Václav Trojan - Marco Bellano 2019-08-13

This book explores the Czech composer Václav Trojan (1907-1983) and his compositions for Jiri Trnka's films, a very influential puppet stop-motion animator. Trnka is regarded as one of the finest outcomes of Czech art in the aftermath of the Second World War and inspiration for contemporary directors like Tim Burton and companies such as Aardman or Laika. Trojan's music for animation sets a great artistic model in European animation, at least as meaningful as Carl Stalling's music for Warner Bros. cartoons

in the USA. Trojan was an eclectic artist, which encompassed folk songs, jazz and blues influences, neoclassical symphonic and chamber works, opera and more. Key Features: A historical overview of the origins and early development of Czech animation Biographical sketches and stylistic outline of both Trnka and Trojan An audiovisual analysis of all the available Trnka films Trojan wrote music for Filmography and bibliography

New Perspectives on Plato, Modern and Ancient - Professor of Philosophy Julia Annas 2002

Recently, scholars have looked more closely at the philosophical importance of the imaginative and literary aspects of Plato's writing, and have begun to appreciate the methods of ancient philosophers and commentators who studied Plato. This study brings together leading philosophical and literary scholars to investigate these new-old approaches.

Birdtalk - Alan Powers 2003

For the last 20 years, Alan Powers, who lives near Cape Cod, has experimented with birdcalls—mimicking and answering the calls he hears around his country home, in cities, and abroad in France and Italy. In BirdTalk, he celebrates this connection with entertaining allusions to history, literature, travel, linguistics, and other fields. The result is a charming and erudite stroll through an area of interest sometimes lost in the urban din. Powers reveals “birdtalk” by mapping the history of ornithological studies, quoting such bird fanciers as Shakespeare and Emily Dickinson and discussing specific techniques. In one of the most amusing chapters, he describes his attempts to teach the birds new symphonic riffs on their own calls. This illustrated literary

inquiry into birdcalls is a nature book with a gift-book look.

Aesopic Conversations - Leslie Kurke 2010-10-25

Examining the figure of Aesop and the traditions surrounding him, Aesopic Conversations offers a portrait of what Greek popular culture might have looked like in the ancient world. What has survived from the literary record of antiquity is

almost entirely the product of an elite of birth, wealth, and education, limiting our access to a fuller range of voices from the ancient past. This book, however, explores the anonymous *Life of Aesop* and offers a different set of perspectives. Leslie Kurke argues that the traditions surrounding this strange text, when read with and against the works of Greek high culture, allow us to reconstruct an ongoing conversation of "great" and "little" traditions spanning centuries. Evidence going back to the fifth century BCE suggests that Aesop participated in the practices of nonphilosophical wisdom (*sophia*) while challenging it from below, and Kurke traces Aesop's double relation to this wisdom tradition. She also looks at the hidden influence of Aesop in early Greek mimetic or narrative prose writings, focusing particularly on the Socratic dialogues of Plato and the *Histories* of Herodotus. Challenging conventional accounts of the invention of Greek prose and recognizing the problematic sociopolitics of humble prose

fable, Kurke provides a new approach to the beginnings of prose narrative and what would ultimately become the novel. Delving into Aesop, his adventures, and his crafting of fables, *Aesopic Conversations* shows how this low, noncanonical figure was--unexpectedly--central to the construction of ancient Greek literature. 2003-09-02

The paperback edition, in four volumes, of this standard work will make it readily available to students. The scope of the work makes it valuable as a work of reference, connecting one period with another and placing each author clearly in the setting of his time. Reviewing the first edition, The Times Literary Supplement commented: 'in inclusiveness and in judgment it has few rivals of its kind'. This first volume covers The Middle Ages (to 1500) in two sections: The Old English Period (to 1100) by Kemp Malone (John Hopkins University), and The Middle English Period (1100-1500) by Albert C. Baugh (University of Pennsylvania).
