

Fingerprints Of The Gods The Quest Continues New U

Getting the books **Fingerprints Of The Gods The Quest Continues New U** now is not type of challenging means. You could not abandoned going taking into account books deposit or library or borrowing from your links to edit them. This is an unquestionably easy means to specifically get guide by on-line. This online proclamation Fingerprints Of The Gods The Quest Continues New U can be one of the options to accompany you past having extra time.

It will not waste your time. give a positive response me, the e-book will totally make public you additional situation to read. Just invest little get older to gain access to this on-line revelation **Fingerprints Of The Gods The Quest Continues New U** as capably as evaluation them wherever you are now.

The Divine Spark: A Graham Hancock Reader - Graham Hancock
2015-04-06

"I suspect the real breakthroughs in our understanding of consciousness are going to come from an entirely different direction. That direction, controversially, has to do with psychedelics--which, as many of the contributors to The Divine Spark argue, offer spectacular potential for the investigation of the 'hard problem' of consciousness." --from the introduction by Graham Hancock
Psychedelics: Medicinal? Vital in interspecies communication or communion with the sacred? Are you reaching enlightenment or damaging your brain? In this anthology, edited by bestselling author Graham Hancock, 22 writers discuss psychedelics and their myriad connections to consciousness. Travel to South America, the American Southwest, outer space, inner space, and back in time to revisit Pahnke's The Good Friday experiment. Explore the effects of ayahuasca, LSD, and much more. Illuminating the topic like never before: Mike Alivernia * Russell Brand * David Jay Brown * Paul Devereux * Rick Doblin * Ede Frecska * Alex Grey * Nassim Hamein * Martina Hoffmann * Don Lattin * Luis Eduardo Luna * Dennis McKenna * Thad McKraken * Rak Razam * Gabriel Roberts * Thomas B. Roberts * Gregory Sams * Robert M. Schoch * Mark Seelig * Rick Strassman *

Robert Tindall And, of course, Graham Hancock.

Visionary - Graham Hancock 2022-04-04

"With the original unabridged text of Supernatural, I offer the reader an investigation that explores the human experience with psychedelics from the Stone Age to the Space Age and the role of these extraordinary plant medicines as tools to investigate the nature of reality itself."—Graham Hancock
Discover the pathway to the gods. Less than 50,000 years ago mankind had no art, no religion, no sophisticated symbolism, no innovative thinking. Then, in a dramatic and electrifying change, described by scientists as "the greatest riddle in human history," all the skills and qualities that we value most highly in ourselves appeared already fully formed, as though bestowed on us by hidden powers. In Visionary, Graham Hancock sets out to investigate this mysterious "before-and-after moment" and to discover the truth about the influences that gave birth to modern human mind. His quest takes him on a journey of adventure and detection from the stunningly beautiful painted caves of prehistoric France, Spain, and Italy to remote rock shelters in the mountains of South Africa, where he finds a treasure trove of extraordinary Stone Age art. Hancock uncovers clues that lead him to travel to the depths of the Amazon rainforest to drink the powerful plant

hallucinogen ayahuasca with Indian shamans, whose paintings contain images of "supernatural beings" identical to the animal-human hybrids depicted in prehistoric caves and rock shelters. Hallucinogens such as mescaline also produce visionary encounters with exactly the same beings. Scientists at the cutting edge of consciousness research have begun to consider the possibility that such hallucinations may be real perceptions of other "dimensions." Could the "supernaturals" first depicted in the painted caves and rock shelters be the ancient teachers of mankind? Could it be that human evolution is not just the "blind," "meaningless" process that Darwin identified, but something more purposive and intelligent, something that we have barely even begun to understand? Previously published as *Supernatural*, this definitive edition includes a new Introduction by Graham Hancock as well as restored chapters that were omitted from the original paperback release.

The Most Southern Place on Earth - James C. Cobb 1994-08-04
"Cotton obsessed, Negro obsessed," Rupert Vance called it in 1935. "Nowhere but in the Mississippi Delta," he said, "are antebellum conditions so nearly preserved." This crescent of bottomlands between Memphis and Vicksburg, lined by the Yazoo and Mississippi rivers, remains in some ways what it was in 1860: a land of rich soil, wealthy planters, and desperate poverty--the blackest and poorest counties in all the South. And yet it is a cultural treasure house as well--the home of Muddy Waters, B.B. King, Charley Pride, Walker Percy, Elizabeth Spencer, and Shelby Foote. Painting a fascinating portrait of the development and survival of the Mississippi Delta, a society and economy that is often seen as the most extreme in all the South, James C. Cobb offers a comprehensive history of the Delta, from its first white settlement in the 1820s to the present. Exploring the rich black culture of the Delta, Cobb explains how it survived and evolved in the midst of poverty and oppression, beginning with the first settlers in the overgrown, disease-ridden Delta before the Civil War to the bitter battles and incomplete triumphs of the civil rights era. In this comprehensive account, Cobb offers new insight into "the most southern place on earth," untangling the enigma of grindingly poor but prolifically creative

Mississippi Delta.

