Blood Sisters - Graham Masterton 2015-06-01

Katie Maguire never thought Ireland's nuns would need her protection... In a nursing home on the outskirts of Cork, an elderly nun has been suffocated in her sleep. It looks like a mercy-killing - until another sister from the same convent is found floating in the Glashaboy river. The nuns were good women, doing God's work. Why would anyone want to kill them? But then a child's skull is unearthed in the garden of the nuns' convent, and DS Katie Maguire discovers a fifty-year-old secret that just might lead her to the killer... if the killer doesn't find her first.

E-commerce - Kenneth C. Laudon 2016

For undergraduate and graduate courses in business. Understanding The Vast And Expanding Field of E-Commerce Laudon's E-Commerce 2016: Business, Technology, Society emphasizes three driving forces behind the expanding field of e-commerce: technology change, business development, and social issues. A conceptual framework uses the templates of many modern-day companies to further demonstrate the differences and complexities in e-commerce today. An in-depth investigation of companies such as Uber, Pinterest, and Apple kick-off the course while preparing students for real-life scenarios. In the Twelfth Edition, Laudon and Traver add new or update existing case studies to match developments in the e-commerce field as they exist in today's tech world. They built in additional video cases for each chapter, making the material even more accessible to students as they prepare for their future roles in business.

Charnel House - Graham Masterton 2016-06-07

Edgar Award Finalist: A demon-possessed house in San Francisco is out to devour the world in this horror tale by the acclaimed author of The Manitou. A desperate and terrified old man appears at the office of John Hyatt at the San Francisco Department of Sanitation with a chilling complaint. His house, Seymour Willis insists, is breathing. Hyatt suspects a rat infestation but the truth is worse. Much worse. An ancient demon out of darkest Native American folklore lives within the walls and floorboards of Willis's home—an all-powerful malevolent being determined to break free and wreak havoc on the City by the Bay. Soon a tiny cadre of believers in the impossible—including Hyatt, Willis, and a Native American shaman—hold the fate of all humanity in their hands. The monster's hunger for blood and flesh is insatiable and it is determined to escape its prison and become whole. And once it does, the entire world will be its feeding ground. A haunted house story like no other—a gory and terrifying tale of demonic possession—this award-winning supernatural thriller by the acclaimed author of The Manitou provides substantial chills on every page. A tale of unrelenting terror reminiscent of the works of H. P. Lovecraft, Graham Masterton's Charnel House will haunt your dreams long after you've turned the final page.

The Manitou - Graham Masterton 2014-05-27

An ancient vengeful spirit attempts to return through the body of a terrified young woman in this horror classic by an award-winning "master of the genre" (Rocky Mountain News). Phony psychic and conman Harry Erskine never really believed in the occult until Karen Tandy approached him with a rapidly growing tumor on her neck, complaining of dark and disturbing dreams. When the mass is revealed by doctors to contain something living, the stakes skyrocket—not only for Karen and Harry but for all humanity. Something terrible is returning from the shadows to which it has been confined for centuries—a Native American monstrosity determined to destroy every vestige of the white race that oppressed and preyed upon America's Indians. And unless a motley group of ill-prepared defenders can harness an ancient native magic, there will be no stopping the malevolent shaman's terrible rebirth—and no escaping the wholesale carnage it will engender. The Manitou introduced the great Graham Masterton to the canon of horror, instantly placing him among the genre's elite. A longtime favorite for its bold originality, unrelenting creepiness, supernatural shocks, and otherworldly surprises that would have made H. P. Lovecraft proud, Masterton's classic continues to stand tall alongside Stephen King's Carrie, Peter Straub's Ghost Story, and other unforgettable literary horror debuts.

Broken Angels - Graham Masterton 2013-08-29

As they came nearer, the black-clad body came into view, lying on its side in the shallows... One cold spring morning in County Cork, two fishermen find a body floating in the Blackwater River: the mutilated corpse of a retired music teacher. His hands and feet are bound, and his neck bears the mark of a garrotting wire. The Garda want to wrap this case up before the press get hold of it. But when a second man is found murdered, the body bears all the same marks as the first. And Detective Superintendent Katie Maguire fears this case carries the hallmark of a serial murderer...

The Truth Is a Cave in the Black Mountains - Neil Gaiman 2014-06-17

Neil Gaiman's award-winning novella *The Truth is a Cave in the Black Mountains* is a haunting story of family, the otherworld, and a search for hidden treasure, and was serialised on BBC Radio 4's *Book at Bedtime* in November 2015. 'Gaiman's achievement is to make the fantasy world seem true' (The Times). Neil Gaiman is the bestselling author of *The Ocean at the End of the Lane* and the epic *American Gods*, whose storytelling genius will appeal to fans of J.K. Rowling and George R.R. Martin. The text of *The Truth Is a Cave in the Black Mountains* was first published in the collection *Stories: All New Tales* (Headline, 2010). This gorgeous full-colour illustrated book version was born of a unique collaboration between writer Neil Gaiman and artist Eddie Campbell, who brought to vivid life the characters and landscape of Gaiman's story. In August 2010, *The Truth is a Cave in the Black Mountains* was performed in the concert hall of the Sydney Opera House to a sell-out crowd - Gaiman read his tale live as Campbell's magnificent artwork was presented, scene by scene, on large screens. Narrative and art were accompanied by live music composed and performed especially for the story by the FourPlay String Quartet.

