*The Little Red Hen and the Passover Matzah* - Leslie Kimmelman 2011-01-01

A classic tale gets a Jewish twist, when Little Red Hen asks her friends for help making Passover matzah. Before she knows it, Little Red Hen tells herself, it will be time for Passover. So she decides to plant some grain. But when she asks her friends to help, they're too busy for her. "Sorry, bub," says the Horse. "Think again," barks the dog. Oy gevalt! "Friends, shmends," she says. "I'll just do it myself." But when the wheat is grown and harvested, when the flour is milled and the matzah baked

and the Seder table set-- all by Red on her own--who should come to her door but her not-so-helpful friends? Though she's tempted to turn them away, Little Red is a mensch-- and a mensch forgives. Like her Haggadah says: Let all who are hungry come and eat. But who will do all these dishes? Filled with Yiddish phrases and a healthy dose of humor, this Passover tale of hard work, friendship, and forgiveness is not to be missed. Bright cartoon illustrations add humor and detail to the story. Backmatter includes a glossary of Yiddish phrases, an author's note about the holiday, and a recipe for making your own Passover matzah.

*The World That Never Was* - Alex Butterworth 2010-06-15  
A thrilling history of the rise of anarchism, told through the stories of a number of prominent revolutionaries and the agents of the secret police who pursued them. In the late nineteenth century, nations the world over were mired in economic recession and beset by social unrest, their leaders increasingly threatened by acts of terrorism and assassination from anarchist extremists. In this riveting history of that tumultuous period, Alex Butterworth follows the rise of these revolutionaries from the failed Paris Commune of 1871 to the 1905 Russian Revolution and beyond. Through the interwoven stories of several key anarchists and the secret police who tracked and manipulated them, Butterworth explores how the anarchists were led to increasingly desperate acts of terrorism and murder. **The March to the Sea and Beyond** - Joseph T. Glatthaar

In November, 1864, Major General William Tecumseh Sherman led an army of veteran Union troops through

the heart of the Confederacy, leaving behind a path of destruction in an area that had known little of the hardships of war, devastating the morale of soldiers and civilians alike, and hastening the end of the war. In this intensively researched and carefully detailed study, chosen by Civil War Magazine as one of the best one hundred books ever written about the Civil War, Joseph T. Glatthaar examines the Savannah and Carolinas Campaigns from the perspective of the common soldiers in Sherman's army, seeking, above all, to

understand why they did what they did. Glatthaar graphically describes the duties and deprivations of the march, the boredom and frustration of camp life, and the utter confusion and pure chance of battle. Quoting heavily from the letters and diaries of Sherman's men, he reveals the fears, motivations, and aspirations of the Union soldiers and explores their attitudes toward their comrades, toward blacks and southern whites, and toward the war, its destruction, and the forthcoming reconstruction.