Heaven's Mirror - Graham Hancock 1999

The Mars Mystery - Graham Hancock 2010-08-11

An asteroid transformed Mars from a lush planet with rivers and oceans into a bleak and icy hell. Is Earth condemned to the same fate, or can we protect ourselves and our planet from extinction? In his most riveting and revealing book yet, Graham Hancock examines the evidence that the barren Red Planet was once home to a lush environment of flowing rivers, lakes, and oceans. Could Mars have sustained life and civilization? Megaliths found on the parched shores of Cydonia, a former Martian ocean, mirror the geometrical conventions of the pyramids at Egypt's Giza necropolis. Especially startling is a Sphinx-like structure depicting a face with distinguishable diadem, teeth, mouth and an Egyptian-style headdress. Might there be a connection between the structures of Egypt and those of Mars? Why does NASA continue to dismiss these remarkable anomalies as "a trick of light"? Hancock points to the intriguing possibility that ancient Martian civilization is communicating with us through the remarkable structures it left behind. In exploring the possible traces left by the Martian civilization and the cosmic cataclysm that may have ended it, *The Mars Mystery* is both an illumination of our ancient past and a warning--that we still have time to heed--about our ultimate fate.

Magicians of the Gods - Graham Hancock 2015-09-10

Graham Hancock's multi-million bestseller *Fingerprints of the Gods* remains an astonishing, deeply controversial, wide-ranging investigation of the mysteries of our past and the evidence for Earth's lost civilization. Twenty years on, Hancock returns with a book filled with completely new, scientific and archaeological evidence, which has only recently come to light... The evidence revealed in this book shows beyond reasonable doubt that an advanced civilization that flourished during the Ice Age was destroyed in the global cataclysms between 12,800 and 11,600 years ago. Near the end of the last Ice Age 12,800 years ago, a giant comet that had entered the solar system from deep space

thousands of years earlier, broke into multiple fragments. Some of these struck the Earth causing a global cataclysm on a scale unseen since the extinction of the dinosaurs. At least eight of the fragments hit the North American ice cap, while further fragments hit the northern European ice cap. The impacts, from comet fragments a mile wide approaching at more than 60,000 miles an hour, generated huge amounts of heat which instantly liquidized millions of square kilometres of ice, destabilizing the Earth's crust and causing the global Deluge that is remembered in myths all around the world. A second series of impacts, equally devastating, causing further cataclysmic flooding, occurred 11,600 years ago, the exact date that Plato gives for the destruction and submergence of Atlantis. But there were survivors - known to later cultures by names such as 'the Sages', 'the Magicians', 'the Shining Ones', and 'the Mystery Teachers of Heaven'. They travelled the world in their great ships doing all in their power to keep the spark of civilization burning. They settled at key locations - Gobekli Tepe in Turkey, Baalbek in the Lebanon, Giza in Egypt, ancient Sumer, Mexico, Peru and across the Pacific where a huge pyramid has recently been discovered in Indonesia. Everywhere they went these 'Magicians of the Gods' brought with them the memory of a time when mankind had fallen out of harmony with the universe and paid a heavy price. A memory and a warning to the future... For the comet that wrought such destruction between 12,800 and 11,600 years may not be done with us yet. Astronomers believe that a 20-mile wide 'dark' fragment of the original giant comet remains hidden within its debris stream and threatens the Earth. An astronomical message encoded at Gobekli Tepe, and in the Sphinx and the pyramids of Egypt, warns that the 'Great Return' will occur in our time...

Sonic Warfare - Steve Goodman 2012-08-17

An exploration of the production, transmission, and mutation of affective tonality—when sound helps produce a bad vibe. Sound can be deployed to produce discomfort, express a threat, or create an ambience of fear or dread—to produce a bad vibe. Sonic weapons of this sort include the “psychoacoustic correction” aimed at Panama strongman Manuel Noriega by the U.S. Army and at the Branch Davidians in Waco by the

FBI, sonic booms (or “sound bombs”) over the Gaza Strip, and high-frequency rat repellants used against teenagers in malls. At the same time, artists and musicians generate intense frequencies in the search for new aesthetic experiences and new ways of mobilizing bodies in rhythm. In *Sonic Warfare*, Steve Goodman explores these uses of acoustic force and how they affect populations. Traversing philosophy, science, fiction, aesthetics, and popular culture, he maps a (dis)continuum of vibrational force, encompassing police and military research into acoustic means of crowd control, the corporate deployment of sonic branding, and the intense sonic encounters of sound art and music culture. Goodman concludes with speculations on the not yet heard—the concept of unsound, which relates to both the peripheries of auditory perception and the unactualized nexus of rhythms and frequencies within audible bandwidths.

Civilization One - Christopher Knight 2014-03-04

How a quest to crack the mystery of the Megalithic Yard led to the discovery of compelling evidence pointing to the existence of a highly advanced culture predating the earliest known civilizations There must have been a “civilization one.” Knight and Butler reveal the secrets of an extraordinary, integrated measuring system which might have been lost to the world for ever. It was a system, far more advanced than anything used today, which forms the basis of both the Imperial and Metric measure systems. These ancient scientists understood the dimensions, motions and relationships of the Earth, Moon and Sun—they measured the solar system and even understood how the speed of light was integrated into the movements of our planet. Their conclusions fly in the face of everything that we thought we knew about the origins of the modern world—but the evidence is incontrovertible.