Stewart's Hand Book of the Pacific Islands - Percy S. Allen 1919

Red Light - Graham Masterton 2014-06-05

Somewhere in the city of Cork, a woman's cry echoes through the rainy streets. On a bloodstained mattress in a grimy flat, a burly man lies dead. A terrified girl kneels over his body. She has been trapped here for three days. It doesn't take DS Katie Maguire long to identify the murder victim: he's a cruel and powerful pimp she's been trying to convict for years. It's Katie's job to catch the killer. But with men like this dead, the city is safer - and so are the frightened young women who are trafficked into Cork. When a second pimp is horrifically murdered, Katie must decide. Should she do her job, or follow her conscience? Should she allow the killer to strike again?

Divining a Digital Future - Paul Dourish 2011-04-22

A sociotechnical investigation of ubiquitous computing as a research enterprise and as a lived reality. Ubiquitous computing (or ubicomp) is the label for a “third wave” of computing technologies. Following the eras of the mainframe computer and the desktop PC, ubicomp is characterized by small and powerful computing devices that are worn, carried, or embedded in the world around us. The ubicomp research agenda originated at Xerox PARC in the late 1980s; these days, some form of that vision is a reality for the millions of users of Internet-enabled phones, GPS devices, wireless networks, and “smart” domestic appliances. In *Divining a Digital Future*, computer scientist Paul Dourish and cultural anthropologist Genevieve Bell explore the vision that has driven the ubiquitous computing research program and the contemporary practices that have emerged—both the motivating mythology and the everyday messiness of lived experience. Reflecting the interdisciplinary nature of the authors' collaboration, the book takes seriously the need to understand ubicomp not only technically but also culturally, socially, politically, and economically. Dourish and Bell map the terrain of contemporary ubiquitous computing, in the research community and in daily life; explore dominant narratives in ubicomp around such topics as infrastructure, mobility, privacy, and domesticity; and suggest directions for future investigation, particularly with respect to methodology and conceptual foundations.

Brother - Ania Ahlborn 2015-09-29

A brand-new novel of terror that follows a teenager determined to break from his family's unconventional- and deeply disturbing-traditions.

The Devil in Gray - Graham Masterton 2016-06-07

In a town where Confederate blood still flows, a serial killer is on the loose—one so evil he's no longer human. America's Civil War left wounds on the land that bled for over a century—and perhaps something even more terrible that will never heal. A man on the edge, haunted by a recent personal tragedy, homicide detective Martin Decker has been assigned to investigate a bizarre series of gruesome and seemingly random mutilation murders plaguing Richmond, Virginia. A serial killer is somehow finding his way into locked rooms to butcher his victims before vanishing without a trace, and the only witness is a young woman with Down syndrome who claims to have seen the man responsible for the horrific carnage. But the bloody trail is leading Decker to a place where his sanity will be sorely tested—and where pure evil has given rise to an unstoppable nightmare of terror and death. This gripping masterwork of horror fiction from Graham Masterton, the award-winning author of *The Manitou*, takes horror to a breathtaking new level. A story not for the faint of heart, *The Devil in Gray* is a stunningly original tale of terror, one of the very best, from an acknowledged giant of the genre.

Journalism Ethics at the Crossroads - Roger Patching 2021-09-30

This book provides journalism students with an easy-to-read yet theoretically rich guide to the dialectics, contradictions, problems, and promises encapsulated in the term 'journalism ethics'. Offering an overview of a series of crises that have shaken global journalism to its foundations in the last decade, including the coronavirus pandemic, the Black Lives Matter movement, and the 2020 US presidential election, the book explores the structural and ethical problems that shape the journalism industry today. The authors discuss the three principle existential crises that continue to plague the news industry: a failing business model, technological disruption, and growing public mistrust of journalism. Other topics covered include social media ethics, privacy concerns, chequebook journalism, as well as a new analysis of journalism theory that critiques the well-worn tropes of objectivity, the Fourth Estate, freedom of the press, and the marketplace of ideas to develop a sophisticated materialist reimagining of journalism ethics. This is a key text for students of journalism, mass communication, and media ethics, as well as for academics, researchers, and communications professionals interested in contemporary journalism ethics.

