Diversity, Oppression, and Change - Flavio Francisco Marsiglia 2021
"Diversity, Oppression and Change is an engaging and well-researched book about a timely and controversial topic. The authors unpack complex theory-based concepts related

to oppression and privilege so that readers can identify their historically based impact on certain groups and communities. They use an easy to understand style, which makes cultural diversity concepts come to life through specific examples and notes from the field, often coming from their own practice, policy and research experiences. This book is essential reading for social workers and allied professionals committed to

anti-oppressive practice. Diversity, Oppression and Change is also about hope and resiliency, and the miraculous ability of individuals and communities to bounce back from oppressive experiences and historical trauma to produce lasting social change and achieve social justice"--

Handbook of Culture and Memory - Brady Wagoner
2018

In 'Handbook of Culture and Memory', an interdisciplinary group of contributors provide new models of the complex interrelationships between people's memory and their social relationships, group stories and history, monuments, rituals and material artifacts.

In the Name of the Child - Dr. Janet R. Johnston, PhD
2009-04-06

"Johnston, Roseby, and Kuehnle take you behind the child's eyes, into their heads...[they] flesh out the familial context, and bring it all

back into the larger social world....When you are done reading, you know who these families are, what the children need, and -- as a clinician -- how you can help them." -- Marsha Kline Pruett, PhD, MSL Maconda Brown O'Connor Professor Smith College School for Social Work "This book addresses problems that arise for children of conflicted and violent divorce. It provides a good base for beginning to treat children in this situation as well as good information for understanding the legal and community services available." --Doody's The fully updated and revised edition of *In the Name of the Child* examines both the immediate and long-term effects of high-conflict divorce on children. By combining three decades of research with clinical experience, the authors trace the developmental problems affecting very young children through adolescence and adulthood, paying special attention to the impact of family violence and the dynamics of parental alienation. The authors present

clinical interventions that have proven to be most effective in their own clinical work with families. With a new emphasis on the need for prevention and early intervention, this edition examines how defensive strategies and symptoms of distress in children can consolidate into immutable, long-standing psychopathology in their adult lives. This book contains the policies and procedures that can preempt these high-conflict outcomes in divorcing families. Key Features: Contains a new chapter examining the effects of violent divorce on a sample of young adults, tracking their developmental changes from adolescence through adulthood Discusses the developmental threats to both boys and girls of different ages and stages, along with therapeutic interventions and guidelines for parenting plans Proposes principles and criteria for decision-making about custody, visitation, and parenting plans based on individual assessment of the developing child within his or her family Mental health

professionals, educators, family lawyers, judges, and court administrators will find this book to be an essential read, with all the knowledge and insight needed to understand the short- and long-term effects of violent divorce on children.

Examining Social Change and Social Responsibility in Higher Education - Johnson, Sherri L. Niblett 2019-12-27

Higher education has seen an increase in attention to social change and social responsibility. Providing best practices in these areas will help professionals to create methods for change and suggestions for unity on a global level. *Examining Social Change and Social Responsibility in Higher Education* is an essential research publication that explores current cultural norms and their influence on curriculum and educational environments and intends to improve the understanding of

social change and social responsibility at different sociological levels within various fields pertaining to higher education. Highlighting topics such as campus safety, social justice, and mental health, this book is ideal for academicians, professionals, researchers, administrators, and students working in various disciplines (e.g., academic advising, leadership, higher education, adult education, campus climate, Title IX, SAVE/VAWA, and more). Moreover, the book will provide insights and support executives concerned with the management of expertise, knowledge, information, and organizational development in different types of work communities and environments.

Vie et pontificat de Léon 10., par William Roscoe, auteur de la Vie de Laurent de Médicis; ouvrage traduit de l'anglais par P.F. Henry, et orné du portrait de Léon 10., et de médailles. Tome premier [-quatrième] - 1808

Brave Girl - Michelle Markel
2013-01-22

An engagingly illustrated account of immigrant Clara Lemlich's pivotal role in the influential 1909 women laborer's strike describes how she worked grueling hours to acquire an education and support her family before organizing a massive walkout to protest the unfair working conditions in New York's garment district. 25,000 first printing.