Art and Visual Perception - Rudolf Arnheim 1954

The Lucifer Principle - Howard Bloom 2013-11-01

“A philosophical look at the history of our species which alternated between fascinating and frightening . . . like reading Dean Koontz or Stephen King.” —Rocky Mountain News *The Lucifer Principle* is a

revolutionary work that explores the intricate relationships among genetics, human behavior, and culture to put forth the thesis that “evil” is a by-product of nature’s strategies for creation and that it is woven into our most basic biological fabric. In a sweeping narrative that moves lucidly among sophisticated scientific disciplines and covers the entire span of the earth’s—as well as mankind’s—history, Howard Bloom challenges some of our most popular scientific assumptions. Drawing on evidence from studies of the most primitive organisms to those on ants, apes, and humankind, the author makes a persuasive case that it is the group, or “superorganism,” rather than the lone individual that really matters in the evolutionary struggle. But biology is not destiny, and human culture is not always the buffer to our most primitive instincts we would like to think it is. In these complex threads of thought lies the Lucifer Principle, and only through understanding its mandates will we be able to avoid the nuclear crusades that await us in the twenty-first century. “A revolutionary vision of the relationship between psychology and history, *The Lucifer Principle* will have a profound impact on our concepts of human nature. It is astonishing that a book of such importance could be such a pleasure to read.”—Elizabeth F. Loftus, author of *Memory*

The Social Conquest of Earth - Edward O. Wilson 2012-04-09
New York Times Bestseller From the most celebrated heir to Darwin comes a groundbreaking book on evolution, the summa work of Edward O. Wilson's legendary career. Sparking vigorous debate in the sciences, *The Social Conquest of Earth* upends “the famous theory that evolution naturally encourages creatures to put family first” (Discover). Refashioning the story of human evolution, Wilson draws on his remarkable knowledge of biology and social behavior to demonstrate that group selection, not kin selection, is the premier driving force of human evolution. In a work that James D. Watson calls “a monumental exploration of the biological origins of the human condition,” Wilson explains how our innate drive to belong to a group is both a “great blessing and a terrible curse” (Smithsonian). Demonstrating that the sources of morality, religion, and the creative arts are fundamentally

biological in nature, the renowned Harvard University biologist presents us with the clearest explanation ever produced as to the origin of the human condition and why it resulted in our domination of the Earth’s biosphere.

The Maidens - Alex Michaelides 2021-06-15

****THE INSTANT NEW YORK TIMES BESTSELLER**** "Alex Michaelides’s long-awaited next novel, 'The Maidens,' is finally here...the premise is enticing and the elements irresistible." —The New York Times "A deliciously dark, elegant, utterly compulsive read—with a twist that blew my mind. I loved this even more than I loved *The Silent Patient* and that's saying something!" —Lucy Foley, New York Times bestselling author of *The Guest List* From the #1 New York Times bestselling author of *The Silent Patient* comes a spellbinding tale of psychological suspense, weaving together Greek mythology, murder, and obsession, that further cements “Michaelides as a major player in the field” (Publishers Weekly). Edward Fosca is a murderer. Of this Mariana is certain. But Fosca is untouchable. A handsome and charismatic Greek tragedy professor at Cambridge University, Fosca is adored by staff and students alike—particularly by the members of a secret society of female students known as *The Maidens*. Mariana Andros is a brilliant but troubled group therapist who becomes fixated on *The Maidens* when one member, a friend of Mariana’s niece Zoe, is found murdered in Cambridge. Mariana, who was once herself a student at the university, quickly suspects that behind the idyllic beauty of the spires and turrets, and beneath the ancient traditions, lies something sinister. And she becomes convinced that, despite his alibi, Edward Fosca is guilty of the murder. But why would the professor target one of his students? And why does he keep returning to the rites of Persephone, the maiden, and her journey to the underworld? When another body is found, Mariana’s obsession with proving Fosca’s guilt spirals out of control, threatening to destroy her credibility as well as her closest relationships. But Mariana is determined to stop this killer, even if it costs her everything—including her own life.

Lords of Poverty - Graham Hancock 1989

Takes a critical look at the international business of charity and relief

efforts, exposing the bureaucratic inefficiency
Mysteries of the Ancient Past - Glenn Kreisberg 2012-10-03
Cutting-edge thinkers on the origins of civilization, the Giza pyramids, pre-Columbian and early America, and the power of human consciousness • With contributions by David Frawley, Geoff Stray, Joscelyn Godwin, Daniel Pinchbeck, Antoine Gikal, and others • Topics range from the origins of the Inca to the architecture of the Giza plateau to unified theories of physics and consciousness • Companion volume to *Lost Knowledge of the Ancients* As we pull back the curtain from the European version of history, we discover the vast depth of knowledge of our ancient ancestors--knowledge that not only dispels our image of them as primitive peoples but also corresponds with the forefront of modern science, philosophy, and spirituality. With contributions by David Frawley, Geoff Stray, Joscelyn Godwin, Daniel Pinchbeck, Antoine Gikal, and other provocative, cutting-edge thinkers, this collection of essays commissioned by Graham Hancock, bestselling author of *Fingerprints of the Gods*, represents the latest, often controversial findings in alternative science, history, archaeology, and consciousness research. Covering topics ranging from the origins of the Inca and the secrets hidden in Vedic literature, to the architecture of the Giza pyramids and the Sphinx, to unified theories of physics and consciousness, this book shows how, by recovering our lost history, we too can experience the higher consciousness and advanced wisdom of the ancients.

