The Manual - Steve Santagati 2007-05-29

How many times have you and your friends asked one another these questions without ever coming up with any good answers? Your girlfriends just tell you what you want to hear. At the end of the day, the only person who can give you insight into man problems is—that's right—a

man! But guys have hidden agendas. What guy would give up all his dating advantages by spilling the goods? Steve Santagati would. A self-confessed serial dater and Bad Boy, Steve is telling all for the benefit of womankind. Every guy is at least part Bad Boy, and in The Manual, this prime specimen reveals what every woman needs to know to counter Bad Boy tactics, both amateur and professional. Steve is never condescending or callous, but honest, perceptive, and street-smart. His guidance is straightforward and his insights are dead-on, giving women tools they can immediately put to work. Discover what you may not want to know but need to know about: •The Heart of the Bad Boy (i.e., the nature of the beast) •The Male Mind: how he sees you and how you can make this work to your advantage •Guys on the Hunt: the male modus operandi, from the grocery store to Home Depot •When Boy Meets Girl: how to handle dating, from flirting to “sext” messaging to learning his weaknesses •Mating: so you've got him . . . should you keep him? Why learn from a Bad Boy instead of, say, a psychologist? Because there's no replacement for “in the field” experience. You'll benefit from (and laugh at) stories of real things Steve has done in relationships with women as well as of women turning the tables on him when he least expected it. The book also includes a question-and-answer section, in which Steve explores some of the toughest dating issues. To understand Steve is to understand the Bad Boy, and that will take you a long way in understanding all men. Find out how much more