Human Rights-Based Approaches to Clinical Social Work - S. Megan Berthold
2014-12-12

This groundbreaking Brief brings a rights-based perspective to social work as opposed to the charity- and needs-based formats traditional to the field. Core principles for effective practice are discussed in the context of global human rights advocacy, from addressing individuals' immediate issues to challenging the structures that allow continued injustices to marginalized populations. Focusing specifically on

interventions with survivors (and some perpetrators) of torture, human trafficking, and domestic violence, coverage explores and explodes myths about these issues--some of which survivors themselves may believe--and illustrates the immediate application and long-term benefits of rights-based therapy. Case examples, discussion questions, resource links, and a clinician self-care section reinforce the salience of this approach, modeling practice that is ethical in its outlook and empowering in its healing. Clinician skills emphasized in Human Rights-Based Approaches to Clinical Social Work: Reframing client needs as human rights. Cultural humility versus cultural competence. Building the therapeutic relationship and reconstructing safety. Developing trauma-informed practice and avoiding re-traumatization. Forensic and activist roles for social workers. Burnout prevention for practitioners.

Treating Trauma in Trans People - Reese Minshew

2022-09-06

Treating Trauma in Trans People brings together key concepts from both gender-affirming treatment and trauma-focused care, with interventions focused on resolving physiological, intrapsychic, and interpersonal disruptions. Symptoms related to trauma and stress manifest in bodies, psyches, and interpersonal interactions. Gender, too, is impacted by bodies, psyches, and interpersonal interactions. With chapters that focus on each of these domains, this book provides a framework for clinicians eager to provide trauma-informed, gender-inclusive care. The book then broadens the lens to the systemic, acknowledging the limits of individual interventions when located within a larger framework of systemic oppression and asking clinicians to consider liberation and justice as treatment goals.

An Analytical Approach To Evidence - Ronald Jay Allen

2021-09-14

Buy a new version of this textbook and receive access to the Connected eBook with Study Center on CasebookConnect, including: lifetime access to the online ebook with highlight, annotation, and search capabilities; practice questions from your favorite study aids; an outline tool and other helpful resources. Connected eBooks provide what you need most to be successful in your law school classes. Learn more about Connected eBooks. A problem-based Evidence coursebook that presents the Federal Rules of Evidence in context, illuminates the rules' underlying theories and perspectives, and provides a fully updated and systematic account of the law in a student-friendly hornbook-style format. The material is accompanied with straightforward and systematic explanations. Lively discussion and interesting

problems (rather than numerous appellate case excerpts) engage students in understanding the principles, policies, and debates that surround evidence law. The book also contains self-assessment sections in each chapter that teach students how to identify and resolve legal issues and succeed in the final exam. To sum up: this book stands out as "all in one": it gives students of evidence an up-to-date comprehensive account of the law; it explains complex evidentiary issues in a straightforward and systematic fashion; and it also tells students what their exam will look like and how to succeed in it. New to the Seventh Edition: A new case file to introduce numerous evidence issues throughout the semester, with spin-off problems in each chapter. Updated doctrine, including application of evidence rules to electronic evidence and the online environment. Professors and students will benefit from: An opening case file introducing students to the process of

analyzing evidence in terms of the essential elements of a legal dispute, serving as an effective introduction to much of the course to follow A wide range of real-world problems exposes students to the depth and complexity of the Rules of Evidence Every chapter addresses basic rules interpretation, essential policy, and connects theory to practice Assessment problems (modeled on exam questions) at the end of each chapter, including answers with explanations Teaching materials Include: Updated and streamlined Teacher's Manual, including sample syllabi for both 4- and 3-credit courses, transition guide for each chapter, teaching guidance, and answers to all the problems in the book Problems Supplement that includes most problems deleted from prior editions *Universal Dictionary of the English Language* - 1898