The Illuminati - Seth Balfour 2016-07-21

Conspiracy Theories Surrounding The Secret Cult's Laws, History And Operations - Where's The Truth? Get Your FREE GIFTS with this Book!
What is the real story behind the Illuminati? Where does it start? How did it end? And, most importantly, did it end at all? Is this elusive group still having meetings to this day, planning and scheming behind everyone's backs? The Illuminati is a cult you've definitely heard of before. Not because of their heavy influence or the power they had over history, but due to something that's much harder to understand and comprehend... Internet memes. Jokes. Someone makes a video and adds the iconic pyramid with an eye from the American one-dollar bill to it and

creepy music on top of it, posts it on YouTube with a title that goes something like "THE ILLUMINATI ARE BEHIND FACEBOOK!" and in come the views and comments. There is another group of people that have an interest in the Illuminati, those being fanatics. People who proclaim that they were nothing less than the servants of Satan himself. Their ultimate goal? To take over every known government and prepare the world for the return of none other than Antichrist. Where is the truth in their story, and can we find it.....? Scroll Up and Download Now!
[Supernatural](#) - Graham Hancock 2006-09-01

Publisher's Note: A new, expanded edition has replaced this book under the new title *Visionary: The Mysterious Origins of Human Consciousness*, ISBN 9781637480069 This definitive edition includes a new Introduction by Graham Hancock as well as restored chapters that were omitted from the original paperback release. Less than fifty thousand years ago mankind had no art, no religion, no sophisticated symbolism, no innovative thinking. Then, in a dramatic and electrifying change, described by scientists as "the greatest riddle in human history," all the skills and qualities that we value most highly in ourselves appeared already fully formed, as though bestowed on us by hidden powers. In *Supernatural* Graham Hancock sets out to investigate this mysterious "beforeandafter moment" and to discover the truth about the influences that gave birth to the modern human mind. His quest takes him on a detective journey from the stunningly beautiful painted caves of prehistoric France, Spain, and Italy to rock shelters in the mountains of South Africa, where he finds extraordinary Stone Age art. He uncovers clues that lead him to the depths of the Amazon rainforest to drink the powerful hallucinogen Ayahuasca with shamans, whose paintings contain images of "supernatural beings" identical to the animalhuman hybrids depicted in prehistoric caves. Hallucinogens such as mescaline also produce visionary encounters with exactly the same beings. Scientists at the cutting edge of consciousness research have begun to consider the possibility that such hallucinations may be real perceptions of other "dimensions." Could the "supernaturals" first depicted in the painted caves be the ancient teachers of mankind? Could it be that human

evolution is not just the "meaningless" process that Darwin identified, but something more purposive and intelligent that we have barely begun to understand?

Keeper Of Genesis - Robert Bauval 2011-01-25

In *Keeper of Genesis*, Robert Bauval and Graham Hancock present a tour de force of historical and scientific detective work and answer the following questions: When and where did history begin? When was the genesis of civilisation in Egypt? How and why were the Great Sphinx and the three pyramids of Giza designed to serve as parts of an immense three-dimensional model of the sky of 'First Time'? What is contained in the rectangular chamber that seismic surveys have located in the bedrock far below the paws of the sphinx? What lies behind the mysterious doors recently discovered at the end of a previously unexplored shaft inside the Great Pyramid? And does mankind have a rendezvous with destiny - a rendezvous not in the future, but in the distant past - at a precise place and time? Using sophisticated computer simulations of the ancient skies to crack the millennial code that the monuments transcribe, Bauval and Hancock set out a startling new theory concerning the Pyramid Texts and other archaic Egyptian scriptures.

The Sign And The Seal - Graham Hancock 2011-01-11

After nine years investigating the exact location of the ultimate religious icon, the Ark of the Covenant, British researcher and investigative journalist Graham Hancock reveals his status-quo shattering discoveries. Part mystery thriller, part true adventure and part travel book, this gripping piece of historical research challenges society's principal religious preconceptions and takes the reader on a rollercoaster ride through ancient history.

The Wines of Burgundy - Clive Coates 2008-05-12

Ten years after the publication of the highly acclaimed, award-winning *Côte D'Or: A Celebration of the Great Wines of Burgundy*, the "Bible of Burgundy," Clive Coates now offers this thoroughly revised and updated sequel. This long-awaited work details all the major vintages from 2006 back to 1959 and includes thousands of recent tasting notes of the top

wines. All-new chapters on Chablis and Côte Chalonnaise replace the previous volume's domaine profiles. Coates, a Master of Wine who has spent much of the last thirty years in Burgundy, considers it to be the most exciting, complex, and intractable wine region in the world, and the one most likely to yield fine wines of elegance and finesse. This book is an indispensable guide for amateur and professional alike by one of the world's leading wine experts, writing with his habitual expertise, lucidity, and unequaled firsthand knowledge.