Horror Fiction in the 20th Century: Exploring Literature's Most Chilling Genre - Jess Nevins 2020-01-31

Providing an indispensable resource for academics as well as readers interested in the evolution of horror fiction in the 20th century, this book provides a readable yet critical guide to global horror fiction and authors. Horror Fiction in the 20th Century encompasses the world of 20th-century horror literature and explores it in a critical but balanced fashion. Readers will be exposed to the world of horror literature, a truly global phenomenon during the 20th century. Beginning with the modern genre's roots in the 19th century, the book proceeds to cover 20th-century horror literature in all of its manifestations, whether in comics, pulps, paperbacks, hardcover novels, or mainstream magazines, and from every country that produced it. The major horror authors of the century receive their due, but the works of many authors who are less well-known or who have been forgotten are also described and analyzed. In addition to providing critical assessments and judgments of individual authors and works, the book describes the evolution of the genre and the major movements within it. Horror Fiction in the 20th Century stands out from its competitors and will be of interest to its readers because of its informed critical analysis, its unprecedented coverage of female authors and writers of color, and its concise historical overview. Covers both the best-known authors of horror literature and a large number of lesser-known or forgotten authors whose work would reward searching out by modern readers Is unprecedented in its coverage of international horror literature and includes dozens of authors whose horror fiction has never before been translated into English Covers the major 20th century developments and movements within horror literature in one volume, in a linear and chronological manner Is a corrective to decades of sexist, racist, colonialist, and provincial horror criticism

The Magnificent Spilsbury and the Case of the Brides in the Bath - Jane Robins 2010-04-01

Bessie Mundy, Alice Burnham and Margaret Lofty are three women with one thing in common. They are spinsters and are desperate to marry. Each woman meets a smooth-talking stranger who promises her a better life. She falls under his spell, and becomes his wife. But marriage soon turns into a terrifying experience. In the dark opening months of the First World War, Britain became engrossed by 'The Brides in the Bath' trial. The horror of the killing fields of the Western Front was the backdrop to a murder story whose elements were of a different sort. This was evil of an everyday, insidious kind, played out in lodging houses in seaside towns, in the confines of married life, and brought to a horrendous climax in that most intimate of settings -- the bathroom. The nation turned to a young forensic pathologist, Bernard Spilsbury, to explain how it was that young women were suddenly expiring in their baths. This was the age of science. In fiction, Sherlock Holmes applied a scientific mind to solving crimes. In real-life, would Spilsbury be as infallible as the 'great detective'?

Community - Graham Masterton 2013-09-01

"Masterton turns in another top-notch performance. . . . This is an excellent horror story, with an added dimension, an extra layer of suspense" (Booklist, starred review). Michael Spencer is involved in a car crash that kills his girlfriend. He wakes to find himself in the hospital of a small town in Montana. There he convalesces and gradually becomes acquainted with the local community, most of whom seem to be clever and charming, although some are arrogant and difficult to get on with. In particular he forms a relationship with a smart and pretty local girl. He learns that he has been in a coma for weeks and that his friend's remains have already been sent back to California for cremation. He keeps in touch with his family through emails and phone calls. As time goes by, however, and he gradually recovers his mobility, he begins to notice odd things about the community. People disappear without explanation and nobody ever mentions them again. Strangers come and go on a regular basis but the local people seem to ignore them. He is about to leave and go back home when his new girlfriend disappears. He stays to investigate. He gradually begins to come to the terrible conclusion that he is actually dead and that everybody in the town knows that he is no more than a ghost. The truth, however, is far more shocking . . .

The Ampleforth Journal - 1905

One death is too many - Rita Donaghy 2009-07-08

211 men died in the construction industry in the three year period 2005-06 to 2007-08. This "unacceptable level of fatalities" led to the commissioning of this inquiry, though Rita Donaghy remarks that there is no public sense of shock at the regular toll of fatalities in the industry and there is a need to raise the profile of these tragedies so that a construction fatality becomes socially unacceptable. The construction industry generally is modelled to provide maximum flexibility. Consequently the majority of functions are contracted out and at least 40 per cent of workers are self-employed or in the Construction Industry Scheme. The advantages are obvious in that it reduces overheads and some commentators argue that it improves profitability and productivity. The disadvantages are that it becomes more difficult for a safety culture to flourish, worker engagement is weak, employment security and continuity is minimal and skills training is at best patchy. The findings of the Review's investigation of a number of case studies reveal a combination of factors for each fatal accident of which the most frequently cited are: (a) the incidence of training factors, experience; (b) information and advice deficiencies; (c) risk perception; (d) rescheduling of work

without planning; (e) minor / one-off jobs; (f) compliance; (g) equipment operability, space, personal protective equipment (PPE) issues and tools not designed to fit the user / task. 28 recommendations are made.

Disability, Literature, Genre - Ria Cheyne 2019-11-30

Examining the intersection of disability and genre in popular works of horror, crime, science fiction, fantasy, and romance published since the late 1960s, *Disability, Literature, Genre* is a major contribution to both cultural disability studies and genre fiction studies. Drawing on recent work on affect and emotion, the book explores how disability makes us feel, and how those feelings shape interpersonal and fictional encounters. Written in a clear and accessible style, *Disability, Literature, Genre* offers a timely reflection on the rapidly growing body of scholarship on disability representation, as well as an innovative new theorisation of genre. By reconceptualising genre reading as an affective process, Ria Cheyne establishes genre fiction as a key site of investigation for disability studies. She argues that genre fiction's unique combination of affectivity and reflexivity makes it ideally suited to the production of reflexive representations of disability: representations which encourage the reader to reflect upon what they understand about disability, and potentially to rethink it. Examining the affective--and effective--power of disability representations in a wide range of popular genre fiction, this book will be essential reading for academics in disability studies, literary studies, popular culture studies, and the medical humanities.