Handbook of Studies on Men and Masculinities - Michael S. Kimmel 2005

Handbook of Research on Novel Practices and Current Successes in Achieving the Sustainable Development Goals - Popescu, Cristina Raluca Gh. 2021-06-25
The realm of sustainable development focuses on the

ability to meet the demands of the present, while not compromising the demands of the future. The knowledge of balancing sustainable development goals with high performance is essential. Even more essential is sharing the practices and accomplishments within sustainable development so that it may be spread throughout many organizations and societal functions. The Handbook of Research on Novel Practices and Current Successes in Achieving the Sustainable Development Goals provides valuable insights, challenges, and practices to highlight the key determinants in achieving the Sustainable Development Goals. This book presents a complex and thorough theoretical infrastructure concerning the Sustainable Development Goals, challenges and practices, as well as an important set of empirical results that will make a tremendous contribution to the analysis of the key determinants specific to the Sustainable Development

Goals. Covering topics such as alternative consumption models, non-profit organizations, and sustainable communities, this is an essential text for academicians, scientists, researchers, students, PhD scholars, post-doctoral students, specialists, practitioners, governmental institutions, and policymakers worldwide.

Encyclopedia of Social Theory - George Ritzer 2004-08-11

The Encyclopedia of Social Theory is an indispensable reference source for anyone interested in the roots of contemporary social theory. It examines the global landscape of all the key theories and the theorists behind them, presenting them in the context needed to understand their strengths and weaknesses. Led by internationally renowned scholar George Ritzer, the Encyclopedia of Social Theory draws together a team of more than 200 international scholars covering the developments, achievements, and prospects of social theory from its inception in the 18th century to the

present. Understanding that social theory can both explain and alter the social world, this two-volume set serves as not only a foundation for learning, but also an inspiration for creative and reflexive engagement with the rich range of ideas it contains.

Routledge Handbook of Yoga and Meditation

Studies - Suzanne Newcombe
2020-10-28

The Routledge Handbook of Yoga and Meditation Studies is a comprehensive and interdisciplinary resource, which frames and contextualises the rapidly expanding fields that explore yoga and meditative techniques. The book analyses yoga and meditation studies in a variety of religious, historical and geographical settings. The chapters, authored by an international set of experts, are laid out across five sections: Introduction to yoga and meditation studies History of yoga and meditation in South Asia Doctrinal perspectives:

technique and praxis Global and regional transmissions Disciplinary framings In addition to up-to-date explorations of the history of yoga and meditation in the Indian subcontinent, new contexts include a case study of yoga and meditation in the contemporary Tibetan diaspora, and unique summaries of historical developments in Japan and Latin America as well as an introduction to the growing academic study of yoga in Korea. Underpinned by critical and theoretical engagement, the volume provides an in-depth guide to the history of yoga and meditation studies and combines the best of established research with attention to emerging directions for future investigation. This handbook will be of interest to multidisciplinary academic audiences from across the humanities, social sciences and sciences.

André Breton - Ramona Fotiade
2000

Situates, for the first time,

Breton's personality and work in the context of the Surrealist investigation of language susceptible to communicating the 'true functioning of the mind'. The visual and the verbal aspects of Surrealism are not considered in isolation but within an integrated view of experimental activity pertaining to language/communication in general.

El hombre libre y sus sombras - Francisco Alonso-Fernández 2006

Dice el autor «La pretensión... de este ensayo es aportar al lector una ayuda informativa y vivida que le permita desarrollarse como una persona libre; y además, estar presto a defenderse a sí mismo y preservar a los suyos contra el empuje cada vez más poderoso de los movimientos sociales exterminadores de la libertad». La obra describe una antropología de la libertad. «El programa defensivo de la libertad no se agota con el fortalecimiento de la disposición individual... La lucha contra las actividades de

opresión, tolerancia, racismo, sectarismo y demás debe construirse asimismo sobre un sistema de medidas integradas en una política de la libertad»
Sleep and Combat-Related Post Traumatic Stress Disorder - Eric Vermetten 2017-11-29

There are few clinical problems in the sleep medicine field that are more challenging than the sleep difficulties experienced by individuals suffering from post-traumatic stress disorder (PTSD). This book offers a unique, complete resource addressing all the basic concepts and clinical applications in sleep medicine in settings where combat-related PTSD is commonplace. Authored by leading international experts in the field of sleep/military medicine, Sleep and Combat-Related Post Traumatic Stress Disorder is organized in six sections and provides a broad perspective of the field, from the established theories to the most recent developments in research, including the latest neuroscientific perspectives surrounding sleep and PTSD.