Before Columbus - Charles C. Mann 2009-09-08

Based on the startling revelations that the author presented in his adult-level *1491: New Revelations of the Americas Before Columbus*, this book for young readers is a fascinating full-color journey into the world of the many advanced cultures that populated the Americas before the arrival of European explorers.

Underworld - Graham Hancock 2009-11-18

What secrets lie beneath the deep blue sea? *Underworld* takes you on a remarkable journey to the bottom of the ocean in a thrilling hunt for ancient ruins that have never been found—until now. In this explosive new work of archaeological detection, bestselling author and renowned explorer Graham Hancock embarks on a captivating underwater voyage to find the ruins of a mythical lost civilization hidden for thousands of years beneath the world's oceans. Guided by cutting-edge science, innovative computer-mapping techniques, and the latest archaeological scholarship, Hancock examines the mystery at the end of the last Ice Age and delivers astonishing revelations that challenge our long-held views about the existence of a sunken universe built on the ocean floor. Filled with exhilarating accounts of his own participation in dives off the coast of Japan, as well as in the Mediterranean, the Atlantic, and the Arabian Sea, we watch as Hancock discovers underwater ruins exactly where the ancient myths say they should be—submerged kingdoms that archaeologists never thought existed. You will be captivated by *Underworld*, a provocative book that is both a compelling piece of hard evidence for a fascinating forgotten episode in human history and a completely new explanation for the origins of civilization as we know it.

Hamlet's Mill - Giorgio De Santillana 1969

Proof of Life - Daniel Levin 2021-05-18

“Truly thrilling. Daniel Levin brilliantly conveys both the menace and the evil of Middle Eastern intrigue, and some victories of human kindness over cruelty and despair.” —Daniel Kahneman, New York Times bestselling author of *Thinking, Fast and Slow* “In laying bare the raw human toll of the ferocious and cruel Syrian conflict, *Proof of Life* asks the reader to make a choice between cynicism and compassion.” —Ayaan Hirsi Ali, New York Times bestselling author of *Infidel* Daniel Levin was at his office when he got a call from an acquaintance with an urgent, cryptic request to meet in Paris. A young man had gone missing in Syria. No government, embassy, or intelligence agency would help. Could he? Would he? So begins a suspenseful, shocking, and at times brutal true story of one man’s search to find a missing person in Syria over twenty tense days. Levin, a lawyer turned armed-conflict negotiator, uses his extensive contacts to chase leads throughout the Middle East, meeting with powerful sheikhs, drug lords, and sex traffickers in his pursuit of the truth. He also discovers remarkable people who retain their essential goodness and spirit in the face of adversity. In *Proof of Life*, Levin dives deep into a shadowy world where few have access—an underground industry of war where everything is for sale, including arms, drugs, and even people. He offers a fascinating study of how people use leverage to get what they want from one another and where no one does a favor without wanting something in return, whether it’s immediately or years down the road. *Proof of Life* is a fast-paced thriller wrapped in a memoir, a must-read for anyone interested in power dynamics, international affairs, the Middle East, or our growing number of forever wars.

Origins of the Sphinx - Robert M. Schoch 2017-03-16

New research and evidence that the Sphinx is thousands of years older than previously thought • Contrasts what Egyptologists claim about the Sphinx with historical accounts and new research including reanalysis of seismic studies and updates to Schoch’s water weathering research and Bauval’s Orion Correlation Theory • Examines how the Sphinx is

contemporaneous with Göbekli Tepe, aligned with the constellation Leo, and was recarved during the Old Kingdom era of Egypt • Reveals that the Sphinx was built during the actual historical Golden Age of ancient Egypt, the period known in legend as Zep Tepi No other monument in the world evokes mystery like the Great Sphinx of Giza. It has survived the harsh climate of Egypt for thousands of years and will remain long after our own civilization is gone. According to orthodox Egyptology, the Sphinx was built around 2500 BCE as a memorial to the pharaoh Khafre. Yet this “fact” has scant to no supportive evidence. When was the Sphinx really built and, most importantly, why? In this provocative collaboration from two Egyptology outsiders, Robert M. Schoch, Ph.D., and Robert Bauval combine their decades of research to show how the Sphinx is thousands of years older than the conventional Egyptological timeline and was built by a long forgotten pre-Pharaonic civilization. They examine the known history of the Sphinx, contrasting what Egyptologists claim with prominent historical accounts and new research, including updates to Schoch’s geological water weathering research and reanalysis of seismic studies. Building on Bauval’s Orion Correlation Theory, they investigate the archaeoastronomical alignments of the monuments of the Giza Plateau and reveal how the pyramids and Sphinx were built to align with the constellations of Orion and Leo. Analyzing the evidence for a significantly older construction phase at Giza and the restoration and recarving of the Sphinx during the Old Kingdom era, they assert that the Sphinx was first built by an advanced pre-Pharaonic civilization that existed circa 12,000 years ago on the Giza Plateau, contemporaneous with the sophisticated Göbekli Tepe complex. The authors examine how the monuments at Giza memorialize Zep Tepi, the Golden Age of legend shown here to be an actual historical time period from roughly 10,500 BCE through 9700 BCE. Moving us closer to an understanding of the true age and purpose of the Great Sphinx, Schoch and Bauval provide evidence of an early high civilization witnessed by the Great Sphinx before the end of the last ice age.

