06-01

**Cambridge International AS and A Level Sociology Coursebook** - Chris Livesey 2014-08-28

This revised set of resources for Cambridge International AS and A Level Sociology syllabus (9699) is thoroughly updated for the latest syllabus. Written by a highly experienced author, the Coursebook provides comprehensive support for the syllabus. Accessible language combined with the clear, visually-engaging layout makes this an ideal resource for the course. Discussion of significant sociological research, case studies, explanation of key terms and questions within the text reinforce knowledge. Stimulating activities build interpretation and application as well as analytical and evaluation skills. Revision checklists help in consolidating understanding. The book provides complete exam support with each chapter culminating in exam-style questions and a further chapter dedicated to revision, and examination skills and practice. A Teacher's CD-ROM is also available.

*What is Sociology?* - Johann Graaff 2001

This concise, accessibly written book addresses fundamental sociological questions. What is Sociology? uses a discussion of three major sociological theories - Marxism, functionalism, and symbolic interactionisms - to address major issues in the field. In short, this book introduces its readers to the surprising, demanding, often magical world of sociological enquiry.

**Fundamentals of Sociology** - Gisbert 1973

The third, expanded edition of this well-known text on sociology has detailed analyses of the economic system, industry, population and food supply. Importance has been given to forces such as industrialisation and the Green Revolution that have helped to shape modern India. A comprehensive text, useful to both teachers and students.

Sociology - Robert Van Krieken 2013-09-12

Building upon the success of previous editions, this fully revised edition of *Sociology* lays the foundations for understanding sociology in Australia. The depth and breadth of the book ensures its value not only for first-year students, but for sociology majors requiring on-going reference to a range of theoretical perspectives and current debates. This fifth Australian edition continues to build on the book's reputation for coverage, clarity and content, drawing upon the work of leading Australian sociologists as well as engaging with global social trends and sociological developments.

*Handbook of Indian Sociology* - Veena Das 2006-09-14

This handbook makes available to students a comprehensive resource reference in the field of sociology and social anthropology.

**Sociology of Indian Society** - CN Shankar Rao 2004-09

The revision comes 10 years after the first edition and completely overhauls the text not only in terms of look and feel but also content which is now contemporary while also being timeless. A large number of words are explained with the help of examples and their lineage which helps the reader understand their individual usage and the ways to use them on the correct occasion.

*AQA A Level Sociology Themes and Perspectives: Year 1 and AS (Haralambos and Holborn AQA A Level Sociology)* - Michael Haralambos 2021-09-20

Exam Board: AQA Level & Subject: AS / A-level Year 1 Sociology (7191, 7192) First teaching: September 2015 First exams: June 2017

**Sociology** - Michael Haralambos 1985

*Sociology* - P.B. Horton 1983-12-01

Rural Sociology - Shambhu Lal Doshi 1999

With reference to India.

*The Myth of Social Action* - Colin Campbell 1998-07-09

The *Myth of Social Action*, first published in 1996, is a powerful critique of the sociology of the time and a call to reject the prevailing orthodoxy. Arguing that sociological theory had lost its way, Colin Campbell mounts a case for a new 'dynamic interpretivism' a perspective on human conduct which is more inkeeping with the spirit of traditional Weberian action theory. Discussing and dismissing one by one the main arguments of those who reject individualistic action theory, he demonstrates that this has been wrongly rejected in favour of the interactional, social situationalist approach now dominating sociological thought.

*Sociology* - Anthony Giddens 2001

Sociology provides an introduction to its field. The fourth edition preserves the lucid, lively and comprehensive qualities which marked the book in its earlier versions. Numerous student learning aids are provided.

**Collins Cambridge International AS & A Level - Cambridge International AS & A Level Sociology Student's Book** - Michael Haralambos 2021-06-07

Exam Board: Cambridge Assessment International Education Level & Subject: Cambridge International AS & A Level Sociology First teaching: September 2019 First examination: From 2021

**Essential Concepts in Sociology** - Anthony Giddens 2017-05-11

Social life is in a constant process of change, and sociology can never stand still. As a result, sociology today is a theoretically diverse enterprise, covering a huge range of subjects and drawing on a broad array of research methods. Central to this endeavour is the use of core concepts and ideas which allow sociologists to make sense of societies, though our understanding of these concepts necessarily evolves and changes. This clear and jargon-free book introduces a careful selection of essential concepts that have helped to shape sociology and others that continue to do so. Going beyond brief, dictionary-style definitions, Anthony Giddens and Philip W. Sutton provide an extended discussion of each concept which sets it in historical and theoretical context, explores its main meanings in use, introduces relevant criticisms, and points readers to its ongoing development in contemporary research and theorizing. Organized in ten thematic sections, the book offers a portrait of sociology through its essential concepts, ranging from capitalism, identity and deviance to globalization, the environment and intersectionality. It will be essential reading for all those new to sociology as well as anyone seeking a reliable route map for a rapidly changing world.

Sociology: Themes and Perspectives - Haralambos Michael 1980

*Sociology Themes and Perspectives (Haralambos and Holborn)* - Michael Haralambos 2021-09-20

Level: A-level, undergraduate Subject: Sociology Themes and Perspectives is your essential A-level and undergraduate sociology guide. It's fully updated to match the latest sociology teaching, research and developments to support your learning about sociology today.

*An Introduction to Sociology* - Ken Browne 2005-04-29

Thoroughly revised and fully updated, *An Introduction to Sociology* gives concise yet comprehensive coverage of all the topics specified by the GCSE examining boards. The second edition was described by the AQA's Chief Examiner for GCSE Sociology as establishing 'the standard for textbooks at this level' - this new edition builds on the book's existing achievements. New material is found throughout the book, including substantive new sections on gender, identity, citizenship, education, new social movements, poverty and the welfare state, religion, the mass media, work and leisure, and population. The book has been carefully designed to support and extend students' learning. Each chapter begins with a summary of the key issues to be covered, and goes on to highlight important terms, which are then explained in a clear glossary. Summaries at the end of each chapter, a lively range of new activities and discussion points, the use of websites, as well as helpful suggestions for coursework, all add to the book's value as a learning and teaching resource. Student-friendly cartoons, tables, diagrams, and photographs - and the re-designed internal lay-out - also enliven the text, making sociology seem exciting and relevant to students of all interests and abilities. The new edition of this highly successful textbook will prove invaluable to anyone taking an introductory sociology course, especially at GCSE and related levels. Students taking AS and A-level - as well as Access, nursing, and health and social care courses - will also find the book provides an easy and fun introduction to studying sociology.

*A Dictionary of Sociology* - John Scott 2009

Contains over 2,500 alphabetically arranged entries providing definitions of terms and ideas related to sociology, along with cross-references, and biographical sketches of key individuals in the field.

Sociology - Michael Haralambos 2004

This sixth edition of 'Sociology' has been updated to meet the demands of the new subject core for A level. Comprehensive in its coverage, it includes material on the latest topics of sociological debate.