The result is a full assessment of sleep in relation to combat-related PTSD and a gold standard volume that is the first of its kind. This comprehensive title will be of great interest to a wide range of clinicians -- from academics and clinicians working within or in partnership with the military health care system to veteran hospital physicians and all health personnel who work with war veterans.

Global Perspectives on Human Migration, Asylum, and Security - Akrivopoulou,

Christina M. 2017-11-30
Unstable social climates are causing the displacement of large numbers of people around the world. Thus, the issue of safe replacement arises causing the need for new policies and strategies regarding immigration. *Global Perspectives on Human Migration, Asylum, and Security* is a timely reference source for the latest research on the challenges, risks, and policies of current relocation and refugee flows, as well as address security problems in

relation to these aspects of immigration. Featuring coverage on a wide variety of topics and perspectives such as terrorism, racism, and human rights, this publication is ideally designed for academicians, policy makers, researchers, and practitioners seeking current research on the current societal happenings of refugee integration around the world.

Universal Dictionary of the English Language - Robert Hunter 1899

Childbirth in the Global Village - Dawn Hillier 2013-10-14

Hillier describes and analyzes the impact of globalisation on midwifery practice and education around the world. Through personal stories the text describes the childbirth experiences of women and midwives in very different cultural contexts - in Africa, Malaysia, England and America.

Understanding Violence

Against Women - National Research Council 1996-06-07
Violence against women is one factor in the growing wave of alarm about violence in American society. High-profile cases such as the O.J. Simpson trial call attention to the thousands of lesser-known but no less tragic situations in which women's lives are shattered by beatings or sexual assault. The search for solutions has highlighted not only what we know about violence against women but also what we do not know. How can we achieve the best understanding of this problem and its complex ramifications? What research efforts will yield the greatest benefit? What are the questions that must be answered? Understanding Violence Against Women

presents a comprehensive overview of current knowledge and identifies four areas with the greatest potential return from a research investment by increasing the understanding of and responding to domestic violence and rape: What interventions are designed to do, whom they are reaching, and how to reach the many victims who do not seek help. Factors that put people at risk of violence and that precipitate violence, including characteristics of offenders. The scope of domestic violence and sexual assault in America and its consequences to individuals, families, and society, including costs. How to structure the study of violence against women to yield more useful knowledge. Despite the news coverage and talk shows, the real fundamental nature of violence against women remains unexplored and often misunderstood. Understanding Violence Against Women provides direction for increasing knowledge that can help ameliorate this national problem.

Crisis Intervention

Strategies - Richard K. James
2016-01-27

Based on the authors' extensive experience in crisis intervention and teaching crisis intervention courses, this authoritative text presents the latest skills and techniques for handling crisis situations. CRISIS INTERVENTION STRATEGIES, 8th Edition features the authors' task model, which illustrates and elucidates the process of dealing with people in crisis. Using this model, the authors build specific strategies for handling a myriad of different crisis situations, accompanied in many cases with dialogue that a practitioner might use when working with the individual in crisis. Two new chapters systematically illuminate the topics of families in crisis and legal and ethical issues in crisis intervention. Important Notice: Media content referenced within the product description or the

product text may not be available in the ebook version.

Identifying Perinatal

Depression and Anxiety -

Jeannette Milgrom 2015-06-22
Identifying Perinatal

Depression and Anxiety brings together the very latest research and clinical practice on this topic from around the world in one valuable resource. Examines current screening and management models, particularly those in Australia, England and Wales, Scotland, and the United States. Discusses the evidence, accuracy, and limitations of screening methods in the context of challenges, policy issues, and questions that require further research. Up to date practical guidance of how to screen, assess, diagnose and manage is provided. Considers the importance of screening processes that involve infants and fathers, additional training for health professionals, pathways to care following screening, and the economics of screening. Offers forward-thinking synthesis and analysis of the current state of the field

by leading international experts, with the goal of sketching out areas in need of future research