The Orion Mystery - Robert Bauval 2001-05-04

Unlocking the secrets of the pyramids. For thousands of years the

pyramids have stood, imposing and enigmatic, refusing to give up their secrets. Why did the Egyptians really build pyramids? What lies inside the Great Pyramid's hidden chamber and what a

Entangled - Graham Hancock 2010-10-19

"[A] solid, fast-moving, metaphysical time-travel tale." —Library Journal
Graham Hancock has spent decades researching and writing some of the most ambitious and successful nonfiction investigations into ancient civilizations and wisdom. *Entangled* uses all of Hancock's skills and knowledge to propel a fantasy adventure like nothing else preceding it. *Entangled* is a timeslip novel alternating between present day California, Brazil, and prehistoric Spain, with two teenage female protagonists who must come together to avert an incredibly bloodthirsty takeover of the human race. *Entangled* is the first book in a trilogy relating the story of an unrelentingly evil master magician named Sulpa who is on the loose and determined to destroy humanity. Leoni, a troubled teen from modern day Los Angeles, and Ria, a young woman who lives in Stone Age Spain, meet in a parallel dimension outside the flow of time to stop Sulpa's spectacular, deadly materialization of the modern world. *Entangled* rides a growing wave of interest in parallel dimensions and imaginary worlds and will have immediate appeal to readers of Philip Pullman, Stephen King, Neil Gaiman, and Kate Mosse, among others. But *Entangled* has the added merit of being grounded in solid anthropological and scientific research. Hancock calls on his years of research into cutting edge issues, including the "Neanderthal Enigma," the nature of consciousness, the many worlds interpretation of quantum physics, parallel realms, time travel, and near death and out-of-body experiences.

The Atlantis Blueprint - Colin Wilson 2008-12-10

A spellbinding blend of history and science, scholarship and speculation, this landmark work presents startling new evidence that traces archaeology's most enduring mysteries back to the lost civilization of Atlantis.... The Great Pyramid. Stonehenge. Machu Picchu. For centuries, these and other sacred sites have inspired wonder among those who ponder their origins. Conventional science tells us they were constructed by local peoples working with the primitive tools of a fledgling

civilization. But these megaliths nonetheless continue to attract pilgrims, scholars, and adventurers drawn by the possibility that their true spiritual and technological secrets remain hidden. Who could have built these elaborate monuments? How did they do it? And what were their incomprehensible efforts and sacrifices designed to accomplish? Now comes a revolutionary theory that connects these mysteries to reveal a hidden global pattern -- the ancient work of an advanced civilization whose warnings of planetary cataclysm now reverberate across one hundred millennia. International bestselling author Colin Wilson and Canadian researcher Rand Flem-Ath join forces to share startling evidence of a fiercely intelligent society dating back as much as 100,000 years -- one that sailed the oceans of the world, building monuments to preserve and communicate its remarkable wisdom. The *Atlantis Blueprint* is their term for a sophisticated network of connections between these sacred sites that they trace to Atlantis: a sophisticated maritime society that charted the globe from its home base in Antarctica ... until it was obliterated by the devastating global changes it anticipated but could not escape. Here is adventure to realms beyond our imaginings ... to shifting poles, changing latitudes ... into the world of ancient mariners who recharted the globe ... to astonishing discoveries about our ancestors. Here are the great mysteries ... the incredibly complex geography of the Temple of Luxor ... the startling sophistication of Egyptian science and math ... and tantalizing similarities among the Hebrew, Greek, and Mayan alphabets to the Chinese lunar zodiac. The *Atlantis Blueprint* opens up a Pandora's box of ancient mysteries, lost worlds, and millennial riddles. It is a story as controversial, fascinating, dangerous -- and inspiring -- as any ever told.

History Is Wrong - Erich von Däniken 2009-01-01

The author takes a look at the Voynich manuscript, the Book of Enoch, a lost subterranean labyrinth in Ecuador, and the mysterious lines in the desert of Nazca.

Lost Knowledge of the Ancients - Glenn Kreisberg 2010-08-13

Thinkers at the forefront in alternative theories on history, the origins of civilization, technology, and consciousness • With contributions by

Graham Hancock, Robert Bauval, Mark Booth, Richard Hoagland, Robert Schoch, John Anthony West, and others • Topics range from quantum philosophy and paranormal phenomena to the secret history of NASA, instant polar shifts, and ancient Martian civilizations • Explores where our present time fits into the cycle of human existence A revolution of thought is under way in our world, fostered by decades of research and well-documented evidence by alternative theory pioneers such as Graham Hancock, John Anthony West, Robert Bauval, and Robert Schoch. These provocative, cutting-edge scholars now represent a direct challenge to the academic establishment as the paradigms of science and history shift and their ideas gain acceptance. Representing the latest, often controversial findings in scientific and historical research, this anthology of essays commissioned by Graham Hancock, bestselling author of *Fingerprints of the Gods*, covers the forefront in alternative theories on history, the origins of civilization, technology, and consciousness with topics ranging from quantum philosophy and paranormal phenomena to the ancient use of electromagnetism, the effect of cosmic rays on human evolution, and NASA's cover-up of ancient Martian civilizations. Recognizing that many recent discoveries are actually rediscoveries of lost knowledge from past civilizations, these authors seek to understand where, within the bigger picture of human knowledge, our present time fits into the cycle of human existence.

America Before - Graham Hancock 2019-04-23

The Instant New York Times Bestseller! Was an advanced civilization lost to history in the global cataclysm that ended the last Ice Age? Graham Hancock, the internationally bestselling author, has made it his life's work to find out--and in *America Before*, he draws on the latest archaeological and DNA evidence to bring his quest to a stunning conclusion. We've been taught that North and South America were empty of humans until around 13,000 years ago - amongst the last great landmasses on earth to have been settled by our ancestors. But new discoveries have radically reshaped this long-established picture and we know now that the Americas were first peopled more than 130,000 years ago - many tens of thousands of years before human settlements became

established elsewhere. Hancock's research takes us on a series of journeys and encounters with the scientists responsible for the recent extraordinary breakthroughs. In the process, from the Mississippi Valley to the Amazon rainforest, he reveals that ancient "New World" cultures share a legacy of advanced scientific knowledge and sophisticated spiritual beliefs with supposedly unconnected "Old World" cultures. Have archaeologists focused for too long only on the "Old World" in their search for the origins of civilization while failing to consider the revolutionary possibility that those origins might in fact be found in the "New World"? *America Before: The Key to Earth's Lost Civilization* is the culmination of everything that millions of readers have loved in Hancock's body of work over the past decades, namely a mind-dilating exploration of the mysteries of the past, amazing archaeological discoveries and profound implications for how we lead our lives today.

Fingerprints of the Gods - Graham Hancock 2012-09-19

Could the story of mankind be far older than we have previously believed? Using tools as varied as archaeo-astronomy, geology, and computer analysis of ancient myths, Graham Hancock presents a compelling case to suggest that it is. "A fancy piece of historical sleuthing . . . intriguing and entertaining and sturdy enough to give a long pause for thought."—Kirkus Reviews In *Fingerprints of the Gods*, Hancock embarks on a worldwide quest to put together all the pieces of the vast and fascinating jigsaw of mankind's hidden past. In ancient monuments as far apart as Egypt's Great Sphinx, the strange Andean ruins of Tihuanaco, and Mexico's awe-inspiring Temples of the Sun and Moon, he reveals not only the clear fingerprints of an as-yet-unidentified civilization of remote antiquity, but also startling evidence of its vast sophistication, technological advancement, and evolved scientific knowledge. A record-breaking number one bestseller in Britain, *Fingerprints of the Gods* contains the makings of an intellectual revolution, a dramatic and irreversible change in the way that we understand our past—and so our future. And *Fingerprints of God* tells us something more. As we recover the truth about prehistory, and discover the real meaning of ancient myths and monuments, it becomes apparent

that a warning has been handed down to us, a warning of terrible cataclysm that afflicts the Earth in great cycles at irregular intervals of time—a cataclysm that may be about to recur. “Readers will hugely enjoy their quest in these pages of inspired storytelling.”—The Times (UK)

Muse of Nightmares - Laini Taylor 2018-10-02

The highly anticipated, thrilling sequel to the New York Times bestseller, *Strange the Dreamer*, from National Book Award finalist Laini Taylor, author of the bestselling *Daughter of Smoke & Bone* trilogy. Sarai has lived and breathed nightmares since she was six years old. She believed she knew every horror, and was beyond surprise. She was wrong. In the wake of tragedy, neither Lazlo nor Sarai are who they were before. One a god, the other a ghost, they struggle to grasp the new boundaries of their selves as dark-minded Minya holds them hostage, intent on vengeance against Weep. Lazlo faces an unthinkable choice—save the woman he loves, or everyone else?—while Sarai feels more helpless than ever. But is she? Sometimes, only the direst need can teach us our own depths, and Sarai, the muse of nightmares, has not yet discovered what she's capable of. As humans and godspawn reel in the aftermath of the citadel's near fall, a new foe shatters their fragile hopes, and the mysteries of the Mesarthim are resurrected: Where did the gods come from, and why? What was done with thousands of children born in the citadel nursery? And most important of all, as forgotten doors are opened and new worlds revealed: Must heroes always slay monsters, or is it possible to save them instead? Love and hate, revenge and redemption, destruction and salvation all clash in this gorgeous sequel to the New York Times bestseller, *Strange the Dreamer*.

War God: Nights of the Witch - Graham Hancock 2013-05-30

A young girl called Tozi stands at the bottom of a pyramid, waiting to be led to the top where her heart will be cut out... Pepillo, a Spanish orphan who serves a sadistic Dominican friar, is aboard the Spanish fleet as it sails towards Mexico... This is the epic story of the clash of two empires, two armies and two gods of war. Five hundred desperate adventurers are about to pit themselves against the most brutal armies of the ancient Americas, armies hundreds of thousands strong. This is a war of gods

and men. Dark powers that work behind the scenes of history show their hand as the prophecy of the return of Quetzalcoatl is fulfilled with the arrival of Cortes. The Aztec ruler Moctezuma fights to maintain the demands of the war god Huitzilopochtli for human sacrifice. The Spanish Inquisition is planning an even greater blood-letting. Caught up in the headlong collision between two gods of war are Tozi, Pepillo and the beautiful Malinal whose hatred of Moctezuma runs so deep she will sell out her own land and people to destroy him.

The Immortality Key - Brian C. Muraresku 2020-09-29

THE NEW YORK TIMES BESTSELLER As seen on The Joe Rogan Experience! A groundbreaking dive into the role psychedelics have played in the origins of Western civilization, and the real-life quest for the Holy Grail that could shake the Church to its foundations. The most influential religious historian of the 20th century, Huston Smith, once referred to it as the "best-kept secret" in history. Did the Ancient Greeks use drugs to find God? And did the earliest Christians inherit the same, secret tradition? A profound knowledge of visionary plants, herbs and fungi passed from one generation to the next, ever since the Stone Age? There is zero archaeological evidence for the original Eucharist - the sacred wine said to guarantee life after death for those who drink the blood of Jesus. The Holy Grail and its miraculous contents have never been found. In the absence of any hard data, whatever happened at the Last Supper remains an article of faith for today's 2.5 billion Christians. In an unprecedented search for answers, *The Immortality Key* examines the archaic roots of the ritual that is performed every Sunday for nearly one third of the planet. Religion and science converge to paint a radical picture of Christianity's founding event. And after centuries of debate, to solve history's greatest puzzle. Before the birth of Jesus, the Ancient Greeks found salvation in their own sacraments. Sacred beverages were routinely consumed as part of the so-called Ancient Mysteries - elaborate rites that led initiates to the brink of death. The best and brightest from Athens and Rome flocked to the spiritual capital of Eleusis, where a holy beer unleashed heavenly visions for two thousand years. Others drank the holy wine of Dionysus to become one with the god. In the 1970s,

renegade scholars claimed this beer and wine - the original sacraments of Western civilization - were spiked with mind-altering drugs. In recent years, vindication for the disgraced theory has been quietly mounting in the laboratory. The constantly advancing fields of archaeobotany and archaeochemistry have hinted at the enduring use of hallucinogenic drinks in antiquity. And with a single dose of psilocybin, the psychopharmacologists at Johns Hopkins and NYU are now turning self-proclaimed atheists into instant believers. But the smoking gun remains elusive. If these sacraments survived for thousands of years in our remote prehistory, from the Stone Age to the Ancient Greeks, did they also survive into the age of Jesus? Was the Eucharist of the earliest Christians, in fact, a psychedelic Eucharist? With an unquenchable thirst for evidence, Muraresku takes the reader on his twelve-year global hunt for proof. He tours the ruins of Greece with its government archaeologists. He gains access to the hidden collections of the Louvre to show the continuity from pagan to Christian wine. He unravels the Ancient Greek of the New Testament with the world's most controversial priest. He spelunks into the catacombs under the streets of Rome to decipher the lost symbols of Christianity's oldest monuments. He breaches the secret archives of the Vatican to unearth manuscripts never before translated into English. And with leads from the archaeological chemists at UPenn and MIT, he unveils the first scientific data for the ritual use of psychedelic drugs in classical antiquity. The Immortality Key reconstructs the suppressed history of women consecrating a forbidden, drugged Eucharist that was later banned by the Church Fathers. Women who were then targeted as witches during the Inquisition, when Europe's sacred pharmacology largely disappeared. If the scientists of today have resurrected this technology, then Christianity is in crisis. Unless it returns to its roots. Featuring a Foreword by Graham Hancock, the NYT

bestselling author of America Before.

Fingerprints of the Gods - Graham Hancock 2001

Fingerprints of the Gods is the revolutionary rewrite of history that has persuaded millions of readers throughout the world. An intellectual detective story, it directs probing questions at orthodox history presenting disturbing new evidence that

The Great and Secret Show - Clive Barker 1999-11-03

In the little town of Palomo Grove, two great armies are amassing; forces shaped from the hearts and souls of America. In this New York Times bestseller, Barker unveils one of the most ambitious imaginative landscapes in modern fiction, creating a new vocabulary for the age-old battle between good and evil. Carrying its readers from the first stirring of consciousness to a vision of the end of the world, The Great and Secret Show is a breathtaking journey in the company of a master storyteller.

Until You're Mine - Samantha Hayes 2014-04

Een hoogzwangere vrouw is blij met het geweldige kindermisje dat bij haar in komt wonen, totdat ze haar betraapt bij het snuffelen in haar spullen.

We Got This - Cornelius Minor 2018-10-11

While challenging the teacher as hero trope, We Got This shows how authentically listening to kids is the closest thing to a superpower that we have. Cornelius identifies tools, attributes, and strategies that can augment our listening.

Insignificant Events in the Life of a Cactus - Dusti Bowling 2020
